Virginia Form 763 Nonresident Individual Income Tax Instructions

We all have roles to play in preventing refund fraud.

The Virginia Department of Taxation is committed to stopping refund fraud and protecting your information.

- When you file your tax return, it will be processed using selection criteria intended to detect possible fraud.
- Our Refund Review Team examines documentation to verify a taxpayer's identity if fraud is suspected.
- We issue personal identification numbers (PINs) to victims of identity theft to use when they file their Virginia individual income tax returns.

Tax Refund Fraud Prevention

Last fiscal year we requested additional information on 181,000 returns and denied or reduced refunds on approximately 67,000 refunds.

By verifying information on tax returns before issuing the refunds, we prevented a total of over \$50 million in fraudulent and erroneous refunds from being issued.

WHAT'S NEW

Virginia's Fixed Date Conformity with the Internal Revenue Code: Virginia's date of conformity with the Internal Revenue Code (IRC) was advanced from December 31, 2015 to December 31, 2016, with limited exceptions. Virginia will continue to deconform from the bonus depreciation allowed for certain assets under federal law; the five-year carryback of certain federal net operating loss (NOL) deductions generated in the 2008 or 2009 taxable years; the federal income treatment of applicable high yield discount obligations; and the federal income tax treatment of cancellation of debt income realized in connection with certain business debts.

At the time these instructions went to print, the only required fixed date conformity adjustments were those mentioned above. However, if legislation is enacted that results in changes to the IRC for the 2017 taxable year, taxpayers may need to make adjustments to their Virginia returns that are not described in these instructions. Information about any such adjustments will be posted on the Department's website at www.tax.virginia.gov.

New Electronic Filing Requirements for Certain Taxpayers: For taxable years beginning on or after January 1, 2017, individuals are required to file and remit payment using an electronic medium if (i) any installment payment of estimated tax exceeds \$15,000, (ii) any payment made with regard to an extension of time to file exceeds \$15,000, or (iii) the taxpayer's estimated total tax liability exceeds \$60,000.

Credit for Political Contributions No Longer Allowed: Legislation enacted during the 2016 Session imposed a January 1, 2017 sunset date for the individual income tax credit for contributions to political candidates. Taxpayers will no longer be allowed a credit for contributions to candidates for state or local political office.

Carryover of the Day-Care Investment Credit Expired: This credit expired December 31, 2013, and no credits were allowed after that date. Carryover provisions allowed taxpayers to claim any unused credits from prior years through Taxable Year 2016. The carryover provisions have now expired.

New Administrative Fees: Legislation enacted by the 2017 General Assembly imposes fees for each request for an offer in compromise with respect to doubtful collectibility under Va. Code § 58.1-105; a letter ruling under Va. Code § 58.1-203; a local business tax advisory opinion under Va. Code §§ 58.1-3701 or 58.1-3983.1; and a corporate income tax filing status change request under Va. Code § 58.1-442. The fees are effective July 1, 2017 and must be paid at the time the request is made. Taxpayers may request waivers from these administrative fees. Waivers will be granted only if the Tax Commissioner finds that the fee creates an unreasonable burden on the person making the request. For further information, see the instructions on the relevant fee form. Additional information is available on the Department's website at www.tax.virginia.gov.

REMINDERS

Extension for Filing Income Tax Returns: All taxpayers are granted an automatic 6-month extension of time to file their income tax returns. No application for extension is required; however, any tentative tax due must be paid with an extension voucher, Form 760IP, by the original due date for filing the return.

You can file and pay your tentative tax online using the Department's eForm or Individual Online Services. Payments are made electronically and you may schedule payments to be made on a future date.

Litter Tax: Every manufacturer, wholesaler, distributor or retailer of the following products is subject to the Litter Tax.

- Food for Human or Pet Consumption
- Groceries
- Cigarettes and Tobacco
- Soft Drinks and Carbonated Waters

- Distilled Spirits, Wine, Beer and Other Malt Beverages
- Newspaper or Magazines
- Paper Products and Household Paper
- Glass and Metal Containers
- Plastic or Fiber Containers made of Synthetic Material
- Cleaning Agents and Toiletries
- Nondrug Drugstore Sundries
- Motor Vehicle Parts

Businesses become subject to the tax on the first January 1 they are in business. The Litter Tax return, Form 200, and payment of the tax are due on May 1 of each year, for the preceding calendar year.

