## Changes affecting estates and trusts

### Developments, updates, and items of interest relating to estate and trust income tax

#### New disabled or mentally ill person employment credit

For tax years 2019 and 2020 only, an income tax credit is available for hiring a developmentally disabled or mentally ill individual. To qualify, an employer must apply for and obtain from the North Dakota Department of Human Services, Vocational Rehabilitation Division, a letter certifying that the individual has a severe developmental or mental disability, is eligible for the agency's services, and requires customized employment to become employed. The credit is 25% of the wages paid to the individual during the tax year, up to a maximum credit of \$1,500 per year. The credit is allowed for each eligible individual hired. An estate or trust or other passthrough entity passes the credit through to its beneficiaries or owners. The credit may not offset more than 50% of a taxpayer's tax liability (before credits), and an unused credit may not be used in any other year. See Schedule 38-TC, line 19.

#### Revised nonprofit private school credits

**Prior law.** Pre-2019 tax law provided an income tax credit to taxpayers other than individuals for making a charitable contribution to nonprofit private primary schools, high schools, and colleges in North Dakota. A separate credit is allowed for each school category. While an individual could not claim a credit for a direct contribution to a qualifying school, an individual could claim his or her share of a credit received from an estate or trust or other passthrough entity that made a qualifying contribution.

Passthrough entities passed a credit (equal to 50% of contributions within a school category) through to their beneficiaries or owners. C corporations were allowed a credit equal to the lesser of (1) 50% of direct contributions within a school category plus any credit in the same category received from a passthrough entity, (2) 20% of the corporation's tax liability before credits, or (3) \$2,500. For individuals, a credit was calculated in the same manner as for a C corporation except

that only credits from passthrough entities could be considered. An unused credit may not be used in any other tax year.

**New law.** For tax years 2019 and 2020 only, an individual is allowed a credit for direct contributions to a qualifying school. Also, the tax liability limitation on the credit was increased from 20% to 25%. Unless changed by the legislature, the law will revert to how it was prior to 2019 starting with the 2021 tax year.

See Schedule 38-TC, lines 15 through 17.

#### Changes to 2019 fiduciary forms

On **Form 38, page 3, Schedule CR**, relating to the credit for income tax paid to another state, a new line was added to the top of the schedule on which the name of the other state must be entered.

The **Form 38, Tax Computation Schedule, line 2, instructions** were revised to clarify that, in the case of an electing small business trust (ESBT), if the net amount of the separate S corporation items of income, gain, and loss is a loss, enter the net loss amount as a negative number on line 2.

On **Schedule 38-TC**, the following changes were made:

- The instructions to line 7 (research credit) were changed to incorporate the new alternative simplified method of calculating the credit.
- Line 10 was changed to provide that it is only for the carryover of an unused geothermal energy device credit attributable to a device installed after December 31, 2008, and before January 1, 2015.
- Line 14 was changed to provide that it is only for the carryover of an unused automation credit attributable to qualifying purchases made in tax years 2014 through 2017.
- A new line (line 18) was added for the new automation credit, which is available only for the 2019 through 2022 tax years.

- A new line (line 19) was added for the new disabled or mentally ill employment credit. See separate article on this page.

On **Schedule K-1 (Form 38), Part 3**, changes were made corresponding to the changes made to Schedule 38-TC.

#### Reminder: Return payment options:

North Dakota offers several payment options for submitting an estimated tax payment, extension payment, or payment of a balance due on a return.

**Electronic payment.** For convenience and security and knowing the payment was timely received by our office, use one of the following electronic payment options:

- **Online**—Pay online with an electronic check or a debit or credit card. The electronic check option is free. A convenience fee is charged by the service provider for the debit or credit card option, none of which goes to the State of North Dakota. To pay online, go to [www.nd.gov/tax/payment](http://www.nd.gov/tax/payment).
- **Electronic funds transfer**—Pay by means of an Automated Clearing House (ACH) credit transaction, which the taxpayer initiates through the taxpayer's own banking institution. For more information, go to [www.nd.gov/tax/payment](http://www.nd.gov/tax/payment) and click on "ACH credit" at bottom of page.

**Payment by check.** If choosing to mail a paper check, complete and enclose with the check the appropriate payment voucher as follows:

- Use **Form 38-ES** if making an estimated tax payment.
- Use **Form 38-EXT** if making an extension payment.
- Use **Form 38-PV** if paying a balance due on Form 38.

