West Virginia Military Incentive Credit

INFORMATION & INSTRUCTIONS

The purpose of the West Virginia Military Incentive Credit (formerly called the Veterans Employment Credit) is to encourage the employment of veterans and members of the guard and reserve forces in the private sector. This would be accomplished by providing tax credits to qualified employers providing employment to economically disadvantaged veterans, disabled veterans and unemployed members of the West Virginia National Guard and United States Reserve forces.

ELIGIBLE TAXPAYERS

Eligibility for the Military Incentive Credit is limited to employers hiring individuals certified as eligible by the West Virginia Division of Employment Security. The credit typically applies if the eligible individual is employed for a continuous period of one year or more. Certain other restrictions and limitations also apply.

Tax credits will not be available to employers for any individual employed for less than one year of continuous employment. However, if the individual voluntarily leaves employment with the employer; the individual becomes totally disabled and unable to continue his employment; or the individual is terminated for good cause shown, the employer shall be entitled to a partial tax credit in a proportional amount corresponding to the ratio of the time period during which the veteran was actually employed.

The tax credit is not available for the employment of any individual who displaces a person already employed or for the employment of any individual for whom the employer is receiving job training payments from either the federal or state government.

AMOUNT OF CREDIT

For economically disadvantaged veterans hired, the credit available to the employer is 30% of the first \$5,000.00 in wages or compensation actually paid the employee. For disabled veterans, the credit is the percentage of disability multiplied by the first \$5,000.00 in wages or compensation actually paid the employee. For members of the West Virginia National Guard and United States Reserve forces, the credit is 25% of the first \$5,000.00 in wages or compensation actually paid the employee.

Classification	Percentage	x	Wage Base	= Credit
Disadvantaged Veteran	30%	x	\$5,000.00	=\$1,500.00
Disabled Veteran	Disability Percentage	x	\$5,000.00	=\$0.00 - \$5,000.00
National Guard or Reserve	25%	x	\$5,000.00	=\$1,250.00

INSTRUCTIONS

Enter the name(s) and Identification number shown on your West Virginia State Personal Income Tax return or that shown on the West Virginia Corporation Net Income Tax return.

Enter the employer name and Identification number as it appears on the “Employer Certification” issued by the West Virginia Department of Employment Security.

Column 1 Enter the Veteran’s or member’s last name, first name then middle initial on the first line. Enter his or her social security number (SSN) on the second line.

Column 2 Check the appropriate box. If the veteran or member is disabled, enter the percentage of compensation for service connected disability as determined by the Veteran’s Administration of the United States. If the veteran or member is disadvantaged, the legislated thirty percent (30%) limitation has been preprinted. See introduction for definition of “Economically Disadvantaged Veteran”. If member of the National Guard or Reserves, the legislated twenty-five percent (25%) limitation has been preprinted.

Column 3 Enter the Beginning and Ending date of employment during your taxable year for each veteran or member. If the period of employment for a veteran or member is less than one year, then the allowable credit must be prorated as described in the “Column 5” instructions.

Column 4 Enter the total amount of wages or compensation paid to the veteran or member during the taxable year or \$5,000.00, WHICHEVER IS LESS.

Column 5 Enter the amount of allowable credit for each qualified veteran or member you have employed for the entire taxable year computed by multiplying the amount shown in column 4 by the applicable percentage shown in column 2. If the period of employment is not for the entire taxable year you must also prorate the calculated credit according to the ratio of the employment dates shown in Column 3 to a full one-year period. In other words, if the period of employment was August 1, to December 31 of the taxable year the calculated credit must be multiplied by 5/12.

The maximum credit for each veteran or member is limited to the smallest of either the calculation just described for a partial year of employment or \$5,000.00 for a 100 percent “Disabled” veteran or member.

Add lines (a) through (e) of Column 5 and enter the total in the appropriate space. Carry this total over to the appropriate line on your Resident Personal Income Tax Form (IT-1 40), your Nonresident/Part-Year Resident Form (IT-1 40NRIPY) or Summary Schedule TC of the West Virginia Corporation Net Income Tax Return.
