2015 Instructions for Schedule D (100S) S Corporation Capital Gains and Losses and Built-In Gains

References in these instructions are to the Internal Revenue Code (IRC) as of January 1, 2015, and to the California Revenue and Taxation Code (R&TC).

Important Information

The alternative withholding rates for the sale of California real property is 13.8% for S corporations or 15.8% for financial S corporations.

Buyers are required to withhold on each installment sale payment if the sale of California real property is structured as an installment sale.

For taxable years beginning on or after January 1, 2002, when determining the built-in gains tax, C corporations that were required to convert to S corporations for California purposes are deemed to have elected S corporation status on the effective date of their federal election regardless of the effective date for state purposes.

General Information

In general, for taxable years beginning on or after January 1, 2015, California law conforms to the Internal Revenue Code (IRC) as of January 1, 2015. However, there are continuing differences between California and federal law. When California conforms to federal tax law changes, we do not always adopt all of the changes made at the federal level. For more information, go to ftb.ca.gov and search for **conformity**. Additional information can be found in FTB Pub. 1001, Supplemental Guidelines to California Adjustments, the instructions for California Schedule CA (540 or 540NR), and the Business Entity tax booklets.

The instructions provided with California tax forms are a summary of California tax law and are only intended to aid taxpayers in preparing their state income tax returns. We include information that is most useful to the greatest number of taxpayers in the limited space available. It is not possible to include all requirements of the California Revenue and Taxation Code (R&TC) in the tax booklets. Taxpayers should not consider the tax booklets as authoritative law.

Purpose

Schedule D (100S), S Corporation Capital Gains and Losses and Built-In Gains, is divided into Section A and Section B. Use Section A to report all built-in gains subject to the 8.84% tax rate (10.84% for financial S corporations). Use Section B to report all other capital gains subject to the 1.5% tax rate (3.5% for financial S corporations). For more information, see General Information J, Built-In Gains, in the Form 100S, S Corporation Tax Booklet.
