The income must be reported on the owner's return if the single member LLC is owned, directly or indirectly, by a corporation. The corporation must file Florida Form F-1120, reporting its own income and the income of the single member LLC, even if the only activity of the corporation is ownership of the single member LLC.
- **Homeowner and condominium associations** that file federal Form 1120 (*U.S. Corporation Income Tax Return*) must file Florida Form F-1120 or F-1120A regardless of whether any tax may be due. - It has Florida net income of \$45,000 or less.
- It conducts 100 percent of its business in Florida.
- It does not report any additions to and/or subtractions from federal taxable income other than a **net operating loss deduction** and/or **state income taxes**, if any.

You are able to file and pay your Florida corporate income tax return (Florida Form F-1120) electronically through the IRS MeF Federal/State Electronic Filing Program. You **must** file and pay electronically if you paid \$20,000 or more in tax during the State of Florida's prior fiscal year (July 1 – June 30). Go to the Department's website for more information.

Using Software to Prepare Your Return

If you use commercial software to prepare and file your paper return:

- The Department of Revenue must approve all vendor software that develops paper tax forms. Ask the vendor for proof that you are using approved software.
- Make sure that the software is for the correct year. You cannot use 2015 software to produce 2016 tax forms.
- Visit the Department's website to obtain a list of approved software vendors.
- If you used software to produce your tax return last year, you will not receive a corporate income tax return package this year.

When to File and Pay

When is Florida Form F-1120 Due?

Generally, Florida Form F-1120 is due the later of:

(1) For tax years ending June 30, the due date is on or before the first day of the fourth month following the close of the tax year. For all other tax year endings, the due date is on or before the first day of the fifth month following the close of the tax year. For example, for a taxpayer with a tax year that ends December 31, 2016, the Florida Form F-1120 is due on or before May 1, 2017; or

(2) The 15th day following the due date, without extension, for the filing of the related federal return for the taxable year. For example, if the federal return is due on May 15, the related Florida Form F-1120 is due on June 1.

You must file a return, even if no tax is due.

If the due date falls on a Saturday, Sunday, or federal or state holiday, the return is considered to be filed on time if postmarked on the next business day.

For a calendar of filing due dates for Florida corporate income tax returns go to the Department's website at:

www.floridarevenue.com/dor/taxes/pdf/CIT_due_dates.pdf

If filing electronically, see the *Florida e-Services Calendar of Due Dates* (Form DR-659).

Note: A late-filed return will subject a corporation to penalty, whether or not tax is due.

Extension of Time to File

To apply for an extension of time for filing Florida Form F-1120, you must complete Florida Form F-7004, *Florida Tentative*

Income/Franchise Tax Return and Application for Extension of Time to File Return. To obtain Florida Form F-7004, see "Contact Us" on page 16.

You can file Florida Form F-7004 electronically through the IRS MeF federal/state electronic filing program or online. Go to the Department's website for more information.

You must file **Florida Form F-7004** to extend your time to file. A copy of your **federal extension** alone will not extend the time for filing your Florida return. See Rule 12C-1.0222, Florida Administrative Code (F.A.C.), for information on the requirements that must be met for your request for an extension of time to be valid.

You must file Florida Form F-7004 and pay all the tax due (tentative tax), on or before the original due date of Florida Form F-1120. An extension of time will be void if:

- 1) Your tentative tax due is not paid.
- 2) You underpay your tax by the greater of \$2,000 or 30 percent of the tax shown on Florida Form F-1120 when filed.

Extensions are valid for six months, with the exception of extensions for taxpayers with a June 30 tax year end, which are valid for seven months. We permit only one extension per tax year.

Payment of Tax

You must pay the amount of tax due, as shown on Line 17 of the return, and either file your return or extension of time by the original due date. Make payments in U.S. funds. Penalties and interest apply to late payments.

Using Payment Credits

When a corporation makes payment using payment credits from a different Federal Employer Identification Number (FEIN), the following documentation is required:

- Written authorization, including an original signature of a corporate officer, from the corporation or entity that made the payment.
- The FEIN and complete names of the corporations or entities involved.
- The applied period (taxable year-end) for the payment credits you are requesting to transfer.
- The type of credit and the amount of payment credit you are requesting to transfer.

Where to Send Payments and Returns

Make check payable to and send with return to:

Florida Department of Revenue
5050 W Tennessee St
Tallahassee FL 32399-0135

If you are requesting a refund (Line 19), send your return to:

Florida Department of Revenue
PO Box 6440
Tallahassee FL 32314-6440

Penalties

Late-Filed Return – The penalty for a return filed late is 10 percent per month, or fraction thereof, not to exceed 50 percent of the tax due with the return. If no tax is due and you file late, the penalty is \$50 per month or fraction thereof, not to exceed \$300.

Underpayment of Tentative Tax – The penalty for underpayment of tentative tax is 12 percent per year during the extension period on the underpaid amount. You must calculate the penalty from the original due date of the return.

Underpayment of Estimated Tax – The penalty for underpayment of estimated tax is 12 percent per year. If you underpay your

estimated tax, complete Florida Form F-2220, *Underpayment of Estimated Tax*, and attach it to Florida Form F-1120 (see Line 14 instructions).

