Indiana businesses must report and pay sales and withholding taxes electronically

ALL businesses in Indiana must file and pay their sales and withholding taxes electronically. Businesses currently filing paper coupons will need to transition to filing via the state's INtax program or use a third-party vendor to electronically transmit forms ST-103 and WH-1. This is required by Indiana law.

Captive Insurers Not Subject to AGI Tax

or before the 15th day of the 4th month following the close of the partnership's tax year.

Enclose with Form IT-65 the first four pages of the U.S. Partnership Return of Income, Form 1065 or 1065B. Also enclose Schedule M-3. Federal Schedules K-1 should not be enclosed but must be made available for inspection upon request by the department.

Any partnership doing business in Indiana or deriving gross income from sources within Indiana is required to file a return. For Indiana AGI tax purposes, the term *doing business* generally means the operation of any business enterprise or activity in Indiana, including but not limited to the following:

1. The maintenance of an office, a warehouse, a construction site, or another place of business in Indiana;
2. The maintenance of an inventory of merchandise or material for sale, distribution, or manufacture, or consigned goods;
3. The sale or distribution of merchandise to customers directly from company-owned or -operated vehicles when the title of merchandise is transferred from the seller or distributor to the customer at the time of sale or distribution;
4. The rendering of a service to customers in Indiana;
5. The ownership, rental, or operation of a business or property (real or personal) in Indiana;
6. The acceptance of orders in Indiana with no right of approval or rejection in another state;
7. Interstate transportation; or
8. The maintenance of a public utility.

The term "partnership" includes a syndicate, group, pool, joint venture, limited liability company, limited liability partnership, or other unincorporated organization that is not, within the meaning of Indiana Code (IC) 6-3-1, a corporation, a trust, or an estate. Banks with common trust funds filing U.S. Form 1065 must file partnership Form IT-65 and comply with the provisions of Treas. Reg. 1.6032-1 when reporting for Indiana purposes.

Who Must File and When

Partnerships conducting business within Indiana must file an annual return (Form IT-65) and an information return (Schedule IN K-1) with the department. These forms must disclose each partner's share of distributed and undistributed income. These forms are due on

How to Determine the Tax Rate for Calendar-Year Filers and Fiscal-Year Filers Whose Tax Year Endings Are Not June 30

Pursuant to IC 6-3-2-1(c), the following steps must be used to determine the tax rate if a taxpayer is subject to different tax rates for a taxable period:

1. Multiply the rate in effect before the rate change by the number of months in the taxpayer's taxable year that precede the month the rate changed.
2. Multiply the rate in effect after the rate change by the number of months in the taxpayer's taxable year that follow the month before the rate changed.
3. Add the amounts in Step 1 and Step 2, and then divide the sum by 12.
4. Round the rate determined in Step 3 to the nearest 0.01%.

How to Determine the Tax Rate for Short Periods and 52/53-Week Filers

For taxpayers who file on a short period or 52/53-week period basis, for whom the steps outlined previously are not appropriate, the following steps should be used to determine the tax rate if a taxpayer is subject to different tax rates for a taxable period:

1. Multiply the tax rate in effect on June 30 of the taxable period by the number of days in the taxpayer's taxable period that occurred before July 1 of the taxable year.
2. Multiply the tax rate in effect on July 1 of the taxable period by the number of days in the taxpayer's taxable period that occurred after June 30 of the taxable year.
3. Add the amounts in Step 1 and Step 2, and then divide the sum by the total number of days in the taxpayer's taxable year.
4. Round the rate determined in Step 3 to the nearest 0.01%.

Utility Receipts Tax

A Utility Receipts Tax is imposed at the rate of 1.4 percent of the taxable receipts from the retail sale of utility services. Use Form URT-1 for this tax. Gross receipts are defined as the value received for the retail sale of utility services. The utility services subject to tax include

- Electric energy;
- Natural gas;
- Water;
- Steam;
- Sewage; and
- Telecommunications.

If you have more than \$1,000 in gross receipts from the sale of utility services, you may be required to file Form URT-1 (Utility Receipts Tax Return), in addition to Form IT-65. Refer to Commissioner's Directive #18 at www.in.gov/dor/3617.htm.

Utility Services Use Tax

An excise tax known as the utility services use tax is imposed on the retail consumption of utility services in Indiana where the utility receipts tax is not paid by the utility providing the service. This tax is imposed at the rate of 1.4 percent.

You might be liable for this tax if you purchase utility services from outside Indiana (or anywhere if for resale) and become the end user in Indiana of any part of the purchase. The person who consumes the utility service is liable for the utility services use tax. The tax is based on the price of the purchase. Unless the seller of the utility service is registered with the department to collect the utility services use tax on your behalf, you must remit this tax on Form USU-103. For more information, get Commissioner's Directive #32 online at www.in.gov/dor/3617.htm.

General Filing Instructions *Liability of the Partnership*

Partnerships as entities are not subject to income taxes. However, publicly traded partnerships treated as corporations pursuant to IRC Section 7704 are classified for Indiana tax purposes in the same manner as they are classified for federal tax purposes. A limited liability company classified as a corporation for federal tax purposes should file Form IT-20.

Partnerships are considered to be the taxpayer with respect to the payment of amounts required to be withheld at source. See the section "Withholding Tax Liabilities of Partnerships" for more information.

Partnerships are subject to the use tax. Use tax is due on the storage, use, or consumption of tangible personal property purchased in a transaction in Indiana or elsewhere. The exception is if the transaction is exempt from the sales and use tax by law or the sales tax due and paid on the transaction equals the use tax due. See the instructions for the Sales/Use Tax Worksheet on page 16.

You must enclose an apportionment schedule with your return if the partnership is doing business both within and outside Indiana and has any partners not domiciled in Indiana. See the instructions for Schedule E Apportionment of Income for Indiana on page 18.

Any partnership that has nonresident partners must also file a composite return for all its nonresident partners unless the nonresident partner has filed the IN-COMPA (Indiana Composite Filing Opt-out Affidavit) with the partnership to opt out of the composite filing. Any partnership that fails to file a composite return that includes all its qualifying nonresident partners will be assessed a penalty of \$500.

A partnership is still required to withhold state income tax if the nonresident individual partner has filed the affidavit with the partnership to opt out of the composite filing. The withholding must be remitted into a nonresident partner withholding account. A partnership is also required to withhold state income tax if the nonresident partner is not an individual. The withholding amount must be remitted to a nonresident partner withholding account.

To avoid penalty and interest charges for delinquent filing of returns, a partnership should verify its tax status and withholding responsibilities before commencing business in Indiana.

Withholding Tax Liabilities of Partnerships

The following instances require the partnership to register with the department and become an Indiana withholding agent on behalf of each of the following:

Withholding on Residents

A partnership must withhold for Indiana tax purposes if:

- It is making payments of salaries, wages, tips, fees, bonuses, and commissions;
- These payments are subject to Indiana state and/or county income taxes; and
- The partnership is required by the IRC to withhold federal taxes on these types of payments

The partnership must remit payment of amounts withheld to the department via electronic method by the due date. If a return and/or payment of the proper amount of tax withheld is not made by the due date, penalty and interest will be added. A partner may be personally subject to criminal prosecution if the failure to pay and/or file a withholding return is due to fraud or tax evasion.

Withholding on Nonresidents

Employees – A partnership must withhold Indiana state and/or county income taxes from employees who work in Indiana but are not residents of Indiana. However, withholding on compensation of nonresident team members of certain professional sports organizations is based on duty days performed in Indiana.

For more information, get Income Tax Information Bulletin #88 at www.in.gov/dor/3650.htm.

If an employee resides in a state that has entered into a reciprocal agreement with Indiana, an exception from withholding applies. However, this does not affect county taxation.

