

2016 Montana Fiduciary Estimated Income Tax Worksheet

15-30-2512, MCA

Keep this worksheet for your records

This worksheet helps you calculate an estimate of your 2016 income tax liability based on the information you have available. If your situation changes or you find out values you originally used to complete this worksheet are not accurate, you should complete this worksheet again with the updated information and adjust your remaining payments accordingly.

To estimate your 2016 income tax liability (which is defined as the total tax imposed by Title 15, chapter 30, MCA, less any nonrefundable tax credits allowed under Montana law) you may use your 2015 income tax liability from Form FID-3, line 36. If you choose this method, skip lines 1 through 10a and enter your 2015 tax liability on line 10b; otherwise begin with line 1.

For example: Taxable income \$6,800 X 3% (0.030) = \$204.

\$204 minus \$78 = \$126 tax

Form ESW-FID Instructions

What is the purpose of Form ESW-FID?

The purpose of this form is to assist a fiduciary in calculating the 2016 estimated income tax. Estimated tax payments are a method used to pay tax on income that is not subject to withholding. Examples of income that may not be subject to withholding include interest, dividends, rents, capital gains, royalties, etc.

Is a fiduciary required to make estimated tax payments?

A fiduciary for an estate or trust is required to make estimated tax payments in 2016 if the estate or trust expects to owe an income tax liability of at least \$500 after subtracting tax credits and withholding payments.

If a fiduciary is required to make estimated tax payments, these payments will be the lesser of:

- 100% of the 2015 Montana tax liability reported on Form FID-3, line 36, or
- 90% of the 2016 Montana income tax liability.

Who is not required to make estimated payments?

The fiduciary is not required to make estimated tax payments in 2016 if the estate or trust meets one of the following criteria:

- The 2016 income tax due after credits and withholding is less than \$500,
- The 2015 tax period covered 12 months and the Montana tax due was zero, or
- The estate or trust was not required to file a 2015 Montana income tax return.
- At least 2/3 of the estate or trust's gross income is derived from farming and ranching operations. (Montana does not apply a "lookback" provision to determine farming and ranching gross income.)

When are the estimated tax payments due?

When a fiduciary files an estate's or trust's tax return on a calendar year basis, it may prepay all of the estimated taxes for 2016 by April 15, 2016, or it may pay them in four equal amounts that are due on the dates listed below.

First payment - due April 15, 2016
Second payment - due June 15, 2016
Third payment - due Sept 15, 2016
Fourth payment - due Jan 15, 2017

If any of these installment dates fall on a weekend or a holiday, the payment is due on the next business day.

If a fiduciary files an estate's or trust's tax return on a fiscal year basis, the payment dates are the 15th day of the fourth, sixth, and ninth months of the fiscal year and the first month of the following fiscal year.

What does a fiduciary need to do if the income situation for an estate or trust changes during the year?

If an estate's or trust's tax situation changes during the

year, the fiduciary will need to recalculate the estimated tax payments. The remaining installment payments will need to be proportionally changed so that the balance of the estimated payments is paid equally over the remaining installment periods.

How does an estate or trust determine the amount of estimated withholding that it will have in 2016?

A fiduciary can use the 2016 paycheck or pension check stubs received to date to estimate the amount of withholding that the estate or trust may have in 2016.

In addition, remember to include in payments any 2015 overpayments that are credited to 2016, any backup withholding that may be made on behalf of the estate or trust from a pass-through entity, or any estimated refundable credits, such as the elderly homeowner/renter credit.

A fiduciary did not make estimated tax payments in 2016 and the income tax due of the estate or trust is more than \$500. Is the estate or trust subject to any penalties and interest on the underpayment?

Yes. A fiduciary is required to pay the income tax liability of an estate or trust throughout the year. Payments can be made through employer withholding, installment payments of estimated taxes, or a combination of employer withholding and estimated tax payments.

If a fiduciary did not pay in advance at least 90% of the 2016 income tax liability (after applying credits) or 100% of the 2015 income tax liability (after applying credits), the fiduciary may have to pay interest on the underpayment of the estimated tax.

How can a fiduciary make estimated tax payments?

- Pay electronically. Visit our website at revenue.
 mt.gov to make an extension payment.
 - Taxpayer Access Point (TAP) pay with an e-check or credit/debit card.
 - ACH Credit register on our website to send payments from your online banking service.
- Pay by personal check, money order or cashier's check. Please make the check payable to Montana Department of Revenue. Remember to sign the check and include the federal identification number and "Tax Year 2016-EST" on the memo line. Include a FID payment voucher which can be found on our website at revenue.mt.gov under Forms and Resources. This will ensure accurate application of an estimated payment.
