

Certification of Qualified Nature of Enterprise Zone Rehabilitation Expenditures

Note—Beginning January 1, 2012, pre-certification is required prior to performing activities that are eligible for Enterprise Zone income tax credits.

Both pre-certification and the typical certification process can now be facilitated electronically through the Colorado Office of Economic Development's Enterprise Zone Web page www.AdvanceColorado.com/EZ

Pre-certification Instructions

After reading and signing the affirmation statement for your business, give the form to your Enterprise Zone Administrator. Enterprise Zone Administrators will sign their affirmation statement and return the form to the business.

Complete any information, including name and address, that is currently available.

Complete this form only if you cannot do so electronically. Electronic submissions reduce errors that may delay the processing of your applications and income tax returns.

This form certifies the qualified nature of the expenditures you made to rehabilitate for commercial use a building located in a Colorado enterprise zone. At the time the expenditure was made, the building must have been at least 20 years old and completely vacant for at least two years.

To claim the enterprise zone building rehabilitation credit:

- If filing electronically, you can expect an email from your Enterprise Zone Administrator within 3-4 business days of submission. Or, if you must file on paper and would like a copy of this form returned to you by the Enterprise Zone Administrator, be sure to enclose a self-addressed stamped envelope.
- Submit a copy of the certified form when you file your Colorado income tax return. Also submit copies of receipts, bills or any other documentation you may have that will verify the amount of the qualified expenditures. Pass-through entities must also submit a copy of the DR 0078A to specify the partner/shareholder name, ID number and amount of credit passed through to them.

Qualified Expenditures means expenditures associated with exterior improvements, structural improvements, mechanical improvements or electrical improvements necessary to put the building into a proper condition for the operation of a commercial enterprise. Qualified expenditures may include expenditures associated with demolition, carpentry, sheetrock, plaster, painting, ceilings, fixtures, doors, windows, sprinkler systems installed for fire protection purposes, roofing and flashing, exterior repair, cleaning, tuck pointing and cleanup.

Qualified Expenditures does not include soft costs such as the cost of appraisals; architectural, engineering and interior design fees; legal, accounting and Realtor fees; loan fees; sales and marketing; closing; building permit, use and inspection fees; bids; insurance; project signs and phones; temporary power; bid bonds; copying; and rent loss during construction.

Qualified Expenditures does not include costs associated with acquisition; interior furnishings; new additions, except as may be required to comply with building and safety codes; excavation; grading; paving; landscaping; and repairs to outbuildings.
