Instructions

Enter your three digit county code of the principal place of your institution from the list provided at the end of these instructions.

Part 1

Line 1 Enter the amount of taxable income or loss from Federal Form 1120, Line 28, before any net operating loss deduction or special deduction is applied, or Federal Form 1120S, Line 21.

Taxpayers that are members of an affiliated group filing a consolidated federal income tax return shall compute federal taxable income as if a separate federal tax return had been filed by each member of the affiliated group. A pro forma federal return or appropriate schedules should then be attached together with a copy of pages 1 through 4 of the consolidated federal income tax return.

Line 2 Enter all income received on state or political subdivision obligations excluded from the federal return. This income is taxable on this return. Explain if different from tax-exempt interest shown on the federal return.

Line 3 Enter all income received on federal securities excluded from the federal return (e.g., non-taxable portion Federal Reserve Bank dividends). This income is taxable on this return.

Line 4 Enter the charitable contribution claimed on the federal return.

Line 5 Enter the bad debt claimed on the federal return or any additions to a bad debt reserve claimed as a deduction on federal return. (The reserve method is not a permissible method on this return.) In the appropriate box, indicate the bad debt method used on the federal return.

Line 6 Enter the excess, if any, of recoveries of bad debts previously charged off over current year charge offs. Attach schedule of bad debt computation.

Line 7 Enter any Missouri Bank Franchise Tax deducted on the federal return. This is not an allowable deduction on this return.

Note: Cash basis banks should add the Missouri Bank Franchise Tax paid in the preceding calendar year. Accrual basis banks should add the Missouri Bank Franchise Tax accrued during the previous calendar year.

Line 8 Enter here and on Line 19B any taxes claimed as credits on this return. All taxes paid to the State of Missouri or any political subdivision thereof are eligible except taxes on real estate, unemployment taxes, bank tax, and taxes on tangible personal property owned by the taxpayer and held for lease or rental to others. Show detail on Page 2, Schedule A. All state and local sales and use taxes paid by banks as purchasers to sellers, vendors, or the State of Missouri on purchases of tangible personal property and services enumerated in [Chapter 144, RSMo](#), may be

claimed as a credit. Capitalized sales and use taxes paid by banks as purchasers are creditable. Documentation to support the capitalized sales and use tax credit must be available upon request.

Certain criteria must be met in order for a tax credit to be allowable pursuant to [Regulation 12 CSR 10-10.150](#), Tax Credits on Bank Tax Return, as follows:

- (1) The following criteria shall be used to establish whether or not a tax credit may be claimed against the Bank Franchise Tax, imposed by Sections 148.010 to [148.110, RSMo](#), computed pursuant to [Section 148.030.3, RSMo](#):
 - (A) The payment must have been made to the state of Missouri or a political subdivision located in the state of Missouri.
 - (B) Payment must have resulted from a tax liability imposed by a government agency, as defined in subsection (1)(A), and cannot be a regulatory fee collected solely for the purpose of paying the cost of administering the taxing jurisdiction's laws.
 - (C) The following should be used as a general guideline to determine if an exaction, required by subsection (1)(A), is an allowable tax credit or a non-creditable fee:
 1. If the proceeds, paid as defined in subsection (1)(A), are collected for deposit into the general revenue account of the taxing jurisdiction, to raise revenue for said entity, then it is a tax and is an allowable tax credit.
 2. If the proceeds, paid as defined in subsection (1)(A), are collected primarily to cover the costs of the regulation of an activity, and which are then deposited with the regulatory agency, then it is a non-creditable fee.
- (2) At all times the burden of establishing whether an exaction is an allowable tax credit or a non-creditable fee shall be on the taxpayer.

An accrual basis taxpayer that is a member of an affiliated group filing a consolidated Missouri income tax return shall allocate a portion of the consolidated Missouri income tax liability for the year by multiplying such liability by a fraction, the numerator of which is the separate Missouri taxable income of such member, and the denominator of which is the sum of the separate Missouri taxable incomes of all members having Missouri taxable income for the applicable year.

A cash basis taxpayer that is a member of an affiliated group filing a consolidated Missouri income tax return shall allocate each component of the consolidated Missouri income tax paid (or refunded) during the year by multiplying each component by a fraction, the numerator of which is the separate Missouri taxable income of such member for the

applicable year, and the denominator of which is the sum of the separate Missouri taxable incomes of all members having Missouri income for the applicable year.

In the computation of separate Missouri taxable income, each member of a group filing a consolidated Missouri income tax return shall start with its separate federal taxable income as computed pursuant to the method applicable to the group under Treasury Regulation 1.1552-1. The amount of the federal income tax deduction of each member under [Section 143.171.1, RSMo](#), shall be that portion of the actual federal consolidated income tax liability of the group as is required to be allocated to such member under Internal Revenue Code Section 1552 without regard to any additional allocations under Treasury Regulation 1.1502-33(d).