For purposes of withholding county income taxes, the term “nonresident” refers to a nonresident of the county where the partnership has locations or is located.

Individual Partners – A partnership must withhold state income tax at the rate of 3.4 percent on the apportioned distributive shares of partnership income (on current-year earnings derived from Indiana sources). It must do this each time it pays or credits any of its nonresident and part-year resident individual partners.

A partnership is required to withhold state income tax if the nonresident individual partner has filed the affidavit with the partnership to opt out of the composite filing. A partnership is also required to withhold state income tax if the nonresident partner is not an individual.

This does not apply to residents of reverse credit states who are subject to and pay income taxes at rates of 3.4 percent or higher to their resident states. The reverse credit states are

- Arizona;
- California [see note];
- Oregon; and
- Washington, D.C.

Note: Indiana state withholding is required whenever a California resident partner is included in an Indiana composite tax return.

Withholding at the appropriate adopting county’s nonresident tax rate is required on each Indiana nonresident partner whose principal place of business or employment on January 1 is located in an Indiana county that has adopted a county income tax. Use Departmental Notice #1 (www.in.gov/dor/3618.htm) to determine county tax withholding rates. To verify a county’s rate, visit the department’s website or call our main tax line at (317) 232-0129.

Corporate Partners – Partnerships must withhold on income distributions to all corporate partners that are not registered with the Indiana Secretary of State. This withholding must be an amount reflecting the ultimate Indiana tax liability due by respective partners because of the partnership’s activities.

A corporation is subject to AGI tax at the current rate. See page 4 for the current tax rate and instructions on how to compute the rate.

A partnership must withhold and remit the Indiana Financial Institution Tax (FIT) if:

- The partnership conducts the business of a financial institution;
- The partnership has nonresident corporate partners; and
- The partners transact the business of a financial institution.

An FIT must be withheld on the respective nonresident corporate partner’s share of partnership income as computed under IC 6-5.5-4. However, if a written declaration that the partner is not subject to the FIT exists, the withholding is not required. In this instance only, corporate AGI tax must be withheld from the nonresident corporate partner’s distributive share of income apportioned to Indiana.

Caution: The withholding provisions on nonresidents do not apply to partners who are any one of the following entities:

- An Indiana-domiciled corporation registered with the Indiana Secretary of State;
- A non-Indiana domiciliary corporation registered with the Indiana Secretary of State;
- A nontaxable trust or estate;
- An S corporation; or
- A wholly exempt nonprofit organization with no unrelated trade or business partnership income.

A partnership must withhold tax from income distributions to an S corporation, a fiduciary, or another partnership passing through Indiana income to:

- A nonresident shareholder;
- A beneficiary; or
- A partner.

A partnership must withhold tax from income distributions to a fiduciary. A trust and estate must withhold state income taxes for all its nonresident individual beneficiaries if they have opted out of the composite filing. A trust and estate is also required to withhold state income tax if the nonresident beneficiary is not an individual.

Withholding Amounts on Nonresident Partners – In Section C of the BT-1 (Business Tax Application), if only nonresident withholding is indicated, then a partnership's withholding of state and/or county tax from nonresident partners is payable monthly if the monthly average is less than \$50. This must be filed by the last day of the month following the end of each month in which a distribution was made. Quarterly filing is no longer available due to legislative mandate.

In Section C of the BT-1 (Business Tax Application), if nonresident withholding and one-time distribution are both indicated, then a partnership's withholding of state and/or county tax from nonresident partners is payable by the 15th day of the 4th month following the close of the tax period.

The BT-1 is available online at <https://secure.in.gov/apps/dor/bt1/>, and INtax can be accessed at <https://www.intax.in.gov>. Once registered, the partnership can use INtax, the department's online tool for remitting sales and withholding taxes.

The partnership is liable for any delinquent penalty and interest in addition to the amount withheld or required to be withheld and paid to the department.

Note: Compliance with the act of withholding will not relieve any non-Indiana-domiciled partner from annual filing requirements (except individuals included in a composite return) or the payment of any unpaid tax, penalties, and interest.

How to Register as a Withholding Agent

A partnership with any withholding liability as previously described is required to register as an Indiana withholding agent. The department assigns an Indiana TID. This TID consists of:

- A 10-digit number exclusive to the taxpayer; and
- A 3-digit number for the location being registered.

The partnership has two options:

- It can complete the BT-1 online at <https://secure.in.gov/apps/dor/bt1/>; or
- The second option is to visit either the department's downtown Indianapolis office or one of the district offices located throughout the state to use the department's kiosks to register online.

Note: All businesses must electronically file and remit sales and/or withholding taxes. Businesses can file and remit their withholding taxes through INtax (www.intax.in.gov) or a third-party vendor; they can also use INtax to file and remit their sales tax.

Noncomposite Withholding Payment

Form WH-1 – Amounts withheld from employees and/or nonresident partners who are not individuals or who opted out of the composite return should be included in the remittance with Form WH-1. The nonresident withholding account will be separate from any existing employees withholding account.

Businesses currently filing paper coupons will need to transition to filing via the state's INtax program or use a third-party vendor to electronically transmit Form WH-1.

Form WH-3 – The withholding agent must complete and file an annual Withholding Tax Reconciliation Return, Form WH-3. This must be filed by the end of the second month following the close of the tax period for nonresident withholding accounts. It must be filed by the 15th day of the 4th month following the close of the tax period for nonresident and one-time distribution withholding accounts. The agent must include the following:

- The Indiana taxpayer identification number (TID);
- The partnership's name; and
- The calendar year.

Form WH-3 is used to reconcile the monthly or annual WH-1 returns. When remitting this form, the business must also remit the supporting W-2 and WH-18 reports. Effective Jan. 1, 2013, the way in which you must submit the WH-3 depends on the number of wage statements you file in a year. Follow these guidelines:

- If you are filing **fewer than 25** wage statements for your entire tax year, you can still file paper copies of the withholding forms (WH-1, WH-18, WH-3, W-2s, W-2Gs, and 1099s). You can also submit them via the state's online INtax application (www.intax.in.gov) or use a third-party vendor to electronically submit them.
- If you are filing **more than 25 but fewer than 3,500** wage statements, you must file all of your withholding forms electronically. You can either use the state's online INtax application (www.intax.in.gov) or use a third-party vendor to electronically submit them.
- If you are filing **more than 3,500** wage statements, you must either have a third-party vendor submit them for you or file using bulk upload. For more information, see the department's *Bulk Upload Guide* at www.in.gov/dor/files/bulk-upload-guide.pdf.

How to Fill Out Form WH-3 – On Form WH-3, the withholding agent enters the total annual amount of state and county income taxes or other taxes withheld from employees and nonresidents receiving income subject to Indiana withholding. These amounts must match what is listed on federal Form W-2 and Indiana Form WH-18. The amount of county tax withheld during the year is separated according to the amounts withheld for each county.

If the withholding agent has overpaid the withholding liability for the year, it is entitled to a refund. Enter the amount to be refunded on Form WH-3. Also, provide an explanation. Nonresident withholding accounts should not use the WH-3 for claiming a refund. The entity claiming the credit may be entitled to a refund on the appropriate form filed with the department.

If the withholding agent has underpaid the payroll or nonresident partner withholding liability for the year, the agent does not submit

the payment with Form WH-3. Instead, it completes Form WH-1U. **This is included with the WH-3 packet if you file fewer than 25 wage statements per year and still receive paper coupons.** The withholding agent submits the payment under separate cover and must indicate the Indiana TID and the period to which the payment should be applied. **If you file more than 25 wage statements per year or file fewer than 25 but filed electronically last year, you must make your payment for underpaid liabilities via INtax.**

Composite Withholding Payments (Form IT-6WTH)

A partnership that files a composite return must withhold Indiana state and/or county income taxes from all nonresident individual partners regardless of whether or not they have opted out of the composite filing. Amounts withheld from nonresident individual partners **included** in the composite return may be remitted into the corporate account using Form IT-6WTH. Payment is due the 15th day of the 4th month following the close of the partnership's tax period. To make additional payments, please contact the Corporate Tax Section at (317) 232-0129 for an additional Form IT-6WTH. The total payments are claimed as a credit on line 9 of Form IT-65.

