Instructions for Form 4573

Michigan Business Tax (MBT) Miscellaneous Nonrefundable Credits

Purpose

To allow standard taxpayers to claim certain miscellaneous nonrefundable credits. Generally, credits and any carryforwards allowed are calculated here and then carried to the *MBT Nonrefundable Credits Summary* (Form 4568). Review the descriptions carefully before claiming a credit as there are strict eligibility requirements. Follow the instructions on the form for each credit.

NOTE: This form may also be used by financial institutions to claim a limited number of credits:

- Renaissance Zone Credit
- Historic Preservation Credit
- Individual or Family Development Account Credit
- Brownfield Redevelopment Credit
- Assigned Film Infrastructure Credit.

Insurance companies use the *Miscellaneous Credits for Insurance Companies* (Form 4596) to claim credits for which they are eligible.

NOTE: Beginning January 1, 2012, only those taxpayers with a certificated credit, which is awarded but not yet fully claimed or utilized, may elect to be MBT taxpayers.

Fiscal Year Filers: All credits must be calculated using actual numbers from the period included on this return. For more information, see “Supplemental Instructions for Standard Fiscal MBT Filers” in the *MBT Forms and Instructions for Standard Taxpayers* (Form 4600).

Special Instructions for Unitary Business Groups

Credits are earned and calculated on either an entity-specific or group basis, as determined by the relevant statutory provisions for the respective credits. Intercompany transactions are not eliminated for the calculation of most credits. Credits earned or calculated on either an entity-specific or group basis by Unitary Business Group (UBG) members are generally applied against the tax liability of the UBG, unless otherwise specified by statute or these instructions.

Entity-specific provisions are applied on a member-by-member basis and are addressed in the “Line-by-Line Instructions.” In none of these cases does a taxpayer that is a UBG take the organization type of its parent, Designated Member (DM), or any other member of the UBG. A UBG taxpayer will not be attributed an organization type based on the composition of its members.

If any member of the UBG is eligible for an entity-specific credit, a statement must be attached to the form identifying the eligible member and any information requested for the credit. If more than one member is eligible, requested information should be provided in the statement on a per member basis. The total amount from all eligible members will be entered on each corresponding line on the form.

To the extent that a qualified taxpayer earning the Brownfield

Redevelopment Credit or Historic Preservation Credit is included within a UBG taxpayer for relevant tax years, the qualified taxpayer’s unused pre-2008 Brownfield Redevelopment Credit and/or Historic Preservation Credit (that is, such credits earned under the Single Business Tax (SBT)) may be applied against the tax liability imposed on the entire UBG taxpayer (of which the qualified taxpayer is a member) for the tax years the carryforward would have been available under SBT. These carryforwards are claimed on the *MBT Single Business Tax Credit Carryforwards* (Form 4569).

Find additional information on calculating credit carryforwards in the “Supplemental Instructions for Standard Members in UBGs” section in the *MBT Forms and Instructions for Standard Taxpayers* (Form 4600).

Line-by-Line Instructions

Lines not listed are explained on the form.

Name and Account Number: Enter name and account number as reported on page 1 of the applicable MBT annual return (either the *MBT Annual Return* (Form 4567) for standard taxpayers or the *MBT Annual Return for Financial Institutions* (Form 4590)).

UBGs: Complete one form for the group. Enter the DM’s name and account number.

PART 1

If not taking any credits in Part 1, skip to Part 2.

NASCAR Speedway Credit

For tax years that end before January 1, 2017, an eligible taxpayer may claim a credit against the tax imposed by the MBT Act equal to the amount of capital expenditures in this State on infield renovation, grandstand and infrastructure upgrades, and any other construction and upgrades subject to the following:

- The credit is limited to the lesser of the taxpayer’s tax liability or \$1,580,000.

NOTE: Beginning January 1, 2012, this credit is available as a certificated credit to the extent that the taxpayer has met the capital expenditure requirements by December 31, 2011, but the credit has not been fully claimed or paid prior to January 1, 2012. This credit must be claimed beginning with the taxpayer’s first tax year ending after December 31, 2011, in order for the taxpayer to remain taxable under the MBT and claim the credit.