Beginning with the 2017 Litter Tax Return due May 1, 2018, all returns must be filed and payments made electronically. If you are unable to file and pay electronically you may request a waiver. You can

obtain the waiver request form at www.tax.virginia.gov or by calling (804) 367-8037.

File and pay your Litter Tax Return online using the Department's eForm. Complete the online version of the paper Litter Tax Return as you would if you were completing a paper form. Payments are made electronically and you may schedule payments to be made on a future date.

Civil and Criminal Penalties: The civil penalty for filing a false or fraudulent return or for failing or refusing to file any return with intent to evade the tax, is an additional penalty of 100% of the correct tax.

Any individual who willfully fails or refuses to file a return, at the time or times required by law, shall be guilty of a Class 1 misdemeanor. In addition, an individual who makes any false statements on a return, with intent to defraud the Commonwealth, shall be guilty of a Class 6 felony.

Debt Collection: Before issuing any refunds, Virginia law requires the Department to check for any outstanding debt with agencies of the Commonwealth of Virginia, Virginia local governments and the Virginia court system. If any such debt is found, regardless of the type of tax return filed, all or part of your refund may be withheld to help satisfy the debt and the processing of your return will be delayed.

In addition, the Department is authorized to submit eligible state income and business tax debts to the U.S. Department of Treasury Offset Program (TOP). Once a debt is submitted, the U.S. Department of Treasury will withhold or reduce your eligible federal tax refund or federal vendor payment by the amount of your debt. The Internal Revenue Code authorizes this process, known as "offset."

Offset of federal refunds is only one source of funds that the Department of Taxation may use to satisfy an outstanding tax bill. Your state income tax refund and payments from other state agencies may be withheld to satisfy an outstanding tax bill as well.

Because of timing differences in obtaining funds from various sources, it is possible for us to receive funds from more than one source to satisfy the same debt. If this happens, the overpaid amount will be released upon receipt of the funds. You do not need to contact the Department to request your refund.

Direct Deposit: Due to electronic banking rules, the Department will not allow direct deposits to or through foreign financial institutions. Attempting to use direct deposit to transfer funds electronically to a financial institution outside the territorial jurisdiction of the United States will significantly delay your refund. Visit www.tax.virginia.gov for details.

Tax-Related Identity Theft: Tax-related identity theft occurs when someone uses your Social Security Number to file a tax return claiming a fraudulent refund. Often, an identity thief will use your Social Security Number to file a return early in the year. You may not be aware that you are a victim until you file your return and learn one already has been filed. We apply stringent scrutiny to all tax returns in an attempt to detect fraudulent tax refunds. If you receive a letter from us asking for additional information to verify that you are the actual taxpayer filing a return, please respond immediately. ESTIMATED INCOME TAX FILING

If you did not have enough income tax withheld, you may need to pay estimated income tax. Generally, you are required to make payments of estimated income tax if your estimated Virginia tax liability exceeds your Virginia withholding and other tax credits by more than \$150.

To make estimated tax payments online, visit the Department's website: www.tax.virginia.gov or file Form 760ES.

If you owe a large amount of tax, you may need to increase the amount of tax withheld or make estimated tax payments during the year.

You may be penalized if you underpaid your estimated tax or did not have enough tax withheld.

AMENDED RETURN FILING

When to File

If you file an amended federal return reflecting a change in your taxable income or any other amount that would affect the Virginia return, you must file an amended Virginia tax return within 1 year. If the Internal Revenue Service (IRS) provided documentation that acknowledges acceptance of your federal amended return, enclose a copy with the Virginia amended return. In addition, if you file an amended return with any other state that results in a change that would affect your Virginia income tax, you must file an amended Virginia tax return within 1 year.

