2017 Nebraska Corporation Income Tax Return

Instructions

What's New

Electronic Filing. The Nebraska Department of Revenue (Department) has developed a modernized e-file (MeF) program. The Department encourages all corporate taxpayers to e-file their Nebraska Corporation Income Tax Return, Form 1120N, using the MeF program. This program also allows a corporate taxpayer to schedule payments when the Form 1120N is filed. The Department intends to mandate the electronic filing of Form 1120N beginning with the 2018 tax year. For more information, go to revenue.nebraska.gov.

Facilitating Business Rapid Response to State Declared Disasters Act. LB 913 – Operative July 21, 2017. When the Governor or the President declares a disaster or emergency, out-of-state businesses which conduct operations in Nebraska to repair, renovate, or install infrastructure relating to public utilities, communications networks, natural gas distribution systems, or water pipelines are not required to register with the Secretary of State to do business, withhold Nebraska income taxes from employees, pay Nebraska income taxes on income earned, or remit use taxes with respect to equipment brought into the state temporarily. Also, their nonresident employees are not considered to have established residence in Nebraska and are not subject to Nebraska income tax withholding or income taxes.

These exemptions are limited to the disaster period, which begins ten days before the declaration and ends 60 days after the expiration in the declaration. Activities by the out-of-state business or nonresident employee outside the disaster period or pursuant to a proposal or bid request are not protected. An out-of-state business is to provide notice to the Department within ten days of entry into Nebraska.

Nonrefundable Credit for Employing a Member of a Family that Received Temporary Assistance for Needy Families (TANF). LB 774 – Operative for taxable years beginning or deemed to begin on or after January 1, 2017. Beginning with tax year 2017, LB 774 provides a nonrefundable income tax credit equal to 20% of an employer's expenditures on eligible employees for tuition at Nebraska public institutions for postsecondary education, for the costs of a high school equivalency program, and for transportation of eligible employees to and from work. The credit may be claimed for two (not necessarily consecutive) tax years. An eligible employee is defined as a parent or caretaker relative who is a member of a unit that received benefits under the state or federally funded TANF program for any nine months of the eighteen-month period immediately prior to the employee's hiring date, and whose hiring date is on or after the first day of the tax year for which the credit is claimed. The credit may be taken against individual, corporate, or fiduciary income taxes.

School Readiness Tax Credit. LB 889 – Operative for taxable years beginning or deemed to begin on or after January 1, 2017, and before January 1, 2022. Beginning with tax year 2017 the act provides a nonrefundable income tax credit to persons who own or operate an eligible child care and education program that serves children who participate in the child care subsidy program established in Neb. Rev. Stat. § 68-1202. The credit to the provider is equal to the average monthly number of subsidy children who attend the provider's program multiplied by a dollar amount based on the quality scale rating of the eligible program: A) \$750 for a Step Five program; B) \$500 for a Step Four program; C) \$250 for a Step Three program; D) \$0 for a Step Two program; and E) \$0 for a Step One program. This credit is available to individuals, corporate taxpayers, and fiduciaries.

The providers must first apply to the Department to receive the credits. The total amount of credits for the program is limited to \$5 million per tax year.

Important Information for All Filers

Purpose. The instructions in this booklet provide guidance in completing the most common Nebraska corporation income tax forms and schedules. This booklet is intended to be useful to the greatest number of taxpayers. Nothing in these instructions supersedes, alters, or otherwise changes any provisions of the Nebraska tax code, regulations, rulings, or court decisions.

We encourage the preparer of any Corporation Income Tax Return, Form 1120N, to review applicable Nebraska law regarding any issue that may have a material effect on this return. Nebraska law and other useful information may be found at revenue.nebraska.gov.

Income Subject to Nebraska Taxation. Nebraska income tax applies to the portion of the corporate taxpayer's taxable income derived from or attributable to sources within Nebraska. A corporate taxpayer that is subject to tax in another state must apportion its income, unless approval has been granted by the Tax Commissioner for an alternative method prior to filing the return.

