2015 IA 147 Franchise Tax Credit Instructions

If a financial institution as defined in section 581 of the Internal Revenue Code elects to file as an S corporation for federal income tax purposes and, therefore, to have its income taxed directly to shareholders, those shareholders (individuals, C corporations, fiduciaries) qualify for a Franchise Tax Credit. The tax credit cannot exceed the shareholder's pro rata share of the Iowa franchise tax paid by the financial institution.

To complete this form, you will need information from the 1120F and 1120S filed by the financial institution. This information is included with your IA 1120S Schedule K-1. You will also need your IA 1040, IA 1120, or IA 1041.

Line 2: Share of financial institution income - Multiply your ownership percentage in the S corporation by the modified federal income from Part III, line 10 of the 1120S. This information is included with your IA 1120S Schedule K-1.

Line 6: Potential income tax - The sum of lines 4 and 5 provides income tax liability owed on all income except your share of the financial institution's income.

Line 8: Income tax without financial institution income - The difference between lines 6 and 7 provides income tax liability minus designated tax credits.

Line 11: Income tax on all income - The difference between lines 10 and 7 provides income tax liability on all income minus designated tax credits.

Line 13: Shareholder's pro rata share of franchise tax - Amount of franchise tax liability minus any tax credits claimed by the financial institution multiplied by your ownership percentage. This information is available on the 1120F filed by the financial institution and included with your IA 1120S Schedule K-1.

Line 14: Franchise Tax Credit - The Franchise Tax Credit that can be claimed against income tax is the smaller of the income tax you owe on your share of the financial institution's income or your share of the franchise tax paid by the financial institution.

Enter in column D of Part I on the IA 148 Tax Credits Schedule; use tax credit code 04 in column A. Any credit in excess of the tax liability cannot be carried forward and should be entered as expired in column G of the IA 148.

File a separate IA 147 for each Franchise Tax Credit received. Each Franchise Tax Credit must be reported on a separate line in Part I of the IA 148 Tax Credits Schedule. Include the financial institution name in column M and the FEIN in column N of Part IV of the IA 148.

Include this form with your return.