Incomplete Return – For an incomplete return, the penalty is the greater of \$300 or 10 percent of the tax finally determined to be due, not to exceed \$10,000. An incomplete return is one that we cannot readily handle, verify, or review.

Fraudulent Return – The penalty for filing a false or fraudulent return is 100 percent of the deficiency.

Electronic Filing – The penalty is 5 percent of the tax due for each month the return is not filed electronically. The penalty cannot exceed \$250 in total. If no tax is due, the penalty is \$10.

Interest

A floating rate of interest applies to underpayments, late payments, and overpayments of corporate income tax. We update the floating interest rate on January 1 and July 1 of each year by using the formula established in s. 220.807, F.S. For information on current and prior period interest rates, visit our website.

Required Attachments

Attach a copy of the actual federal income tax return filed with the Internal Revenue Service (IRS).

You must also attach copies of federal Forms 4562, 851 (or Florida Form F-851), 1122, 1125-A, 4626, Schedule D, Schedule M-3, and any supporting details for Schedules M-1 and M-2. Attach other supporting schedules if requested in these instructions.

Do not detach the coupon located at the bottom of the first page of your Florida Form F-1120 or your account may not be properly credited.

You may use additional sheets if the lines on Florida Form F-1120 or on any schedules are not sufficient. The additional sheets must contain all the required information and follow the format of the schedules on the return. Enter the taxpayer's name and FEIN on all sheets exactly as they appear on the front page of Florida Form F-1120.

Taxable Year and Accounting Methods

The taxable year and method of accounting must be the same for Florida income tax as it is for federal income tax. If you change your taxable year or your method of accounting for federal income tax, you must also change the taxable year or method of accounting for Florida income tax.

Rounding Off to Whole-Dollar Amounts

Whole-dollar amounts may be entered on the return and accompanying schedules. To round off dollar amounts, drop amounts less than 50 cents to the next lowest dollar and increase amounts from 50 cents to 99 cents to the next highest dollar. If you use this method on the federal return, you must use it on the Florida return.

Federal Employer Identification Number

If you do not have an FEIN, obtain one from the Internal Revenue Service. You can:

- Apply online at www.irs.gov
- Apply by mail with IRS Form SS-4. To obtain this form, download or order it from www.irs.gov or call 800-829-3676.

To Amend a Return

You must complete a Florida Form F-1120X to amend your Florida corporate income tax return if:

- You file an amended federal return.
- A redetermination of federal income is made (for example, through an audit adjustment), and

- The adjustments would affect net income subject to the Florida corporate income/franchise tax.

Go to our website for Florida Form F-1120X with instructions.

Estimated Tax (Florida Form F-1120ES)

Who Must Make Estimated Tax Payments?

If you expect the amount of your income tax liability for the year to be **more than \$2,500**, you must make a declaration of estimated tax for the taxable year. Use Florida Form F-1120ES, *Declaration/Installment of Florida Estimated Income/Franchise Tax* to declare and pay estimated tax. To determine if a declaration and payment of estimated tax is required, complete the *Estimated Tax Worksheet* on page 6 of the Florida Form F-1120.

Due Dates for Declaration and Payment

Make your estimated tax payments in four equal installments. For calendar year filers with a tax year beginning on or after January 1, 2017, payments are due on May 31, June 30, September 30, and December 31. To obtain Florida Form F-1120ES, see "Contact Us" on page 16. The Department does not send reminder notices for estimated tax installments. Do not annualize your payments.

For a calendar of filing due dates for Florida corporate income tax returns go to the Department's website at:

www.floridarevenue.com/dor/taxes/pdf/CIT_due_dates.pdf

To pay estimated tax, go to the Department's website. If filing electronically, see the *Florida e-Services Calendar of Due Dates* (Form DR-659).

Short Taxable Years

You must file a separate declaration (Florida Form F-1120ES) when a return is required for a period of less than 12 months, unless the short period is less than four months or the requirement is first met after the first day of the last month in the short taxable year. When determining if you must file a declaration of estimated tax for a short taxable year, which results from a change in annual accounting period, you must annualize your net income for the short period. Multiply the short year's income by 12 and divide the result by the number of months in the short period. If the tax due based on this income is greater than \$2,500, a declaration is required.

Amended Declaration (Florida Form F-1120ES)

You must base your declaration of estimated tax upon a reasonable projection of tax liability. Circumstances may develop during the year that warrant a revision of the original estimated tax. If the revised estimate differs materially from the original estimate, file an amended declaration on or before the next installment due date.

Underpayments of Estimated Tax

If you underpay estimated tax, penalty and interest apply (see "Penalties" and "Interest" and the instructions for Line 14).

Special Instructions

Consolidated Returns

The privilege of electing to file a Florida consolidated income tax return is limited to an affiliated group where **the parent corporation is subject to the Florida Income Tax Code** and:

1. The affiliated group must have filed a consolidated return for federal income tax purposes.
2. The affiliated group electing to file a Florida consolidated return must be identical to the affiliated group filing the federal consolidated return.

