Instructions for Composite Iowa Individual Income Tax Return

Election of Composite Filing

Composite returns for the 2012 calendar year must be filed by April 30, 2013. An automatic 6-month extension for filing is available **only** if 90% of the tax due is paid by the original due date. The Department must be notified in writing before a taxpayer chooses to discontinue filing composite returns.

Filing Requirements

Nonresident partners, shareholders, members, or beneficiaries cannot be included in a composite return if the nonresident does not have more income from Iowa sources than the amount of one standard deduction for a single taxpayer plus an amount of income necessary to create a tax liability at the effective tax rate on the composite return sufficient to offset one personal exemption. See line 6 for minimum filing requirements.

In addition, the above individuals should not be included if they have incomes from Iowa sources other than from the partnership or other entity; these individuals are required to file Iowa individual income tax returns.

Line Instructions

- Each nonresident partner's, shareholder's, or member's Iowa K-1 will show that partner's, shareholder's, or member's income and nonresident modifications that are apportioned to Iowa. The apportioned amount of each item of Iowa K-1 income that is a part of federal adjusted gross income and the apportioned modifications of all nonresident partners, all nonresident shareholders, and/or all members included in this composite return are to be totaled and entered on this line. Nonresidents with other Iowa-source incomes are not to be included on the IA 1040C.

Beneficiaries of a trust do not have an Iowa K-1, only a federal K-1. Consequently, when nonresident beneficiaries are included in the filing of a composite return with Iowa, they must total all income and/or capital gain from real property or tangible personal property located in Iowa and any other business income attributable to Iowa and enter on this line.

- A deduction is allowed in lieu of the deduction for federal tax paid and is based upon the following schedule:

Amount shown on line 1	Deduction
0 - \$49,999 =	No deduction
\$50,000 - \$99,999 =	5% of line 1
\$100,000 - \$199,999 =	10% of line 1
Over \$200,000 =	15% of line 1

- For 2012 the standard deduction allowed is \$1,860.00.
- Use the tax rate schedule above to figure your tax on composite Iowa taxable income. Also listed are the minimum requirements for each tax rate.