Partner's Liability and Filing Requirements

A partner's share of profit or loss from a partnership is included in the partner's calculation of federal AGI. It is generally subject to the same rules for arriving at Indiana AGI. Thus, a partner's distributive share, before any modifications required by Indiana statutes, is the same ratio and amount as determined under IRC Section 704 and its prescribed regulations. The partners include their share of all partnership income, whether distributed or undistributed, on their separate or individual Indiana income or franchise tax returns. Each partner's distributive share of income is adjusted by modifications provided for in IC 6-3-1-3.5(a) or (b).

Individual Partners

Residents – A resident partner reports the entire distributive share of partnership income (loss) as adjusted, no matter where the partnership's business is located or in which states it does business. Individual partners must complete Form IT-40, Indiana Individual Income Tax Return.

Nonresidents – If the nonresident individual partner has filed the IN-COMPA affidavit with the partnership to opt out of the composite filing, he must complete Form IT-40PNR (Indiana Part-Year of Full-Year Nonresident Individual Income Tax Return). The partner must claim credit on that return by enclosing state Form WH-18 for amounts withheld by the partnership from his distributive share of income. The withholding will be paid into a nonresident withholding account and the partner issued a WH-18 only if the individual has opted out of the composite filing. The IN K-1 will be used to replace a WH-18 if the withholding was paid into the corporate account by using Form IT-6WTH. The partner must claim credit on that return for amounts withheld by the partnership from the partner's distributive share of income. Form WH-18, copy C, must be enclosed with the return to verify any such withholding credit amount.

Nonresident partners are exempt from the filing requirements of an Indiana Individual Income Tax Return only if they are properly included as members of a composite return.

A part-year nonresident partner must file Form IT-40PNR and report:

- The total amount of income (loss) received while residing in Indiana; and
- That part of Indiana source income received while a nonresident.

A part-year nonresident partner also reports apportioned Indiana income (loss), as modified, on Form IT-40PNR.

Note: Passive losses may not exceed the limits imposed by IRC Section 469. Losses also may not exceed the partner's investment. See IRC Section 704.

Corporate Partners

Corporate partners report their distributive share of the partnership income (loss) on one of the following:

- Form FIT-20;
- Form IT-20;
- Form IT-20S;
- Form IT20NP; or
- Form IT-41.

All distributions are fully taxable for AGI tax purposes. Taxable partnership income (loss) includes pro rata Indiana modifications. However, losses may not exceed the limits imposed by IRC Section 704.

Corporate partners doing business within and outside Indiana must also determine their taxable AGI from Indiana sources through the use of the allocation and apportionment provisions contained in IC 6-3-2-2(b)-(h). These generally follow the Uniform Division of Income for Tax Purposes Act. Thus, a multistate corporation must first determine what part of its AGI, which includes all partnership income, constitutes business income and what part is nonbusiness income. The relationship between the business of the corporate partner and the partnership controls the classification. Non-unitary partnership income distributions attributed at the partnership level to Indiana are treated as allocated income on the corporate partners' Indiana returns.

If the corporate partner's activities and the partnership's activities constitute a unitary business under established standards, disregarding ownership requirements, the business income of the unitary business attributable to Indiana is determined by a single-factor (sales) apportionment formula. The formula consists of the sales of the corporate partner and its actual share of the partnership's sales for any partnership year ending within or with the corporate partner's taxable year.

The partner's proportionate share of all of the partnership's (unapportioned) state income and other adjustments required under IC 6-3-1-3.5 must be added back in when determining AGI.

If the corporate partner's activities and the partnership's activities do not constitute a unitary business under established standards, the corporate partner's share of the partnership income attributable to Indiana is determined as follows:

- If the partnership derives income from sources within and outside Indiana, the income derived from sources within Indiana is determined by a single-factor apportionment formula consisting of the sales of the partnership; or

- If the partnership derives income from sources entirely within Indiana or entirely outside Indiana, the income is not subject to formula apportionment. See 45 IAC 3.1-1-153 for reporting requirements.

For non-unitary partners, taxable partnership distributions included in federal taxable income are deducted on the non-business and non-unitary income adjustment line of the corporation's return. Non-unitary partnership income attributed to Indiana is entered on the adjustment line used to report Indiana allocated non-business income and Indiana non-unitary partnership income. (This non-unitary partnership income includes apportioned pro rata modifications.) The corporate taxpayer's taxable income for Indiana equals:

- The apportioned business income, which includes unitary partnership income and non-unitary partnership income attributed to Indiana; plus
 - The corporate partner's other non-business income allocated to Indiana; plus
- Modifications required by IC 6-3-1-3.5(b) for AGI.

Corporate partners subject to the Indiana financial institution franchise tax must include the corporation's percentage of partnership adjusted gross or apportioned income, as computed under IC 6-5.5-4. This is reported on Form FIT-20.

Use the worksheet on page 15 for Attributing Partnership Income for Unitary Corporate Partners to compute the portion of partnership income subject to tax under the Adjusted Gross Income Tax Act.

Basis of Partner's Interest in Partnership

For Indiana income tax purposes, the basis of the partnership interest is generally the same as its basis for federal income tax purposes. Adjustments to income and loss under the Indiana Adjusted Gross Income Tax Act (for the addback of income taxes and the deduction from income for U.S. government obligations) are limited to current reporting. However, they may also affect the basis of the partner's interest.

Indiana Partnership Income for Individuals

Examples: Taxpayer A is a resident of Indiana, and Taxpayer B is a nonresident of Indiana. Each has a 50 percent interest in ABC Company, an Indiana partnership doing business both within Indiana and outside Indiana.

ABC Company has income from operations of \$530,000 and expenses of \$500,000. Of these expenses, \$35,000 is an expense for state income tax. Taxpayers A and B each received a guaranteed payment of \$10,000.

Computations for ABC Company for a Taxable Period:

Income from operations	\$530,000
Expenses	- 500,000
Addback modifications	<u>+ 35,000</u>
Partnership income	\$65,000

Using the single-factor apportionment formula for periods beginning after Dec. 31, 2010, under IC 6-3-2-2(b), ABC Company determines its apportionment percentage as follows:

Indiana sales/receipts	5000.00
Divided by everywhere sales/receipts	<u>/41667.00</u>
Equals	.1200
Multiplied by 100	<u>x 100</u>
Equals Indiana apportionment percentage	12.00%

Computations for Taxpayers A and B:

Taxpayer A, as a resident of Indiana, must report his own entire share of partnership income to Indiana regardless of whether the partnership apportions its income. As a general rule, if Taxpayer A pays tax to another state (on a portion of partnership income), he can take a credit on his individual return.

Indiana adjusted partnership income for Taxpayer A is computed as follows:

Guaranteed payment	\$10,000
Distributive share (50% x \$65,000)	<u>+ 32,500</u>
Indiana adjusted distributive share of income	\$42,500

Taxpayer B, as a nonresident of Indiana, reports only her own share of partnership income and guaranteed payment apportioned to Indiana. As a general rule, if Taxpayer B is required to pay tax to another state on a portion of her income from ABC Company, she cannot take a credit on her Indiana return but must claim it from her state of residence.