3. In the initial year of election, you must complete Florida Form F-1122, *Authorization and Consent of Subsidiary Corporation to be Included in a Consolidated Income Tax Return* for each affiliated member. Attach the form to the Florida consolidated return.
4. Complete Florida Form F-1122 and attach for each new member of the affiliated group.
5. A copy of federal Form 851 or Florida Form F-851 (*Corporate Income/Franchise Tax Affiliations Schedule*) must be attached.
6. You must make the election by the due date of the return, including properly filed extensions.

The filing of a Florida consolidated tax return for any taxable year requires the filing of a consolidated return for all subsequent years, including subsequent additions to the group, even if the parent subsequently is not subject to Florida tax. For more information see s. 220.131, F.S., and Rule 12C-1.0131, F.A.C.

Florida Net Operating Loss Carryover Deduction (NOLD)

You may not carry back a Florida net operating loss as a deduction to a prior taxable year. A net operating loss must be carried over to subsequent taxable years and treated in the same manner, to the same extent, and for the same time periods prescribed in s. 172, IRC. The Florida carryover to future tax years is limited to the amount of the federal net operating loss multiplied by the Florida apportionment fraction. However, adjustments such as those listed in s. 220.13(1)(e), F.S., may increase the amount of the Florida carryover. See Rule 12C-1.013(15), F.A.C.

The Florida net operating loss carryover deduction is limited to the portion of the carryover apportioned to Florida using the apportionment fraction for the year in which the loss occurred.

To support a deduction, attach a **schedule** showing the following information, as applicable:

- Tax Year
- Adjusted Federal Loss
- Apportionment Fraction for the Year of Loss
- Florida Apportioned Income/Loss
- Net Operating Loss Carryover (NOLCO) Applied
- Florida Portion of Adjusted Federal Income
- NOL Carry Forward to Next Year

See Examples of Florida Net Operating Loss Carry Forward Schedules on page 16.

Include the Florida net operating loss carryover deduction available on either Schedule II or IV, including that portion that reduces Florida taxable income below zero.

If you conduct all of your business in Florida, you must enter the Florida net operating loss carryover deduction available on Schedule II, Line 3.

If you are doing business outside Florida, you must enter zero (0) on Schedule II, Line 3, and the amount of the NOLD on Schedule IV, Line 4.

Florida Statutes do not provide for a separate calculation for an Alternative Minimum Tax (AMT) net operating loss. You must use the regular NOLD available against regular taxable income or Alternative Minimum Taxable Income (AMTI). The NOLD carryover will be reduced by the amount actually used as a deduction from the regular Florida taxable income or the Florida AMTI. The Florida Income Tax Code does not limit the amount

of the NOLD to 90 percent of the alternative minimum taxable income before the NOLD.

Florida Net Capital Loss Carryover Deduction

You may not carry back a Florida net capital loss as a deduction to a prior taxable year. A net capital loss must be carried over to subsequent tax years and treated in the same manner, to the same extent, and for the same periods prescribed in s. 1212, IRC.

The Florida subtraction for net capital loss carryovers is limited to the portion of the carry forward apportioned to Florida using the apportionment fraction for the year in which the loss occurred.

To support a deduction, you must attach a **schedule** showing how you computed the deduction:

- Year(s) of loss,
- Apportionment fraction for the taxable year in which the loss occurred, and
- Amount of the carryover(s) previously deducted.

If you conduct all of your business in Florida, you must enter the Florida net capital loss carryover on Schedule II, Line 4.

If you are doing business outside Florida, you must enter zero (0) on Schedule II, Line 4, and the Florida portion of net capital loss carryover on Schedule IV, Line 5.

Florida Excess Contribution Carryover Deductions

The excess contribution deductions may not create or increase a net operating loss for Florida. The Florida excess contribution deduction is the lesser of:

- the federal excess contribution limitation apportioned to Florida in the current year **or**
- the Florida excess contribution carryover.

To support a deduction, you must attach a **schedule** showing how you computed the deduction:

- Year(s) of federal excess contributions,
- Actual contributions made,
- Federal contribution limitation,
- Amount of excess contributions,
- Florida apportionment fraction for the taxable year(s),
- Apportioned excess contribution to be carried over, and
- Amount of the carryover(s) previously deducted.

Any unused federal limitation must be apportioned as well.

If you conduct all of your business in Florida, you must enter the Florida excess charitable contribution carryover on Schedule II, Line 5, and the Florida employee benefit plan contribution carryover on Schedule II, Line 6.

If you are doing business outside Florida, you must enter zero (0) on Schedule II, Lines 5 and 6. You must enter the Florida portion of your excess charitable contribution carryover on Schedule IV, Line 6, and the Florida portion of your excess employee benefit plan contribution carryover on Schedule IV, Line 7.

Line-by-Line Instructions for Completing Florida Form F-1120

We number Instructions to correspond with the appropriate schedule and line numbers.

Computation of Florida Net Income Tax

Chapter 220, F.S., provides that corporations and other entities base Florida net income on federal taxable income with certain

modifications. Such modifications include Florida additions and subtractions, apportionment, and the Florida exemption.

Line 1 - Federal Taxable Income

Generally, corporations should enter the amount shown on Line 30 of federal Form 1120 or the corresponding line (taxable income) of the related federal income tax return.