If a corporate taxpayer engaged in business in Nebraska is not subject to tax in another state, its entire taxable income must be reported to Nebraska.

Combined Income Approach. When a group of corporations conducts a unitary business, a single combined return must be filed reporting the income of the entire group. A unitary group engaged in business within and without Nebraska will determine its Nebraska income using a single factor, sales only, apportionment formula. See the [Nebraska Schedule I — Apportionment for Multistate Business](#) instructions for additional information.

Enter All Amounts as Whole Dollars. Do not include cents on the return or schedules. Do not change the pre-printed zeros in the cents column of the [Form 1120N](#) or [schedules](#). Round any amount from 50 cents to 99 cents to the next higher dollar. Round any amount less than 50 cents to the next lower dollar.

Penalties and Interest. Either or both may be imposed under the following conditions:

- ◆ Failure to file a return and pay the tax due on or before the due date;
- ◆ Failure to pay the tax due on or before the due date;
- ◆ Failure to file an amended Nebraska income tax return to report changes made to your federal return;
- ◆ Preparing or filing a fraudulent income tax return; or
- ◆ Understatement of income on an income tax return.

Filing a false or fraudulent Nebraska return is subject to penalty, even if the amounts reported are taken from your federal return. Unpaid tax is subject to interest at the statutory rate of 3% from the original due date to the date the tax is paid. See [Revenue Ruling 99-16-1](#) for applicable interest rates.

Reporting Changes or Corrections. If information on a Nebraska corporation income tax return previously filed is incorrect, an [Amended Nebraska Corporation Income Tax Return, Form 1120XN](#), must be filed. When filing an amended return, remember:

- ◆ Changes made by the IRS or another state must be reported to the Department within 60 days; and
- ◆ You must attach a copy of the related federal or other state amended return and all related schedules or other documentation to explain the changes shown on the amended Nebraska return.

Any corporation filing an amended return with the IRS, resulting in a credit or refund, must report the change or correction within 60 days **after receiving proof that the IRS accepted the federal return**. The Nebraska amended return must include documentation showing that the IRS accepted the changes made on the federal return.

Corporate taxpayers are required to provide the Department with a copy of every executed Federal Form 872, Consent to Extend the Time to Assess Tax; Form 872-A, Special Consent to Extend the Time to Assess Tax; or any other federal form used to extend the time to assess income taxes. If copies of these federal forms are not provided to the Department within 30 days after they are executed, the Department may issue a notice of deficiency determination within one year after discovery of the extension by the Department and may limit the time period for which interest is paid on a refund.

Nebraska Extension of Time. An extension to file may only be obtained by:

- ◆ Attaching a copy of a timely-filed Application for Automatic Extension of Time to File Certain Business Income Tax, Information, and Other Returns, Federal Form 7004, to the Nebraska return when filed;
- ◆ Attaching a schedule to the Nebraska return listing the federal confirmation number and providing an explanation that the electronic request for automatic federal extension was not denied; or
- ◆ Filing a [Nebraska Application for Extension of Time to File Corporation, Fiduciary, or Partnership Return, Form 7004N](#), on or before the due date of the return, when you need to make a tentative Nebraska payment or when a federal extension is not being requested. When a federal extension of time has been granted, and additional time is necessary to file the Nebraska return, the Nebraska Form 7004N must be filed on or before the date the federal extension expires. Remember to attach proof of the federal extension to the Form 7004N.

Failure to attach the applicable extension document may result in a late filing penalty. An extension of time only extends the date to file the return. It does not extend the due date to pay the tax. Any tax not paid by the original due date is subject to interest. By timely requesting an extension of time to file your federal return using the Federal Form 7004, you are granted an automatic Nebraska extension for the same number of months granted by the IRS. When a federal extension of time has been granted and additional time is necessary to file the Nebraska return, the Nebraska Form 7004N must be filed on or before the date the federal extension expires. An extension of time cannot exceed a total of seven months after the original due date of the return.