Don't have a payment voucher? Print one out at [www.nd.gov/tax/payment](http://www.nd.gov/tax/payment).

"N.D. Admin. Code" references are to the North Dakota Administrative Code, which contains North Dakota's administrative rules.

## General instructions

### Who must file

#### Resident estate or trust

A fiduciary for a resident estate or trust must file a 2019 Form 38, *Fiduciary Income Tax Return*, if the fiduciary is required to file a 2019 Form 1041, *U.S. Income Tax Return for Estates and Trusts*.

A fiduciary for a resident estate or trust is generally subject to the same law provisions that apply to a resident individual. The entire income (loss) of a resident estate or trust is reportable to North Dakota regardless of its source. An estate or trust is considered a resident if it has a relationship to North Dakota that is sufficient to create nexus for income tax purposes. See N.D. Admin. Code § 81-03-02.1-04 for more information.

#### Nonresident estate or trust

A fiduciary for a nonresident estate or trust must file a 2019 Form 38, *Fiduciary Income Tax Return*, if both of the following apply:

- The fiduciary is required to file a 2019 Form 1041, *U.S. Income Tax Return for Estates and Trusts*.
- The estate or trust derived any gross income from North Dakota sources during the 2019 tax year.

A fiduciary for a nonresident estate or trust is generally subject to the same law provisions that apply to a nonresident individual. Only the portion of the nonresident estate's or trust's gross income from North Dakota sources is reportable to North Dakota.

For a nonresident estate or trust, gross income from North Dakota sources includes the following:

- Compensation, including unemployment compensation, received by an estate based on services performed in North Dakota by a decedent.

- Rental income from real and tangible personal property located in North Dakota.
- Royalties, bonus or lease payments, and other income from an interest in oil, gas, coal, or other minerals located in North Dakota.
- Gain from the sale, exchange, or other disposition of real and tangible personal property located in North Dakota.
- Income from a sole proprietorship, partnership, S corporation, or other trade or business carried on in North Dakota. This includes farming and ranching operations.
- Income from gambling activity carried on in North Dakota.
- Income from another estate or trust consisting of the same kinds of income listed above.

For a nonresident estate or trust, gross income from North Dakota sources generally does not include interest, dividends, pensions, annuities, or income and gain from intangible property. However, interest, dividends, gains, and other income from intangible property are included in gross income from North Dakota sources if derived from a trade or business carried on in North Dakota.

#### Grantor trust

A grantor trust is required to file a 2019 Form 38, *Fiduciary Income Tax Return*, if the grantor is required to file a 2019 Form 1041, *U.S. Income Tax Return for Estates and Trusts*. This applies even if a grantor trust elects to use an alternative filing method under the federal income tax regulations in lieu of filing a Form 1041. See the specific line instructions for Form 38 (page 1), Schedule BI, and Schedule K-1 for special instructions that apply to a grantor trust.

#### Tax-exempt trust

A fiduciary for a trust that is tax-exempt under Internal Revenue Code § 501(a) must file a 2019 Form 38 if (1) the fiduciary is required to file a 2019 Form 1041 or Form 990-T to report the trust's unrelated business taxable income, (2) the federal income tax is calculated using the tax rates applicable to a trust, and (3) the unrelated business taxable income is reportable to North Dakota.

The unrelated business taxable income is reportable to North Dakota if the trust is a North Dakota resident trust or, in the case of a nonresident trust, the unrelated business taxable income has a source in North Dakota.

#### Bankruptcy estate

A fiduciary that is required to file a 2019 Form 38 for a bankruptcy estate must file it in a manner similar to how the 2019 Form 1041 is filed. Use Form 38 only as a transmittal form for Form ND-1, *Individual Income Tax Return*. In the top margin of Form ND-1, write "Attachment to Form 38." Complete and attach Form ND-1 to Form 38. Complete Items A through H at the top of Form 38. Enter on Form 38, page 1, line 7, the net tax liability from Form ND-1, page 2, line 25. Then complete lines 8 through 17 on page 1 of Form 38 as required.

#### Disaster recovery tax exemptions

Exemptions from state and local tax filing and payment obligations are available to out-of-state businesses and their employees who are in North Dakota on a temporary basis for the sole purpose of repairing or replacing natural gas, electrical, or telecommunication transmission property that is damaged, or under threat of damage, from a state- or presidentially-declared disaster or emergency. For more information, go to [www.nd.gov/tax](http://www.nd.gov/tax).