If a corporation is a member of an affiliated group that filed a consolidated federal tax return, but the corporation is filing a separate return for Florida, the amount shown on Line 1 of the Florida Form F-1120 should be its federal taxable income computed as if it had filed a separate federal income tax return. Attach to Florida Form F-1120:

- A copy of the related federal consolidated return that was filed.
- A statement reconciling the amount reported on Line 1 with the taxable income shown on Line 30 of the related federal consolidated return.
- Attach a pro forma federal return, which is a federal return as if the consolidated subsidiary filing separately in Florida had also filed a separate federal return.

When you file a Florida consolidated return, the amount that you should enter is the:

- Consolidated federal taxable income from Line 30 of federal Form 1120, or
- Corresponding line (taxable income) of the federal income tax return filed.

Generally, the Florida consolidated group must be identical to the federal consolidated group. Also see Consolidated Returns Instructions (page 4).

S corporations should enter only the amount of income subject to federal income tax at the corporate level.

Line 2 - State Income Taxes Deducted in Computing Federal Taxable Income

Enter the total amount of state income taxes deducted on the federal return in the computation of federal taxable income. Include the amount deducted for income taxes paid to the District of Columbia and all states, including Florida. Do not include taxes based on gross receipts, or income taxes paid to cities or counties.

Note: You must attach a list to Florida Form F-1120 identifying the amount of tax and the state to which it was paid.

Line 3 - Additions to Federal Taxable Income

Enter the total amount of additions or adjustments to federal taxable income shown on Schedule I, Line 21, Column (a).

Line 4 - Total of Lines 1, 2, and 3

Line 5 - Subtractions from Federal Taxable Income

Enter the total amount of subtractions from federal taxable income shown on Schedule II, Line 12, Column (a).

Line 6 - Adjusted Federal Income

Subtract Line 5 from Line 4 and enter the difference.

Line 7 - Florida Portion of Adjusted Federal Income

If the taxpayer's business is entirely within Florida, enter the amount reported on Line 6 on this line.

If the taxpayer is doing business outside Florida, complete Schedules III and IV and enter the adjusted federal income amount from Schedule IV, Line 9, Column (a).

Line 8 - Nonbusiness Income Allocated to Florida

If the taxpayer's business is entirely within Florida, enter zero (0). If the business is outside Florida, see the instructions for Schedule R.

Line 9 - Florida Exemption

Section 220.14, F.S., exempts up to \$50,000 of Florida net income. The amount of the exemption is the lesser of \$50,000 or the Florida portion of adjusted federal income plus nonbusiness income allocated to Florida (Line 7 plus Line 8). If the sum of Line 7 plus Line 8 is zero or less, enter zero (0).

Florida allows only one \$50,000 exemption to the members of a controlled group of corporations as defined in s. 1563, IRC. If you file a consolidated return, the amount of exemption taken on Line 9 is limited to the lesser of \$50,000 or the Florida portion of adjusted income plus nonbusiness income allocated to Florida (Line 7 plus Line 8). If members of the controlled group file separate returns, follow the instructions for Question H-1.

If the taxable year is less than 12 months, the \$50,000 exemption must be prorated. Multiply \$50,000 by the number of days in the short tax year divided by 365.

Line 10 - Florida Net Income

Subtract Line 9 from the sum of Lines 7 and 8 and enter the difference. If the result is a loss, enter zero (0).

Line 11 - Tax Due

Enter 5.5 percent of Line 10 or the amount from Schedule VI (Computation of Florida Alternative Minimum Tax), Line 11, whichever is greater. See instructions for Schedule VI.

Line 12 - Credits Against the Tax

Enter the total credits against the tax from Schedule V, Line 22. Credits against the tax cannot exceed the amount of tax due on Line 11 and cannot create a refund.

Line 13 - Total Corporate Income/Franchise Tax Due

Subtract Line 12 from Line 11.

Line 14 - Penalty and Interest

If you have underpaid estimated tax, you may compute penalty and interest using Florida Form F-2220 and enter the amounts on Lines 14(a) and 14(c). To obtain Florida Form F-2220, see "Contact Us" on page 16.

Penalty and interest on an underpayment of estimated tax are computed from the installment due date until the earlier of the payment date or due date for filing the annual tax return, without regard to any extension of time. No penalty or interest will apply if the cumulative amount paid or credited for each installment equals or exceeds the cumulative amount due if the installments were based on:

- At least 90 percent of the tax finally shown to be due for the taxable year; or
- The tax computed using the prior year facts and income and current year rates.

Note: The installment amounts that must be paid to meet the prior year exception are decreased by the amount of the scholarship funding credit earned with contributions made during the current tax year.

Enter any other penalty or interest due on Lines 14(b) and 14(d) respectively. See also "Penalties" and "Interest" on page 3.

Line 15 - Total of Lines 13 and 14.