Accounting Methods. The accounting method used for federal income tax purposes must be used for Nebraska income tax purposes. A taxpayer may not change the accounting method used to report income in prior years, unless the change is approved by the IRS. A copy of this approval must accompany the first return that shows the change in the method of accounting.

Federal Return. A copy of the federal return and supporting schedules, as filed with the IRS, must be attached to this return. This includes, at a minimum, a copy of the first five pages, Schedule D, Form 4797, and other supporting schedules of the Federal Form 1120. If a consolidated federal return is filed, a copy of the consolidating schedules or workpapers for income and expenses, cost of goods sold, and balance sheets, as well as the Affiliations Schedule, Form 851, must also be attached. Provide copies of schedules and other information that support the numbers reported on the Nebraska return. Other voluminous information that is part of the federal return filed, but that is not directly related to the Nebraska reporting, may be kept by the taxpayer, but must be made available upon request. **A pro-forma federal return is not acceptable.** The Nebraska return is based upon the actual federal return as filed or prepared for filing.

Estimated Income Tax Payments. Estimated income tax payments must be made by every corporation subject to taxation under the IRC, with income derived from Nebraska, if the Nebraska income tax liability can reasonably be expected to exceed allowable credits by \$400 or more. For additional information, see the [2018 Nebraska Corporation Estimated Income Tax Payment Voucher Booklet](#).

Underpayment of Estimated Income Tax Penalty. A corporation may owe a penalty if the amount of tax due, after allowable credits, is \$400 or more.

If the amount of tax due is \$400 or more, the corporation must complete a [Corporation Underpayment of Estimated Income Tax, Form 2220N](#), to calculate any applicable penalty.

A corporation may reduce or eliminate the penalty by using the annualized income or adjusted seasonal installment method. To use one or both of these methods to calculate one or more required installments, recalculate (and attach) the Federal Form 2220, Schedule A, “Adjusted Seasonal Installment Method and Annualized Income Installment Method” using Nebraska income and other Nebraska amounts. Enter the corresponding amount from the recalculated Federal Schedule A on the appropriate lines of the Form 2220N.

Adjustment of Overpayment of Estimated Income Tax. A corporation that overpaid estimated income tax must use the [Corporation Application for Adjustment of Overpayment of Estimated Income Tax, Form 4466N](#), to apply for an adjustment of the overpayment when the overpayment is:

- ◆ At least 10% more than the expected tax liability calculated on the Form 4466N; and
- ◆ At least \$500.

Form 4466N must be filed by the 15th day of the third month after the end of the tax year and before the corporation files its corporation income tax return. A Form 4466N filed after this date will not be considered. An extension of time to file the corporation income tax return will not extend the time for filing Form 4466N.

Use Tax

A corporation may be subject to use tax. A corporation owes use tax when the proper sales tax has not been paid on purchases delivered into Nebraska. This often occurs when purchases are made from out-of-state, mail order, or Internet sellers. Use tax is also due when items purchased for resale are withdrawn from inventory for business or personal use.

Example 1.

The corporation purchased a computer from a seller in South Dakota over the Internet for \$1,570 plus \$30 shipping and handling charges. Both charges are taxable. The computer is shipped to the corporation in Scottsbluff, Nebraska and no tax is charged or collected by the seller. The state tax is \$88 (\$1,600 X 5.5%) and the local tax is \$24 (\$1,600 X 1.5%). The total use tax owed is \$112 (\$88 + \$24 = \$112).

Example 2.

A repair shop in Scottsbluff, Nebraska provides motor vehicle repair service. The repair shop also owns a tow truck used for towing customers' motor vehicles needing repair. The shop purchases oil and oil filters tax exempt for resale using the [Nebraska Resale or Exempt Sale Certificate, Form 13](#). When oil and oil filters are removed from sales tax exempt inventory and used to change the oil in the business-owned tow truck, state and local use tax is due on the cost of the oil and oil filters.

For additional information, see the [Nebraska Consumer's Use Tax Information Guide](#).