#### When and where to file

The 2019 Form 38 must be filed on or before (1) April 15, 2020, if filing for the 2019 calendar year, or (2) the 15th day of the 4th month following the end of the tax year, if filing for a fiscal year beginning in the 2019 calendar year. If the due date falls on a Saturday, Sunday, or holiday, the return may be filed on or before the next day that is not a Saturday, Sunday, or holiday.

**Note:** Use the 2018 Form 38 if filing for a fiscal year beginning in the 2018 calendar year.

Mail Form 38 and all required attachments to:

Office of State Tax Commissioner  
600 East Boulevard Ave., Dept. 127  
Bismarck, ND 58505-0599

## Extension of time to file

An extension of time to file Form 38 may be obtained in one of the following ways:

- Obtain a federal extension.
- Separately apply for a North Dakota extension.

**Federal extension.** If an extension of time to file Form 1041 is obtained, it is automatically accepted as an extension of time to file Form 38. The extended due date for North Dakota purposes is the same as the federal extended due date. A separate North Dakota extension does not have to be applied for, nor does the Office of State Tax Commissioner have to be notified that a federal extension has been obtained prior to filing Form 38.

**North Dakota extension.** If a federal extension is not obtained, but additional time is needed to complete and file Form 38, a separate North Dakota extension may be applied for by filing Form 101, *Application for Extension of Time to File a North Dakota Tax Return*. This is not an automatic extension—there must be good cause to request a North Dakota extension. Form 101 must be postmarked on or before the due date of Form 38. Notification of whether the extension is accepted or rejected will be provided by the Office of State Tax Commissioner.

**Extension interest.** If Form 38 is filed on or before the extended due date, and any tax due is paid with the return, no penalty will be charged. Interest on the tax due will be charged at the rate of 12% per year from the original due date of the return to the earlier of the date the return is filed or the extended due date.

**Prepayment of tax due.** If an extension of time to file Form 38 is obtained, any tax expected to be due may be paid on or before the regular due date to avoid paying extension interest. For more information, including payment options, obtain the 2019 Form 38-EXT. Alternatively, a check or money order may be sent with a letter containing the following: (1) name of estate or trust; (2) estate's or trust's FEIN; (3) fiduciary's name, address and phone number; and (4) statement that the payment is a 2019 Form 38-EXT payment.

## Penalty and interest

The tax due must be paid by the due date (without extension) of Form 38 to avoid penalty and interest charges. However, if an extension of time to file Form 38 was obtained, the tax due may be paid by the extended due date of the return without penalty, but extension interest will apply—see “Extension interest” and “Prepayment of tax due” on this page.

If Form 38 is filed on or before its due date (or extended due date), but all of the tax due is not paid by the due date (or extended date), a penalty equal to 5% of the unpaid tax due or \$5.00, whichever is greater, must be paid.

If Form 38 is not filed on or before its due date (or extended due date), and there is an unpaid tax due on it, a penalty equal to 5% of the unpaid tax due or \$5.00, whichever is greater, for the month the return was due plus 5% of the unpaid tax due for each additional month (or fraction of a month) during which the return remains delinquent must be paid. This penalty may not exceed 25% of the tax due.

In addition to any penalty, interest must be paid at the rate of 1% per month or fraction of a month, except for the month in which the tax was due, on any tax due that remains unpaid after the return's due date.

## Estimated tax requirement (for 2020)

A fiduciary for an estate or trust must pay estimated North Dakota income tax for the 2020 tax year if all four of the following conditions apply:

1. The fiduciary is required to pay estimated federal income tax for the 2020 tax year. This condition applies whether or not the fiduciary actually makes the required payment(s) of estimated tax to the Internal Revenue Service.
2. The North Dakota net income tax liability on the fiduciary's taxable income for the 2019 tax year (as shown on the 2019 Form 38, page 1, line 4) was equal to or more than \$1,000. *Note: If the fiduciary was not required to file a North Dakota income tax return for the 2019 tax year, the fiduciary's net tax liability is zero for purposes of this condition.*
3. The fiduciary expects to owe (after subtracting any estimated North Dakota income tax withholding) North Dakota income tax equal to or more than \$1,000

for the 2020 tax year. *Note: Do not include income tax withholding from nonresident individual beneficiaries or composite income tax in this estimation.*

