### **About This Form**

This form must be completed before the statute of limitations expires for the tax period(s) being extended. To extend the statute of limitations, the taxpayer and an authorized Department of Revenue representative need to completely fill out and sign this form.

### **Extending the Statute of Limitations**

Under Montana law, a taxpayer may consent to extending the regular statute of limitations for the Department of Revenue to assess additional tax. If any additional tax is assessed, interest and penalty will accrue under Montana law (15-1-216, MCA).

This agreement also extends the timeframe that a refund claim may be filed for the tax period(s) extended. The extended timeframe is the same for refund claims and for assessments of additional tax.

### **Other Waivers or Extensions**

This form is intended to be used only when the taxpayer and the Internal Revenue Service have not executed a federal waiver or extension for the tax period(s) being extended, and also when a federal waiver or extension has expired. This form does not affect an extension of the statute of limitations provided for in Montana law under Sections 15-31-509(1)(a), (1)(b), (3), (4) or 15-31-544, MCA.

Extensions of the statute of limitations that the Multistate Tax Commission executes on behalf of the Montana Department of Revenue are considered valid extensions.
