

UNDERPAYMENT OF ESTIMATED TAX WORKSHEET

Name as shown on return

SSN or FEIN

FORM OW-8-P 2016

SECTION ONE: ANNUALIZED METHOD

Check the box to the left if you are using the annualized income installment method. If your income varied during the year because, for example, you operated your business on a seasonal basis, you may be able to lower or eliminate the amount of one or more required installments by using the annualized income installment method.

SECTION TWO: WORKSHEET

Part 1: Required Annual Payment

Table with 8 rows for Part 1: Required Annual Payment. Rows include: 1. Income tax shown on your current year's tax return; 2. Oklahoma credits; 3. Oklahoma tax liability; 4. Multiply line 3 by 70%; 5. Withholding taxes; 6. Subtract line 5 from line 3; 7. Tax liability shown on your previous year's tax return; 8. Required annual payment.

Part 2: Figure Your Underpayment

Due Date of Installments*

Main table for Part 2: Figure Your Underpayment. Columns: Column A (April 15th First Quarter), Column B (June 15th Second Quarter), Column C (Sept. 15th Third Quarter), Column D (Jan. 15th Fourth Quarter). Rows include: 9. Required annual payment; 10a-c. Tax withheld, estimated tax paid, and add lines; 11-17. Complete lines 11-17 of one column before continuing; 18. Interest due for each quarter; 19. Total Interest.

*If the due date falls on a weekend or holiday, adjust the due date to the next business day. Also, adjust the quarter due date as needed for fiscal year taxpayers.

Line 10: You are considered to have paid one-fourth of your withholding on each payment due date unless you can show otherwise. Estimated tax must be entered in the quarter in which it was paid (ie. Column A, payments made by 4/15; Column B, payments made 4/16 through 6/15; Column C, payments made 6/16 through 9/15; and Column D, payments made 9/16 through 1/15 of the following year).

Line 19: Enter total interest here and on your income tax return.

Name as shown on return	SSN or FEIN
-------------------------	-------------

Part 3: Computation of Interest	Column A	Column B	Column C	Column D	Column E
Complete each quarter before going to the next quarter.	Date of Payment	Amount of Payment	Balance Due After Payment	Number of Days	Interest
First Quarter • Due Date 4/15					
Enter required payment from Part 2, line 9, Column A.					
Enter any withholding.	4/15				
Enter apply from previous year, if any.	4/15				
Enter any estimated tax payment.	4/15				
Enter tax payment made after 4/15.					
Enter tax payment made after 4/15.					
Total interest due for first quarter.					
Second Quarter • Due Date 6/15					
Enter required payment from Part 2, line 9, Column B.					
Enter any withholding not used in prior quarter.	6/15				
Enter any estimated tax not used in prior quarter.	6/15				
Enter tax payment made after 6/15.					
Enter tax payment made after 6/15.					
Total interest due for second quarter.					
Third Quarter • Due Date 9/15					
Enter required payment from Part 2, line 9, Column C.					
Enter any withholding not used in prior quarters.	9/15				
Enter any estimated tax not used in prior quarters.	9/15				
Enter tax payment made after 9/15.					
Enter tax payment made after 9/15.					
Total interest due for third quarter.					
Fourth Quarter • Due Date 1/15					
Enter required payment from Part 2, line 9, Column D.					
Enter any withholding not used in prior quarter.	1/15				
Enter any estimated tax not used in prior quarter.	1/15				
Enter tax payment made after 1/15.					
Enter tax payment made after 1/15.					
Total interest due for fourth quarter.					

Instructions to Part 3

In the first line of each quarter, Part 3, Column C, enter the required payment from Part 2, line 9. Then complete each line across before proceeding to the next line. Column C in each quarter must be brought to zero, unless all payments have already been applied, before proceeding to the next quarter.

Column A- Enter the date the estimated tax payment(s) was actually paid. Estimated tax payments and withholding payments which are paid on or before the quarterly due date are considered timely paid; therefore, the date is preprinted on the form. If the preprinted date falls on a weekend or holiday, adjust the date to the next business day. Any balance due, paid with your tax return, is considered a payment for this purpose and should be listed using the date you filed your return or the fifteenth day of the fourth month (for corporations, the fifteenth day of the third month) following the close of the taxable year, whichever is earlier.

Column B- Enter payments according to the date paid or deemed paid, the earliest date of payment being applied first. Only use the portion of a payment necessary to bring the balance due to zero.

Withholding payments are deemed paid on the quarterly due date(s). Enter on the withholding line tax(es) withheld, on or before the quarterly due date, that have not been applied to a previous quarter.

Enter on the estimated tax line estimated tax payments paid on or before the quarterly due date, which have not been applied to a previous quarter.

Enter on the tax payment line(s) any payment made after the quarterly due date. If more lines are needed for tax payments, list each payment separately on an attached schedule using Columns A through E.

Column C- Compute the balance due after each payment. If there are no payments entered on the withholding and estimated tax lines, bring the required payment down to the estimated tax line in Column C and complete Columns D & E.

Column D- Column C balance, for each line, is considered past due until the next payment is made. Compute the number of days past due from the date of this payment until the date of the next payment or the fifteenth day of the fourth month (for corporations, the fifteenth day of the third month) following the close of the taxable year, if no payment is made.

Column E- $\frac{\text{Column C} \times \text{Number of days in Column D} \times 20\%}{\text{divided by } 365}$