If the change reduces the tax, by law the Department may issue a refund only if the amended return is filed within:

- 3 years from the due date of the original return, including valid filing extensions;
- 1 year from the final determination of the amended federal return or federal change, whichever is later, provided that the allowable refund is not more than the decrease in Virginia tax attributable to the federal change or correction;
- 1 year from the final determination of the amended return of any other state or change or correction in the income tax of the taxpayer for any other state, provided that the refund does not exceed the amount of the decrease in Virginia tax attributable to such change or correction;
- 2 years from the filing of an amended Virginia return resulting in the payment of additional tax, provided that the current

- amended return raises issues relating solely to the prior amended return and that the refund does not exceed the amount of the tax payment made as a result of the prior amended return; or
- 2 years from the payment of an assessment, provided the amended return raises issues relating only to the prior assessment and the refund does not exceed the amount of tax paid on the prior assessment.

Form 763

To amend Form 763, complete a new Form 763 (for the taxable year you are amending) using the corrected figures, as if it were the original return. Check the amended box located in the check applicable boxes section. Do not make any adjustments to the amended return to show that you received a refund or paid a balance due as a result of the original return.

Use the worksheet for amended returns below to determine if you are due a refund or if any additional tax due should be paid with your amended return.

Worksheet for Amended Returns

1.	Amount paid with original return, plus additional tax paid after it was filed1
2.	Add Line 1 above and Line 28 from amended Form 763 and enter the total here2
3.	Overpayment, if any, as shown on original return or as previously adjusted3
4.	Subtract Line 3 from Line 24
5.	If Line 4 above is less than Line 19 on amended Form 763, subtract Line 4 above from Line 19 on amended Form 763. This is the Tax You Owe
6.	Refund. If Line 19 on amended Form 763 is less than Line 4 above, subtract Line 19 on amended Form 763 from Line 4 above. This is the Tax You Overpaid

Required Enclosures

If you filed an amended federal return, enclose a copy of your federal Form 1040X or other claim form and supporting material with your amended Virginia return to substantiate the amendment. In addition, a copy of the final determination made by the IRS should be included to verify acceptance of the amended federal return. If amending your Virginia return for other reasons, enclose a statement explaining why you are amending your return. Show any computations necessary to verify the adjustments you are making. Submit your check or money order with your return if you owe a balance due. Also, include additional Forms W-2, 1099 or VK-1 with your return if claiming more income tax withheld than what was claimed on your original return.

Federal Adjustments

If your federal income tax return was adjusted by the IRS during the taxable year, an amended Virginia return must be filed within 1 year after the final determination of such federal change, correction or renegotiation. Include a copy of the federal adjustments. See "When to File" earlier in this section for additional information.

Net Operating Losses

Although there is no express statutory provision for a separate Virginia net operating loss available for carryback or carryover, the amount of federal net operating loss is the starting point in computing the amount of deduction to be allowed on the Virginia return. Check the amended return box located on the front of Form 763, indicating that this is an amended return. Also, check the box indicating the return is the result of a net operating loss (NOL) carryback. **Be sure to enclose a complete copy of your federal amended return, if applicable.** General instructions for computing the NOL can be obtained from the Virginia Administrative Code (Title 23, Taxation) website at law.lis.virginia.gov. Select the link for Virginia Administrative Code (Regulations) and find Title 23 Taxation. Select Agency 10, Department of Taxation and Chapter 110 Individual Income Tax. General instructions are provided in 23VAC10-110-80 and 23VAC10-110-81.

DECEASED TAXPAYERS

<u>Surviving Spouse filing Joint Return</u>: As the surviving spouse, you are considered the primary taxpayer. To complete your return:

- List your name, Social Security Number and Date of Birth first on the return.
- Include your spouse's name, Social Security Number and Date of Birth in the fields labeled for spouse.
- Check the Deceased box next to the field for your spouse's Social Security Number.
- Any refund issued will be made payable to the surviving spouse.
 The refund may be direct deposited.
- No additional documentation or forms are required.

<u>Single Filers</u>: If you are the court-appointed or certified Personal Representative (also referred to as Executor or Administrator) of the decedent's estate, include a copy of the court certificate showing your appointment with the return.

- Any refund issued will be made payable to the estate of the decedent.
- The refund will be issued as a check. The check may be cashed or deposited with the endorsement of the court-appointed Personal Representative.

<u>Joint Filers</u>, <u>both Taxpayers Deceased</u>: Follow the instructions for Single Filers.

