Instructions

Purpose. The purposes of the Nebraska Incentives Credit Computation, Form 3800N, are to:

- Identify the incentive program for which each tax credit is claimed;
- Identify the amount of tax credits used from each program;
- Identify the specific project from which the tax credits were received; and
- Distinguish between refundable and nonrefundable incentive tax credits.

Who Must File. Every taxpayer must complete the Form 3800N, to use the credits allowed by the:

- Employment and Investment Growth Act (LB 775);
- Renewable Energy Tax credit;
- Nebraska Advantage Act (LB 312);
- Nebraska Advantage Rural Development Act (LB 608);
- Nebraska Advantage Research and Development Act;
- Biodiesel Facility credit;
- Nebraska Advantage Microenterprise credit; and
- New Markets Tax Credit (NMTC).

The [prior version of this form](#) must be used to claim or amend LB 270 credits for tax years 2003 and earlier. New LB 270 credits may not be earned for tax years 2004 and after.

When and Where to File. The Form 3800N must be completed and attached to the income tax return filed by an individual, corporation, partnership, S corporation, limited liability company, exempt cooperative, or fiduciary for which a credit is claimed.

Partners, shareholders, members, patrons, or beneficiaries who are allowed any distributive credits from a partnership, S corporation, limited liability company, cooperative, or fiduciary should complete lines 1 through 15. A copy of the Nebraska Schedule K-1N filed by the partnership, S corporation, limited liability company, cooperative, or fiduciary must be attached to the taxpayer's Form 3800N. These credits may only be used to reduce the taxpayer's income tax liability.

Records. All claimants must retain records for at least three years after the filing of the income tax return claiming the credit. If the taxpayer will be utilizing the carryforward period to claim the credit calculated, the records supporting the original credit must be kept for at least three years after the last return is filed on which the credit carryforward is used.

Specific Instructions

Line 16, Credits Received Through Distribution. If you are filing Form 3800N to claim a credit distributed from an entity (partnership, S corporation, limited liability company, cooperative, or fiduciary that distributes its income currently), identify the entity and the type of credits received from that entity and attach the appropriate Schedule K-1N from that entity. In column E, indicate from the list below the abbreviation for the program under which the credits were earned.

- Employment and Investment Growth Act = 775
- Renewable Energy Tax Credit = RE
- Nebraska Advantage Act = 312
- Nebraska Advantage Rural Development Act = NARDA
- Nebraska Advantage Research and Development Act = RD
- Biodiesel Facility credit = BF

If you receive credits under more than one incentive program, or from more than one entity, complete a separate line and attach a separate Schedule K-1N for each entity and type of credit received. Credits distributed to partners, shareholders, members, patrons, or beneficiaries are **not** refundable. They may only be used to the extent of the recipient's income tax liability. Credits received under the Nebraska Advantage Rural Development Act, the Nebraska Advantage Research and Development Act, the Renewable Energy Tax Credit, the Biodiesel Facility credit, and the New Markets Tax Credit will not have project numbers to enter in column C.
