DID YOU BUY ANYTHING ONLINE LAST YEAR? YOU MIGHT OWE USE TAX!

Shopping online is easy, but it's not free.

Utah loses millions in tax revenue a year (and growing) to online sales. This makes it harder for the state to pay for everything from education to healthcare.

When online sellers do not collect sales tax, it becomes your responsibility to pay use tax. You must pay any use tax you owe when you file your Utah income tax return.

See page 10 for more information and a worksheet to help you calculate how much use tax you owe.

CHECKOUT

You Should Know:

- Purchases are not exempt from tax just because you make them online.
- Use tax applies to any purchase that sales tax would.
- Your use tax rate depends on where you live. See page 10.
- Grocery food is taxed at a flat 3 percent across Utah.
- Some online sellers have tools to help you calculate the use tax you owe.

Still want to file a paper return? Are you sure?

- 😞 Each paper return must be removed from the envelope, sorted, examined, and keyed in by hand.
- 😞 If you make even a simple mistake, fixing it will add several more weeks of processing time.
- 😞 If we can't figure out how to fix your return, we will have to contact you and wait for your response before we can process your return.
- 😞 If you are waiting for a refund, we cannot issue it until your paper return has been manually processed and posted to your account.

Paper Returns

To avoid errors and get the fastest refund possible, file your return electronically. If you must file a paper return, follow these guidelines:

- Use black or dark blue ink only. Do not use felt tip pen.
- Enter only whole dollar amounts on all forms – no cents.
- If a line or box does not apply to you, leave it blank.
- Do not use dollar signs, commas or parentheses.
- If entering a loss, use a minus sign in front of the number.
- Sign and mail the original return – keep a copy for your records.

What's New

- **UESP Deposits:** You can now choose to deposit any or all of your income tax refund into your UESP account(s). See page 15.
- **Enterprise Zone Credit:** You will need to contact the Governor's Office of Economic Development (GOED) to claim the enterprise zone credit for tax years 2016 and beyond. If you have unused enterprise zone credit from years prior to 2016, you may carry those amounts forward for three years using code 07. See page 23.
- **Achieving a Better Life Experience Credit:** The 2015 Utah Legislature passed SB 292, creating a credit for contributions to an *Achieving a Better Life Experience* account to help pay a beneficiary's qualified disability expenses. See page 25.

Volunteer Income Tax Assistance (VITA)

VITA volunteers provide free tax preparation service to low-income and elderly taxpayers. Some VITA sites can file electronically. Call 2-1-1 or 1-800-906-9887 to find the closest VITA site.

Federal Earned Income Tax Credit (EITC)

The federal earned income tax credit is a refundable federal (not Utah) tax credit for certain people who work and have earned income. The credit can mean a larger refund or a reduction in your federal tax.

Check the IRS website at irs.gov/eitc, or call the IRS at 1-800-829-1040 to see if you qualify.

Who Must File

1. Every Utah resident or part-year resident who must file a federal income tax return;
2. Every nonresident with income from Utah sources who must file a federal return; and
3. Taxpayers wanting a refund of any income tax overpaid.

To file a Utah return, first complete your federal return, even if you do not have to file with the IRS. You need the federal return information to complete your Utah return.

Qualified Exempt Taxpayer: You may be exempt from Utah individual income tax if your federal adjusted gross income is less than the sum of your federal standard deduction and federal personal exemptions. See instructions for line 21.

Nonresident Filing Exemption: You do not need to file a Utah return if:

1. you are a nonresident whose only Utah source of income is from a partnership, S corporation or trust (or other pass-through entity),
2. the partnership, S corporation, trust or other pass-through entities withheld Utah income tax on your Utah income, and
3. you are not claiming a Utah tax credit.

When to File and Pay

You must file your return and pay any tax due:

1. by April 18, 2017, if you file on a 2016 calendar year basis (tax year ends Dec. 31, 2016); or
2. by the 15th day of the fourth month after the fiscal year ends, if you file on a fiscal year basis. If the due date falls on a Saturday, Sunday or legal holiday, the due date is the next business day.