Purpose of Form

The [Nebraska Corporation Income Tax Return, Form 1120N](#), is used to report income, gains, losses, deductions, and credits, and to calculate the income tax liability of the corporate taxpayer.

Who Must File?

The Nebraska Corporation Income Tax Return, Form 1120N, must be filed by every [corporation](#) engaged in business in Nebraska, or having sources of income from Nebraska and subject to federal corporation income tax. This includes:

- ◆ **Cooperative organizations.** Cooperative organizations must file Form 1120N. Exempt farm cooperatives must attach their U.S. Income Tax Return for Cooperative Associations, Form 1120-C. Cooperatives may exclude patronage dividends, dividends on capital stock, and nonpatronage income allocated to patrons that are allowable deductions or exclusions for federal income tax purposes.
- ◆ **Exempt organizations.** All exempt organizations required to file a federal return and pay tax at the federal corporation income tax rates on unrelated business income are required to file the Form 1120N.

Corporations that must file a different Nebraska return:

- ◆ **S corporations.** Corporations that have elected to file under Subchapter S, as defined by IRC § 1361, file a [Nebraska S Corporation Income Tax Return, Form 1120-SN](#). If all shareholders are Nebraska residents and all income is derived from Nebraska sources, no return is required to be filed.
- ◆ **Financial institutions.** Institutions that maintain a permanent place of business in Nebraska and actively solicit deposits from residents of Nebraska must file a [Nebraska Financial Institution Tax Return, Form 1120NF](#).

When and Where to File

This return must be filed on or before the date the related federal income tax return is due.

Mail the Form 1120N to:

Nebraska Department of Revenue
PO Box 94818
Lincoln, Nebraska 68509-4818

How to Complete Form 1120N

Tax Period. A [2017 Form 1120N](#) must be used to file for the calendar year 2017, or a fiscal year beginning in 2017. Space is provided at the top of the return to enter the beginning and ending dates for short-period or fiscal-year filers. The taxable year for Nebraska must be the same as the taxable year used for the federal income tax return.

If a corporation changes its federal taxable year, it must also change its Nebraska taxable year. A copy of the approval from the IRS to change accounting periods must accompany the first return that shows the change.

Business Classification Code. Enter the six-digit code that best describes the corporation's principal business activity in Nebraska. Carefully review the [business classification codes](#) before you select one.

Principal Business Activity in Nebraska. Enter the principal business activity of the corporation from the Business Classification Code listing.

Federal ID Number. Enter the Federal ID number assigned to the corporation by the IRS.

Nebraska ID Number. Enter the Nebraska ID number assigned to the corporation by the Department. If the corporation has not been assigned a Nebraska ID number, it must apply for one using a [Nebraska Tax Application, Form 20](#).

Final Return. Check the "Final Return" box at the top of the return if the corporation ceased to exist during the 2017 tax year.

Corporation Filing Status. All taxpayers must complete this portion of the return and answer all questions applicable to the corporation's status.

Question A. Check "Yes" if any of the following conditions apply:

- ◆ The corporation was included in a federal consolidated return;
- ◆ The corporation owns 50% or more of another corporation; or
- ◆ The corporation is owned at least 50% by another corporation.

If none of the above conditions apply, check "No" and skip questions B, C, and D.

Question B. Check "Yes" if this return includes the income, deductions, or credits of all corporations with [common ownership](#).

Check "No" if one or more of the corporations with common ownership are not included in this return.

Question C. Check "Yes" if a return filed in any other state included the income, deductions, or credits of more than one corporation.

Check "No" if the returns filed in all other states included only your corporation.

Question D. Under Nebraska law, a [unitary group](#) generally encompasses all corporations included in the federal consolidated income tax return. Therefore, only under extremely unusual circumstances may a corporation compute its Nebraska liability using the "separate report by a member of a controlled group of corporations" method. Documentation supporting the separate company filing should be attached to the Nebraska return when filed. This documentation must show that the corporation is not part of a [single economic unit](#) as defined in section .08 of [Corporate Income Tax Regulation 24-058, Definitions](#).

