4	If line 1 is more than line 2, subtract line 2 from line 1. Fill in the result here and on line 4 of Form 2 4			

Instructions for Schedule NR

Schedule NR is completed by part-year and nonresident estates and trusts filing Form 2. Part I of Schedule NR is used to compute the Wisconsin taxable income of the estate or trust. Part II of Schedule NR is used to compute an addition or subtraction to federal taxable income.

Part I – Computation of Wisconsin Taxable Income

Part I of Schedule NR has three columns for figures:

Column (a) is labeled “Federal Amount.” In this column, lines 1 through 24, fill in the same amounts reported on the federal return.

Exception The computation of taxable income is based on the provisions of federal law amended to December 31, 2013, with certain exceptions. Federal laws enacted after December 31, 2013, do not apply for Wisconsin purposes unless adopted by the Legislature. If any provision of federal law which does not apply for Wisconsin purposes affects federal taxable income, complete Schedule B of Form 2. The amount you fill in on lines 1 through 24 of Schedule NR should be revised to reflect any Schedule B adjustment(s).

Column (b) is labeled “Wisconsin Amount.” In this column, lines 1 through 24, fill in the amounts that apply to Wisconsin.

Your federal taxable income may include items that aren’t taxable or deductible for Wisconsin, or it may not include items that are taxable or deductible for Wisconsin. If so, you must add or subtract these items from your federal income to arrive at the correct Wisconsin income. See the instructions for Schedule A of Form 2 for a comprehensive list of additions and subtractions.

Line 4 Enter in column (b) the amount from line 27 or 28 of Schedule WD (Form 2).

Line 7 If gains or losses from sales (or other dispositions) of assets or from Schedules 2K-1, 3K-1, or 5K-1 are reported on federal Form 4797 and there is a difference between the federal gain or loss and the Wisconsin gain or loss, follow the three steps below:

STEP 1: Recompute federal Form 4797, using the Wisconsin basis of assets instead of the federal basis and the Wisconsin gain or loss instead of the federal gain or loss.

Label this recomputed Form 4797 “Wisconsin.” Enclose the “Wisconsin” Form 4797 with Form 2.

STEP 2: If a net long-term capital gain is entered on the “Wisconsin” Form 4797, the amounts from the “Wisconsin” Form 4797 that apply to Wisconsin must be used to complete line 12 of Wisconsin Schedule WD (Form 2).

STEP 3: Fill in the amount of ordinary gain or loss computed on the “Wisconsin” Form 4797 that applies to Wisconsin on line 7, column (b).

Column (c) is labeled “Non-Wisconsin.” In this column, lines 1 through 24, fill in the amounts that do **not** apply to Wisconsin.

Part II – Computation of Addition or Subtraction Modification

Enter the amount, if any, from line 3 on line 2 of Form 2. Enter the amount, if any, from line 4 on line 4 of Form 2.