Indiana adjusted partnership income for Taxpayer B is computed as follows:

Guaranteed payment	\$10,000
Distributive share (50% x 65,000)	<u>+ 32,500</u>
Total partnership share of income	\$42,500
Multiply by apportionment percentage	<u>x 24%</u>
Apportioned Indiana distributive share of income	\$10,200

Accounting Periods and Methods

The accounting period for Form IT-65 and the method of accounting adopted must be the same as used for federal income tax purposes.

Extended Filing Due Date

The initial due date for filing is the 15th day of the 4th month following the close of the partnership's tax year. The department accepts the federal extension of time application (Form 7004) or the federal electronic extension. If you have one, you do not need to contact the department prior to filing the annual return. Returns postmarked within 30 days after the last date indicated on the federal extension form are considered timely filed.

Do not file a separate copy of this form with the department to request an Indiana extension. If applicable, enclose a copy of the federal extension of time with the return when filing your state return. Check box Q1 on the front of the IT-65 return.

If a federal extension is not needed, a partnership can request a separate Indiana extension of time to file by writing to:

Indiana Department of Revenue
Corporate Income Tax
Tax Administration
P.O. Box 7206
Indianapolis, IN 46207-7206

Any payment made after the original due date must include penalty and interest. **Caution:** The filing due date for the partnership return is different from the payment due date of income tax withholding and composite AGI tax on nonresident partners.

Amended Returns

If the partnership files an amended federal return and the change(s) affects the Indiana income or the taxable income reportable by the partners, both the partnership and the partners must file amended Indiana returns. They must do so within 180 days after the filing of the amended federal return.

Adjustments made by the IRS affecting the reportable Indiana income must be followed with an amended partnership return. This must be filed within 180 days after the adjustment becomes final. **Check the box at the top of Form IT-65 if you are filing an amended return.**

Instructions for Completing Form IT-65

Filing Period and Identification

Use Form IT-65 to file:

- A 2014 partnership return for a tax year ending on Dec. 31, 2014;
- A short tax year beginning and ending in 2014; or
- A fiscal year beginning in 2014 and ending in 2015.

For a fiscal or short tax year, fill in both the beginning month, day, and year and the ending month, day, and year at the top of the form.

Identification Section

Check the box at the top of the form if you are filing an amended return. For a name change, check the box at the top of the return. You must enclose with the return copies of amended articles filed with the Indiana Secretary of State.

The federal identification number shown in the box at the upper-right corner of the return must be accurate. It must also be the same as what's used on the U.S. Return of Partnership Income. Please use the correct legal name of the partnership and its current mailing address. List the name of the county in Indiana where you have a primary business location. Enter "00" (two zeroes) in the county box D for an address outside Indiana. *For foreign addresses, please note the following:*

- Be sure to enter the name of the city, town, or village in the box labeled City;
- Be sure to enter the name of the state or province in the box labeled State; and
- Be sure to enter the postal code and the 2-digit country code in the box labeled ZIP Code.

Enter your principal business activity code in the designated block of the return. Use the six-digit activity code as reported on the federal tax return. This number is derived from the North American Industry Classification System (NAICS). A link to a list of these codes is online at www.in.gov/dor/3742.htm.

Questions K through S and Other Fill-in Lines

All corporations filing an Indiana corporation income tax return must complete the top portion of the form. This includes questions K through S. Check or complete all the boxes that apply to your return:

- K. Indicate the date and place the partnership was organized.
- L. Indicate the partnership's state of commercial domicile.
- M. Indicate the year the initial Indiana return was filed.
- N. Indicate the accounting method used.
- O. Check box O-1 if you are filing an initial return. Check box O-2 only if the partnership is dissolved, is liquidated, or has withdrawn from the state. Also, you must timely file Form BC-100 to close out any sales and withholding accounts. Go to www.in.gov/dor/3731.htm to complete this form online. Check box O-3 if the partnership is in bankruptcy. Check box O-4 if you are filing as a composite return for nonresident partners.
- P. Enter the number of partners in the partnership in entry box P-1. Enter in entry box P-2 the number of all partners who are nonresidents of Indiana.

- S. Check the box if this partnership is a member of any other partnership.
- T. Check this box if you report income from disregarded entities. If you check this box, please enclose a list of the disregarded entities with your return.

Aggregate Partnership Distributive Share Income

Note: Please round all entries to the nearest whole dollar amount. Also, please do not use a comma in dollar amounts of four digits or more. For example, instead of entering "3,455" you should enter "3455."

Line 1. Enter the amount from the U.S. partnership return Schedule K:

- Net ordinary business income;
- Net income from real estate activities from Form 8825;
- Other rental income activities;
- Portfolio income and deductions;
- Royalties;
- Capital gains and losses;
- Guaranteed payments; and
- Other income.

You might be able to take the Section 179 deduction. You also might be able to deduct that portion of investment expenses that is included in federal Schedule K as part of line 13 and line 20 relating to investment portfolio (royalty) income and that flows to federal Schedule E. Do not deduct other expenses treated as federal itemized deductions.

Use the Worksheet for Partnership Distributive Share Income, Deductions, and Credits to help you calculate this figure. You must use the income worksheet if this partnership received any distributive income from one of the following:

- An owned partnership interest;
- An estate; or
- A trust.

See instructions on page 17 and worksheet on page 15.

If filing federal Form 1065B by an electing large partnership, use the amounts from line 1 through 8 of Schedule K. Convert distributive share of income items into a Form 1065 Schedule K format. Carry the figures to IT-65 and Schedule IN K-1.

Required Indiana State Modifications - Lines 2a through 2f

Lines 2a through 2e. Enter any addbacks and deductions here. Enter the name of the addback/deduction, its 3-digit code, and its amount. Use a negative sign for negative amounts (-). Attach additional sheets if necessary.

Adding Back Depreciation Expenses

Several of the discontinued addbacks were created by timing differences between federal and Indiana allowable expenses. Following is an example of how to report a difference.

Example. ABC Company has qualified restaurant equipment. For federal tax purposes, they use the accelerated 15-year recovery period for an asset placed in service in 2009. Since 2009, ABC Company has been adding back the depreciation expense taken for federal purposes that exceeded the amount allowable for Indiana purposes. The accumulated depreciation on such an asset through 2012 is, therefore, different for federal and state purposes. This difference will remain until the asset is fully depreciated or until the time of its disposition.

So, in this example, the asset was acquired in January 2009 at a purchase price of \$120,000. This normally would have a 25-year recovery period, but IRC Sec. 168 allows for a 15-year recovery period. Tax year 2012 is the last year ABC Company will have reported a qualified restaurant equipment addback until the end of the 15-year recovery period.

If this asset was sold before being fully depreciated, the catch-up modification would be reflected in the year of the sale. However, if this property is held through 2023 (the 15th year of depreciation), ABC Company will report a negative \$9,600 catch-up addback on their 2023 state tax return.

The following addbacks and deductions should be entered on lines 2a through 2e:

Addback for Certain Taxes Deducted from Federal AGI (3-digit code: 100) – The addback of all state taxes based on or measured by income, levied by any state, deducted on the federal return.

Addback for Bonus Depreciation (3-digit code: 104) – An amount attributable to bonus depreciation in excess of any regular depreciation that would be allowed if an election under IRC Section 168(k) had not been made as applied to property in the year that it was placed into service. Taxpayers that own property for which additional first-year special depreciation for qualified property was allowed in the current taxable year or in an earlier taxable year must add or subtract an amount necessary to make their AGI equal the amount computed without applying any bonus depreciation. The first-year special depreciation includes 50 percent bonus depreciation. The subsequent depreciation allowance must be calculated on the state's stepped-up basis until the property is disposed. Enclose a statement to explain your adjustment.

