GENERAL FILING INFORMATION

WHO MUST FILE...

Any corporation doing business within or deriving income from sources within Oklahoma is required to file an Oklahoma Corporation Income Tax Return, whether or not a tax is due.

NOTE: Small Business Corporations (Subchapter S) must use Form 512-S.

Time and Place for Filing...

The return must be filed on or before the 15th day of the third month following the close of the taxable year. In the case of complete liquidation or the dissolution of a corporation, the return shall be made on or before the 15th day of the fourth month following the month in which the corporation is completely liquidated. When the last date for filing any document or performing any act required by the Oklahoma Tax Commission (OTC) falls on a day when the offices are not open for business, the filing of the document or performance of the act shall be considered timely if it is performed by the end of the next business day.

A valid extension of time in which to file your federal return automatically extends the due date of your Oklahoma return if no Oklahoma liability is owed. A copy of the federal extension must be enclosed with your Oklahoma return. If your federal return is not extended, or an Oklahoma liability is owed, an extension of time to file your Oklahoma return may be granted on Form 504. The Form 504 must be filed on or before the due date of the return. To avoid delinquent penalty for late payment, 90% of the tax liability must be paid with the extension. To avoid delinquent interest for late payment, 100% of the tax liability must be paid with the extension.

Paper returns without a 2-D barcode should be mailed to the Oklahoma Tax Commission, PO Box 26800, Oklahoma City, OK 73126-0800. Paper returns with a 2-D barcode should be mailed to the Oklahoma Tax Commission, PO Box 269045, Oklahoma City, OK 73126-9045. For more information on the 2-D barcode, see page 11.

GENERAL FILING INFORMATION

Consolidated Returns...

If a federal consolidated return is filed, an Oklahoma consolidated return may be required or permitted under certain circumstances.

An election to file a separate or consolidated return is made with the timely filing of the return. If an affiliated group of corporations elects to file a consolidated Oklahoma income tax return, such election shall be binding. The affiliated group of corporations shall be required to file a consolidated Oklahoma income tax return for all future tax years unless the OTC releases the affiliated group of corporations from such election.

In filing a Consolidated Income Tax Return for Oklahoma, the Oklahoma taxable income for each corporation is computed separately on its own factors and then combined for one total income upon which the tax is computed. **Complete Form 512-TI "Computation of Oklahoma Consolidated Taxable Income" to determine the combined taxable income to report on page 1, line 1 of Form 512. Submit a separate Schedule A and Schedule B, if applicable, for each company within the consolidation.**

If filing by paper, the Form 512-TI must be the second page.

Enclose a copy of the federal consolidated return with an income statement, balance sheet, M-1, M-2, M-3 and supporting schedules for each member of the consolidated group. 68 Oklahoma Statutes (OS) Sec. 2367.

Special Instructions Regarding Form 512, Page 4...

Complete Page 4 or attach a copy of the Federal Form 1120 Schedules L, M-1 and M-2. Corporations that are not required to complete Federal Form 1120 Schedules L, M-1 and M-2 are still required to complete the Oklahoma Form 512, Page 4 - Balance Sheets, Reconciliation of Income per Books with Income per Return (OK M-1) and Analysis of Unappropriated Retained Earnings per Books (OK M-2).

Corporations that are not required to complete Federal Form 1120 Schedule M-1 due to the requirement to complete Schedule M-3 must either complete the Oklahoma Schedule M-1 or enclose a copy of the Federal Schedule M-3.

Declaration of Estimated Tax...

Corporations must make estimated tax payments when the tax liability for the current year can reasonably be expected to be \$500 or more. The estimated tax payments shall be the lesser of 70% of your current year's tax liability or 100% of the tax liability shown on your return for the preceding taxable year of 12 months.

Declaration of Estimated Tax (continued)

The estimated tax payments shall be paid in four equal* installments of:

- one-quarter on or before the 15th day of the fourth month of the taxable year;
- one-quarter on or before the 15th day of the sixth month of the taxable year;
- one-quarter on or before the 15th day of the ninth month of the taxable year;
- one-quarter on or before the 15th day of the first month of the succeeding taxable year.