Important: If a refund is due, the refund will be issued in the name of the surviving spouse or the estate of the decedent(s) unless a properly completed copy of federal Form 1310 is provided. When filing electronically, the Form 1310 must be included with the federal filing.

RECORD KEEPING

Keep your tax records for at least 3 years from the due date of the return or the date the return was filed, whichever is later. If the IRS requires you to keep your federal records for a longer period of time, keep your state records for the same period of time.

FILING REQUIREMENTS

Filing Threshold

Filing requirements are based on your residency status and the amount of your income. Dependents and students are subject to the same filing requirements as anyone else.

- Nonresidents of Virginia with income at or above the filing threshold must file if any of their income is from Virginia sources
- Residents of Virginia with income at or above the minimum filing threshold must file.

For information on Virginia residency requirements, please read the next section, "Residency Status."

If your Virginia Adjusted Gross Income (VAGI) is at or above the threshold amount shown in the following table, you are required to file. VAGI is the Adjusted Gross Income on your federal return plus any Virginia additions from Line 2, minus any Virginia subtractions from Line 8. Information on Virginia additions and subtractions is included in the instructions later in this booklet.

If your income is only from wages, salaries and interest from a savings or checking account, your VAGI is usually the same as the federal adjusted gross income shown on your federal return. Once you have computed your VAGI, check the chart below to see if you need to file a Virginia income tax return.

YOU DO NOT HAVE TO FILE IF YOU ARE:

Single and your VAGI is less than	\$11,950
Married filing a joint return (both must have Virginia Source Income) and your combined VAGI is less than	\$23,900
Married, spouse has no income from any source and your VAGI is less than	\$11,950
Married filing separately (on separate forms) and your VAGI is less than	\$11,950

If you are not required to file, but you had Virginia income tax withheld or you made estimated payments, you are entitled to a refund of the amount withheld or paid. You must file a return to get a refund.

We periodically review and update the Department's records to make sure that we have correct return information. Sometimes, we have to contact taxpayers to confirm that they did not need to file for a given year. As a result, even if you do not need to file a return for 2017, you may receive an inquiry at a later date to verify your VAGI.

RESIDENCY STATUS

Residents

Every Virginia resident whose Virginia Adjusted Gross Income is at or above the minimum filing threshold must file. Any "federal area" such as a military or naval reservation, federal agency or federal administration that is inside the geographical boundaries of Virginia is considered a location in Virginia and non-active duty residents of those areas are subject to Virginia income tax just like residents of any other location in the state.

You may be required to file as a resident in two states if you are an actual resident of one state and a domiciliary resident of another state (see definitions below). If you are in this situation, you may be able to take a credit on the return filed in the state of your legal domicile. Refer to the instructions for Schedule OSC on Page 31 of these instructions for more information on the credit for tax paid to another state.

Domiciliary Residents

Anyone who maintains a legal domicile (residence) in Virginia, whether living in or out of Virginia, is a domiciliary resident. This includes members of the U.S. armed forces who have Virginia as their home of record. Domiciliary residents have their

permanent place of residence in Virginia. Any person who has not abandoned his or her legal domicile in Virginia and established legal domicile in another state remains a domiciliary resident of Virginia, even if residing in another jurisdiction for a number of years. In determining domicile, the Department considers many factors. Some of the more common indicators of domicile are: voter registration; motor vehicle and personal property registration; business pursuits; expressed intent; conduct; leaseholds and situs of real property owned.

Actual Residents

Anyone, other than a member of the U.S. armed forces or the U.S. Congress, who maintains a place of abode (i.e., home) in Virginia for a total of more than 183 days of the taxable year while having legal domicile (residence) in another state or country is an actual resident of Virginia. This category often includes students who are domiciliary residents of another state while attending college in Virginia or the spouses* and dependents of members of the U.S. armed forces stationed in Virginia. Although this residency classification does not apply to members of the U.S. Congress, it does apply to members of their families and staffs.

