## 2016 Payment for Automatic Colorado Extension for Estates or Trusts

### Automatic Filing Extension

#### General Information

Colorado income tax returns are due the fifteenth day of the fourth month after the end of your tax year, or by April 18, 2017 for traditional calendar year filers. If you are unable to file by your prescribed due date, you may file under extension. This will allow you an additional 6 months to file your return, or until October 16, 2017 for traditional calendar year filers. However, the extension to file DOES NOT allow you to extend your payment due date.

*You must pay at least 90% of your tax liability by the original due date of your return (or April 18th) and the remainder by the filing extension due date (or October 16th) to avoid delinquent payment penalties.*

#### Penalties and Interest

If the 90% rule is NOT met by the original due date, then delinquent penalty and interest will be assessed when you file your return. If 90% or more of your tax liability is paid by the original due date, and the remaining balance is paid by the extension due date, no penalty will be assessed.

However, you will be billed interest, but only on the amount being paid by the extension due date.

If after the original due date, you determine that you underpaid your extension payment you should pay the additional tax as soon as possible to avoid further accumulation of penalty and/or interest.

#### Go Green with Revenue Online