Amended declarations may be filed on any of the payment dates. Form OW-8-ESC, for filing estimated payments, can be obtained from our website at www.tax.ok.gov.

*For purposes of determining the amount of tax due on any of the respective dates, taxpayers may compute the tax by placing taxable income on an annualized basis as prescribed in Rule 710:50-13-9.

Estimated payments can be made electronically through the OTC website. Visit the "Online Services" page on the web at www.tax.ok.gov for further information.

There is no provision in the present law for tentative returns.

Amended Returns...

Beginning with tax year 2013, the Form 512 will be used to file an amended return. See Form 512, page 5 for complete instructions. The Form 512X will only be used for tax year 2012 and prior.

Adjustments by Internal Revenue Service...

Taxpayers who file "consents" extending the time for making federal adjustments automatically extend the time for making state adjustments. The taxpayer is also required to file an amended return reporting all Internal Revenue Service adjustments. A copy of the finalized RAR must be enclosed with each return.

Banks and Credit Unions...

State and national banks and state credit unions are subject to an "In Lieu" tax. See 68 OS Sec. 2370. When reporting income on Schedule A, line(s) 5 and/or 6b, please furnish a detailed schedule of the interest income by source and amount. Expense deductions claimed in arriving at taxable income shall be reduced by an amount equal to 50% of excluded interest income on obligations of the United States government or agencies thereof and obligations of the State of Oklahoma or political subdivisions thereof.

GENERAL FILING INFORMATION

Real Estate Investment Trusts...

A real estate investment trust that does not become regularly traded on an established securities market within one year of the date on which it first becomes a real estate investment trust shall be deemed not to have been regularly traded on an established securities market, retroactive to the date it first became a real estate investment trust. An amended return shall be filed reflecting such retroactive designation for any tax year or part year occurring during its initial year of status as a real estate investment trust. For purposes of this paragraph, a real estate investment trust becomes a real estate investment trust on the first day it has met the requirements of Section 856 of the Internal Revenue Code (IRC) and has elected to be treated as a real estate investment trust pursuant to IRC Section 856(c)(1). 68 OS Sec. 2358.

Oklahoma Net Operating Loss Deduction...

Notice: The amount of any net operating loss deduction claimed on Schedule A, line 29a or Schedule B, line 6d, must also be entered on the front of Form 512 in the space provided at the top of the form. There is also a space provided to enter the loss year(s).

The amount of any federal net operating loss deduction shall be adjusted as follows:

Oklahoma Net Operating Loss Deduction (continued)

The amount of any net operating loss deduction allowed for the taxable year shall be an amount equal to the aggregate of the Oklahoma net operating loss carryovers and carrybacks to such year. Oklahoma net operating losses shall be separately determined by reference to IRC Section 172 as modified by the Oklahoma Income Tax Act and shall be allowed without regard to the existence of a federal net operating loss. For tax years 1996-2000, net operating losses may not be carried back but may be carried forward for a period of time not to exceed 15 years. **For tax years 2001 – 2007 and tax years 2009 and subsequent, the years to which such losses may be carried shall be determined solely by reference to IRC Section 172. For tax year 2008, years to which such losses may be carried back shall be limited to two years.** 68 OS Sec. 2358 (A)(3).

A detailed schedule must be furnished for any net operating loss carried forward to the current tax year.

An election may be made to forego the carryback period. A written statement of the election must be part of the original timely filed Oklahoma loss-year return. If the corporation timely filed its return for the loss-year without making the election, it may make the election on an amended return filed within 6 months of the due date of the loss year return (excluding extensions). Attach the election to the amended return. Once made, the election is irrevocable.

COST OF COMPLYING WITH SULFUR REGULATIONS: (68 OS Sec. 2357.205)

A qualified refinery may make an irrevocable election to allocate all or a portion of the cost of complying with sulfur regulations issued by the Environmental Protection Agency as a deduction allowable to its owners. The allocation for each person is equal to the ratable share of the total amount allocated, determined on the basis of the ownership interest of the person. The taxable income of the refinery shall not be reduced by the reason of any amount allowed under this section.