UBGs: If the eligible taxpayer is a member of a UBG, this credit is calculated against the eligible member’s capital expenditures. This credit amount is limited to the lesser of the applicable dollar amount specified above or the pro forma tax liability calculated for the eligible taxpayer for that tax year. The resulting credit amount is then applied toward the UBG’s tax liability for that tax year.

An eligible taxpayer must expend at least \$30,000,000 on capital expenditures before January 1, 2011. An eligible

taxpayer is any of the following:

- A person who owns and operates a motorsports entertainment complex and has at least two days of sanctioned motorsports events each calendar year which are comparable to NASCAR Nextel Cup events held in 2007 or their successor events.
- A person who is the lessee and operator of a motorsports entertainment complex or the lessee of the land on which a motorsports entertainment complex is located and operates that motorsports entertainment complex.
- A person who operates and maintains a motorsports entertainment complex under an operation and management agreement.

Motorsports entertainment complex and Motorsports event are defined terms in the statute.

Line 2: Enter eligible capital expenditures on infield renovation, grandstand, and infrastructure upgrades, and any other construction and upgrades. If eligible capital expenditures were made by a member of a UBG, enter the lesser of the eligible capital expenditures or the eligible member's pro forma liability.

UBGs: If the eligible taxpayer is a member of a UBG, a pro forma calculation must be performed to determine the tax liability of the eligible taxpayer prior to this credit. Where a pro forma calculation is required, the underlying objective is to determine what the tax liability of the UBG member generating the credit would have been if that member was not included in the UBG. Therefore, the UBG member generating the credit must calculate its pro forma tax liability as if it was a singular, stand alone taxpayer in all aspects. This supporting calculation should be provided in a statement attached to this form. However, this calculation should never be transferred to a Form 4567 or displayed as such.

Line 3: Enter the lesser of line 1, line 2 or \$1,580,000.

Stadium Credit

For the 2012 tax year, an eligible taxpayer may claim a credit against the tax imposed by the MBT Act equal to 25 percent of the taxpayer's total tax liability not to exceed \$650,000.

An eligible taxpayer who is collectively or individually (including through affiliated companies) an owner, operator, manager, licensee, lessee, or tenant of more than one facility or stadium in Michigan (including grounds and ancillary facilities) that has a capacity of at least 14,000 patrons per facility and is primarily used for professional sporting events or other entertainment may earn a credit in one of two ways:

- The owner, operator, manager, licensee, lessee, or tenant as described above may make a capital investment of not less than \$125,000,000, collectively or individually (including through affiliated companies), into the construction cost of a facility or stadium for which the taxpayer qualifies for this credit and must not have received proceeds from a State appropriation or a public bond issue from a local unit of government or public authority to assist in the construction or debt retirement of the facility, excluding a tax abatement, other waiver of a State or local tax or fee, or a State or local tax or fee from a public entity for road or infrastructure assistance, or

- The owner, operator, manager, licensee, lessee, or tenant as described above may make a capital investment of not less than \$250,000,000, collectively or individually (including through affiliated companies), into the construction cost of a facility or stadium for which the taxpayer qualifies for this credit.

Line 4: Enter the amount from Form 4568, line 12. If the eligible taxpayer is a member of a UBG, enter instead the member's pro forma tax liability. (See information for UBGs below.)

UBGs: See guidance on pro forma calculations in the UBG note under line 2.

Start-Up Business Credit

The Start-Up Business Credit provides a credit for small, relatively new taxpayers with substantial research and development activity. For a qualified taxpayer, the credit is equal to the taxpayer's MBT liability for the year. To qualify, a taxpayer must apply to and obtain annual certification from the Michigan Economic Development Corporation (MEDC), and attach that certificate to its MBT return. For an application form or additional information, call the MEDC at (517) 373-9808.