You must pay all Utah income taxes for the tax year by the due date. You may be subject to penalties and interest if you do not file your return on time or do not pay all income tax due by the due date. (See *Penalties and Interest* in these instructions).

Utah does not require quarterly estimated tax payments. You can prepay at any time by mailing your payment with form TC-546, *Individual Income Tax Prepayment Coupon*, or by paying at taxexpress.utah.gov.

Extension of Time to File

TIP This is **NOT** an extension of time to pay your taxes – it is an extension to file your return.

You automatically get an extension of up to six months to file your return. Utah does not have an extension form. However, penalties will be assessed if you have not met the prepayment requirements (see below) by the original due date.

See *Penalties and Interest* instructions on page 3. All extension returns must be filed by Oct. 16, 2017.

Prepayment Requirements for Filing Extension

You must prepay by the original due date:

- 90 percent of your 2016 Utah tax due (TC-40 line 27 plus line 30);
- 100 percent of your 2015 Utah tax liability (TC-40 line 27 plus line 30 of your 2015 Utah return); or
- 90 percent of your 2016 Utah tax due if you did not have a Utah tax liability in 2015 or if this is your first year filing.

You may prepay through withholding (W-2, TC-675R, 1099-R, etc.), payments applied from previous year refunds, credits and credit carryovers, or payments made by the tax due date using form TC-546, *Individual Income Tax Prepayment Coupon*, or at taxexpress.utah.gov. Interest is assessed on unpaid tax from the original filing due date until the tax is paid in full. Penalties may also apply.

How to File

File your Utah taxes at taxexpress.utah.gov.

If filing on paper, mail your return to the mailing address on page 1.

What to Attach and What to Keep

Attach

Send the following with your Utah return (also keep a copy with your tax records):

- **Utah Schedules**

TC-40 page 3, TC-40A, TC-40B, TC-40C, TC-40S, and TC-40W (all that apply).

- **Other Adjustments**

An explanation for any equitable adjustment entered on TC-40A, Part 2, code 79.

- **Other Forms**

Attach form TC-131 if claiming a refund for a deceased taxpayer. Also attach TC-40LIS if you are a building project owner of a low-income housing unit. Also attach federal form 8379 if you are claiming relief as an injured spouse (see page 5).

- **Tax Due**

Pay any return amount due at taxexpress.utah.gov. If paying by check or money order, include form TC-547, *Individual Income Tax Return Payment Coupon* (see the last page of these instructions).

FYI: Withholding Forms

You must enter withholding tax information on form TC-40W. Attach TC-40W to your return.

Keep

Do not send forms W-2, 1099-R, 1099-MISC, Utah Schedule K-1 or TC-675R with your return. Keep all withholding forms with your tax records. If you do not complete and submit form TC-40W with your return, processing will be delayed and we may reject your withholding credit.

Do not send a copy of your federal return, credit schedules (other than Utah schedules TC-40A, TC-40B, TC-40C, TC-40S and/or TC-40W), worksheets, or other documentation with your Utah return. Keep these, along with any receipts, with your tax records.

Recordkeeping

Keep copies of any receipts, tax forms, worksheets and other documentation to support any income, deduction, exemption and credit you have reported. **We may ask you to provide this information later to support entries on your Utah return.**

Rounding Off to Whole Dollars

Round off cents to the nearest whole dollar. Round down if under 50 cents; round up if 50 cents and above. **Do not enter cents anywhere on the return.**

Penalties

Utah law (UC §59-1-401) provides penalties for not filing tax returns by the due date, not paying tax due on time, not pre-paying enough on extension returns, and not filing information returns or supporting schedules. See tax.utah.gov/billing/penalties-interest and Pub 58, *Utah Interest and Penalties* (tax.utah.gov/forms). You can calculate penalties by using the *Penalty and Interest Calculator* at taxexpress.utah.gov.