If you are the Refinery -

To make the election, attach a schedule stating your corporate name and Federal Employer Identification Number, a list of the costs of complying with sulfur regulations some or all of which are being allocated to your owners, and the portion of such costs allocated to each owner, including the owner's name and federal identification number. You shall also provide each owner with written notice of the amount of the allocation. The notice must include your corporate name and Federal Employer Identification Number and the owner's name and federal identification number.

If you are the Owner -

Deduct the portion of the cost of complying with sulfur regulations which have been allocated to you. Attach the written notice of the allocation received from the refinery.

OKLAHOMA CAPITAL GAIN DEDUCTION:

(Schedule A, Line 26, column B or Schedule B, Line 6)

- 3) Be earned on the sale of real property, tangible personal property or intangible personal property located within Oklahoma as part of the sale of all or substantially all of the assets on an Oklahoma company, limited liability company, or partnership where such property has been directly or indirectly owned by such entity or owned by the owners of such entity, and used in or derived from such entity for a period of at least three uninterrupted years prior to the date of the sale.

Agricultural commodity processing facility means building, structures, fixtures and improvements used or operated primarily for the processing or production of agricultural commodities to marketable products. The investment is deemed made when the property is placed in service.

Under no circumstances shall this exclusion lower your taxable income below zero. In the event the exclusion does exceed taxable income, any unused portion may be carried over for a period not to exceed six years. A schedule must be enclosed showing the type of investment(s), the cost of the investment, and the date placed in service.

CAPTIVE REAL ESTATE INVESTMENT TRUSTS: (Schedule A, Line 10, column B or Schedule B, Line 2)

PAGE TWO - SCHEDULE A

Schedule A, Column A is to be completed by all corporations. All corporations start with Schedule A.

Schedule A, Column B is to be used by all corporations domesticated in Oklahoma deriving all of their income within Oklahoma or by corporations whose business within and without Oklahoma is oil and gas production, mining, farming, or rental. This should be completed using the direct accounting method.

Income (loss) shall be allocated in accordance with the situs of such property. Overhead expense shall be allocated on the basis of direct expense in Oklahoma to the total direct expense everywhere.

Line 5 - Interest on U.S. Government Obligations

If you report interest on bonds, notes, and other obligations of the U.S. on your federal return, it may be excluded from your Oklahoma income if a detailed schedule is furnished, accompanied with 1099s showing the amount of interest income and the name of the obligation from which the interest is earned. If the income is from a mutual fund which invests in U.S. Government obligations, enclose documentation from the mutual fund to substantiate the percentage of income derived from obligations exempt from Oklahoma tax. **Interest from entities such as FNMA & GNMA does not qualify.**

Line 6a - Other Interest

Accounts receivable interest income and interest income from investments held to generate working capital shall be allocated to Oklahoma on the basis of direct expense.

All other intangible income (loss) shall be allocated in accordance with the situs of the corporation.

Line 6b - State and Municipal Interest

Corporations domiciled in Oklahoma that receive income on bonds issued by any state or political subdivision thereof, exempt from federal taxation but not exempt from taxation by the laws of the State of Oklahoma, shall add the total of such income to arrive at Oklahoma income.

- 1) Income from all bonds, notes or other obligations issued by the State of Oklahoma, the Oklahoma Capital Improvement Authority, the Oklahoma Municipal Power Authority, the Oklahoma Student Loan Authority, and the Oklahoma Transportation Authority (formerly Turnpike Authority) is exempt from Oklahoma income tax. The profit from the sale of such bond, note or other obligations shall be free from taxation.