Example: If the IRC Section 179 deduction was elected on business equipment acquired during 2014 costing \$200,000, the capital expensing deduction was \$100,000. Also, it had a remaining basis of \$100,000. An additional 50 percent bonus depreciation of \$50,000 was elected. This left a basis of \$50,000 for a 5-year Modified Accelerated Cost Recovery System (MACRS) property (half-year convention) depreciation deduction of 20% (\$10,000). The total amount of federal deduction was \$160,000.

For state purposes, the bonus depreciation of \$50,000 was not allowed and must be added back. The IRC Section 179 deduction was capped at \$25,000. So the \$75,000 excess amount must be added back. These adjustments result in a stepped-up basis of \$175,000 for the state return. This is the amount on which you figure the allowable first-year MACRS property depreciation deduction of 20% (\$35,000) for 2014. This was a total state deduction of \$25,000 more than was already deducted under the General Depreciation System (GDS). The additional depreciation may be excluded in subsequent years from the amounts to be added back when excess IRC Section 179 deduction or bonus depreciation was elected.

Commissioner's Directive #19 (www.in.gov/dor/3617.htm) explains this initial required modification on the allowance of depreciation for state tax purposes.

Addback for Section 179 Expense Excess (3-digit code: 105) – Your share of the IRC Section 179 adjustment claimed for federal tax purposes that exceeds the amount recognized for state tax purposes.

Indiana adopted the former expensing limit provided by the Jobs Creation and Workers Assistance Act of 2002. Indiana has since specified an expensing cap of \$25,000. This modification affects the basis of the property if a higher Section 179 limit was applied. The increase to a \$100,000 deduction was not allowed for purposes of calculating Indiana AGI. However, the beginning \$400,000 [CURRENTLY \$2,000,000] was allowed for purposes of calculating Indiana AGI. The depreciation allowances in the year of purchase and in later years must be adjusted to reflect the additional first-year depreciation deduction until the property is sold. This first-year depreciation deduction includes the special depreciation allowance for 50% bonus depreciation property.

If a taxpayer placed any IRC Section 179 property in service in the current taxable year or in an earlier taxable year, you must add or subtract an amount necessary to make the taxpayer's AGI equal to the amount of AGI that would have been computed if an election

had not been made for the year in which the property was placed in service to take deductions (as defined in IRC Section 179) in a total amount exceeding \$25,000.

Note: If the net amount determined for the net bonus depreciation allowance or excess IRC Section 179 deduction is a negative figure (because of a higher depreciation basis in subsequent years), use a negative sign to denote this. If the taxable income is a loss, this adjustment increases a loss when added back. Enclose a statement to explain your adjustment.

Deduction for Interest on U.S. Government Obligations (3-digit code: 610) – Deduct interest income, less related expenses, from certain obligations of the U.S. government included as income on the federal return. See Income Tax Information Bulletin #19 at www.in.gov/dor/3650.htm for a list of eligible items.

Deduction for Indiana Lottery Winnings (3-digit code: 606) – Deduct Indiana lottery prize money. If you make a purchase of a winning Indiana lottery game or ticket, a portion of the prize money you receive and included in your federal taxable income should be excluded. The proceeds of up to \$1,200 are deductible from each winning lottery game or ticket paid through the Hoosier State Lottery Commission. Explain the deduction on an enclosed statement.

Addback for Deferral of Business Indebtedness Discharge and Reacquisition (3-digit code: 107) – Add back the deduction for deferral of business indebtedness discharge and reacquisition. Enter an amount equal to the amount claimed as a deferral of income arising from business indebtedness discharged in connection with the reacquisition after Dec. 31, 2008, and before Jan. 1, 2011, of an applicable debt instrument (as provided in Section 108(i) of the IRC) for federal income tax purposes.

Addback for Qualified Disaster Assistance Property (3-digit code: 110) – Add back the deduction for qualified disaster assistance property. Add or subtract an amount equal to the amount claimed as a deduction for the special allowance for qualified disaster assistance property under Section 168(n) of the IRC for federal income tax purposes.

Addback for Qualified Refinery Property (3-digit code: 111) – Add back the deduction for qualified refinery property. Enter an amount equal to the amount you claimed as a deduction for expense costs for qualified refinery property under Section 179C of the IRC for federal income tax purposes.

Addback for Qualified Film or Television Production (3-digit code: 112) – Add back the deduction for qualified film or television production. Enter an amount equal to the amount you claimed as a deduction for expense costs for qualified film or television production under Section 181 of the IRC for federal income tax purposes.

Addback for Qualified Preferred Stock (3-digit code: 113) – Add back the deduction for qualified preferred stock. Enter an amount equal to the amount you claimed as a deduction for a loss from the sale or exchange of preferred stock. Do this only if that loss was treated as an ordinary loss under Section 301 of the Emergency Economic Stabilization Act of 2008 in the current taxable year or in an earlier taxable year. The stock must be preferred stock in one of the following:

- The Federal National Mortgage Association, established under the Federal National Mortgage Association Charter Act (12 U.S.C. 1716 et seq.); or
- The Federal Home Loan Mortgage Corporation, established under the Federal Home Loan Mortgage Corporation Act (12 U.S.C. 1451 et seq.)

Addback for trade or business deductions based on employment of an unauthorized alien (3-digit code: 132) – For taxable years beginning after June 30, 2011, add back the amount allowed under the IRC for wages, reimbursements, or other payments made for services provided in Indiana by a financial institution if the person was prohibited from being hired as an employee because the person was an unauthorized alien.

Addback of OOS Municipal Obligation Interest (3-digit code: 137) – Interest earned from a direct obligation of a state or political subdivision other than Indiana (out of state, or OOS) is taxable by Indiana if the obligation is acquired after Dec. 31, 2011. Interest earned from obligations held or acquired before Jan. 1, 2012, is not subject to Indiana income tax and should not be reported as an addback. **Note:** Interest earned from obligations of Puerto Rico, Guam, Virgin Islands, American Samoa, or Northern Mariana is not included in federal gross income and is exempt under federal law. There is no addback for interest earned on these obligations. For more information, see Information Bulletin #19 at www.in.gov/dor/3650.htm.

Line 2f. Enter the total amount of addbacks and deductions from any additional sheets. If you need to claim more than five addbacks and/or deductions, attach additional sheets detailing them. Total the amounts from the additional sheets and enter the total here (use a negative sign to denote a negative amount).

Line 3. Add lines 1 through 2f.

Apportionment of Income

Partnerships deriving income from sources within and outside Indiana and having non-Indiana-domiciled partners or non-unitary corporate partners must complete line 4.

Line 4. Enter the Indiana apportionment percentage if the partnership has any multistate business activities. If apportioning income, enter the Indiana percentage (rounded to two decimal places) from line 9 of Schedule E, Apportionment of Income for Indiana. Do not enter 100 percent.

Before continuing to lines 5 through 16, complete Schedule IN K-1 for each partner.

Summary of Calculations for IT-65

Sales/Use Tax Worksheet - IC 6-2.5-3-2 imposes a use tax on the use, storage, or consumption of tangible personal property in Indiana that was purchased or rented in a retail transaction, wherever located, and sales tax was not paid. This rate is 7 percent. Examples of taxable items include

- Magazine subscriptions;
- Office supplies;
- Electronic components; and
- Rental equipment.

Any property purchased free of tax by use of an exemption certificate is subject to the use tax. In addition, any property purchased from out of state and converted to a nonexempt use by the business is subject to the use tax. Complete the Sales/Use Tax Worksheet on page 16 to compute any sales/use tax liability. For more information about use tax, call (317) 232-0129.

Note: If you are a registered retail sales or out-of-state use tax agent for Indiana, you must report your nonexempt purchases used in your Indiana business. You do this on Form ST-103, Indiana Annual, Quarterly, or Monthly Sales and Use Tax Voucher. If you do not pay your use tax by the original due date of the return, interest will be added to the amount due. A 10 percent penalty or \$5, whichever is greater, is charged on each unpaid use tax liability.

