| quarters. Enter here and on line 7 | \$ | \$ | \$ | \$ |

Instructions for DR 0204

Part 1 Generally you are subject to an estimated tax penalty if your current year estimated tax payments are not paid in a timely manner. The estimated tax penalty will not be assessed if either of the exceptions are met.

Part 2 The required annual amount to be paid is the lesser of:

- 1. 70% of actual current year net Colorado tax liability.
- 2. 100% of preceding year's net Colorado tax liability. (This amount only applies if the preceding year was a 12-month tax year, the individual filed a Colorado return and the federal adjusted gross income for the preceding year was \$150,000 or less, \$75,000 or less if married separate.)
- 3. 110% of preceding year's net Colorado tax liability. (This amount only applies if the preceding year was a 12-month tax year and the individual filed a Colorado return.)

Part 3 If no exception applies to you, compute your penalty on lines 7 through 19 of form 204. Complete each column before going on to the next column. See FYI Income 51, Estimated Income Tax, regarding estimated tax payment allocation on line

8. The amount entered on line 10 is the net overpayment from the preceding period. On line 17, if the payment was made prior to January 1 enter "0." If the tax return is filed and any tax due is paid by January 31 no penalty will be computed in column four. Estimated tax payments from a farmer or fisherman are due in a single payment by January 15 and only column four is used to compute the penalty.

Social Security Number

Part 4 Taxpayers who do not receive income evenly during the year may elect to use the annualized income installment method to compute their estimated tax payments if they elect annualized installments for the payment of their federal income tax. Complete the annualized installment method schedule to compute the amounts to enter on line 7. See FYI Income 51 regarding this computation method.

Example: Taxpayer's net tax liability for the current year is \$10,000. He had \$1,000 withholding and none of the exceptions apply. He paid \$4,000 on June 12 and made no additional estimated tax payments.

| | April 15 | June 15 | September 15 | January 15 |