Line 6b - State and Municipal Interest (continued)

- 2) Income from local Oklahoma governmental obligations issued after July 1, 2001, other than those provided for in 1, is exempt from Oklahoma income tax. The exceptions are those obligations issued for the purpose of providing financing for projects for nonprofit corporations. Local governmental obligations shall include bonds or notes issued by, or on behalf of, or for the benefit of Oklahoma educational institutions, cities, towns, or counties or by public trusts of which any of the foregoing is a beneficiary.
- 3) Income from Oklahoma State and Municipal Bonds issued prior to July 2, 2001, other than those provided for in 1, is exempt from Oklahoma income tax only if so provided by the statute authorizing their issuance.
- 4) Income on bonds issued by another state or political subdivision thereof (non-Oklahoma), exempt from federal taxation, is taxable for Oklahoma income tax.

Enclose a schedule of all municipal interest received by source and amount. If the income is from a mutual fund which invests in state and local government obligations, enclose documentation from the mutual fund to substantiate the percentage of income derived from obligations exempt from Oklahoma tax.

Note: If the interest is exempt, the capital gain/loss from the sale of the bond may also be exempt. The gain/loss from sale of a state or municipal bond, other than those provided for in 1, is exempt only if so provided by the statute authorizing its issuance.

Tax Tips:

- ✓ Check your calculations carefully.
- ✓ **Don't forget to sign your tax returns.**
- ✓ Always copy your return for your records.

PAGE TWO - SCHEDULE A, CONTINUED

Line 10 - Other Income (Column B)

Rents and interest expenses paid to a captive real estate investment trust and deducted on your federal return must be added back to compute Oklahoma taxable income. Such add-back is not required if the captive real estate investment trust is subject to the add-back for the dividends-paid deduction. See "Captive Real Estate Investment Trusts" on page 15.

Line 12 through 26 - Expenses

Expenses relative to the income above shall be allocated directly to that income.

Income from discharge of indebtedness deferred under IRC Section 108(i)(1) which was added back to compute Oklahoma taxable income in tax year 2010 may be partially deducted. Deduct, in Column B, line 26, an amount equal to the portion of such deferred income included in federal taxable income for tax year 2014.

PAGE THREE - SCHEDULE B

Schedule B is to be used by corporations conducting a business of a unitary nature. A unitary business is one whose income is derived from the conduct in more than one state of a single business enterprise, all the factors of which are essential to the realization of an ultimate gain derived from the enterprise as a whole, and not from its component parts which are too closely connected and necessary to each other to justify division or separate allocation.

Generally the resulting amount is apportioned to Oklahoma based on the 3-factor formula. The basis of the apportionment is the arithmetical average of three factors consisting of property, payroll and sales. If less than 3 factors are present, the resulting amount is apportioned to Oklahoma on a 2-factor or single factor formula consisting of the arithmetical average of the factors present. A factor is considered present if there is a denominator.

NOTE: FACTORS ARE NOT COMPUTED FROM THE CONSOLIDATED TOTALS. Each factor is a ratio of the total within Oklahoma to the total everywhere. For income apportioned to Oklahoma, there is to be added all income separately allocated to Oklahoma with the result being Oklahoma taxable income. 68 OS Sec. 2358.

Line 1 - Federal Taxable Income

Enter Net Taxable Income from Schedule A, Column A, line 30.

Line 2 - Additions

Deductions relating to income which is separately allocated shall not be allowed and will be entered here.

Rents and interest expenses paid to a captive real estate investment trust and deducted on your federal return must be added back to compute Oklahoma taxable income. Such add-back is not required if the captive real estate investment trust is subject to the add-back for the dividends-paid deduction. See "Captive Real Estate Investment Trusts" on page 5.

Line 3 - Deductions

Income from U.S. obligations (see page 6, Schedule A instructions) and net income separately allocated (oil and gas production, mining, farming, or rentals) will be entered here. Gains or losses from sale of intangible personal property which is directly allocated should also be entered here.

Income from discharge of indebtedness deferred under IRC Section 108(i)(1), which was added back to compute Oklahoma taxable income in tax year 2010, may be partially deducted. Deduct an amount equal to the portion of such deferred income included in federal taxable income for tax year 2014.