Caution: Do not report your totals from Form ST-103 on this worksheet or on Form IT-65.

Line 5. Enter the use tax due from the Sales/Use Tax worksheet.

Line 6. Enter the total tax liability of the nonresident members from line 15F of Schedule IT-65COMP (column D plus column E). Enclose composite Schedule IT-65COMP.

Line 7. Total tax: Add the tax shown on lines 5 and 6.

Line 8. Enter the total amount of withholding. Be sure to enclose any WH-18 statements.

Line 9. Enter the total composite withholding payments from Form IT-6WTH. Amounts withheld from nonresident individual partners included in the composite return may be remitted using Form IT-6WTH.

Line 10. Enter any other payments and credits belonging to the partnership. A detailed explanation must be enclosed for any credits claimed on this line.

Line 11. Economic Development for a Growing Economy credit: Enter the amount of Economic Development for a Growing Economy (EDGE) credit you are claiming from line 19 of Schedule IN-EDGE. You must complete Schedule IN-EDGE and enclose it with your return. Otherwise, this credit will not be allowed.

Line 12. EDGE-R credit: Enter the amount of EDGE-R credit you are claiming from line 19 of Schedule IN-EDGE-R. You must complete Schedule IN-EDGE-R and enclose it with your return. Otherwise, this credit will not be allowed.

Line 13. Certified credits. Enter the total amount of credits claimed from Schedule IN-OCC, and be sure to enclose Schedule IN-OCC. If filing this schedule with the IT-65, only reflect the credit amounts from the IN K-1s on behalf of the entity's partners who are included on the composite return. Do not include credits from the IN K-1s that belong to partners who are not included on the composite return. Enter the combined pro rata credits on one line of the IN-OCC; do not enter a line for each composite member. The total amount of credit for the members on the composite return cannot exceed the entity's total tax due. In addition, sales and use tax cannot be offset by these nonrefundable credits if included in the total tax due. If an individual income tax return is being filed for a nonresident member, the member should opt out of the composite by filing Schedule IN-COMPA and should claim these credits on the IT-40PNR. In such a case, these credits should not be claimed on the IN-OCC.

Line 14. Subtotal: Subtract lines 8 – 13 from line 7. If a balance due remains, proceed to lines 15 – 17.

Line 15. Enter the total interest due.

Caution: Two separate calculations of interest and penalty might be required:

1. Interest is computed on the net amount of the composite tax on line 14 paid after the 15th day of the 4th month following the end of the partnership's taxable year. Interest is calculated from the day following the due date for payment of the composite tax to the actual date the balance is paid with the IT-65 return.
2. Interest on use tax is calculated on the amount of use tax on line 14 that is paid after the original due date of the IT-65 return.

Contact the department for the current rate of interest by calling (317) 232-0129 or see Departmental Notice #3 at www.in.gov/dor/3618.htm.

Line 16. Enter the total penalty due. The penalty for late payment is 10 percent of the amount (but not less than \$5) of any composite tax due on line 14 paid after the 15th day of the 4th month following the end of the partnership's taxable year. (See the caution note for line 15.) The penalty is still due on use tax paid after the original due date of the return.

If a return showing no liability on line 7 is filed late, the penalty for failure to file by the due date is \$10 per day the return is past due, up to a maximum of \$250. In addition, a separate \$10 penalty is assessed on each Schedule IN K-1 information return that is filed late.

Line 17. A penalty of \$500 is assessed to any partnership that fails to file a composite return for all its qualifying nonresident partners* (PL 211-2007 SEC. 27, 44, 58). If you fail to include all your qualifying nonresident partners on your composite return, please remit that penalty here.

***Exception:** Certain partners will not be included in the composite filing. See the exceptions listed under "Filing Requirements for Composite Return" on page 19.

Keep track of the names of the partners not included on the composite return and who do not meet the above exception because the department may request this information at a later date.

Line 18. Amount due: If line 14 is greater than zero, add lines 14 – 17 and enclose a separate remittance for the total amount owed for each Form IT-65 filed. Please pay in U.S. funds. If paying by check, make your check payable to Indiana Department of Revenue.

Line 19. Overpayment and Refund: If the total of lines 8 – 13 exceeds line 7, subtract the total of lines 15 – 17 from line 14. If the result is less than 0, this is your net overpayment. If penalties and interest are due because of a delinquent filing or payment, the overpayment must be reduced by these charges. If the result is a balance due, enter the difference on line 18. An overpayment credit may not be carried over to the following year, so any overpayment amount will be refunded to you.

Worksheet for Apportioning Partnership Income for Unitary Corporate Partners

Use the worksheet whenever partnership income is being distributed to a corporate partner having a unitary relationship with the partnership. A unitary business relationship means maintaining business activities or operations that are of mutual benefit, dependent upon, or contributory to one another in transacting business between a corporate partner and the partnership. Unity may be established whenever there is unity of operation and use evidenced by centralized management or executive force, centralized purchasing, advertising, accounting, or other controlled interaction between a corporate partner and the partnership.

If a corporate partner and a partnership maintain a unitary business relationship as described above, the partnership distribution shall be distributed to the partner without any apportionment by the partnership. If the partner derives income from sources both within and outside Indiana and is required to apportion its income, the partner's apportionment factor shall include the partner's proportionate share of the apportionment factor of the partnership.

Use the following table to show apportionment factor's values from the partnership assigned to the unitary corporate partner. Partnerships deriving income from sources both within and outside Indiana or having any corporate partners must complete the Apportionment Schedule E.

Enter the partner's pro rata amounts as determined by the partnership entity's completed Apportionment Schedule E. Duplicate this worksheet for each corporate partner. (These amounts are to be included with the corporate partner's own apportionment factor.)

Instructions for Schedule IN K-1

Enclose a copy of each partner's IN K-1 with Form IT-65. Also provide a completed copy of Schedule IN K-1 to each partner.

Note: Contact the department for alternative filing options for Schedule IN K-1 at (317) 232-0129. For information on the acceptable electronic data file format, visit the department's website at www.in.gov/dor/3772.htm.

Part 1 – Partner's Identification Section

Complete a separate Schedule IN K-1 to identify each partner:

- (a) Enter the partner's name and Social Security number, if an individual.
- (b) Enter another entity name and the federal identification number if the partner is another entity.
- (c) Enter the partner's state of residence or commercial domicile.
- (d) Enter the FID of the payment entity and the amount of tax withheld on income distributions derived from Indiana sources for any nonresident partner for the taxable year. This amount will come from either the IT-6WTH remittance or the WH-1 remittance. A WH-18, Indiana Miscellaneous Withholding Tax Statement for Nonresidents, must be prepared for the nonresident partners that have opted out of the composite filing and whose withholding has been remitted into a nonresident withholding account by the partnership. Do not include any penalty or interest paid on delinquent withholding tax. If no withholding tax was paid or if additional withholding tax is due on opted-out partners, use INtax or a third-party vendor to make payment. Credit for any amount withheld must be claimed on the partner's Indiana individual or the corporation's income tax return.

Example: Partnership A provides S corporation B a WH-18 indicating amounts of Indiana state tax withheld. S corporation B does not claim the withholding credit

and passes the credit through to its shareholders. Proper withholding credit is reflected by each S corporation B shareholder on the Indiana K-1. S corporation B must enclose copy A of the WH-18 with its Indiana IT-20S return. If the S corporation has withholding liability in addition to the pass-through withholding, S corporation B issues a WH-18 to each of its nonresident shareholders for this additional income only. This amount should be included on Part 1 line (d), and copy A of the WH-18 should be enclosed.

- (e) Enter the applicable pro rata percentage of the partner's interest in the partnership. The percentage should be adjusted to an annual rate if necessary.
- (f) Enter the partner's tax as computed on IT-65COMP column F.