Line 16 - Payment Credits

On Line 16(a), enter the total estimated tax payments, if any, made for the taxable year, plus any carryovers from previous years or corporate income tax credit memos issued by the Department. If you filed Florida Form F-7004, enter the tentative tax paid on Line 16(b). Add the estimated tax payments and the tentative tax paid (Line 16(a) plus Line 16(b)). Enter that sum on Line 16. **Attach a schedule of payments showing the amounts paid and dates of each payment.**

Line 17 - Total Amount Due

Subtract the amount on Line 16 from Line 15 and enter the amount due. Also, enter the amount due in the space provided at the bottom of the front page of Florida Form F-1120. Make your check payable to the Florida Department of Revenue. If tax was overpaid, please refer to the instructions for Lines 18 and 19.

Line 18 - Credit

Enter the amount of overpayment you want applied to the following taxable year as an estimated tax payment. You may apply any portion of an overpayment as an estimated tax payment. Also, enter this amount in the space provided at the bottom of the front page of Florida Form F-1120. **Note:** The election to apply an overpayment to the next year's estimated tax is irrevocable. For more information, see Rule 12C-1.034(8), F.A.C., titled Special Rules Relating to Estimated Tax.

Line 19 - Refund

Enter the amount of overpayment you want refunded on Line 19. You may request a refund of any portion of an overpayment. Also, enter this amount in the space provided at the bottom of the front page of Florida Form F-1120. If Line 19 is left blank, we will credit the entire overpayment to next year's estimated tax. Sub S corporations must include the Notice of Acceptance as an S corporation from the IRS if the document has not been sent to the Department.

Signature and Verification

An officer or person authorized to sign for the entity must sign all returns. An **original signature** is required. We will not accept a photocopy, facsimile, or stamp. A receiver, trustee, assignee, or other fiduciary must sign any return filed on behalf of the entity.

Any person, firm, or corporation who prepares a return for compensation must also sign the return and provide:

- Federal employer identification number (FEIN).
- Preparer tax identification number (PTIN).

Questions A through M

All taxpayers must answer questions A through M.

Question A - Enter the state in which you are incorporated.

Question B - Enter the Florida document number received from the Florida Secretary of State. For information, contact the Department of State, Corporate Information at 850-245-6052 or visit the website at www.sunbiz.org.

Question C - Check the appropriate box to indicate if you are filing a Florida consolidated return.

Question D - Check the "Initial return" box if the return is the initial Florida return filed. Check "Final return" only if you have filed a final federal return. When a C Corporation elects to become an S corporation, the final C return is not considered to be a final tax return for the corporation. A return for a foreign (out-of-state) corporation that has ceased doing business in Florida is not a final return.

Question E - Check the "Depreciation election" (General Rule, Election A, or Election B). Taxpayers beginning business in Florida on or after January 1, 1987, should check General Rule. See "Depreciation Elections."

Question F - Enter the Principal Business Activity Code that pertains to Florida business activities. If the Principal Business Activity Code is unknown, see the "Principal Business Activity Codes" section of the IRS Instructions for Form 1120.

Question G - Check the appropriate box to indicate if you have filed a Florida extension of time (Florida Form F-7004). Attach a copy of Florida Form F-7004, if timely filed.

Question H-1 - Florida allows only one \$50,000 exemption to a controlled group of corporations as defined in s. 1563, IRC. If the taxpayer is a member of a controlled group, attach a list of the members. Include FEIN, address, and apportioned amount of the \$50,000 exemption for each corporation. Question K - Provide the date of your latest IRS audit and list the years examined.

Question L - Please provide the name, a telephone number, and email address of the person to contact regarding this return.

Question M - Indicate the form number of the return filed with the IRS.

Depreciation Elections

The “**General Rule**” refers to s. 220.03(5)(a), F.S. Pursuant to this section, all amendments to the Internal Revenue Code of 1954 enacted after January 1, 1980, and before January 1, 1982, and have effective dates prior to January 1, 1982, were given effect under Chapter 220, F.S., retroactively to the effective date of such amendments. Taxpayers who elected to be governed by the General Rule; or did not make a valid election pursuant to s. 220.03(5)(b), F.S., or s. 220.03(5)(c), F.S., for taxable years beginning prior to January 1, 1987, were subject to the Emergency Excise Tax (EET) on assets placed in service between January 1, 1981, and December 31, 1986, for tax years ending prior to January 1, 2012.

“**Election A**” means the election made by taxpayers for taxable years beginning prior to January 1, 1987, pursuant to s. 220.03(5)(b), F.S., to report and pay the corporate income/franchise tax as if the amendments to the Internal Revenue Code that were enacted after January 1, 1980, and before January 1, 1982, became effective on January 1, 1982. Taxpayers who made Election A are required to make a depreciation adjustment in computing the corporate income/franchise tax if any depreciable assets were placed in service between January 1, 1981, and December 31, 1981. Enter this adjustment on Schedule I, Line 20.

“**Election B**” means the election made by taxpayers for taxable years beginning prior to January 1, 1987, pursuant to s. 220.03(5)(c), F.S., to report and pay the corporate income/franchise tax as if the Internal Revenue Code of 1954, as amended and in effect on January 1, 1980, is in effect indefinitely. Taxpayers who made Election B are required to make a depreciation adjustment in computing the corporate income/franchise tax if any depreciable assets were placed in service between January 1, 1981, and December 31, 1986. Enter this adjustment on Schedule I, Line 20.

