2017 Extension Payment for Colorado Individual Income Tax (calendar year—Due April 17, 2018)

Automatic Filing Extension

Colorado offers an automatic 6-month extension to file your income tax return if you cannot submit your return by the April 17 due date. This means that you can file your return by October 15 without filing this form. However, 90% of your tax MUST BE PAID by April 17 in order to avoid a tax penalty assessment. If you must wait until October 15 to file your return, use the following worksheet to calculate whether you need to remit a payment on April 17.

Persons Traveling or Residing Abroad

If you are traveling or residing outside the United States on April 17, the deadline for filing your return is June 15, 2018. If you need additional time to file your return, you will automatically have until October 15, 2018 to file. Interest is due on any payment received after April 17, 2018. To avoid any late payment penalties you must pay 90% of your tax liability by June 15, 2018. When filing your return, mark the appropriate box on Revenue Online or paper return.

Penalties and Interest

If a return is filed on extension and at least 90% of the tax is not paid by the April 17 due date, a late payment penalty and interest accruals will be assessed by the department. However, if all the terms of filing on extension are met, and the remaining tax is paid by October 15 the additional tax payment is subject to only interest accruals.