Part 2 – Distributive Share Amount

Complete lines 1 through 14 for the partner. Also provide the partner with an IN K-1 showing her share of income, credits, and modifications. If filing federal Form 1065-B, convert taxable income distributions to federal Form 1065 Schedule K-1 format.

Line 1 through Line 13b. For full-year Indiana resident partners, complete these lines as shown on the federal Schedule K-1, Form 1065 or Form 8865.

For most corporate partners and all nonresident individual partners, the federal Schedule K-1 amounts should be multiplied by the apportionment percentage calculated on Schedule E. See the instructions beginning on page 18. You should enter the apportioned amounts on lines 1 through 13b. If any entries on lines 2 – 10 represent nonbusiness income to the partnership, these amounts are allocated to the appropriate state.

Line 6, Ordinary dividends, corresponds to line 6a on the federal K-1. Line 9, Net long-term capital gain (loss), corresponds to line 9a on the federal K-1.

2410000000

On line 13a or 13b, include investment interest expenses attributed to royalty income. Also include all other federal deductions. However, do not include those deductions treated as itemized deductions. Do not report any other type of investment interest expense, itemized deduction, or carryover loss on this line.

Note: If the partnership has received any distributions from other entities having income previously apportioned to Indiana, use the following methodology to report distributive share income for Schedule IN K-1.

Alternative Completion of Schedule IN K-1 Information for Part 2

An alternative application of Schedule IN K-1 must be used for the following:

- Members who are nonresident individuals;
- Corporate partners; and
- Other partnerships if they had income from outside Indiana.

Use the following method to complete Schedule IN K-1 when the partnership had any apportioned income from outside Indiana or is otherwise required to complete the Indiana apportionment schedule.

Modify each required Schedule IN K-1 line by recalculating the pro rata share of total partnership income reported on line 1 of Form IT-65. Be sure to include all required Indiana modifications to AGI. Use the pro rata amount from line 14A on the Worksheet for Partnership Distributive Share Income, Deductions, and Credits by following these steps:

Step 1. Deduct from the above pro rata share the respective pro rata amount of line 14B and line 15B of the worksheet.

Step 2. Multiply the result by the Indiana apportionment percent reported on line 4 of Form IT-65. This can also be found on line 9 of Schedule E. This amount should reflect the partner's proportionate share of this partnership's activity in Indiana.

Step 3. Add to the above amount the pro rata share of any other (entity) source income this partnership received that was previously apportioned or allocated as distributive share income derived from Indiana. This can be found on line 16C of the worksheet. The result is the modified Indiana partnership income from Indiana sources. It should be reported on the appropriate lines of Schedule IN K-1 of nonresident individuals, corporations, and partnerships for AGI purposes.

Also use the Worksheet for Attributing Partnership Income to Unitary Corporate Partners to compile additional information for reporting distributive share income. Certain corporate partners require these additional income figures from the partnership to properly report their own distributive share incomes and to compute their Indiana state income tax liabilities as a result of the partnership's activity in Indiana.

Part 3 – State Modifications

Lines 15 – 26. Enter the Indiana modifications from the front of Form IT-65, lines 2a - 2e (and any additional sheets) as percentage applied. In the case of nonresident individuals, enter them as apportioned. List the pro rata share amount of each modification on the appropriate line. (Use a negative sign to denote negative amounts.)

Line 27. Enter the total distributive share of modifications. Add lines 15 through 26. Use a negative sign to denote negative amounts. Carry this total to column B of Schedule IT-65COMP.

Part 4 – Pro Rata Share of Indiana Pass-through Tax Credits from Partnership

Line 28. If the partnership has available any eligible Indiana credits flowing through to the partners, enter the following:

- The name of the credit;
- Its three-digit code number; and
- The pro rata amount of credits allotted to each partner.

You must also enclose a completed credit schedule with Form IT-65 to support this credit distribution.

See the descriptive list of pass-through tax credits that may be available to a pass-through entity on page 20. Each credit is assigned a three-digit code number. This should be used for identification purposes when reporting and claiming these credits. For further information, get Income Tax Information Bulletin #59 at www.in.gov/dor/3650.htm.

Line 29. If the partnership has available any eligible EDGE credits flowing through to the partners included on the IT-65COMP, enter that here. Enter the IEDC-provided project number and PIN, which can be found on your certification letter, and the pro rata amount of credit allotted to each partner. You will also need to complete Schedule IN-EDGE and enclose it with your return. **Note:** If the credit is being passed through to a member that has opted out of the composite schedule or is an Indiana resident, Schedule IN-EDGE should be completed and enclosed with the appropriate individual income tax return.

Line 30. If the partnership has available any eligible EDGE-R credits flowing through to the partners included on the IT-65COMP, enter that here. Enter the IEDC-provided project number and PIN, which can be found on your certification letter, and the pro rata amount of credit allotted to each partner. You will also need to complete Schedule IN-EDGE-R and enclose it with your return. **Note:** If the credit is being passed through to a member that has opted out of the composite schedule or is an Indiana resident, Schedule IN-EDGE-R should be completed and enclosed with the appropriate individual income tax return.

Line 31. If the partnership has available any other certified credits flowing through to the partners, enter those here. Enter the following:

- The credit's 3-digit code;
- The certification number (including a PIN if provided by the granting organization); and
- The pro rata amount of credit allotted to each partner.

NOTE: The credits reflected on this line should be the full pro rata share of the nonrefundable certified credit. The amount that should be carried over to Schedule IN-OCC should not be more than the tax due. The Schedule IN-OCC enclosed with the IT-65 return should be a total of all the nonresidents who are included in and have tax assessed on the composite return. The amount on Schedule IN-OCC should not exceed the tax due. Individuals who are excluded or have opted out of the composite return should enclose their own Schedule IN-OCC with their IT-40PNR return. The IN-OCC credits cannot be taken on both the partnership return and the individual return. If an individual return is to be filed and any IN-OCC credit is to be claimed, the partner must opt out of the composite filing and file the IT-40PNR.

Instructions for Schedule E, Apportionment of Income for Indiana

Complete the apportionment of income schedule whenever the corporation:

- Has income derived from sources both within and outside Indiana; and
- Has any nonresident shareholders.

The apportionment percentage determines the Indiana net income of the nonresident individual partners, trusts, and estates that pass through as a result of the partnership's activities everywhere.

Note: Interstate transportation companies should consult Schedule E-7 for details concerning apportionment of income. You can get this schedule at www.in.gov/dor/4879.htm.

Part I – Apportionment of Adjusted Gross Income

Sales/Receipts: The sales factor is a fraction. The numerator is the total receipts of the taxpayer in Indiana during the tax year. The denominator is the total receipts of the taxpayer everywhere during the tax year.

The numerator of the receipts factor must include the following:

- All sales made in Indiana;
- All sales made from Indiana to the U.S. government; and
- All sales made from Indiana to a state not having jurisdiction to tax the activities of the seller.

Destination sales to locations outside Indiana by an Indiana seller that has activities in the state of destination, other than mere solicitation, are not included in the numerator of the sales factor regardless of whether the destination state levies a tax. The numerator contains intangible income attributed to Indiana, including interest from consumer and commercial loans, installment sales contracts, and credit and debit cards as prescribed under IC 6-3-2-2.2.

Total receipts include gross sales of real and tangible personal property less returns and allowances. Sales of tangible personal property are in Indiana if the property is delivered or shipped to a purchaser within Indiana regardless of the f.o.b. point or other conditions of sale or if the property is shipped from an office, a store, a warehouse, a factory, or another place of storage in Indiana, and the taxpayer is not subject to tax in the state of the purchaser.