The following are not allowable credits:

- Sales tax paid to check printer(s) on checks the bank sold to its customers
- Annual registration fee as this is not a tax

Attach schedule of taxes deducted on Line 17, federal Form 1120 or federal Form 1120S, Line 12, for verification purposes.

Line 9 Enter deductions claimed on the federal return which are not allowable on this return and income not included on the federal return which is required to be included on this return. (Attach schedule.) The environmental tax under Section 59A of the Internal Revenue Code must be added back to income. Any gain from the complete liquidation of another corporation that is not recognized because of Section 332 of the Internal Revenue Code must be added to income.

Line 10 Enter the total of Lines 1 through 9.

Part 2

Line 11 Enter the excess, if any, of bad debt charge offs over current year recoveries. Attach schedule of bad debt computation.

Line 12 Enter the relevant income period deduction for federal income taxes. The relevant income period deduction is the amount actually accrued (if an accrual basis taxpayer) or paid (if a cash basis taxpayer) during the income period.

A taxpayer that is a member of an affiliated group of corporations which filed a consolidated federal income tax return shall determine its deduction for, or its gross income in respect of federal income taxes paid or accrued during the income period to the United States as if it and all other members of the affiliated group of which it was a member had filed separate federal income tax returns for all relevant income periods.

Line 13 Enter the total amount of any deduction claimed on this return and not included on the federal return. These deductions must be itemized on a schedule attached to this return.

Banks that are required to recapture bad debt reserve to income pursuant to 26 USC § 585 should include the dollar amount recaptured to income on Line 13.

Line 14 Enter the total of Lines 11 through 13.

Line 15 Subtract Line 14 from Line 10 and enter amount. If "loss", indicate by brackets "()" and enter "none" on Line 18.

Line 16 Enter the charitable contribution deduction claimed on this return. The contribution deduction is limited to 5% of taxable income before the contribution deduction. Contribution carryover from prior year's allowance on federal return is not allowable on this return. Attach charitable contribution schedule for verification purposes.

Line 17 Subtract Line 16 from Line 15 and enter amount.

Part 3

Line 18 Multiply the taxable income amount on Line 17 by 7% and enter amount. If Line 10 includes income from business activity both within and without the State of Missouri from offices or branches located in such state, the taxpayer may be eligible to apportion the tax. These taxpayers shall complete Apportionment Schedule Bank Franchise Tax ([Form 4347](#)) and attach to this return.

Line 19A Enter the Bank Franchise Tax from Line 7A Schedule BF.

Line 19B Enter the amount from Line 8.

Line 20A Enter the amount of tentative payment (if applicable).

Line 20B Enter overpayment of previous year's tax.

Line 20C Enter the amount of tax credits claimed from the list on the following page.

Attach a schedule listing the amounts for each tax credit and a copy of the approved authorization to the return. See [Section 148.064.1, RSMo](#), for ordering of tax credits. Tax credits can only be used once.

Line 20D Enter the approved Enterprise Zone Credit claimed. To be eligible for this credit, you must use the percentages from the second paragraph of the Department of Economic Development (DED) certification letter and attach a copy to the INT-2.

Compute the allowable Enterprise Zone Credit using the greater of the following methods. The same method must be used for both taxes.

1. Seven percent (7%) calculation for Line 20D:
 - Line 17 (taxable income) X DED percentage of income X 7%
or
 - Line 18 (tax) less Lines 19A and 19B X DED percentage of tax
2. Schedule BF calculation for Line 7B:
 - Line 6A or 6B (assets) X DED percentage of income X .00013
or
 - Line 7A (tax liability) X DED percentage of tax

Line 20E The Bank Franchise Tax Credit is equal to 1/60th of one percent (.000167) of the amount entered on Line 6A or 6B of Schedule BF, if Line 6A or 6B exceeds one million dollars. Compute the total available Bank Franchise Tax Credit and enter in the space provided. Enter the amount claimed on this return on Line 20E. Any unused credit may be applied to the corporate income tax liability. Enter the amount to be transferred to corporate income tax in the space provided.

Line 21 Subtract Lines 19A and 19B from Line 18. Amount shall not be less than zero. Subtract Lines 20A through 20E from result above and enter amount.

Line 22A Calculate interest for period which tax payment is delinquent. Interest is calculated from the due date of April 15 through the date of payment at the annual interest rate which can be obtained from the Department's website at: <http://dor.mo.gov/intrates.php>.

Line 22B Compute additions to tax, if applicable, and enter on Line 22B.

1. For failure to pay by the due date — multiply Line 21 by 5%; or
2. For failure to file your return by the due date — multiply Line 21 by 5% for each month late, not to exceed 25%.

Line 23 Enter the total of Lines 21, 22A, and 22B.
