Seller/Service Provider should retain this Certificate for Service Provider's files. Do NOT send to the Department of Taxation.

^{*} Service business is defined to mean "all activities engaged in for other persons for a consideration which involve the rendering of a service, including professional and transportation services, as distinguished from the sale of tangible personal property or the production and sale of tangible personal property." A service business DOES NOT include sales representatives receiving commissions, rental activity, public service companies, or any other business where the income subject to the general excise tax is received from intangible rights, such as royalties, licenses, and access fees. "Amusements" means entertainment provided as part of a show for which there is an admission charge.

^{**} Transactions covered are services and amusements which remain identifiable elements of the final sale.
