Use **Form CT-1120 TIC/EZ** to claim the credit for manufacturing facilities allowed under Conn. Gen. Stat. §12-217e against the corporation business tax. Attach it to **Form CT-1120K**, *Business Tax Credit Summary*.

Eligibility

50% Credit - Taxpayers may qualify for a credit equal to 50% of that portion of the Connecticut corporation business tax that is allocable to a manufacturing facility, that meets certain employment criteria and is located within a designated Enterprise Zone or other area designated as having Enterprise Zone level benefits. An Entertainment District, Enterprise Corridor Zone, Railroad Depot Zone, Contiguous Municipality Zone, Defense Plant Zone, Manufacturing Plant Zone, and Qualified Manufacturing Plant Zone are areas having Enterprise Zone level benefits. A 50% credit is also available to businesses engaged in biotechnology, pharmaceutical, or photonics research, that are located in a municipality that has a major research university with programs in biotechnology, pharmaceuticals, or photonics, and that has an Enterprise Zone. To be eligible for a 50% credit, the corporation **must** obtain certification from the Department of Economic and Community Development (DECD) and establish either that at least 150 full-time employees or 30% of the full-time positions directly attributable to the manufacturing facility were held by employees that were: (1) residents of such zone or (2) residents of the municipality and eligible for training under the federal Job Training Partnership Act or any successor program.

25% Credit - Taxpayers may qualify for a credit equal to 25% of that portion of the Connecticut corporation business tax that is allocable to a manufacturing facility located in a Targeted Investment Community. Taxpayers with manufacturing facilities located in areas with Enterprise Zone level benefits that do not meet the employment criteria for the 50% credit qualify for the 25% credit. To be eligible for a 25% credit, the manufacturing facility **must** obtain certification from DECD.

The credit period is ten years and begins with the first full income year following the year of issuance of the eligibility certificate and continues for the following nine income years. The credit may be claimed for a maximum of ten years.

Instructions

Schedule A

Schedule A is used to determine if the manufacturing facility is located in an area eligible to receive Enterprise Zone level benefits. If the facility does not meet the criteria for location, it is eligible only for the 25% credit. Skip *Schedule B* and continue on to *Schedule C*.

Lines 1 and 2 - Check **Yes** if the manufacturing facility is located within one of the areas having Enterprise Zone level benefits.

Line 3 - Check **Yes** if the facility is engaged in biotechnology, pharmaceutical, or photonics research, and is located in a municipality that has a major research university with programs in biotechnology, pharmaceuticals, or photonics, and that has an Enterprise Zone.

Schedule B

Schedule B is used to determine if the facility employs enough workers who are residents of the Enterprise Zone or are residents of the municipality and qualify for federal Job Training Partnership Act benefits. If the facility does not meet the criteria for employment of local workers, it is eligible only for the 25% credit.

Line 1 - Complete as indicated.

Line 2 - The initial hiring for the new facility is based on the start date established with DECD.

Line 3 - Subtract Line 2 from Line 1 and enter the result. If zero or less, the company is eligible only for the 25% credit. Do not continue on to Lines 5 through 7. Enter 25% on *Schedule C*, Line 7.

Line 4 - Multiply Line 3 by 30%.

Lines 5 through 7 - Complete as indicated.

Schedule C

Schedule C is used to determine the amount of the tax credit.

Tangible Property: Column A includes the average monthly net book value of the eligible manufacturing facility including all machinery and equipment specifically acquired for and installed at that site, without reduction for any encumbrance. When rented, the value of the eligible manufacturing facility and all machinery and equipment specifically acquired for and installed at that site should be computed by multiplying the gross rents payable by the taxpayer during the income year by eight. Column B consists of the average monthly net book value of all real property, machinery, and equipment held and owned by the taxpayer in Connecticut plus the value of all real property, machinery, and equipment rented to the taxpayer in Connecticut, computed by multiplying the combined gross rents payable during the income year by eight. ***Gross rents*** means gross rents as defined in Conn. Gen. Stat. §12-218(c)(1).

Wages, Salaries, and Other Compensation: Column A consists of all wages, salaries, and other compensation paid during the income year to employees of the taxpayer whose positions are directly attributable to the eligible manufacturing facility. Column B consists of the sum of wages, salaries, and other compensation paid during the income year to all employees of the taxpayer in Connecticut.

An employee's position is ***directly attributable*** to an eligible manufacturing facility if the:

- Employee's service is performed or base of operation is at the eligible manufacturing facility;
- Position did not exist prior to the construction, renovation, expansion, or acquisition of the eligible manufacturing facility; **and**
- Position would not have been created but for the construction, renovation, expansion, or acquisition of the eligible manufacturing facility.

Line 5 - Enter the tax from **Form CT-1120**, *Schedule C*, Line 1.

Line 6 - Multiply Line 5 by Line 4.

Line 7 - Enter the tax credit percentage. This percentage will be either 25% or 50%, and is determined from *Schedule A*, Line 3, or *Schedule B*, Line 6 or Line 7.

Line 8 - Enter the tax credit. Multiply Line 6 by Line 7, enter here and on Form CT-1120K, Part I-C, Column A.
