Unused credit amounts on line 3 may be carried forward for up to five years.

## WORKSHEET INSTRUCTIONS

An employer with 20 or fewer employees (calculated on an average monthly basis) may qualify for the credit for wellness programs. An employer is a taxpayer that employs one or more individuals performing services for the taxpayer within Maine.

The credit is equal to expenditures made during the taxable year to develop, institute and maintain a wellness program. The total credit (including the carryover of unused credit amounts from prior years) is limited to the lesser of \$100 per employee or \$2,000, and may not reduce tax liability to less than zero. Any unused credit amounts on line 3 may be carried forward for up to 5 years.

A wellness program is a program that improves employee health, morale and productivity. This includes, but is not limited to, health education programs, behavioral change programs and incentive awards to employees who engage in regular physical activity. Behavioral change programs include counseling, seminars or classes on nutrition, stress management, or smoking cessation.
