If a corporation does not have a California return filing requirement, the entity should not be listed in this Part I, Section A. The entity should be listed in Part II, Other Affiliated Corporations. The first corporation listed should be the "key corporation." The "key corporation" information entered in Schedule R-7, Part I, Section A, must match the information of the corporation entered on Form 100 or Form 100W, Side 1.

Total the number of members (including parent/key corporation) listed above, and enter the result on Form 100 or 100W, Side 1, Schedule Q, Question B4.

Code Regs., tit. 18 section 25106.5-11). If the information in Part I, Section A, is not filled out completely, the electing member(s) Schedule R-7 election may be disallowed. If an electing member(s) Schedule R-7 election is disallowed, they must file a separate California return.

Schedule R-7 - Terms and Conditions

This election is an integral part of the return of all taxpayers participating in the election, and must be filed annually with Schedule R. Signing the California tax return is an acknowledgement that the key corporation and its electing affiliates agree to comply with the following terms and conditions:

Each of the taxpayers listed in Schedule R-7, Part I, Section A, hereby elect to file a single unitary taxpayers' group return. The unitary taxpayers' group return constitutes the return for each member of the electing group and satisfies the requirement of each electing member to file its own return.

Each corporation that elects to participate in a group return agrees to be bound by the terms and conditions specified in this schedule and instructions under General Information P, Group Return Election. The filing of its group return indicates acceptance of all terms and conditions. To be eligible, each corporation must meet all of the following:

- Be a taxpayer required to file a return in California.
- Be a member of a combined report for its entire taxable year.
- Have the same taxable year as the key corporation or have a taxable year that is wholly included within the taxable year of the key corporation.
- Have the same statutory filing date as the key corporation for the taxable year.

The **key corporation** must file the unitary taxpayers' group return. With the initial return and thereafter, any payment of taxes for the taxable year shall be made using the key corporation's

California corporate number as designated in Part I, Section A.

The key corporation must be taxable in California and, where applicable, be the parent corporation. If the parent corporation is not a California taxpayer, the key corporation should be the taxpayer with the largest property factor numerator in California. For the election to be valid, the key corporation's powers, rights, and privileges must not be suspended or forfeited. The key corporation agrees to act as surety and agent (including filing a single power of attorney for the group, when applicable) for each member of the group. In addition, all electing members agree that subsequent adjustments to the liability of the members of the group may be assessed, billed, or paid to the key corporation on behalf of its members, either in the name of the key corporation or the name of the members. Adjustments to the liability of the members of the group will ordinarily be reflected in a single notice. However, supplemental schedules reflecting the adjusted liability of each member will be provided upon request.

A California waiver of a statute of limitation (SOL) by the key corporation will waive the SOL for all electing member corporations. If the key corporation does not fulfill its obligation to pay tax or act on behalf of its members, each member may

be independently assessed or billed for its own tax liability. If that becomes necessary, each member will generally be credited with taxes previously paid in accordance with the member's self-assessed tax liability (see FTB Legal Ruling 95-2).

It is the responsibility of the members of the group to assure that amounts paid by one member on behalf of another are properly accounted for between the members. For electing members subject to the franchise tax, the liability for each electing corporation cannot be less than the minimum tax. See General Information P.

The election is binding on all members for all matters for the taxable year of the election. If some or all of the corporations included in the election of file a unitary taxpayers' group return are later determined not to be members of the unitary group of the key corporation, the key corporation and electing members agree that any subsequent adjustment for any and all members included in the original group return may still be assessed, billed, or paid by the key corporation.

The election remains in effect for the payment of estimated tax and tax paid with an extension of time to file for the following year by the key corporation on behalf of the group, unless a written notice of termination of the election is provided to the FTB on or before the time of payment.

^{**}Use Part I, Section B, to list each taxpayer that is no longer included in the single group tax return from prior year Part I, Section A. Include each taxpayer's legal name, California corporation number or federal employer identification number (FEIN), and effective date in the space provided. The effective date is the date that the entity is removed from the single group tax return.