Interest

(In addition to penalties due)

Interest is assessed on underpayments from the due date until the liability is paid in full. The interest rate for 2017 is 3 percent. Use the Penalty and Interest Calculator at taxexpress.utah.gov or see Pub 58, *Utah Interest and Penalties*, at tax.utah.gov/forms.

Domicile Defined

(UC §59-10-136)

Utah Domicile

For Utah tax purposes, a person is considered domiciled in Utah under the following conditions:

Test 1

1. You or your spouse has claimed a dependent on your federal tax return, and the dependent is enrolled in a Utah public K-12 school (unless you are a noncustodial parent who is divorced from a custodial parent).
2. You or your spouse is enrolled as a resident student in a Utah state institution of higher education.

Test 2

There is a rebuttable presumption you or your spouse is domiciled in Utah (i.e., you are domiciled in Utah unless you can prove otherwise) if either of you:

1. claims a residential exemption for a primary residence under UC §59-2, Property Tax Act;
2. is registered to vote in Utah; or
3. claims Utah residency for purposes of filing your income tax return.

Test 3

Even if you or your spouse does not meet any of the conditions above, you are still domiciled in Utah if:

1. either you or your spouse has a permanent home in Utah to which either of you returns after being absent; and
2. you or your spouse has voluntarily settled in Utah, not for a special or temporary purpose, but with the intent of making a permanent home.

Whether or not you or your spouse has a permanent home in Utah is based on a preponderance of the evidence, taking into consideration all of the following facts and circumstances (i.e., we will weigh the following facts and circumstances to decide if you have a permanent home in Utah):

- You or your spouse has a driver's license in Utah.
- You or your spouse claims an exemption for a dependent who is enrolled as a resident student in a Utah state institution of higher education.
- The nature and quality of your living accommodations in Utah compared to another state.
- You have a spouse or dependent in Utah for whom you or your spouse claims a federal tax exemption.
- The physical location where you or your spouse earns income.
- The state of registration of a vehicle owned or leased by you or your spouse.

- You or your spouse has a membership in a church, club or similar organization in Utah.
- You or your spouse lists a Utah address on mail, a telephone listing, a listing in an official government publication, other correspondence, or similar item.
- You or your spouse lists a Utah address on a federal or state tax return.
- You or your spouse claims Utah residency on a document filed with or provided to a court or other governmental entity.
- You or your spouse fails to obtain a permit or license normally required of a resident in the state where you claim to have domicile.
- You or your spouse has a dependent child who is in the custody of a former spouse and who is enrolled in a Utah public K-12 school.

No Utah Domicile

You do not have a Utah domicile if you are absent from Utah for at least 761 consecutive days and during this time you or your spouse:

1. does not return to Utah for more than 30 days in a calendar year,
2. does not claim an exemption on their federal tax return for a dependent who is enrolled in a Utah public K-12 school,
3. is not enrolled in a Utah state institution of higher education as a resident student,
4. does not claim the residential exemption for property tax on your primary residence in Utah, or
5. does not claim Utah as your home for federal tax purposes.

An absence from the state begins on the later of the date you or your spouse leaves Utah and ends on the day you or your spouse returns to and stays in Utah for more than 30 days in a calendar year.

If you do not have Utah domicile, you may choose to be considered as having Utah domicile by filing a Utah resident income tax return.

If you are considered to have domicile in Utah, your spouse is also considered to have domicile in Utah. This rule does not apply if you are legally separated or divorced, or you file your federal returns as married filing separately.

You must file a Utah income tax return (or amended return) and pay any penalty and interest that apply if you did not file a Utah return based upon your belief that you did not meet the domicile criteria.

Resident Defined

A Utah resident is a person who meets one or more of the following:

1. is domiciled in Utah for the entire year, even if temporarily outside of Utah for an extended period of time;
2. is domiciled in Utah for any period of time during the taxable year, but only for the duration of that period; or
3. even though domiciled outside Utah, maintains a place of abode in Utah and spends 183 or more days of the taxable year in Utah.

