INSTRUCTIONS—SCHEDULE KJDA

The KJDA tax credit is applied against the corporation income tax imposed by KRS 141.040 and/or the limited liability entity tax (LLET) imposed by KRS 141.0401. The amount of tax credit against each tax can be different; however, for tracking purposes, the maximum amount of credit used against either tax is the amount that is used for the tax year.

PURPOSE OF SCHEDULE—This schedule is used by a corporation which has entered into a tax incentive agreement for a Kentucky Jobs Development Act (KJDA) project that received preliminary or final approval by KRS Chapter 154.24 on or before June 26, 2009, to determine the credit allowed against the Kentucky corporation income tax and LLET attributable to the project in accordance with KRS 141.407.

GENERAL INSTRUCTIONS**Part I—Computation of LLET Excluding KJDA Project**

Line 2—Using Schedule LLET, create a new Schedule LLET to compute the LLET of the KJDA project using only the Kentucky gross receipts and Kentucky gross profits of the project. Enter “**KJDA**” at the top center of the Schedule LLET and attach it to the tax return.

If the corporation has operations other than the KJDA project, it must attach schedules reflecting the computation of Kentucky gross profits and Kentucky gross receipts from the KJDA project in accordance with KRS 141.407(6)(b)** or KRS 141.407(7)(b).***

Part II—Computation of Taxable Net Income Excluding Net Income from KJDA Project and KJDA Tax Credit**Section B**

Line 2—Enter net income for KJDA project. If the corporation’s only operation in Kentucky is the KJDA project, the amount entered on Line 1 must be entered on Line 2. If the corporation has operations other than the KJDA project, it must attach schedules reflecting the computation of the net income from the KJDA project in accordance with KRS 141.407(6)(a)* or KRS 141.407(7)(a).***

See form for computation.

A corporation with more than one economic development project must separately compute the tax credit derived from each project. Complete an applicable tax computation schedule (Schedule KREDA, Schedule KIDA, Schedule KEOZ, Schedule KJRA, Schedule KIRA, Schedule KJDA, Schedule KBI, Schedule KRA or Schedule IEIA) for each project. A corporation approved for the Skills Training Investment Credit Act (STICA) or Metropolitan College Consortium Tax Credit (MCC) must

Alternative Methods—In accordance with KRS 141.407(8), if the approved company can show that the nature of the operations and activities of the approved company are such that it is not practical to use separate accounting to determine net income, Kentucky gross receipts or Kentucky gross profits from the facility at which the project is located, the approved company shall determine net income, Kentucky gross receipts or Kentucky gross profits attributable to the project using an alternative method approved by the Department of Revenue. Thus, if any method other than separate accounting is used, **a copy of the letter from the Department of Revenue approving the alternative method must be attached to this schedule.**

** In accordance with KRS 141.407(6)(b), if the project is a totally separate facility, Kentucky gross receipts or Kentucky gross profits attributable to the project shall be determined under the separate accounting method reflecting only the Kentucky gross receipts or Kentucky gross profits directly attributable to the facility.

*** In accordance with KRS 141.407(7)(a), if the KJDA project is an expansion to a previously existing facility, net income attributable to the entire facility shall be determined under the separate accounting method and the net income attributable to the KJDA project shall be determined by apportioning the separate accounting net income of the entire facility to the KJDA project income using a formula approved by the Department of Revenue. **A copy of the letter from the Department of Revenue approving the percentage must be attached to this schedule.**