Line 1	Federal Gross Sales or Receipts, Less Returns and Allowances. Enter the amount of federal gross sales or receipts reported on Federal Form 1120, less returns and allowances. If the corporate taxpayer is filing a combined Form 1120N, enter the amount of combined gross receipts or sales less returns and allowances from Nebraska Schedule IV.

State and local government bond interest and dividend income should be included on line 3. See the instructions for line 1, Nebraska Schedule A .
Line 4	Adjustments Decreasing FTI. Enter the amount from line 19, Nebraska Schedule A . The following examples are items that are not allowable adjustments decreasing federal taxable income: <ul style="list-style-type: none"> ◆ The wage expense disallowed by the work opportunity tax credit; ◆ Federal income taxes or other federal taxes paid; ◆ The depreciation disallowed by the investment credit or other federally-required basis reduction; ◆ Income earned in another state. Instead, Nebraska Schedule I, Apportionment for Multistate Business, must be completed; and ◆ Income from a partnership. Corporate taxpayers that derive income from sources within and without Nebraska and are taxable in another state , must enter the amount from line 3, Nebraska Schedule I, Form 1120N .
Line 7	Nebraska Capital Loss Carryover. Enter the allowable Nebraska capital loss carryover. For a multistate taxpayer, a Nebraska capital loss consists of the loss on property that was used by the unitary business that did business in Nebraska, multiplied by the Nebraska apportionment factor for the year of the loss. If the corporate taxpayer reported a capital loss on corporate stock or other assets, the income from which was not previously treated as income apportionable to Nebraska, the loss cannot be treated as a Nebraska loss. Capital loss carryovers are only allowable to the extent of capital gains in the year of the deduction. Attach a detailed schedule that shows the computation of the capital loss carryover along with copies of the applicable Federal Schedule D to substantiate the Federal capital (loss)/gain. A Nebraska capital loss may only be carried forward, and only for a maximum period of five tax years.
Line 8	Nebraska Taxable Income After Nebraska Capital Loss Carryover. Enter line 6 minus line 7.
Line 9	Nebraska Net Operating Loss Carryover. Enter the allowable Nebraska net operating loss (NOL) carryover. The amount allowable is based on the loss previously reported to Nebraska, and is not based on a percentage of the federal carryover. Any net operating loss can only be carried forward. An NOL incurred in tax years beginning prior to January 1, 2014, may only be carried forward for a maximum period of five tax years. An NOL incurred in tax years beginning on and after January 1, 2014, may be carried forward for a maximum period of 20 tax years. Nebraska imposes limitations on the use of a NOL carryforward after certain reorganizations and mergers, and when a corporation with a Nebraska NOL carryforward becomes a member of a unitary group. For additional information, see Corporate Income Tax Regulation 24-060, Net Operating Losses and Capital Losses . If any of the limitations apply to the NOL carryforward reported on this return, attach a schedule showing the computation of the allowable carryforward.

Attach a [Nebraska Corporation Net Operating Loss Worksheet](#) showing the calculation of the amount of Nebraska net operating loss carryover. If the Nebraska NOL carryforward was increased due to reclassifying part or all of the charitable contribution carryforward, details of the reclassification and the NOL modification must be provided.

Line 10

Net Nebraska Taxable Income. Enter line 8 minus line 9.

Line 11

Nebraska Tax. Use the following tax rate schedule to calculate the amount of total Nebraska tax to enter on line 11.

\$ 0	\$100,000	5.58%	\$ 0
\$100,000		\$5,580 + 7.81%	\$100,000

The tax rate is the rate in effect on the first day of the corporation's taxable year. Corporations filing on a fiscal-year basis or filing a short-period return will compute the tax liability for the entire taxable period by using the tax rate in effect on the first day of the taxable period. A corporation using a 52-53 week fiscal year beginning during the last week in December must use the rate in effect on the following January 1st.