4. The fiduciary expects North Dakota income tax withholding (other than income tax withholding from nonresident individual beneficiaries) for the 2020 tax year to be less than the smaller of:
  - a. 90% of the North Dakota net income tax liability on the fiduciary's taxable income for the 2020 tax year. *Note: Substitute 66 2/3% if a qualified farmer. See instructions for 2020 Form 38-ES.*
  - b. 100% of the North Dakota net income tax liability on fiduciary's taxable income for the 2019 tax year (as shown on the 2019 Form 38, page 1, line 4). *Note: If the estate or trust was not in existence for the entire 2019 tax year, this part does not apply; the 90% threshold in part a must be applied.*

In general, one-fourth (25%) of the total estimated tax required to be paid for the 2020 tax year must be paid by April 15, June 15, and September 15, 2020, and January 15, 2021. For more information, including payment options, obtain the 2020 Form 38-ES.

## Withholding from nonresident beneficiary

If a trust is required to file Form 38, the trust must withhold North Dakota income tax at the rate of 2.90% from the year-end distributive share of North Dakota income of a nonresident beneficiary.

**Nonresident beneficiary.** For this purpose, a nonresident beneficiary is defined as:

- an individual domiciled outside North Dakota,
- a trust legally organized outside North Dakota, or
- a partnership, S corporation, or other passthrough entity with a commercial domicile outside North Dakota.

A nonresident beneficiary includes the grantor of a grantor trust if the grantor meets the definition of a nonresident beneficiary.

**Exemption from withholding.** This withholding requirement does not apply to a nonresident beneficiary if:

- the beneficiary's distributive share of North Dakota income is less than \$1,000,
- the beneficiary elects to include the distributive share of North Dakota income in a composite filing (see "Composite filing" on this page), or
- the beneficiary is a passthrough entity that elects exemption from the withholding requirement. Obtain Form PWE for more information.

**Withholding procedure.** This withholding requirement applies to the year-end distributive share of North Dakota income, which is determined at the end of the trust's tax year and reported on Form 38, Schedule BI, Column 5. The requirement does not apply to actual distributions made during the tax year. The withholding amount is calculated and reported on Schedule BI, Column 6. If certain conditions are met, an amount less than the amount calculated at the 2.90% tax rate may be withheld. For the qualifying conditions, see Form PWA. A payment for the total amount of withholding reported on Schedule BI, Column 6, must be submitted with Form 38 when it is filed.

### Composite filing

A composite filing method is available to a trust with one or more eligible nonresident beneficiaries. Under this method, a trust calculates the North Dakota income tax on the year-end distributive share of North Dakota income of an eligible nonresident beneficiary and pays the tax with Form 38. The tax is calculated at the highest individual income tax rate (which is 2.90% for the 2019 tax year), and no adjustments, deductions, or tax credits are allowed in calculating the tax. A composite filing satisfies the North Dakota income tax filing and payment obligations of the eligible nonresident beneficiaries included in it, which means they do not have to separately file their own North Dakota income tax returns. The composite filing method is optional and does not require prior approval from the Office of State Tax Commissioner, and a choice to use it may be made on a year-to-year basis.

**Eligible nonresident beneficiary.** A nonresident beneficiary (as defined under "Withholding from nonresident beneficiary" on page 3) is eligible to be included in a composite filing if both of the following apply:

- The beneficiary's only source of income within North Dakota is one or more passthrough entities. A passthrough entity includes a trust, partnership, S corporation, limited liability company treated like a partnership or S corporation, and any other similar entity.
- The beneficiary elects to be included in a composite filing. An election is indicated by the trust's calculation and reporting of a tax amount for the beneficiary on Form 38, Schedule BI, Column 7. If the distributive share is a loss, the tax is zero.

The distributive share of North Dakota income included in a composite return is subject to tax even if it is under \$1,000.

### Composite filing method procedure.

The tax under the composite filing method is calculated and reported on Form 38, Schedule BI, Column 7. A payment for the total tax amount reported on Schedule BI, Column 7, must be submitted with Form 38 when it is filed.

### Correcting a previously filed return

If a fiduciary needs to correct an error on Form 38 after it is filed, the fiduciary must file an amended return. There is no special form for this purpose. See "How to prepare an amended 2019 return" below.

