- 2** Add Lines **a** through **g**. This is your donations total. Enter this amount on Line 34 of your 2014 Form IL-1040.

➔ **2** _____ .00

General Information

What is the purpose of Schedule G?

Schedule G, Voluntary Charitable Donations, allows you to figure the amount of donations that you wish to make to one or more of the eligible funds. You may contribute any whole-dollar amount of \$1 or more.

Once you designate the funds to which you wish to contribute and the amount of your contribution, you may not file an amended return to make changes to the designated funds or the contribution amounts.

What are the qualified contribution funds?

- a Wildlife Preservation Fund** - Help ensure the survival of native plants and animals with your contribution. Conservation of wildlife and their habitats is an ever-growing challenge. Your donation will pay for "on-the-ground" projects to restore habitat, conduct needed research on rare and endangered species, rehabilitate injured wildlife, and educate Illinoisans about the value of our native wildlife. Please visit the Illinois Department of Natural Resources (IDNR) Facebook page or the IDNR website at www.dnr.state.il.us/orc/wpf for more information.
- b Child Abuse Prevention Fund** - Help ensure safe, loving homes and brighter futures for children in your community. Across Illinois, one in five children is abused or neglected before age 18, but local programs supported by contributions from people just like you are proven to stop abuse and neglect. Join your neighbors by giving to the Child Abuse Prevention Fund today.
- c Alzheimer's Disease Research Fund** - An estimated 210,000 Illinois residents suffer from Alzheimer's disease. Grants from this fund will help support important research to find a cure and treatment for this progressive and fatal brain disorder, which is the fifth leading cause of death in Illinois for people 65 and older.
- d Assistance to the Homeless Fund** - Your contribution supports local agencies that provide shelter, meals, and services needed by homeless families and individuals. The assistance given by the local not-for-profit organizations enables homeless people to regain residence in the community and maintain their independence.
- e Penny Severns Breast, Cervical, and Ovarian Cancer Research Fund** - Breast, cervical, and ovarian cancers account for more than one-third of all cancers diagnosed in women in Illinois. Your contribution will help support research to find ways to prevent these cancers, as well as to improve early detection and treatment.
- f Military Family Relief Fund** - Thousands of members of the National Guard and Reserves have been called to active duty since the September 11, 2001, terrorist attacks. Your contribution will help members and their families defray expenses that become difficult to afford when a wage-earner leaves civilian employment for active military duty. This fund also provides grants for Active Duty, National Guard, and Reservists injured while performing such duty.
- g Diabetes Research Fund** - More than 1 million Illinois residents have diabetes and that number is expected to increase 25 percent by 2020. Diabetes can cause serious health complications, including heart disease, blindness, and kidney failure, and is the eighth leading cause of death. Contributions will be used to support research on the detection, prevention, screening, management, and treatment of diabetes. One-half the funds will be dedicated to juvenile diabetes research efforts.
