Instructions for Completing Form 13287, Bank Problem Identification Worksheet

GENERAL— When a bank delays forwarding a taxpayer's "timely received with proper instructions" Federal Tax Deposit (FTD) to the U.S. Treasury, the taxpayer may be relieved of the portion of the FTD penalty pertaining to that payment, **if the bank accepts responsibility for the delay**. For each delayed FTD payment or issue, FAX a separate Form 13287 and Instructions to the responsible bank for completion and a bank official's signature. The signed form then becomes the authorization for the Federal Reserve Board (FRB) to charge the bank for the loss of funds to the U.S. Treasury.