If a fiduciary paid too much tax because of an error on the 2019 Form 38, the fiduciary generally has three years from the due date (excluding extensions) of the return or the date the return was actually filed, whichever is later, in which to file an amended return to claim a refund of the overpayment. See N.D.C.C. § 57-38-40 for other time periods that may apply.

### How to prepare an amended 2019 return

1. Obtain a blank 2019 Form 38.
2. Enter the name of the estate or trust, and the fiduciary's name, current address, FEIN, etc., in the top portion of page 1 of Form 38.
3. Fill in the "Amended return" circle at the top of page 1 of Form 38.
4. Complete the Tax Computation Schedule and Schedule BI using the corrected information. However, unless there is an increase in the amount reported on Schedule BI, Column 5, of the amended return, enter on Schedule BI, Column 6, the same amount reported on the previously filed return. Also complete

Schedule CR, if applicable. Then complete lines 1 through 7 on page 1 of Form 38.

5. Leave line 8 on page 1 of Form 38 blank unless claiming an additional amount not previously claimed.
6. On line 9 of page 1 of Form 38, enter the total taxes due from the previously filed 2019 Form 38, page 1, line 7. If the total taxes due have not been fully paid, only enter the amount paid.
7. Complete lines 10 through 16 of page 1 of Form 38. If there is an overpayment on line 11, enter the full amount on line 13. On an amended return, the amount credited to the next year's estimated tax (line 12) may not be increased or decreased.
8. Attach a statement explaining the reason(s) for filing the amended return. If it is because of changes the fiduciary or the Internal Revenue Service (IRS) made to the 2019 Federal Form 1041, attach a copy of the amended federal return or IRS notice.
9. Complete and provide a corrected North Dakota Schedule K-1 to the beneficiaries, as required.

### Reporting federal changes

If the Internal Revenue Service (IRS) changes Federal Form 1041, or if a fiduciary files an amended Federal Form 1041, an amended North Dakota Form 38 must be filed within ninety days after the final determination of the IRS changes or the filing of the amended federal return. Enclose a copy of the IRS audit report or the amended federal return with the amended North Dakota Form 38.

### W-2/1099 reporting requirement

Every fiduciary that is required to file Federal Form 1099 or W-2 may also have to file one with the Office of State Tax Commissioner. For more information, obtain the document *Income Tax Guideline: Information Returns*.

### Disclosure notification

Upon written request from the chairman of a North Dakota legislative standing committee or Legislative Management, the law requires the Office of State Tax Commissioner to disclose the amount of any deduction or credit claimed on a tax return. Any other confidential information, such as a taxpayer's name or federal employer identification number, may not be disclosed.

## Use of information

All of the information on Form 38 and its attachments is confidential by law and cannot be given to others except as provided by state law. Information about the beneficiaries is required under state law so the Office of State Tax Commissioner can determine the beneficiary's correct North Dakota taxable income and verify if the beneficiary has filed a return and paid the tax.

# General instructions for completing Form 38

## Complete Form 38 as follows:

1. Complete Federal Form 1041 in its entirety.
2. Complete Items A through H at the top of page 1 of Form 38—see page 5 of these instructions.
3. Complete the Tax Computation Schedule on page 2 of Form 38—see page 6 of these instructions.
4. Complete Schedule BI on page 3 of Form 38—see page 8 of these instructions.
5. Complete lines 1 through 17 on page 1 of Form 38—see page 9 of these instructions.
6. Complete Schedule K-1, if required, for the beneficiaries—see page 10 of these instructions.

**Rounding of numbers.** Numbers may be entered on the return in dollars and cents, or they may be rounded to the nearest whole dollar. If rounding, drop the cents if less than 50 cents and round up to the next whole dollar amount if 50 cents or higher. For example, \$25.36 becomes \$25.00, and \$25.50 becomes \$26.00.

**Fiscal year filers.** The tax year for North Dakota income tax purposes must be the same as the tax year used for federal income tax purposes. Use the 2019 Form 38 if the estate's or trust's taxable year began in the 2019 calendar year. *Note: Use the 2018 Form 38 if the taxable year began in the 2018 calendar year.*

## Specific line instructions for page 1 of Form 38, Items A-H

North Dakota uses the federal employer identification number (FEIN or federal EIN) for identification purposes. Enter the federal employer identification number from page 1 of Federal Form 1041.

