- Residents and part-year residents are allowed a credit for income taxes paid to another state or country.
- The credit is limited to an income tax liability paid on net income that is also taxed by Montana.
- The fiduciary will need to complete a separate worksheet for each state or country to which the estate or trust has paid an income tax liability.
- The fiduciary cannot combine payments on one worksheet. If more than one worksheet is used, enter the total of all worksheets for estates and non-ESBT trusts on Form FID-3, line 31. Enter the total of all worksheets for ESBT trusts on Schedule G, line 7a.
- The credit is a nonrefundable single-year credit. It cannot reduce the Montana tax liability below zero. No unused credit amount can be carried forward.
- The estate or trust is not entitled to a Montana tax credit for taxes paid to a foreign country unless it has unused federal credit that is not eligible to be carried back or carried forward to another tax year.
- If the trust is a part-year resident, the fiduciary will need to allocate income using Form FID-3, Schedule F before completing this worksheet.
