Changes To Note

Kauai County Resolution No. 2013-47 (Draft 3) increases the County of Kauai liquid fuel tax by an additional 2 cents per gallon effective July 1, 2014.

GENERAL INSTRUCTIONS:

Note: If you are claiming the Ethanol Facility Tax Credit, no other credit can be claimed for the same taxable year.

Note: Effective January 1, 2012, civil unions are recognized in Hawaii. Hawaii's laws that apply to a husband and wife, spouses, or person in a legal marital relationship shall be deemed to apply to partners in a civil union with the same force and effect as if they were "husband and wife", "spouses", or other terms that describe persons in a legal marital relationship.

Note: Act 1, Second Special Session Laws of Hawaii 2013, which became effective on December 2, 2013, recognizes marriages between individuals of the same-sex, and extends to such same-sex couples the same rights, benefits, protections, and responsibilities of marriage that opposite-sex couples receive. As it relates to taxation, all same-sex couples that are legally married in Hawaii or any other jurisdiction where such marriages are valid are married for all tax purposes, including Hawaii income tax purposes.

A principal operator of a commercial fishing vessel who files an income tax return for the taxable year, as indicated on Form N-163, may be eligible for the fuel tax credit for commercial fishers. See sections 235-110.6, Hawaii Revised Statutes (HRS), and 18-235-110.6, Hawaii Administrative Rules.

The credit is available only to a principal operator who purchases and actually uses the fuel to operate a fishing vessel for commercial purposes. Fuel used in the operation of charter fishing boats and the like where the income is derived from fees and sources other than from commercial fishing and fuel used in the operation of a fishing vessel where the activity is not engaged in for profit as provided in Internal Revenue Code section 183 do not qualify for the credit.

The amount of the credit is limited to the fuel taxes imposed under section 243-4(a), HRS, and paid by the principal operator for use in the operation of the fishing vessel during the indicated taxable year.

A taxpayer and spouse filing separate returns, where a joint return could have been filed, shall claim only the credit to which the taxpayer and spouse would have been entitled had a joint return been filed.

If the properly claimed and allowed credit exceeds the amount of the income tax due and payable from the principal operator, the

excess will be refunded to the principal operator under section 235-110.6, HRS.

Claims for the credit, including any amended claims thereof, must be filed on or before the end of the twelfth month following the close of the indicated taxable year.

Attach Form N-163 to applicable Form N-11, N-15, N-20, N-30, N-35, N-40, or N-70NP.

Note: Commercial fishers that use alternative fuels may obtain a refund of the fuel taxes paid by filing Form M-36, Combined Claim for Refund of Fuel Taxes.

SPECIFIC INSTRUCTIONS:
