### Purpose of Form

Taxpayers who employ individuals as miners in U.S. underground mines use Form 8923 to claim the mine rescue team training credit. This credit applies to training program costs paid or incurred for qualified mine rescue team employees. This credit is scheduled to expire for tax years beginning after 2013. To find out if the mine rescue team training credit is extended beyond 2013, go to [www.irs.gov/form8923](http://www.irs.gov/form8923).

Taxpayers other than partnerships or S corporations whose only source of this credit is from those pass-through entities are not required to complete or file this form. Instead, report this credit directly on line 1u of Form 3800, General Business Credit.

### Definitions

**Training program costs.** Taxpayers who employ individuals as miners in U.S. underground mines can claim a credit of 20% of the training program costs paid or incurred during the tax year for training of qualified mine rescue team employees. The maximum amount of training program costs that may be taken into account annually for each qualified employee is \$50,000. The training costs include wages paid or incurred while the qualified employee is attending a training program.

**Qualified employee.** A qualified mine rescue team employee is any full-time employee of the taxpayer who is a miner eligible to serve for more than 6 months of the year as a mine rescue team member. The employee must have completed, at a minimum, an initial 20-hour course of instruction, as prescribed by the Mine Safety and Health Administration's Office of Educational Policy and Development, or received at least 40 hours of refresher training in such instruction. See 30 CFR section 49.8 for refresher training requirements.

**Wages.** Wages qualifying for the credit generally have the same meaning as wages subject to the Federal Unemployment Tax Act (FUTA), but without regard to any dollar limit.

## Specific Instructions

### Line 2

In general, you must reduce your allowable training program costs by the amount on line 2. This is required even if you cannot take the full credit this year and must carry part of it back or forward. If you capitalized any costs included on line 1, reduce the amount capitalized by the credit on line 2 attributable to these costs.