If a consolidated Florida corporate income/franchise tax return is filed, a separate schedule listing the name, address, FEIN, and the depreciation election (General Rule, Election A, or Election B) of each included corporation must be attached.

If a taxpayer is governed by Election A or Election B and directly or indirectly owns an interest in a partnership, trust, or other entity not taxable as a corporation, it must include in its adjustment its distributive share of any depreciation difference. The difference in the depreciation for the partnership, trust, or other entity should be computed in the same manner explained above for Election A or Election B. The taxpayer's distributive share of the depreciation difference computed should be added to the difference computed under Election A or Election B on the taxpayer's assets. You must attach a copy of the underlying entity's federal Form 4562 and a statement setting forth the details of the adjustment.

(4) **Emergency excise tax credit.**

Columns (a) and (b). Beginning with tax years ending in 2012, an addition is required for the amount of emergency excise tax credit (s. 220.195, F.S.) that is deductible from gross income in the computation of taxable income for the taxable year per s. 220.13(1)(a)6., F.S.

Columns (a) and (b). Enter the sum of Lines 1 through 11 on this line. Enter the total from Column (a) on the front page of Florida Form F-1120 (Line 5) and enter the total from Column B on Schedule VI, Line 5.

Schedule III - Apportionment of Adjusted Federal Income

Florida taxpayers doing business outside Florida are required to apportion their business income to Florida based upon a three-factor formula (average value of property, payroll, and sales factors), except for insurance companies, transportation companies, citrus processing companies, and taxpayers who have been given prior permission by the Department to apportion income using a different method under s. 220.152, F.S.

Florida does not allow a taxpayer to apportion income if it is not doing business outside the state. Making only sales in another state without property or payroll in that state does not automatically indicate a taxpayer is "doing business" in a state other than Florida. See Rule 12C-1.015, F.A.C., for further information about when a Florida corporation may apportion income.

The three-factor formula measures Florida's share of adjusted federal income by ratios of the taxpayer's property, payroll, and sales in Florida to total property, payroll, and sales located or occurring everywhere. We weight the apportionment factors as follows: 25 percent to property, 25 percent to payroll, and 50 percent to sales.

Note: If the amount reported in Schedule III-A, Column (b) for either the property or payroll factor is zero, the weighted percentage for the other factor will be 33 1/3 percent and the weighted percentage for the sales factor will be 66 2/3 percent. If the amount reported in Schedule III-A, Column (b) for the sales factor is zero, the weighted percentage for the property and payroll factors will change from 25 percent to 50 percent each. If the amounts reported in Schedule III-A, Column (b) for any two factors are zero, the weighted percentage for the remaining factor will be 100 percent.

All amounts related to nonbusiness income, income related to ss. 78, 862, and 951, IRC, and any other income not included in the adjusted federal income (Florida Form F-1120, Line 6) must be excluded from the apportionment factors.

III-A Line 1. Average Value of Property

The property factor is a fraction. The numerator of this fraction is the average value of real and tangible personal property owned or rented and used during the taxable year in Florida. The denominator is the average value of such property owned or rented and used everywhere during the taxable year.

Property owned is valued at original cost, without regard to accumulated depreciation. Property rented is valued at eight times the net annual rental rate. You must reduce the net annual rental rate by the annual rental rate received from sub-rentals.

Compute the average value of property using Schedule III-B. On Lines 1 through 4 of this schedule, enter the beginning-of-year and end-of-year balances for property owned and used within Florida, as well as property owned and used everywhere. Compute the average value using the formula provided on Line 6. Enter the value of rented property on Line 7. Add Lines 6a and 7a and enter the Florida average on Line 8a of Schedule III-B and on Schedule III-A, Line 1, Column (a). Likewise, add Lines 6b and 7b and enter the everywhere average on Line 8b of Schedule III-B and on Schedule III-A, Line 1, Column (b).

If substantial fluctuations in the values of the property exist during the tax period or where you acquired property after the beginning of the tax period or disposed of property before the end of the tax period, the Department may require or allow monthly averaging of property values. If monthly averages are used, you must attach appropriate schedules.

For corporations not included within the definition of a financial organization, intangible personal property will not be included in the property factor. The property factor used by a financial organization must include intangible personal property, except goodwill, owned and used in the business. The term "financial organization" includes any bank, trust company, savings bank, industrial bank, land bank, safe deposit company, private banker, savings and loan association, credit union, cooperative bank, small loan company, sales finance company, or investment company.

The intangible personal property will be valued at its tax basis for federal income tax purposes. Florida considers intangible personal property to be in Florida if it consists of **any** of the following:

- (a) Coin or currency located in Florida.
- (b) Assets in the nature of loans located in Florida, including balances due from depository institutions, repurchase agreements, federal funds sold, and bankers' acceptances.
- (c) Installment obligations on loans for which the customer initially applied at an office located in Florida.
- (d) Loans secured by mortgages, deeds of trust, or other liens upon real or tangible personal property located in Florida.
- (e) A portion of a participation loan where the office that enters into the participation is located in Florida.
- (f) Credit card receivables from customers who reside or who are commercially domiciled in Florida.
- (g) Investments in securities that generate business income where the taxpayer's commercial domicile is in Florida, unless such securities have acquired a discrete business situs elsewhere.
- (h) Securities held by a state treasurer or other public official or pledged to secure public funds or trust funds deposited with the taxpayer, if the office where the secured deposits are maintained is in Florida.