Insurance Companies. Check the box to indicate you are an insurance company. The tax rate used by an insurance company is the lesser of the rates listed above, or the corporation income tax rate imposed by the state or country where the insurance company is domiciled, provided:

- ◆ The insurance company can show the Tax Commissioner that it is domiciled in a state other than Nebraska, or out of the country; and
- ◆ The state or country of domicile imposes on Nebraska domiciled insurance companies a retaliatory tax against Nebraska's corporation income tax under [Neb. Rev. Stat. § 77-2734.02](#).

Line 12

Premium Tax Credit. Enter the total amount of premium taxes paid (not accrued) by the corporate taxpayer in this taxable year. These taxes include:

- ◆ Premium taxes paid to the Nebraska Department of Insurance (NDOI) under [Neb. Rev. Stat. §§ 77-908](#) and [81-523](#); and
- ◆ Assessments paid to the NDOI for the Comprehensive Health Insurance Pool that are allowed as an offset against any related premium and related retaliatory tax liability under [Neb. Rev. Stat. § 44-4233](#).

Premium taxes do not include amounts shown on the NDOI annual tax return as fees or the Workers' Compensation Court cash fund tax.

Example 3.

An insurance company made the following 2017 estimated premium tax payments and payments with its 2016 and 2017 NDOI returns.

Nebraska Schedule I Instructions

Apportionment for Multistate Business

Purpose. The Nebraska Schedule I is used to determine the amount of Nebraska source income ([Form 1120N](#), line 6, Nebraska taxable income before Nebraska carryovers) received by a corporation that derives income from within and without Nebraska.

Nebraska source income is determined by apportioning the corporate income using a single, sales only factor. Apportionment refers to the division of income between states by the use of a formula containing one or more apportionment factors.

Sales Factor. The sales factor is a fraction. The numerator is the total sales of the corporate taxpayer in Nebraska during the taxable year. The denominator is the total sales of the corporate taxpayer everywhere during the taxable year. Total sales include gross sales of real and tangible personal property, less returns and allowances, and all other items of gross receipts, except income for the discharge of indebtedness, amounts received from hedging transactions involving intangible assets, and net gains from marketable securities held for investment. The sales factor on this schedule is rounded to six decimal places. It is entered as a percentage.

When a [corporate taxpayer](#) consists of two or more corporations engaged in a [unitary business](#), a part of which is conducted in Nebraska, the income of the corporate taxpayer apportioned to Nebraska is determined by applying the ratio of the corporate taxpayer's sales in Nebraska to the sales of the entire unitary group. The corporate taxpayer's sales in Nebraska should include only those sales made by members of the unitary group with nexus in this state. Each corporate taxpayer must file one income tax return for the entire group. The return will include all corporations in the unitary business. Any corporation that is required, or has received permission, to use an alternative apportionment formula, may only be included in a return with other corporations using the same apportionment formula.

For tax years beginning January 1, 2014 or after, a corporation may no longer use the costs of performance method of apportioning sales of services or intangibles. This does not apply to a corporation operating as a communications company. For additional information, see the Nebraska Apportionment Factor - Sales or Gross Receipts section.

A corporation using an alternative method of apportionment must attach a copy of the Tax Commissioner's prior written approval of the alternative method. The alternative apportionment factor computation must be included. Enter the factor on line 2, [Nebraska Schedule I](#).

NOTE: Approval of an alternative method of apportionment is rare.

Intercompany sales between unitary corporations using the combined income approach are excluded from the sales factor.

If the corporate taxpayer is a partner in a partnership or joint venture, see [Business Entity Regulation 24-315, Sales Factor; Business Entities As Owners in a Partnership or Joint Venture](#).

A corporate taxpayer that operates a trucking business and has income from both within and without this state, must compute its sales factor in accordance with [Business Income Tax Regulation 24-343, Special Apportionment Rules; All Tax Years; Trucking Companies](#).

The method of computing the sales factor must be consistent with prior tax years and with the corporate taxpayer's filings in other states. If the corporation modifies the basis for including or excluding gross receipts in the sales factor used in returns for prior years, the 2017 return must disclose the nature and extent of the modification.