Line 6 - Oklahoma Additions and Deductions

Income separately allocated to Oklahoma should be entered here. (Examples: interest income from state obligations or political subdivisions, oil and gas production, mining, farming or rentals, etc.).

2-D BARCODE INFORMATION

Does Your Form Have One of These?

If you recognize this barcode from your tax return, your return was prepared using computer software utilizing two dimensional barcoding. This means your tax information will be processed faster and more accurately and you will see your refund faster!

Below are answers to common questions about barcoding.

What Are the Benefits of 2-D Barcoding?

This technology converts the information on a tax return into a scannable barcode. In seconds, the Oklahoma Tax Commission can read the barcode, process it immediately into our system, and eliminate the need for any manual data entry. This enables the Oklahoma Tax Commission to process more returns, faster and with no errors. Ultimately, this means faster refunds for the taxpayers of Oklahoma.

What about Print Quality?

Generally, even when damaged, a 2-D barcode can be read with 100% accuracy, as long as the print quality is set at a high level (not draft).

Where Do I Mail 2-D forms?

The mailing address for 2-D income tax forms is:
 Oklahoma Tax Commission
 Post Office Box 269045
 Oklahoma City, OK 73126-9045

This special mailing address is for 2-D forms only.

Line 16 - Refund

Complete the direct deposit section on the tax return to have the refund deposited into your account at a bank or other financial institution. See page 12 “Direct Deposit Information” for detail.

Line 18 Public School Classroom Support Fund

A donation to this fund may be made on a tax due return. For information regarding this fund, see Line 14, #10.

Line 19 - Underpayment of Estimated Tax Interest

All corporations are required to make estimated tax payments if the tax liability is \$500 or more. To avoid the 20% Underpayment of Estimated Tax Interest, timely filed estimated tax payments are required to be equal to the smaller of 70% of the current year tax liability or 100% of your prior year tax. The tax liability is the tax due less all credits except amounts paid on estimated tax and extension payments.

Place an “X” in the box if the underpayment of estimated tax was computed using the annualized income installment method.

Note: No Underpayment of Estimated Tax Interest shall be imposed if the tax liability shown on the return is less than \$1,000. Enclose Form OW-8-P.

If an **amended return** is filed before the due date for filing the original return, including any extension, the tax shown on the amended return is used to determine the amount of underpayment. If the amended return is filed after the due date, including extension, the tax shown on the amended return will not be used to compute the amount of underpayment.

Line 20 - Delinquent Penalty and Interest

Interest at the rate of 1 1/4% per month shall be paid on the tax due from the original due date until paid. 90% of the tax liability must be paid by the original due date of the return to avoid a delinquent penalty charge of 5% for late payment.

DIRECT DEPOSIT INFORMATION

Complete the direct deposit section on the tax return to have the refund directly deposited into your account at a bank or financial institution. Refunds, with limited exceptions, must be made by direct deposit.

- 1 Place an 'X' in the appropriate box as to whether the refund will be going into a checking or savings account. Please keep in mind you will not receive notification of the deposit.
- 2 Fill out the routing number. The routing number must be nine digits. Using the sample check shown below, the routing number is **120120012**. If the first two digits are not 01 through 12 or 21 through 32, the direct deposit will fail to process. A letter requesting correct banking information will be mailed to the address shown on your tax return.
- 3 Enter your account number. The account number can be up to 17 characters (both numbers and letters). Include hyphens but omit spaces and special symbols. Enter the number from left to right and leave any unused boxes blank. On the sample check shown below, the account number is **2020268620**.

Please Note: The OTC is not responsible if a financial institution refused a direct deposit. If a direct deposit is refused, a check will be issued to the address shown on the tax return.

WARNING! Due to electronic banking rules, the OTC will NOT allow direct deposits to or through foreign financial institutions. If you use a foreign financial institution, or have a foreign address on your income tax return, you will be issued a paper check. If you have an address with an APO, FPO or DPO you are not considered to have a foreign address; your refund will be direct deposited.