Sales or receipts not specifically assigned above shall be assigned as follows:

- (1) Gross receipts from the sale, rental, or lease of real property are in Indiana if the real property is located in Indiana;
- (2) Gross receipts from the rental, lease, or licensing of the use of tangible personal property are in Indiana if the property is in Indiana. If property was both within and outside Indiana during the tax year, the gross receipts are considered in Indiana to the extent the property was used in Indiana;
- (3) Gross receipts from intangible personal property are in Indiana if the taxpayer has economic presence in Indiana and such property has not acquired business sites elsewhere.

Interest income and other receipts from loans or installment sales contracts that are primarily secured by or deal with real or tangible personal property are attributed to Indiana if the security or sale property is located in Indiana; consumer loans not secured by real or tangible personal property are attributed to Indiana if the loan is made to an Indiana resident; and commercial loans and installment obligations not secured by real or tangible personal property are attributed to Indiana if the proceeds of the loan are applied in Indiana.

Interest income, merchant discounts, travel and entertainment credit card receivables, and credit card holder's fees are attributed to the state where the card charges and fees are regularly billed.

Receipts from the performance of fiduciary and other services are attributed to the state where the benefits of the services are consumed. Receipts from the issuance of traveler's checks, money orders, or United States savings bonds are attributed to the state where those items are purchased.

Receipts in the form of dividends from investments are attributed to Indiana if the taxpayer's commercial domicile is in Indiana; and

- (4) Gross receipts from the performance of services are in Indiana if the services are performed in Indiana. If such services are performed partly within and partly outside Indiana, a portion of the gross receipts from performance of the services shall be attributed to Indiana based on the ratio the direct costs incurred in Indiana bear to the total direct costs of the services, unless the services are otherwise directly attributed to the state of Indiana according to IC 6-3-2-2.2.

Sales to the United States Government: The United States government is the purchaser when it makes direct payment to the seller. A sale to the United States government of tangible personal property is in Indiana if it is shipped from an office, a store, a warehouse, or another place of storage in Indiana. See the previous rules for sales other than tangible personal property if such sales are made to the United States government.

Other Gross Receipts: On line 6, report other gross business receipts not included elsewhere and pro rata gross receipts from all unitary partnerships, excluding from the factors the portion of distributive share income derived from a previously apportioned partnership [45 IAC 3.1-1-153(b)].

Direct Premiums and Annuities Received for Insurance upon Property or Risks in Indiana: On line 7, report direct premiums and annuity considerations received during the taxable year for insurance upon property or risks in Indiana. The term *direct premiums and annuity considerations* means the gross premiums received from direct business as reported in the corporation's annual statement filed with the Department of Insurance.

Total Receipts for 2014: Complete all lines as indicated. Add all the receipts in Column A (lines 1A through 6A), and enter the total on line 7A. Also enter the total receipts everywhere on line 7B.

Apportionment of Income for Indiana

Divide line 7A by line 7B. (Multiply by 100 to arrive at a percentage rounded to the nearest second decimal place.) This is your average Indiana apportionment percentage; carry it to the apportionment entry line on the return (line 16d on IT-20, line 4 on IT-20S, line 9 on IT-20NP, and line 4 on IT-65).

Part II – Business/Other Income Questionnaire

Complete all applicable questions in this section. If income is apportioned, list:

- (a) All business locations where the corporation has operations;
- (b) The nature of the business activity at each location, including whether a location:
 1. Accepts orders in that state;
 2. Is registered to do business in that state; or
 3. Files income tax returns in other states.
- (c) Whether property in the other states is owned or leased.

You must enclose the completed Schedule E, Apportionment of Income, with your return.

Instructions for IT-65COMP, Composite Return

Any partnership that has partners who are nonresidents of Indiana must file a composite return and include all its nonresident partners. A partnership will be assessed a penalty of \$500 if it fails to file a composite return that includes all qualifying nonresident partners.

The names of all nonresident individual partners who have opted out of the composite filing or should be excluded from the composite filing must be listed on the IT-65COMP. The box in Column H must be checked indicating the partner(s) has been excluded from the composite filing.

The composite return must be filed with and have the same due date as the partnership return. If the IRS allows the partnership an extension to file its tax return, the due date for its Indiana return is automatically extended for the same period, plus 30 days.

Filing Requirements for Composite Return

Any partner within the following categories must, in all cases, be excluded from the composite return:

- (a) Any partner that is a corporation, partnership, or fiduciary;
- (b) Any partner who received a distribution(s) during the year in excess of his distributive share of net ordinary income from partnership operations; or
- (c) Any partner who sold any portion of his interest in the partnership during the year.
- (d) Any partner who provided the partnership with the IN-COMPA to opt out of the composite filing. The partnership does not need to enclose the affidavit with its return; however, it must be made available upon request by the department.

The following limitations and conditions apply to each partner included as a member in the composite return:

- (a) Any short-term capital gain (loss) plus any long-term capital gain (loss) specifically allocated for a partner is allowed, subject to any "passive activity" loss limitations pursuant to IRC Section 469 and capital loss limitations imposed on noncorporate taxpayers by IRC Section 1211;
- (b) No deduction is permitted for interest paid on investment indebtedness under IRC Section 163(d) (limitation on interest investment indebtedness);
- (c) No deduction is permitted for carryover of net operating losses or capital losses;
- (d) No personal exemption is permitted;
- (e) No deduction is allowed for charitable contributions allowed or allowable pursuant to IRC Section 170;
- (f) No credit is permitted for taxes paid to other states;
- (g) No credit carryovers are permitted; and
- (h) All other credits that flow through to partners on a pro rata basis are limited to the partner's state income tax liability. See the list of Pass-through Tax Credits.

The partnership filing a composite return is liable for the tax shown on the return. It is also liable for any additional tax, interest, and penalty as a result of a subsequent audit or examination. Any refund of state or county tax as a result of filing a composite return will be remitted directly to the partnership. The partnership should send a copy of the general Indiana filing requirements to each nonresident partner.

Instructions for Completing the Composite Return

Indicate the name of each nonresident individual partner. Subject to the limitations and conditions specified in the filing requirements, separately compute the state tax liabilities and credits on the composite return attributable to each qualifying partner. To verify a county's rate, visit the department website at www.in.gov/dor or call (317) 232-0129 for assistance.

Column E. If a nonresident individual is engaged in principal work activity in an adopting county on January 1, the county tax should be calculated. Multiply column C by the applicable nonresident county tax rate. Use Departmental Notice #1 to determine whether a composite member is subject to a county tax, and use the county income tax chart as directed on Form IT-40PNR to verify the county's tax rate. The Indiana individual forms are available on the department's website at www.in.gov/dor/5175.htm.

Column F. The amount of tax liability for each qualifying partner is limited to the respective amount of tax minus the amount of credit (column D + column E).

Column G. Check the box in this column if the partner has been excluded from the composite return due to either opting out of the composite filing or qualifying for the exclusions for filing on the composite.

Note: A federal Schedule K-1 for each partner is not required to be enclosed but must be made available for inspection upon request by the department.

If you have any questions, contact the department at (317) 232-0129.

Pass-through Tax Credits

Each partner is allowed a pro rata share of the income tax credits available to the partnership. Each partner's share of an available credit is reported on Schedule IN K-1, lines 28 – 31. It must be supported by enclosing the properly completed tax credit schedule or form with the partnership's return.

Note: Enterprise zone credits and most other tax liability credits may not be applied against the partnership's withholding, composite, or use tax liabilities on Form IT-65.

Caution: A taxpayer cannot be granted more than one of the following credits for the same project:

- Community revitalization enhancement district credit;
- Enterprise zone investment cost credit;
- Hoosier business investment credit;
- Industrial recovery credit; and
- Venture capital investment credit.

Apply this restriction first when figuring allowable credits. Get Commissioner's Directive #29 at www.in.gov/dor/3617.htm for more information.