If the corporation files returns with other states that are not uniform in the inclusion or exclusion of gross receipts, the Form 1120N filed with the Department must disclose the nature and extent of the variance.

Computation of Nebraska Source Income

Line 1	Adjusted FTI. Enter the amount from line 5, Form 1120N.
Line 2	Nebraska Apportionment Factor. Enter the amount from line 15, Nebraska Schedule I, Form 1120N .

Nebraska Apportionment Factor – Sales or Gross Receipts

Nebraska sales include all items of income received by the corporate taxpayer from Nebraska sources. The following types of sales are from Nebraska sources:

- ◆ Sales of tangible personal property delivered in this state;
- ◆ Sales of tangible personal property shipped from Nebraska to the U.S. government;
- ◆ Gross receipts from the interest or service charges arising from the sale of tangible personal property if the sale is attributed to Nebraska;
- ◆ Sales of other than tangible personal property –
 - ✓ To the extent a service relates to real or tangible personal property located in Nebraska;
 - ✓ To the extent a service relates to part of the buyer's trade or business operated in Nebraska;
 - ✓ A service provided to an individual present in Nebraska at the time the service is received;
 - ✓ To the extent an application service is used in Nebraska;
 - ✓ To the extent intangible property is used in Nebraska;
 - ✓ To the extent an intangible asset used in a treasury function is managed in Nebraska;
 - ✓ To the extent a loan is secured by real or tangible personal property located in Nebraska;
 - ✓ To the extent a loan is not secured by real or tangible personal property, if the borrower is in this state. The location is presumed to be the borrower's billing address.
 - ✓ Fees, charges, and net gains from credit card receivables, if the credit card holder's billing address is in Nebraska;
 - ✓ Gross receipts from the sale, rental, or lease of real property if the real property is located in Nebraska;
 - ✓ Gross receipts from the rental, lease, or licensing of tangible personal property if the property is in Nebraska. If the property was located within and without Nebraska during the taxable year, then the gross receipts are attributable to Nebraska in proportion to the percentage of time the property was located in Nebraska;
 - ✓ For sales not specifically addressed above, sales to an individual if the individual's billing address is in Nebraska, and sales to a business if the business places its order from Nebraska or the billing address of the business if the ordering place cannot be readily determined; and
 - ✓ Sales made by a communications company if the income-producing activity is performed in Nebraska based on costs of performance.

Nebraska Schedule II Instructions

Foreign Dividend and Special Foreign Tax Credit Deduction

Purpose. The Nebraska Schedule II is used to calculate the deduction for dividends included in federal taxable income (line 30, Federal Form 1120) from corporations whose dividends do not qualify for the dividends received deduction under Internal Revenue Code (IRC) § 243.

In addition, an adjustment is allowed for income that is taxed by a foreign country, or one of its political subdivisions, at a rate in excess of the maximum federal corporate tax rate. The adjustment can be made for each foreign country or group of foreign countries. The amount of federal taxable income from operations within a foreign taxing jurisdiction must be reduced by the amount of taxes actually paid to the foreign jurisdiction that are not deductible solely because the foreign tax credit was elected on the federal income tax return.

The amount of after-tax income is then divided by one minus the maximum tax rate for corporations in the IRC. The result of this calculation is subtracted from the amount of federal taxable income from foreign operations.

The difference is reported in the total adjustments decreasing FTI computed on Nebraska Schedule A, and is included as an adjustment to federal taxable income on line 4, Form 1120N. **Schedule C, Federal Form 1120, and Parts A and B of Federal Form 1118 must be attached.**

Instructions

Who May File. A corporation (C corporation and S corporation), fiduciary, partnership, or limited liability company making a tentative tax payment, and/or wanting more time to file a Nebraska tax return, must file a Nebraska Application for Extension of Time, Form 7004N. The Form 7004N must be filed even if a tentative income tax payment is made electronically.

