**Schedule IN-153**

## SCHEDULE IN-153 Capital Gains Exclusion

Vermont allows a portion of net adjusted capital gains, as defined by Internal Revenue Code Section 1(h), to be excluded from Vermont taxable income. Qualified Dividends are not eligible for capital gains treatment for Vermont tax purposes. Taxpayers may elect **either** the **Flat Exclusion** or the **Percentage Exclusion**. The amount excluded under either method cannot exceed 40% of federal taxable income.

**If your 2013 Form 1040 shows a capital loss, you are not eligible to complete this form. No Vermont exclusion is available when a net capital loss is reported, even if the sale of farm or standing timber resulted in a capital gain.**

### Part I Flat Exclusion

The general exclusion amount for tax year 2013 is \$5,000 or the actual amount of net adjusted capital gains, whichever is less.

#### Special instructions for Line 1.

- If you did not file Schedule D (Form 1040), enter the amount from Form 1040, Line 13 on Line 1.

### Part II Percentage Exclusion

Taxpayers may opt to exclude 40% percent of their adjusted net capital gain from the sale of assets held for more than three years. Only certain categories of capital gain income are eligible for this exclusion.

Capital Gains from the sale of the following assets are **NOT Eligible For Exclusion** under the Percentage Method even if they have been held for more than three (3) years:

1. Real estate or a portion of real estate used as a taxpayer's primary or nonprimary home.
2. Depreciable personal property (*except for farm or standing timber*).
3. Stocks or bonds which are publicly traded or traded on an exchange.
4. Any other financial instruments which are publicly traded or traded on an exchange.

### Part III Capital Gain Exclusion Amount

This part applies the limitation of 40% of federal taxable income and calculates your capital gain exclusion. Enter the amount from Line 21 on Form IN-111, Line 14b.