For the tax year for which a Start-Up Business Credit is claimed, compensation, director fees, or distributive shares paid by the taxpayer to any one of the following cannot exceed \$135,000:

- A shareholder of a C Corporation or S Corporation. *Shareholder* means a person who owns outstanding stock in a business or is a member of a business entity (for example, an LLC) that files as a corporation for federal income tax purposes. All members of a shareholder's family, as defined by Internal Revenue Code (IRC) § 318(a)(1), that receive compensation from the business are considered shareholders.
- An officer of a C Corporation.
- A partner of a Partnership or Limited Liability Partnership.
- A member of a Limited Liability Company (LLC).
- An Individual who is an owner.

Corporations (and LLCs federally taxed as such) must report compensation and director fees of shareholders and (if a C Corporation) officers on the *MBT Schedule of Shareholders and Officers* (Form 4577) and include it as part of the return. Partnerships (and LLCs federally taxed as such) must report distributive shares to partners on the *MBT Schedule of Partners* (Form 4578) and include it as part of the return.

A taxpayer that meets the criteria and that is a qualified start-up business that does not have business income for two consecutive tax years may claim a credit against the tax imposed for the second of those two consecutive tax years and each immediately following consecutive tax year in which the taxpayer does not have business income. For the purposes of this credit, business income excludes funds received from small business innovation research grants and small business technology transfer programs established under the Small Business Innovation Development Act of 1982, Public Law 97-219, reauthorized under the Small Business Research and Development Enhancement Act, Public Law 102-564, and subsequently reauthorized under the Small Business Reauthorization Act of 2000, Public Law 106-554.

A Start-Up Business Credit cannot be claimed for more than a total of five tax years including the number of years the taxpayer was eligible to claim the credit under SBT.

UBGs: If the eligible taxpayer is a member of a UBG, this credit is based on the eligible member's business activity only. This credit amount is limited to the pro forma tax liability calculated for the eligible taxpayer for that tax year. The resulting credit amount is then applied towards the UBG's tax liability for that tax year.

Line 7: Enter the tax liability from Form 4568, line 12, or the eligible member's pro forma liability if part of a UBG. Attach supporting MEDC Certification Letter.

UBGs: See guidance on pro forma calculations in the UBG note under line 2.

Line 8: Enter any recapture of Start-Up Business Credit.

NOTE: A company claiming the Start-Up Business Credit under either MBT or SBT must pay back a portion of the credit if they have no business activity in Michigan and have business activity outside of Michigan within three years after the last tax year in which the credit was taken. The following amounts must be added to the tax liability:

- 100 percent of the total of all credits claimed if the move is within the first tax year after the last tax year for which a credit is claimed.
- 67 percent of the total of all credits claimed if the move is within the second tax year after the last tax year for which a credit is claimed.
- 33 percent of the total of all credits claimed if the move is within the third tax year after the last tax year for which a credit is claimed.

PART 2

Next Energy Business Activity Credit

The Next Energy Business Activity Credit allows an eligible taxpayer to claim a credit for certain qualified business activity if certified under the Michigan Next Energy Authority Act.

Qualified business activity is research, development, or manufacturing of an alternative energy marine propulsion system, an alternative energy system, an alternative energy vehicle, alternative energy technology, or renewable fuel (as defined in the Michigan Next Energy Authority Act).

Line 11: Attach the certificate issued by MEDC for this credit to the return to substantiate a claim. (If the certificate is not attached, the credit will be disallowed.)

UBGs: If the eligible taxpayer is a member of a UBG, the eligible member's calculated pro forma liability (not the group's liability) must be used to determine the credit amount certified by the MEDC. This supporting pro forma calculation should be provided in a statement attached to this form. However, this calculation should never be transferred to a Form 4567 or displayed as such. See guidance on pro forma calculations in the UBG note under line 2.

For more information, call the MEDC at (517) 373-9808 or visit the MEDC Web site at <http://www.michiganadvantage.org/>.

Renaissance Zone Credit

The Renaissance Zone Credit encourages businesses and individuals to move into a designated Zone to help revitalize the area by providing a credit for businesses located and conducting business activity within the Zone.

Line 14: Complete and include the *MBT Renaissance Zone Credit Schedule* (Form 4595) to claim this credit.

If located in more than one zone, complete and include a separate Form 4595 for each zone. Add line 25b from each Form 4595 and enter the sum on line 14 of Form 4573.