- (i) Leases of tangible personal property where the taxpayer's commercial domicile is in Florida, unless the taxpayer establishes that the location of the leased tangible property is in another state or states for the entire taxable year and the taxpayer is taxable in such other state or states.
- (j) Installment sale agreements originally executed by a taxpayer or its agent to sell real or tangible personal property located in Florida.
- (k) Any other intangible personal property located in Florida used to generate business income.

III-A Line 2. Payroll

The payroll factor is a fraction. The numerator of this fraction is the total amount paid to employees in Florida during the taxable year for compensation. The denominator is the total compensation paid to employees everywhere during the taxable year. Enter the numerator in Schedule III-A, Line 2, Column (a). Enter the denominator in Schedule III-A, Line 2, Column (b). For purposes of this factor, compensation is paid within Florida if:

- (a) The employee's service is performed entirely within Florida, *or*
- (b) The employee's service is performed both within and outside Florida, but the service performed outside Florida is incidental to the employee's service, *or*
- (c) Some of the employee's service is performed in Florida and either the base of operations or the place from which the service is directed or controlled is in Florida, or the base of operations or place from which the service is controlled is not in any state in which some part of the service is performed and the employee's residence is in Florida.

The taxpayer must attach a statement listing all compensation paid or accrued for the taxable year other than that shown on federal Form 1125-A, federal Form 1125-E (if required to complete for federal tax purposes), or federal Form 1120.

Sponsored Research and Development Contracts through a University

The payroll factor excludes compensation paid to a Florida employee and the property factor excludes any real or tangible personal property located in Florida certified as dedicated exclusively to the activities of sponsored research and development contracts through a state university or a non-public Florida chartered university conducting graduate programs at the professional or doctoral level. This exclusion applies only during the contractual period and the tax savings is limited to the amount paid for the sponsored research.

Attach a copy of the certification letter, received from the Board of Governors of the State University System or the university president, to the return. Also, the taxpayer must include the schedule of items, as certified by the university, excluded from the payroll and property factors.

III-A Line 3. Sales Factor

The sales factor is a fraction. The numerator of this fraction is the total sales of the taxpayer in Florida during the taxable year. The denominator is the total sales of the taxpayer everywhere during the taxable year. Use Schedule III-C to calculate the sales factor. Enter the numerator on Schedule III-A, Line 3, Column (a) and the denominator on Schedule III-A, Line 3, Column (b).

Florida defines the term "sales" as gross receipts without regard to returns or allowances. The term "sales" is not limited to tangible personal property, and includes:

- (a) Rental or royalty income if such income is significant in the taxpayer's business.
- (b) Interest received on deferred payments of sales of real or tangible personal property.
- (c) Income from the sale, licensing, or other use of intangible personal property.

- (d) Sales of services.
- (e) For financial organizations, income from intangible personal property.

Making only sales in another state without property or payroll in that state does not automatically indicate a taxpayer is “doing business” in a state other than Florida. See Rule 12C-1.015, F.A.C., for further information about when a Florida corporation may apportion income.

Sales will be attributable to Florida using the following criteria:

- (a) Sales of tangible personal property will be “Florida sales” if the property is delivered or shipped to a purchaser within Florida.
- (b) Rentals will be “Florida sales” if the real or tangible personal property is in Florida.
- (c) Interest received on deferred payments of sales of real or tangible personal property will be included in “Florida sales” if the sale of the property is in Florida.
- (d) Sales of service organizations are within Florida if the services are performed in Florida.

For a financial organization, “Florida sales” will also include:

- (a) Fees, commissions, or other compensation for financial services rendered within Florida.
- (b) Gross profits from trading in stocks, bonds, or other securities managed within Florida.
- (c) Interest, other than interest from loans secured by mortgages, deeds of trust, or other liens upon real or tangible property located outside Florida.
- (d) Dividends received within Florida.
- (e) Interest for carrying debit balances on margin accounts, charged to customers at their business locations in Florida, without deducting any costs for carrying such accounts.
- (f) Interest, fees, commissions, and other charges or gains from loans secured by mortgages, deeds of trust, or other liens upon real or tangible personal property located in Florida or from installment sale agreements originally executed by a taxpayer or its agent to sell real or tangible personal property located in Florida.
- (g) Any other gross income, including other interest, resulting from the operation as a financial organization within Florida.

III-A Line 4. Apportionment Fraction

For Lines 1, 2, and 3 of Schedule III-A, divide the amount in Column (a) by the amount in Column (b). Round the result to six decimal places. Enter the result in Column (c) of Schedule III-A. In Column (d), use the appropriate weight for each factor. See the note on page 9 for more detailed information. Multiply the amount in Column (c) by the weighted percentage in Column (d). Round the result to six decimal places. Enter the result in Column (e).

To compute the Florida apportionment fraction, add the weighted factors on Schedule III-A, Lines 1, 2, and 3 of Column (e). Enter the total on Schedule III-A, Line 4 and on Schedule IV, Line 2.