When determining whether a person spends 183 or more days in Utah, a "day" means a day in which the person spends more time in Utah than in any other state.

183-Day Test

If you are a Utah resident, based only on your being in Utah for 183 days or more during the taxable year, and:

1. neither you nor your spouse is domiciled in Utah, and
2. your spouse was not in Utah for 183 days or more,

file TC-40B, *Non or Part-year Resident Schedule*. See TC-40B instructions on page 27.

These rules do not apply to military personnel or their spouses who are in Utah on military assignment, unless they are Utah residents.

All income received during the period of Utah residency is taxable in Utah, regardless of where that income is earned, unless specifically exempted.

See Tax Commission rule R865-91-2 at tax.utah.gov/commission-office/rules for more information.

Nonresident Defined

A nonresident is a person who was not domiciled in Utah or was in Utah for temporary purposes for less than 183 days during the taxable year or does not maintain a place of abode in Utah. Income received by a nonresident from Utah sources is taxable in Utah. In determining whether a person spends 183 or more days in Utah, a "day" means a day in which the person spends more time in Utah than in any other state.

Part-Year Resident Defined

A part-year resident is a person who is a Utah resident for part of the year and a nonresident for part of the year. All income received during the period of Utah residency is taxable in Utah, regardless of where that income is earned, unless specifically exempted. Income from Utah sources is taxable in Utah during the period of nonresidency.

Military Personnel

Residents

Utah residents in the military do not lose their Utah residency or domicile solely by being absent due to military orders. They must file a Utah income tax return on all income, regardless of the source. If tax must be paid to another state on nonmilitary income, a credit may be allowed for the tax paid to the other state. If claiming this credit, complete and attach form TC-40S, *Credit for Income Tax Paid to Another State*.

Nonresidents

Nonresidents stationed in Utah solely due to military orders are not subject to Utah tax on their military pay. However, nonresident military personnel residing in Utah and receiving income from Utah sources (other than active duty military pay) must file a Utah income tax return and pay any tax due on that other income. See page 18 and Pub 57, *Military Personnel Instructions*.

Married Couples

The nonresident spouse of a nonresident active military service member may be exempt from Utah tax on income received in Utah under certain conditions. See page 18.

If one spouse is a full-year Utah resident and the other spouse is a full-year nonresident, they may file their federal return as married filing jointly and file their Utah returns as married filing separately. See Pub 57, *Military Personnel Instructions*. If either spouse is a part-year resident, they cannot file using these special instructions but must file their Utah return using the same filing status as on their federal return.

Native Americans

Native Americans who earn income in Utah must file a Utah tax return.

1. Enrolled members of a Native American tribe or nation in Utah, who live and work on the reservation where they are enrolled, are exempt from Utah income tax on income earned on the reservation. See page 18.
2. Enrolled members of the Ute Tribe who work on the Uintah and Ouray Reservation and live on land removed from that reservation under *Hagen v. Utah* (510 U.S. 399 (1994)) are exempt from Utah income tax on income earned on the reservation. See page 18.

See incometax.utah.gov/subtractions/native-american-income.

Students

Residents

A Utah resident who is a student at a non-Utah school (full-time or part-time) must file a Utah return and pay tax on all income, regardless of the source. If income tax must be paid to another state on income also taxed by Utah, a credit may be allowed for tax paid to the other state. To claim the credit, complete and attach form TC-40S, *Credit for Income Tax Paid to Another State*. Do not send a copy of the other state's return with your Utah return. Keep the other state's return and all related documents with your records.

Nonresidents

A nonresident student attending a Utah school must file a Utah income tax return and pay Utah tax on wages, rental income, business income, etc., earned or received from Utah sources.

Injured Spouse

If your spouse had outstanding Utah tax liabilities with the Tax Commission before your marriage, any refund on a joint return may be used to pay that liability. You may be able to claim part or all of a refund under the injured spouse provisions.

If another state or federal agency or other entity claimed your refund to pay debt owed them, you must contact that agency or entity directly.

