**Schedule K-1-T(2) Beneficiary's Instructions**

### General Information

#### What is the purpose of Schedule K-1-T?

The trust or estate listed on the front of Schedule K-1-T has completed and provided you with the schedule to reflect your share of the trust's or estate's income and modifications. Use the completed schedule and these instructions to help you report the items shown on Schedule K-1-T on your Illinois Income Tax return. **Attach a copy of Schedule K-1-T to the tax return. You should also keep a copy in your tax records.**

#### What must I attach?

You **must** attach a copy of **any Schedule K-1-T** you receive from a trust or estate to your tax return. You should also keep a copy for your records.

**Note** → If you receive a Schedule K-1-T that has "the following information is included in the Schedule K-1-T from \_\_\_\_\_" (the name of the trust or estate) written at the top, it is a pro forma Schedule K-1-T. The pro forma Schedule K-1-T has been included to aid you in the completion of your return and should **not** be submitted with your tax return.

#### What if I am a Grantor Trust or Disregarded Entity?

If you are a grantor trust or other disregarded entity for federal and Illinois income tax purposes, check the applicable box on Line 8b, enter the name and identification number of the taxpayer that will report the income or loss from your Schedule K-1-T on their tax return, and provide them with a copy of the Schedule K-1-T and a copy of this Schedule K-1-T(2).

#### What if I received Schedule K-1-T from a Grantor Trust or Disregarded Entity?

If the grantor trust or disregarded entity checkbox on Line 8b is checked and your name and identification number are listed, report the items from the Schedule K-1-T as if it were provided to you by the taxpayer in Step 1.

#### What if I believe the trust or estate has made an error on my Schedule K-1-T?

If you believe the trust or estate has made an error on your Schedule K-1-T, notify the trust or estate and ask for a corrected Schedule K-1-T. Do not change any items on your copy.

#### What does Column A represent?

Column A represents your specific share of the trust's or the estate's income and modifications. The trust or estate is required to complete this column if any part of the trust's or estate's income was paid, credited, or distributed, or deemed to have been paid, credited, or distributed by the trust or estate to you. If you were a resident of Illinois on the last day of the trust's or estate's taxable year, all amounts in Column A must be included as income, modifications, and credits allocated to Illinois. If you were a resident of Illinois on the last day of the trust's or estate's tax year, **and** you are claiming a credit for taxes paid to another state, see "What does Column B Represent" below.

#### What does Column B represent?

### Step-by-Step Instructions

for Step 7, Line 50

**Line 50 — For taxpayers with tax years ending on or after January 1, 2014.** This is your share of federal income attributable to transactions subject to the Compassionate Use of Medical Cannabis Pilot Program Act surcharge. Use this information when calculating the surcharge on your return.

See the instructions below and the instructions for the return you are filing for more information.

**Note** → **Form IL-1040 filers only** - Line 50 is only for use with tax years ending on or after December 31, 2014.

#### Definitions related to the Compassionate Use of Medical Cannabis Pilot Program Surcharge —

**Organization registrant** means a corporation, partnership, trust, limited liability company (LLC), or other organization that holds either a medical cannabis cultivation center registration issued by the Illinois Department of Agriculture or a medical cannabis dispensary registration issued by the Illinois Department of Financial and Professional Regulation.

**Transactions subject to the surcharge** means sales and exchanges of

- capital assets;
- depreciable business property;
- real property used in the trade or business; and
- Section 197 intangibles

of an organization registrant.

#### What is the surcharge?

For each taxable year beginning or ending during the Compassionate Use of Medical Cannabis Pilot Program, a surcharge is imposed on all taxpayers on income arising from the transactions subject to the surcharge of an organization registrant under the Compassionate Use of Medical Cannabis Pilot Program Act.

The amount of the surcharge is equal to the amount of federal income tax liability for the taxable year attributable to the transactions subject to the surcharge.

#### To whom does the surcharge apply?

The surcharge is imposed on any taxpayer who incurs a federal income tax liability on the income realized on a “transaction subject to the surcharge.” including individuals and other taxpayers who are not themselves the “organization registrant” that engaged in the transaction.

A beneficiary who incurs a federal income tax liability on income from a transaction subject to surcharge distributed by a trust or estate will incur a surcharge.

**Note** → Although a unitary business group filing combined Illinois returns is treated as a single taxpayer and its members are jointly and severally liable for any surcharge imposed on the group, the group itself is not an organization registrant and transactions of any member that is not itself an organization registrant are not subject to the surcharge.

#### How do I use the amount reported on Line 50?

The amount reported on Line 50 identifies your share of any federal income attributable to transactions subject to the surcharge. The trust or estate listed in Step 1 should have also provided you with a breakdown itemizing any amount reported on Line 50.

Use this information when completing the “Compassionate Use of Medical Cannabis Pilot Program Act Surcharge Worksheet” in the instructions for the return you are filing. Line 50 identifies federal income attributable to transactions subject to the surcharge that should not be included when you complete Line 2 of the worksheet.

**Note** → The amount on Line 50 identifies **federal income** attributable to transactions subject to the surcharge, **not** federal income tax liability for the taxable year attributable to the transactions subject to the surcharge. Exclude this income before figuring the federal income tax amount on Line 2 of the worksheet.
