Who must complete

If you were a full-year nonresident or a part-year resident of North Dakota (ND) during the tax year, you must complete this schedule to calculate your tax. If married filing jointly, this applies if *either* spouse was a nonresident of ND for part or all of the tax year. If you were a full-year resident of Minnesota or Montana, and all of your income is exempt from ND tax under reciprocity, do not complete this schedule. See “Reciprocity” in the Form ND-1 instruction booklet for more information.

How to complete

Fill in your name, social security number, and residency status at the top of the schedule. If you were a part-year resident of ND during the tax year, enter the dates you were a resident of North Dakota. If you were a full-year nonresident or part-year resident, enter the name of the other state where you were a resident. Complete Column A (Total from federal return) first by filling in the total amounts from your federal income tax return. Then complete Column B (North Dakota portion) according to the specific line instructions that follow.

Column B instructions

Complete Column B by filling in the portion of the amount in Column A that is reportable to ND, as explained in the specific line instructions for Column B. ***Do not enter in Column B the portion of ND income that was subtracted on Form ND-1, lines 7 through 16.***