Attach a copy of federal form 8379, *Injured Spouse Allocation* to the front of your joint Utah return if claiming injured spouse provisions and a joint refund is expected to be applied (offset) to a past-due Utah tax obligation of the other spouse.

See more information at tax.utah.gov/extension/innocent.

Innocent Spouse

If your spouse did not report income or claimed false deductions or credits and you did not receive any benefit, you may be entitled to relief from the tax liability. See more information at tax.utah.gov/extension/innocent.

Amended Return

To amend a previously-filed return, use the tax forms and instructions for the year you are amending. Get prior year forms and instructions at tax.utah.gov/forms.

Amend your return if you discover an error on your Utah or federal return after it has been filed, or your federal return is audited or adjusted by the IRS in a way that affects your Utah return. You must amend your Utah return within 90 days of the IRS's final determination.

See *Deadlines to Claim a Refund or Credit*, below.

How to Amend a 2016 Return

- A. On the top of TC-40, page 1, on the "Amended Return" line, enter the code number from the following list that best describes your **Reason for Amending**:

Reason-for-Amending Codes (enter on return)

- 1 You filed an amended federal return with the IRS. Attach a copy of your amended federal return, form 1040X. (If amending for a net operating loss, do not use code 1, use code 4 - see below.)
 - 2 You made an error on your Utah return. Attach an explanation of the error.
 - 3 Your federal return was changed by an IRS audit or adjustment and it affects your Utah return. Attach a copy of the IRS adjustment.
 - 4 You had a net operating loss. Utah treats net operating losses the same as the federal return. If any part of your amended return is from a net operating loss carryback, use code 4 and complete a Utah return for each year you are amending. Attach a copy of your amended federal return, form 1040X or 1045. Your documentation must clearly show the year you experienced the loss.
 - 5 Other. Attach an explanation to your return.
-
- B. Enter the corrected figures on the return and/or schedules.
 - C. Enter all other amounts as shown on your original return. If you received a refund on your original return, enter the amount of the previous refund on line 29 of your 2016 amended return. If you paid with the original return or made subsequent tax payments before filing the amended return, enter the total previous payments on line 37 of your 2016 amended return. Contributions on line 28 and UESP deposits from TC-40 page 3, Part 5 cannot be changed after the original return is filed.
 - D. Submit the amended return with all schedules, including copies of those schedules that did not change from the original filing.
 - E. **Do not submit a copy of your original return with your amended return.**

Deadlines to Claim a Refund or Credit (UC §§59-1-1410 and 59-10-529)

To qualify for a refund or credit, you must file a return within:

- three years from the original return due date (plus extensions), or
- two years from the payment date.

For amended returns, you must file a claim for refund or credit within:

- two years after you had to file an amended Utah return based on changes to your federal return made by the IRS, or
- three years from the original due date (plus extensions) of the return of a loss year to report a net operating loss carryback.

Any outstanding federal or state debt you owe may be subtracted from your refund before it is contributed to your UESP individual account(s). The following income is **NOT** exempt from Utah income tax:

(23) Health Benefit Plan Credit (UC §59-10-1023)

TIP Amounts itemized or otherwise deducted in determining federal taxable income, or used to claim a federal credit, cannot be used for this Utah credit.

You may claim a credit of 5 percent of the amount paid for a health benefit plan only if you, or your spouse on a joint return, are **not** insured under a health benefit plan maintained and funded in whole or in part by your employer or another person's employer. You cannot claim this credit if you choose not to participate in a plan maintained and funded by a current or former employer. You also cannot use pre-tax deductions from wages through employer-sponsored programs, such as a cafeteria or flex plan, to claim the credit.

Payments to COBRA health plans qualify for this credit if 100 percent of the premiums are paid by you or your spouse, and are not subsidized or funded by the current or former employer or another person's employer. You cannot claim COBRA payments if you choose not to participate in a plan maintained and funded by a current or former employer.