NOTE: Beginning January 1, 2012, certain renaissance zone credits are available as a certificated credit. A certificated renaissance zone credit must be claimed beginning with the taxpayer's first tax year ending after December 31, 2011, in order for the taxpayer to remain taxable under the MBT and claim the credit.

For more information see Form 4595.

For more information on Renaissance Zones, contact the MEDC at (517) 373-9808 or visit their Web site at <http://www.michiganadvantage.org/>. For information on the MBT credit, contact the Michigan Department of Treasury, Customer Contact Division, MBT Unit, at (517) 636-6925.

Historic Preservation Credit

The Historic Preservation Credit provides tax incentives for homeowners, commercial property owners, and businesses to rehabilitate historic resources located in Michigan. Rehabilitation projects must be certified by the State Historic Preservation Office (SHPO).

NOTE: Beginning January 1, 2012, the historic preservation credit is available to the extent that a taxpayer had a Part 2 approval, approved rehabilitation plan, approved high community impact rehabilitation plan or preapproval letter before by December 31, 2011, but has not fully claimed the credit before January 1, 2012. The credit may be claimed as either a refundable accelerated credit (on Form 4889) or a non-refundable credit. Non-refundable credits and non-refundable carryforwards of the credit are claimed here. A taxpayer may elect to claim a certificated historic preservation credit in the year in which a credit is available and will taxable under the MBT until the qualifying credit and any carryforward of the credit are extinguished. The credit must first be claimed in the year that the certificate of completed rehabilitation of the historic resource was issued.

Line 16: Complete the *MBT Election of Refund or Carryforward of Credits* (Form 4584) to claim this credit and elect a carryforward of any excess credit.

NOTE: Neither an assigned credit nor a credit carried forward from a prior year is eligible to be refunded.

Line 17a: Recapture from Form 4584, Line 2. If the resource is sold or the certification of completed rehabilitation or preapproval letter is revoked less than five years after the historic resource is placed in service, a percentage of the credit may be subject to recapture.

100 percent	If less than 1 year
80 percent	If at least 1 year, but less than 2 years
60 percent	If at least 2 years, but less than 3 years
40 percent	If at least 3 years, but less than 4 years
20 percent	If at least 4 years, but less than 5 years

Questions regarding federal and State certification may be directed to SHPO at (517) 373-1630. For additional information, visit the SHPO Web site at www.michigan.gov/shpo. Information about Federal Historic Preservation Tax Incentives is available at www.nps.gov/hps/tps/tax/index.htm.

Low-Grade Hematite Credit

The Low-Grade Hematite Credit provides a credit equal to one dollar per long ton of qualified low-grade hematite pellets consumed in an industrial or manufacturing process, a process in which low-grade hematite is used as a raw material in the production of pig iron or steel, that is the business activity of the taxpayer. If the credit exceeds the tax liability, the excess may be carried forward for five years.

Qualified low-grade hematite must be produced from low-grade hematitic iron ore mined in the United States.

This credit is available for a qualified taxpayer or collective group of taxpayers that have been awarded a federal procurement contract from the U.S. Department of Defense, Department of Energy, or Department of Homeland Security resulting in a minimum of 25 new full-time jobs.

NOTE: Beginning January 1, 2012, this credit is available as a certificated credit to the extent that the taxpayer has entered into an agreement with MEGA by December 31, 2011, but the credit has not been fully claimed or paid prior to January 1, 2012. This credit must be claimed beginning with the taxpayer's first tax year ending after December 31, 2011, in order for the taxpayer to remain taxable under the MBT and claim the credit.

Line 41: Complete Form 4584 to claim this credit and elect a refund or carryforward of any excess credit.

Individual or Family Development Account Credit

A taxpayer or qualified financial institution may claim a credit for 75 percent of certified contributions made to a reserve fund of a fiduciary organization in accordance with the Individual or Family Development Account Program Act, MCL 206.701 to 206.711. A *fiduciary organization* is a 501(c)(3) exempt, charitable organization approved by the Michigan State Housing Development Authority (MSHDA) to manage a reserve fund. A *reserve fund* is a fund established and managed by a fiduciary organization housed at a financial institution.

