For more information, see instructions to "C" and "S" Corporation Income Tax Returns.

WHO MUST FILE FORM SC1104: Every savings and loan association located or doing business within SC.

WHERE TO FILE: SC Department of Revenue, Corporation Return, Columbia, SC 29214-0100.

WHEN TO FILE: SC1104 must be filed by the 15th day of the 4th month after the tax year end.

REQUEST FOR EXTENSION TO FILE:

- If any tax is due, the taxpayer must make payment with SC1120-T by original due date.
- If no tax is due and the taxpayer has requested a federal extension, then the federal extension will be accepted as a SC extension if the return is received within the time as extended by the Internal Revenue Service.
- There is no extension for payment of tax. Any tax due must be paid by the prescribed due date to avoid the assessment of late penalties and interest.

DECLARATION OF ESTIMATED TAX: An association must file a **Declaration of Estimated Tax** with the SC Department of Revenue on or before the fifteenth day of the fourth month of the taxable year, **if the amount of estimated tax is one hundred dollars or more.** The Declaration of Estimated Tax must be calculated on SC1120-CDP. One hundred percent of the tax liability shown to be due on the SC1120-CDP must be paid when filing the declaration or in four equal installments on the fifteenth day of the fourth, sixth, ninth and twelfth months of the taxable year. An association may avoid the penalty for Underpayment of Declaration by making each payment on time and if the total tax paid is at least the same as the total tax due, pursuant to the requirements for federal estimated income tax in Internal Revenue Code Section 6655. See SC2220 for computation of the penalty.

ACCOUNTING: The accounting method must be the same as the method used for federal income tax purposes. If a change in accounting is approved or changed by the Internal Revenue Service, the taxpayer must provide the SC Department of Revenue with a copy of the written permission received from the Internal Revenue Service.

BAD DEBT RESERVE: The bad debt deduction allowable for SC income tax purposes is the amount determined under the Internal Revenue Code as amended through December 31, 1986.

Note: Any amount set aside as a bad debt reserve prior to 1986 under South Carolina's prior law may not be included in SC taxable income as a result of the change in method in which the bad debt reserve is computed.

LINE BY LINE INSTRUCTIONS:

LINE 1 - Federal Taxable Income

Enter the taxable income as shown on the federal tax return. **The federal return and all supporting schedules must be attached.**

LINE 2 - Net Adjustment - See Schedule A and B

Some of the additions to federal net income are:

- (A) State and local income taxes or state and local franchise taxes measured by net income, or any income taxes, or any taxes measured by or with respect to net income.
- (B) Any taxpayer who is reporting income or deducting expenses over a time period as a result of a change of accounting method or accounting year, shall continue to report income or deduct expenses in the manner provided in the Internal Revenue Code and approved by the Internal Revenue Service. At the expiration of the authorized adjustment period, the balance of the income or expense must be reported or deducted in the same manner and amount for SC income tax purposes until all of the income or expenses have been fully reported or deducted.

- (C) If a taxpayer's method of accounting is changed any additional income or reduction which results from adjustments determined to be necessary solely by reason of the change must be included in income or deducted from income as provided in the Internal Revenue Code. If a corporation has different SC and federal amounts of an item or prepaid income or deferred expense or other similar balance sheet item as of January 1, 1985, the taxpayer is entitled, at his option, to make an application to the SC Department of Revenue for a change in accounting method and shall include in the change of accounting method all items in paragraph (1) of this subsection whether resulting in an increase or decrease in the transitional adjustment.
- (1) items subject to adjustment are only those which:
 - (a) Have been treated differently in determining amounts subject to tax under SC and federal income tax laws which were applicable in the period prior to January 1, 1985;
 - (b) Have been an element in determining SC income subject to tax in periods with respect to which SC income tax was paid;
 - (c) Except for the required change in reporting income, would have produced in a subsequent taxable period an adjustment to income subject to tax on account of the differences in federal and SC tax reporting.
 - (2) Items subject to adjustment may consist of deductions taken or not taken in prior years, or amounts of income required to be included or excluded in such years, but the items must be disregarded to the extent it can be shown that the prior treatment of the items had no actual effect on the amount of SC income tax paid. In making the showing, no items other than the items subject to this transitional adjustment may be considered.
 - (3) The net income reportable or net deduction allowable under the subsection must be reported or deducted in equal amounts of one tenth each over the first ten taxable periods ending after the approval of a change of accounting methods, except that if the net income or deduction is less than twenty-five thousand dollars:
 - (a) The income is reportable in full in the first taxable period ending after the approval of the change; or the income is deductible in the first taxable period after the approval of the change to the extent of the taxpayer's taxable income and to each taxable period thereafter to the extent not previously taken in the earliest successive taxable period.

Some of the Deductions from Federal Net Income are:

- (A) **Associations are exempt from the tax during the first three years of their operation.**
- (B) Reduction in basis of depreciable property as required by Section 48(q) of the Internal Revenue Code.
- (C) If, as of January 1, 1985, a taxpayer is deducting the **cost of personal property** placed in service prior to 1985, as provided in Internal Revenue Code Section 168, the taxpayer is allowed, for SC purposes, a similar annual deduction. At the expiration of the deductions, for federal tax purposes, the balance of the deductible cost has been deducted, for SC income tax purposes, at the rate of fifty percent a year, until the entire deductible cost has been deducted. In no event may the deduction authorized by this subsection exceed the depreciable basis of the assets.
- (D) If, as of January 1, 1985, a taxpayer is deducting the **cost of improvements to real property** paid or incurred prior to 1985 the balance of the deductible cost may be deducted, for SC income tax purposes, at the rate of twenty percent a year, until the entire deductible cost of the improvements has been deducted. In no event may the deduction authorized by this section exceed the depreciable basis of the assets.