**Important:** Do not enter the fiduciary's own federal employer identification number. A fiduciary for an estate or trust must obtain a separate federal employer identification number for the estate or trust.

### Item D Date created

## Instructions for completing Schedule CR (Form 38, page 3)

The fiduciary for an estate or trust may be eligible for a credit for income tax paid to another state or local jurisdiction if both of the following apply:

- It is a resident estate or trust.
- The fiduciary paid income tax for the tax year to North Dakota and to the other state or local jurisdiction on the same income.

A "state" means any of the other 49 U.S. states, the District of Columbia, and a U.S. territory. A "local jurisdiction" means a city, township, county, etc., within a state.

**Qualifying taxes**—The credit is allowed for income taxes paid to another state and any local jurisdictions in that state. The credit is not allowed for income tax paid to a foreign country or its local jurisdictions, nor is it allowed for any tax that is not an income tax (e.g., property or sales taxes).

**Other state's return**—The credit is allowed only if the fiduciary files an income tax return with the other state or local jurisdiction. The credit is not allowed for income tax withheld or estimated income tax paid to the other state. *A copy of the income tax return filed with the other state and/or local jurisdiction must be attached to Form 38.*

**Payment of income tax to more than one other state**—If the fiduciary pays income tax to more than one other state for the tax year, a separate Schedule CR must be completed for each state. If the fiduciary also paid income tax to a local jurisdiction in another state, include the income tax paid to the local jurisdiction on the Schedule CR filed for the state in which the local jurisdiction is located. Fill in the total of the separately calculated credit amounts on Form 38, page 1, line 2.

**Line 2**

Disregard any adjustment to the fiduciary's total federal income allowed or required by the other state's tax laws.

### Line 6

Enter the amount of the income tax less any income tax credits (except withholding and estimated tax) shown on the other state's income tax return. If the fiduciary also paid income tax to a local jurisdiction in the other state, include the income tax shown on the local jurisdiction's income tax return (or, if applicable, the other state's return).

See the instructions to Schedule CR on this page. **Attach a copy of the income tax return filed with the other state and/or local jurisdiction.**

See “Penalty and interest” on page 3 for how to calculate these amounts.

### Line 16 Balance due

The balance due must be paid in full with the return. The payment may be made electronically in one of the following ways.

- **Online**—A payment may be made online with an electronic check or a debit or credit card. The electronic check option is free. North Dakota contracts with a national payment service to provide the debit or credit card option. There is a fee for the debit or credit option, none of which goes to the State of North Dakota. To pay online, go to [www.nd.gov/tax/payment](http://www.nd.gov/tax/payment).

- **Electronic funds transfer**—A payment may be made by means of an Automated Clearing House (ACH) credit transaction that the taxpayer initiates through its banking institution. For more information, go to our website at [www.nd.gov/tax](http://www.nd.gov/tax).

If paying with a paper check or money order, complete a 2019 Form 38-PV payment voucher and enclose it with the payment. Make the check or money order payable to “ND State Tax Commissioner,” and write the last four digits of the federal employer identification number and “2019 Form 38” on the check or money order. A check must be drawn on a U.S. or Canadian bank, be in U.S. dollars, and use a standard 9-digit routing number. A check drawn on a foreign bank (except one in Canada) cannot be accepted.

### Line 17 Interest on underpaid estimated tax

If the fiduciary for an estate or trust was required to pay estimated North Dakota income tax for 2019, but the fiduciary did not pay enough or paid it late, interest is charged on the underpayment or late payment. To determine if interest is owed, obtain and complete Schedule 38-UT.

This allows the Tax Department to contact the preparer if any questions arise during the processing of the return. It also allows the preparer to respond to the questions and to provide any information missing from the return, to contact the Tax Department to inquire about the status of the return's processing and related refund or payment, and to respond to Tax Department notices that the fiduciary shares with the preparer pertaining to math errors or return preparation. (*Tax Department notices will be sent only to the fiduciary.*)

This authorization applies only to the individual whose signature and printed name appears in the paid preparer section of the signature area. It does not apply to the firm, if any, shown in that section. It only applies to the 2019 return and automatically expires on the due date (including extensions) for filing the 2020 Form 38.

This authorization does not authorize the preparer to receive a refund check, bind the fiduciary in any way (including any additional tax liability), or represent the fiduciary before the Tax Department for any other purpose.