Excluded Amounts

The credit is 5 percent of amounts paid for health benefit plans (but not self-insurance) after deducting:

1. amounts used to calculate a credit for health insurance costs of eligible persons (IRC Section 35);
2. income exclusions for employer-provided coverage under an accident or health plan (IRC Section 106);
3. cafeteria or employer plans covering all employees who may choose among two or more cash and qualified benefits (IRC Section 125);
4. trade or business expenses for self-employed persons up to 100 percent of premiums paid, but not more than your net business income (IRC Section 162);
5. medical and dental expenses deducted on federal Schedule A (IRC Section 213); and
6. all policies that are not part of your health benefit plan, such as dental, vision, supplemental health or Medicare supplemental policies.

The maximum credit is:

1. \$300 for a single taxpayer (including married filing separately, head of household, and qualifying widow(er)) with no dependents;
2. \$600 for a married couple filing jointly with no dependents; and
3. \$900 for all taxpayers (any filing status) with dependents.

1. the plan purchased on the exchange meets the requirements listed above, and
2. you were not able to participate in an employer-sponsored plan.

You may only take the credit for amounts you paid for a plan through an exchange.

(13) Carryforward of Credit for Machinery and Equipment Used to Conduct Research (UC §59-10-1013)

The credit expired for taxable years beginning after 2010.

If you claimed a credit on your return for machinery and/or equipment used to conduct research for a year after 1998 and prior to 2011, and the credit was more than the tax liability for the year, you may carry over the excess credit to the next 14 years and use it to offset tax until used up. If you are using any remaining credit in this year, enter that carryover amount on TC-40A, Part 4, using code 13.

(17) Credit for Income Tax Paid to Another State (UC §59-10-1003)

If you are a Utah resident or part-year resident with income that is taxed by Utah and another state(s), the District of Columbia, or a possession of the United States, you may be entitled to a credit for income tax paid to the other state(s). Nonresidents do not qualify for this credit.

Complete and attach form TC-40S, *Credit for Income Tax Paid to Another State*. If there are two or more states, use separate calculations for each state. See examples at incometax.utah.gov/credits/tax-paid-to-other-states. Carry the sum of the credits from TC-40S, line 7 to TC-40A, Part 4, using code 17.

Do not use the state income tax withheld from form W-2 as the tax paid to the other state. You must complete and file the other state's return to determine the tax amount paid. You may have to provide additional information later to verify this credit.

Part-year residents rarely qualify for this credit. If you are domiciled in Utah for part of the year and domiciled in another state for part of the year, you may only claim credit on the portion of income:

1. taxable in Utah,
2. taxed also by the other state(s), and
3. included in "Column A - Utah" income on form TC-40B.

Part-year residents must prorate and enter the tax paid to the other state(s) on TC-40S, line 6. The credit only applies to the part of the tax paid on the income taxed in both states and shown on line 1.

Note: Any credit that is more than the tax liability may not be carried back or forward.

Keep a signed copy of the other state's return and all related documents with your records.

(19) Live Organ Donation Expenses Credit (UC §59-10-1015)

You may claim a credit up to \$10,000 of qualified costs incurred for donating human bone marrow, or any part of an intestine, kidney, liver, lung, or pancreas for transplanting in another person. Qualified expenses include travel, lodging or a "lost wage" if the expense was not reimbursed, and the organ was donated by you or a dependent on your return.

Note: Any credit that is more than the tax liability may be carried forward for the next five years.

Complete form TC-40T, *Live Organ Donation Expenses Credit*. Do not send form TC-40T with your return. Keep the form and related documents with your records.

(21) Renewable Residential Energy Systems Credit (UC §59-10-1014)

This credit is for reasonable costs, including installation, of a residential energy system that supplies energy to a Utah residential unit. Additional residential energy systems or parts may be claimed in following years as long as the total amount claimed does not exceed \$2,000 per residential unit. If the residence is sold to a non-business entity before claiming the credit, you may irrevocably transfer the right to the credit to the new owner. The principal portion of the system's lease payments may qualify for the credit if the lessor irrevocably transfers the right to the credit to the new owner.