III-D. Special Apportionment Fractions

Insurance Companies

Insurance companies apportion adjusted federal income to Florida by multiplying it by a fraction. The numerator is the direct premiums written for insurance upon properties and risks in Florida and the denominator is direct premiums written on properties and risks everywhere. Florida defines the term “direct premiums written” as the total amount of direct premiums

written, assessments, and annuity considerations, as reported on the annual statement filed by the company with the Florida Insurance Commissioner.

However, if the principal source of premiums written by an insurance company consists of premiums for reinsurance accepted by it, the numerator and denominator of the above fraction include the direct premiums written plus premiums written for reinsurance.

Enter the amounts within Florida in Column (a) and amounts everywhere in Column (b) on Schedule III-D, Line 1. Divide Column (a) by Column (b) and enter the result on Schedule III-D, Line 1, Column (c) and on Schedule IV, Line 2.

Note: Insurance companies using this apportionment fraction should attach a copy of Schedule T from their annual report.

Transportation service companies

Taxpayers furnishing transportation services will use a single factor apportionment fraction to apportion their income to Florida. The term “taxpayers furnishing transportation services” includes taxpayers engaged exclusively in interstate commerce.

Florida apportions the income of transportation companies by multiplying their adjusted federal income by a fraction; the numerator is the revenue miles within Florida and the denominator is the revenue miles everywhere.

For transportation other than by pipeline, a revenue mile is the transportation of one passenger or one net ton of freight the distance of one mile for consideration.

Enter the amount within Florida in Column (a) and the amount everywhere in Column (b) on Schedule III-D, Line 2. Divide Column (a) by (b) and enter the result on Schedule III-D, Line 2, Column (c) and on Schedule IV, Line 2.

Schedule IV – Computation of Florida Portion of Adjusted Federal Income

A taxpayer doing business outside Florida should use Schedule IV to compute the Florida portion of adjusted federal income. Florida does not allow a taxpayer to apportion income using Schedule IV if it is not considered to be doing business outside Florida.

Taxpayers required to compute Florida alternative minimum tax (see instructions for Schedule VI, page 14) must compute the Florida portion of adjusted federal income in Column (a) and the Florida portion of adjusted federal alternative minimum taxable income in Column (b). Taxpayers not required to compute Florida alternative minimum tax should only compute the Florida portion of adjusted federal income in Column (a).

Line 5, Column (a) - Net Capital Loss Carryover Apportioned to Florida

Enter any available Florida net capital loss carryover deduction. See the Florida Net Capital Loss Carryover Deduction instructions on page 5.

Schedule VI – Computation of Florida Alternative Minimum Tax (AMT)

If you did not pay federal AMT for the related federal taxable year, you will not have to pay AMT to Florida.

Corporations required to pay federal AMT must compute the amount of "regular" Florida corporate income/franchise tax and the amount of Florida AMT that may be due. The corporation is liable for whichever amount is greater.

Florida AMT is 3.3 percent of the Florida alternative minimum taxable income (AMTI). The computation of the Florida AMTI is similar to the computation of the regular Florida taxable income. The primary difference is the starting point for the computation. The federal AMTI, after exemption, is the base used for computing the Florida AMTI.

A corporation that is part of an affiliated group, which filed a consolidated return for federal income tax purposes and paid the federal AMT, must compute Florida AMT even if it files a separate return for Florida. This is true even if the individual corporation would not have been subject to federal AMT if a separate federal return had been filed. The separate corporation must compute its federal AMTI using a pro forma federal Form 4626. The amounts reflected on the pro forma 4626 should be the actual amounts computed as the federal AMTI after the exemption. The federal form instructions indicate that zero should be entered if the actual amount is less than zero. The actual amount should be reflected for purposes of computing the Florida AMT.

The Florida Income Tax Code does not create a separate net operating loss deduction (NOLD) for AMT purposes or limit the amount of the NOLD to 90 percent of AMTI before the NOLD. See the Florida Net Operating Loss Carryover Deduction (NOLD) instructions on page 4. Any available tax credits itemized in Schedule V should be used against the amount of AMT due.

Schedule R – Nonbusiness Income

Note: Taxpayers that conduct business entirely within Florida need not complete Schedule R.

Nonbusiness income is not subject to apportionment, but is allocated as provided in s. 220.16, F.S. The term nonbusiness does not include income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the taxpayer's regular trade or business operations, or any amounts that could be included in apportionable income without violating the due process clause of the U.S. Constitution. In general, all transactions and activities of a taxpayer that are dependent upon, or contribute to the operations of the taxpayer's economic enterprise as a whole, constitute the taxpayer's trade or business. Functionally related dividends are presumed to be business income.

Nonbusiness income means rents and royalties from real or tangible personal property, capital gains, interest, dividends, and patent and copyright royalties, to the extent they do not arise from transactions and activities in the regular course of a taxpayer's trade or business.

For any Florida taxpayer who is a member of a controlled group, the manner in which the members allocate the \$50,000 exemption for purposes of filing the annual Florida return will be binding upon all members with respect to estimated tax. This includes the determination of whether a declaration was required and the computation of penalties and interest on underpayments.