If you have filed for a federal extension and are not making a tentative income tax payment to Nebraska, you do not need to complete this application. When your Nebraska income tax return is filed, you must attach a copy of the Federal Form 7004 filed with the IRS, or a copy of the approved federal extension. If a federal extension of time has been granted, the filing date for Forms 1120N, 1120-SN, and 1065N is automatically extended for the same period. If a federal extension of time has been granted to an estate or trust, the filing date for Form 1041N is automatically extended for six months.

Corporations. When a federal extension of time has been granted and additional time is necessary to file a Nebraska corporation income tax return, file Form 7004N on or before the date the federal extension expires. Attach a copy of the Federal Form 7004 filed with the IRS, or a copy of the approved federal extension. A maximum of a seven-month extension beyond the original due date of the corporation income tax return is allowed for Nebraska.

Partnerships, Estates, and Trusts. Nebraska will only allow partnerships an extension of time up to the maximum number of months provided by the IRS. Nebraska will allow estates and trusts an extension of up to six months. No additional Nebraska extension will be granted.

When to File. Form 7004N must be filed on or before the due date of the original return. Corporations may also file Form 7004N on or before the date that a federal extension expires.

Where to File. Mail Form 7004N to the Nebraska Department of Revenue, PO Box 94818, Lincoln, Nebraska 68509-4818.

Amount of Payment. Payment of the amount shown on line 11 must be remitted either with this form or electronically using one of the electronic payment options identified below.

Mandates of Electronic Payment. Some entities are required to make their payments (tax, penalty, and interest) electronically. For mandate purposes, all of the electronic payment options listed below satisfy the mandate requirement. All entities are encouraged to make their payments electronically.

Electronic Payment Options

Nebraska e-pay. Nebraska e-pay is the Department's web-based electronic payment system. You enter your payment and bank account information, and choose a date (up to a year in advance) to have your account debited. You will receive an email confirmation for each payment scheduled.

ACH Credit. You (or your bank) create an electronic file in the appropriate ACH file format. It is submitted to the Federal Reserve and instructs your bank to "credit" the state's bank account.

Nebraska Tele-pay. Nebraska Tele-pay is the Department's phone-based electronic payment system. Call 800-232-0057, enter your payment and bank account information, and choose a date (up to a year in advance) to have your account debited. You will receive a confirmation number at the end of your call.

Credit Card (Corporations only). Secure credit card payments can be initiated through Official Payments at officialpayments.com; via phone at 800-272-9829; or by downloading the OPAY app from your smart phone's app store. Eligible credit cards include American Express, Discover, MasterCard, and VISA. A convenience fee (2.35% of the payment, \$1 minimum) is charged to the card you use. This fee is paid to the credit card vendor, not the state, and will appear on your credit card statement separately from the payment made to the Nebraska Department of Revenue. At the end of your transaction, you will be given a confirmation number. Keep this number for your records. [If you are making your credit card payment by phone, you will need to provide the Nebraska Jurisdiction Code, which is 3700.]

Check or Money Order. If you are not using one of the electronic payment options described above, include a check or money order payable to the "Nebraska Department of Revenue." Checks written to the Department may be presented for payment electronically.

Corporate Unitary Group. Members of a unitary group filing a single return using the combined income approach should only request one extension for the entire group. The name, address, Federal ID number, and Nebraska ID number of each corporation included in the combined return must be listed on Form 7004N.

Termination of Extension. The Department may, at any time, terminate a C corporation's extension of time by mailing the taxpayer a notice of this termination, allowing ten days from the date of the termination notice to file the Nebraska corporate return.

Taxpayer Notification. The Department will notify the applicant if this request for extension is denied. The notice will be sent to the address entered on Form 7004N. **No notice will be sent with respect to approved applications for an extension of time to file a return.**

Signatures. This application must be signed by a corporate officer, fiduciary, partner, member, a person currently enrolled to practice before the IRS, or an attorney or certified public accountant qualified to practice before the IRS. If the taxpayer authorizes any other person to sign this application, there must be a [power of attorney](#) on file with the Department.