Get form TC-40E, *Renewable Residential and Commercial Energy Systems Tax Credits*, from the Governor's Office of Energy Development with their certification stamp, verifying the credit is approved and showing the amount of the approved credit. Do not send form TC-40E with your return. Keep the form and all related documents with your records.

4. The service must have been on or after the date declared by the President of the United States by Executive Order as a combat zone, and on or before such designation is terminated by the President.

If the return is being filed by a single person (or married filing separately), the credit is equal to the tax liability shown on line 22. Enter this amount on TC-40A, Part 4, using code 25

If the return is being filed as married filing jointly (deceased service member and spouse), use the following calculation to determine the allowable credit.

Calculation of Combat Related Death Credit for Joint Return

You may claim a refundable credit of \$1,000 for a special needs child you adopt for whom the adoption order was issued by a court of competent jurisdiction in Utah or another state, or a foreign country. You must be a resident of the State of Utah on the date the order is issued. If the adoption is made by a foreign country, the adoption must be registered in accordance with UC §78B-6-142.

The credit may not exceed \$1,000 per taxable year, regardless of the number of qualifying special needs children adopted during the year.

If the adoption order is issued by a court in Utah or another state, the credit may only be claimed the year the adoption order becomes final. If the adoption order is issued by a foreign country, the credit may only be claimed the year a court of competent jurisdiction in Utah orders the state registrar to file the adoption order issued by the foreign country.

TC-40W - Utah Withholding Tax Schedule

You must claim Utah withholding tax credits by completing form TC-40W and attaching it to your return.

Do not send copies of your W-2s, 1099s, TC-675Rs, and Utah Schedule K-1 with your Utah return. Keep all these forms with your tax records — we may ask you to provide the documents at a later time.

Processing may be delayed or your withholding tax credits may be disallowed if you do not complete TC-40W as explained below and submit it with your Utah return.

▶ TC-40W, Part 1

Report Utah withholding tax from the following forms:

- Federal form W-2, *Wage and Tax Statement*
- Federal form 1099 (with Utah withholding), including 1099-R, 1099-MISC, 1099-G, etc.

Do not send W-2s or 1099s with your Utah return. Keep them in your files.

Processing may be delayed or the withholding tax credit disallowed if you do not complete TC-40W with all required information.

To claim credit for Utah withholding tax, complete TC-40W, page 1. Enter the following information from form W-2 or 1099:

Line 1 - Enter the employer/payer federal EIN (W-2 box "b," or 1099).

Line 2 - Enter the employer/payer Utah withholding account number (W-2 box 15, or 1099).

FYI: Withholding Account Number

The Utah withholding account number is a 14-character number. The first eleven characters are numeric and the last three are "WTH." Do not enter hyphens. Example: 12345678901WTH.

If form W-2 or 1099 does not include this number, contact the employer or payer to obtain the correct number to enter on TC-40W, Part 1. Failure to include this number on TC-40W may cause your withholding to be disallowed and delay any refund.

Line 3 - Enter the employer/payer name and address (W-2 box "c," or 1099).

Line 4 - Enter an "X" if the income and withholding tax are from a form 1099.

Line 5 - Enter the Social Security number (shown on the W-2 box "a," or 1099).

Line 6 - Enter your Utah wages or income being reported (or your spouse's, if filing jointly) (W-2 box 16, or 1099).

Line 7 - Enter your Utah withholding tax (or your spouse's, if filing jointly) (W-2 box 17, or 1099).

Note: If there is no Utah employer identification number on a form W-2 box 15, 1099-R box 13, 1099-MISC box 17, or any other 1099 form, your refund may be reduced or your tax due increased. Contact the employer or payer of the income to get the Utah ID number.

Add the amounts of Utah withholding tax from all lines 7 and enter the total at the bottom of TC-40W, page 1 and on form TC-40, page 2, line 33.
