## Who is Eligible?

You may be able to receive a credit if you paid certain types of education-related expenses in 2013 for qualifying children in grades kindergarten through 12 (K–12). Read the eligibility requirements in the Form M1 instructions to determine if you qualify.

Expenses that cannot be used for the credit may be used for the K-12 Education Subtraction (line 18 of Schedule M1M).

### **Penalty for Fraudulently Claiming a Credit**

If you file a return that fraudulently claims a credit, you will be assessed a penalty equal to 50 percent of the fraudulently claimed credit.

#### **You Must Have Proof**

Save records (such as itemized cash register receipts and canceled checks) of all your education expenses. You may be asked to show such records if there is any question concerning your education credit.

### **Line Instructions**

Round amounts to the nearest whole dollar.

#### Line 1

Enter your federal adjusted gross income from your 2013 federal return. If the amount is a net loss (a negative amount), enter the negative number. Put parentheses around a negative number.

If you did not file a 2013 federal return, obtain a federal return and instructions to determine what your federal adjusted gross income would have been. Review the instructions for Schedule M1NC to determine if you have nonconformity income.