This credit is nonrefundable but may be carried forward up to ten years. The credits, combined with the equivalent credits found in the Individual Income Tax Act in MCL 206.276, may not exceed \$1 million annually for all taxpayers. The determination of whether the annual limit is reached will be made by MSHDA, which must certify contributions eligible for a credit, in accordance with the Individual or Family Development Account Program Act.

Attach the certificate issued by MSHDA for this credit to the return to substantiate a claim. (If the certificate is not attached, the credit will be disallowed.)

NOTE: For purposes of this credit, *qualified financial institution* is defined by reference to the definition of *financial institution* in the Individual or Family Development Account Program Act, rather than the MBT Act. *Financial institution* for this credit is defined as "a state chartered bank, state chartered savings bank, savings and loan association, credit union, or trust company; or a national banking association or federal savings and loan association or credit union."

Line 45: UBGs: Enter the unused credit amount from Form 4580, Part 2B, line 52, column C.

For tax years beginning after December 31, 2008, and ending before January 1, 2011, a taxpayer may claim a credit equal to 0.42 percent of the amount of the IRC § 168(k) deduction claimed on the taxpayer's federal return for the 2008 tax year apportioned to Michigan. If the credit exceeds the taxpayer's MBT liability, the excess may be carried forward for ten years or until used up, whichever comes first. This credit applies to all standard taxpayers other than regulated utilities.

Because no new Bonus Depreciation credit can be created on the 2011 forms, only the carryforward line remains for this item.

UBGs: If the eligible taxpayer is a member of a UBG, qualification for this credit is determined by that member's activities, and it is the tax year of each individual member that controls when that member may take a credit. Members with tax years ending before 2011 may claim this credit even if included in a UBG filing where the Designated Member has a fiscal year ending in 2011.

Line 50: UBGs: Enter the unused credit amount from Form 4580, Part 2B, line 53, column C.

UBGs: If the eligible taxpayer is a member of a UBG, a pro forma tax calculation must be attached showing the individual member's tax liability. NOTE: Beginning January 1, 2012, the Brownfield

redevelopment credit may be claimed as a certificated credit if a taxpayer has a preapproval letter by December 31, 2011, but has not fully claimed the credit by January 1, 2012. The credit may be claimed as either a refundable accelerated credit (on Form 4889) or a non-refundable credit. Non-refundable credits and non-refundable carryforwards of the credit are claimed here. The credit must first be claimed in the year in which the certificate of completion is issued.

A taxpayer claiming a nonrefundable certificated brownfield credit may make the election in the year in which a credit is available and will remain taxable under the MBT until the qualifying credit and any carryforward of the credit are extinguished.

Line 56: Complete Form 4584 to claim this credit and elect a carryforward of any excess credit.

NOTE: Neither an assigned credit nor a credit carried forward from a prior year is eligible to be refunded.

The administration of the Brownfield Redevelopment Credit program is assigned to MEGA. For more information on the approval process, contact the MEDC at (517) 373-9808.

Private Equity Fund Credit

An eligible taxpayer may claim a Private Equity Fund Credit equal to the eligible taxpayer's tax liability attributable to the activities as an eligible taxpayer for the tax year after claiming any other credits allowed under the MBT Act multiplied by a fraction, the numerator of which is the total activity of the private equity fund manager conducted in Michigan during the tax year and the denominator of which is the total activity of the private equity fund manager conducted everywhere during the tax year.

Eligible taxpayer means a taxpayer that is a private equity fund which serves as a conduit for the investment of private securities not listed on a public exchange by accredited investors or qualified purchasers at any time during which the investment is acquired or subsequently used to claim the credit under this section.

Accredited investor means that term as defined under Section 2 of the Securities Act of 1933, 15 USC 77b.

Qualified purchaser means that term as defined under Section 2 of the Investment Company Act of 1940, 15 United States Code (USC) 80a-2.

Line 58: *Private equity fund manager* means the person or persons responsible for the management of the investments of the eligible taxpayer.

For purposes of this credit, the location of the activity of the private equity fund manager is based on the location of the office from which the fund manager conducts management activity for the eligible taxpayer.

