WORKSHEET FOR LINE 1, MO-1040P

Missouri law requires a combined return for married couples filing together. A combined return means taxpayers are required to split their total federal adjusted gross income (including other state income) between spouses when beginning the Missouri return.

Splitting the income can be as easy as adding up your separate Forms W-2 and 1099. Or it may require allocating to each spouse the percentage of ownership in jointly held property, such as businesses, farm operations, dividends, interest, rent, and capital gains or losses. State refunds should be split based on each spouse's 2012 Missouri tax withheld, less each spouse's 2012 tax liability. The result should be each spouse's portion of

the 2012 refund. Taxable social security benefits must be allocated by each spouse's share of the benefits received for the year.

The worksheet below lists income that is included on your federal return, along with federal line references. Find the lines that apply to your federal return, split the income between you and your spouse, and enter the amounts on the worksheet. When you have completed the worksheet, transfer the amounts from Line 18 to Form MO-1040P, Lines 1Y and 1S.

Note: Remember, the incomes listed separately on Line 18 of this worksheet must equal your total federal adjusted gross income when added together.
