#### PROCEDURES FOR OBTAINING AN EXTENSION OF TIME

NOTE: This form can be filed electronically free of charge at apps.tn.gov/fnetax

# 1. Required Payment:

- Payments equal to the lesser of 100% of the prior year tax liability or 90% of the current year tax liability must be made by the original due date.
- If the prior tax year covered less than twelve months, the prior period tax must be annualized when calculating the required payment.
- If there was no liability for the prior year, the required payment is \$100.
- Quarterly estimated payments, prior year overpayments and any other pre-payments should be deducted on Line 3 of the worksheet.

## 2. Extension requests should be made as follows:

- If you are not required to make a payment because you have already made sufficient payments on or before the original due date, filing extension form (FAE 173) is not required.
- If a payment is needed to meet the payment requirement and you do not file your federal return as part of a consolidated group, either this state form or a copy of your federal extension request can be submitted. In this case, the form or copy of your federal extension must be filed with the extension payment on or before the original due date of the return.
- If a payment is required and you file your federal return as part of a consolidated group, you must use this form or file an extension request electronically. This form or the electronic version of this form must be filed with the extension payment on or before the original due date of the return.

### 3. Other important information:

- Penalty will be computed as though no extension had been granted if, (1) the amount paid on or before the original due date does not satisfy the payment requirement indicated above, or (2) the franchise and excise tax return is not filed by the extended due date.
- An approved extension does not affect interest. Interest will be computed on any unpaid tax from the original due date of the return until the date the tax is paid.
