Operators must provide each working interest owner with the information necessary to complete a Schedule K-64. To do this, operators have two options:

1. Provide each working interest owner with a copy of the paid tax receipt(s) along with a breakdown of their share of the property tax paid this tax year on the working interest of an oil lease or on the qualified business machinery and equipment, **OR**
2. Complete this information return, K-64O, and provide each working interest owner with a copy of the joint interest billing, detailing their share of the property tax paid this tax year on the working interest of an oil lease or on the qualified business machinery and equipment.

If option 2 is chosen, the operator must prepare a schedule of the following for each well and enclose it with this information return:

- the amount of tax paid this tax year on the working interest of an oil lease or on the qualified business machinery and equipment;
- the name and identification number (SSN or EIN) of each working interest owner; and
- each working interest owner's share of the qualifying taxes.
