Enter the amount from line 31 above on the "interest on underpayment of estimated tax" line of Form 20, Form 20-I, Form 20-S, or Form 20-INS. Include this form with your return and check the "Form 37" box.

Form 37 instructions

If your current year corporation tax liability, including the minimum tax, is less than \$500 you are not required to make estimated payments. Do not complete this form.

Line 13—Exception 2. To qualify to use this exception, your prior year return must cover a period of 12 months and show a tax liability.

A **high-income taxpayer** has federal taxable income, before net operating loss and capital loss carryovers and carrybacks, of \$1,000,000 or more in any one of the last three years, not including the current year.

If you are a **high-income taxpayer**, exception 2 only applies to the **first** installment payment, and any reduction to the first installment payment due to exception 2 **must** be added to the second installment payment.

The reduction amount that must be added to the second installment is the lesser of the exception amounts on lines 12, 14, and 15 in column (a), minus the exception 2 amount on line 13 in column (a).

Add the reduction amount to the lesser of the exception amounts on lines 12, 14, and 15 in column (b) and enter the result on line 4 as the required second installment.

Line 14—Exception 3. This applies to taxpayers using the annualized income installment method. See the instructions for lines 16 and 18.

Line 15—Exception 4. This applies to taxpayers with recurring seasonal income. The taxpayer must pay, by each installment due date, an amount equal to 100 percent of the amount by applying Section 6655(e)(3)(C) of the Internal Revenue Code (IRC) to Oregon taxable income. Include a schedule of your computation.

Line 16—Annualization periods. If you did not elect to use the optional annualization periods for federal purposes allowable under section 6655(e)(2)(C) of the IRC, you must use the standard Oregon annualization periods provided in ORS 314.525(2)(c)(A). If you elected to use the optional annualization periods for federal purposes, you must use the same annualization periods for Oregon.