UBGs: If the eligible taxpayer is a member of a UBG, enter only the activity of the eligible fund manager conducted in Michigan.

Line 59: If the eligible taxpayer is a member of a UBG, enter only the activity of the eligible fund manager conducted everywhere.

Line 61: If the taxpayer engages in both private equity fund activities as well as other activities, the amount on line 70 cannot be used. Instead, the taxpayer must do a pro forma calculation of the tax before this credit based solely on the private equity fund activities.

UBGs: To the extent that a private equity fund is part of a UBG, the Private Equity Fund Credit is equal to the tax liability of the eligible member prior to this credit, multiplied by a fraction which is the Michigan activities of the manager over the activities of the manager everywhere. A pro forma calculation must be performed to determine the tax liability of the eligible UBG member prior to this credit. See guidance on pro forma calculations in the UBG note under line 2.

Film Job Training Credit

An eligible production company may claim a credit of up to 50 percent of qualified job training expenditures in film and digital media for qualified personnel, provided the taxpayer enters into an agreement with the Michigan Film Office, concurred in by the State Treasurer. If the credit exceeds the taxpayer's tax liability for the tax year, the excess may be carried forward to offset tax liability in subsequent years for a maximum of ten years.

Line 63: Upon verification that the taxpayer has complied with the agreement terms and the qualified job training expenditures and eligibility are met, the Film Office will issue a *Qualified Job Training Expenditure Certificate* verifying the amount of the credit to be claimed. The certificate must be attached to the return to receive the credit.

NOTE: To qualify for the credit, a taxpayer must not be delinquent in a tax or other obligation owed to Michigan nor be owned or under common control of an entity that is delinquent. A credit cannot be claimed for any direct expenditure for which a Film Production Credit was claimed for either an MBT or withholding tax liability.

Line 64: UBGs: Enter the unused credit amount from Form 4580, Part 2B, line 55, column C.

Line 68: If line 65 is greater than line 62, enter the difference. This is a credit carryforward to be used on the taxpayer's next MBT return.

Film Infrastructure Credit

An eligible taxpayer may claim a credit for investment in a qualified film and digital media infrastructure project of up to 25 percent of the base investment expenditures for the project, provided the taxpayer enters into an agreement with the Michigan Film Office, concurred in by the State Treasurer. The credit is reduced by the amount of any Brownfield Redevelopment Credit claimed under Section 437 of the MBT Act for the same base investment. If the credit exceeds the taxpayer's tax liability for the tax year, the excess may be carried forward to offset tax liability in subsequent years for a maximum of ten years.

Upon verification that the taxpayer has complied with the

agreement terms and investment expenditures and eligibility are met, the Film Office will issue an *Investment Expenditure Certificate* stating the amount of the credit. The certificate must be attached to the return.

The credit may be assigned in the tax year in which the *Investment Expenditure Certificate* is received but any such assignment is irrevocable. The *MBT Film Credit Assignment* (Form 4589) must be attached to the return on which the credit is claimed.

An assigned credit amount must be claimed against the assignee's MBT liability during the assignee's tax year in which the credit was assigned.

NOTE: Beginning January 1, 2012, this credit is available as a certificated credit to the extent that the taxpayer has entered into an agreement with the Michigan Film Office with the concurrence of the State Treasurer by December 31, 2011, but the credit has not been fully claimed or paid prior to January 1, 2012. This credit must be claimed beginning with the taxpayer's first tax year ending after December 31, 2011, in order for the taxpayer to remain taxable under the MBT and claim the credit.

NOTE: To qualify for the credit, a taxpayer must not be delinquent in a tax or other obligation owed to Michigan nor be owned or under common control of an entity that is delinquent. A credit cannot be claimed for any direct expenditure for which a Film Production Credit was claimed against either an MBT or withholding tax liability.

If the taxpayer originally awarded this credit sells or otherwise disposes of any tangible assets, the cost of which were included in the base investment, that taxpayer must recapture part of the credit in the year of disposition. Credit recapture is reported on Form 4587.

Line 70: UBGs: Enter the unused credit amount from Form 4580, Part 2B, line 56, column C.