*The spouse of a military service member may be exempt from Virginia individual income tax on income from services performed in Virginia if (i) the service member is present in Virginia in compliance with military orders; (ii) the spouse is in Virginia solely to be with the service member; and (iii) they both maintain domicile in another state that is the same for both spouses. For more information, see Tax Bulletin 09-10 and Tax Bulletin 10-1 which are available on the Department's website at www.tax.virginia.gov.

Nonresidents

Nonresidents of Virginia with Virginia Adjusted Gross Income at or above the filing threshold must file if any of their income is from Virginia sources. Income from Virginia sources is income received from labor performed, business done, or property located in Virginia, including gains from sales, exchanges or other dispositions of real estate and intangible personal property having a situs in Virginia. Virginia source income includes income passed through from a partnership, S corporation or limited liability company that does business in Virginia. It also includes business income and proceeds from real estate transactions passed through by a Virginia trust. It generally does not include personal savings account interest or dividends from an individual's stock market investments.

Those who maintain legal domicile in another state and live in Virginia less than 183 days of the taxable year (or do not live in Virginia at all) are nonresidents. Also, members of the U.S. armed forces who have another state as their home of record (legal domicile) are generally classified as nonresidents of Virginia, even though they may be stationed in Virginia for years.

Exceptions for Certain Nonresidents

If you are a nonresident of Virginia who commutes daily to work in Virginia from **Kentucky** or the **District of Columbia**, you do not have to file if:

- You have no actual place of abode in Virginia at any time during the year;
- Salaries and wages are your only Virginia source income; and
- Your salaries and wages are subject to income taxation by Kentucky or the District of Columbia.

If you are a nonresident of Virginia who is a resident of **Maryland**, **Pennsylvania or West Virginia** and you earn salaries and wages in Virginia, you are exempt from filing a Virginia income tax return and paying Virginia income tax if:

- Your only income from sources in Virginia is from salaries and wages; and
- Your salaries and wages are subject to income taxation by Maryland, Pennsylvania or West Virginia.

If you are a domiciliary resident of **Kentucky, Maryland, Pennsylvania, West Virginia or the District of Columbia** and have income from Virginia sources other than wages and salaries, (such as business income or gain from the sale of a residence), you must file a Virginia Nonresident Individual Income Tax Return, Form 763, and pay tax on income not specifically exempted above. **Spouses of Military Personnel:** Under the Servicemember Civil Relief Act, as amended by the Military Spouses Residency Relief Act, a spouse of a military servicemember may be exempt from Virginia income tax on wages if (i) the servicemember is present in Virginia in compliance with military orders; (ii) the spouse is present in Virginia solely to be with the servicemember; and (iii) they both maintain the same non-Virginia domicile state. More information is available in Tax Bulletin 09-10 and Tax Bulletin 10-1 available on the website at **www.tax.virginia.gov**.

Tax Withheld in Error by Employer: If Virginia tax was withheld from your income in error, you should file Form 763S to obtain a refund.

If you meet any of the exceptions above and had Virginia withholding, you may need to file Form 763-S, Virginia Special Nonresident Claim For Individual Income Tax Withheld to claim your refund.

Part-Year Residents

You may be a part-year resident if your residency in Virginia began or ended during the taxable year. Residents who move into or out of Virginia during the taxable year and do not fall into either category below are generally considered full-year residents.

- Virginia residents who move out of Virginia during the taxable year and become domiciliary residents of another state are partyear residents, provided they do not move back to Virginia for at least 6 months.
- Those who move into Virginia during the taxable year and become either domiciliary or actual residents of Virginia are also considered part-year residents.

The distinction between full-year and part-year residents is important in deciding which form to file and what income is taxable in Virginia. To compute Virginia Adjusted Gross Income (VAGI) and determine if VAGI meets the minimum filing threshold, part-year residents who file Form 760PY are allowed a subtraction from federal adjusted gross income equal to the amount of income attributable to residence outside Virginia.

If you are a part-year resident and you do not file the correct form, you will not compute the correct amount of tax. See the next section, "WHICH FORM TO FILE."

WHICH FORM TO FILE

Residents File Form 760

File Form 760 if you are a part-year resident and all of your income came from Virginia sources or was received while you were a Virginia resident. This will allow you to claim the full exemption and standard or itemized deduction instead of computing partial amounts as required for part-year residents filing Form 760PY.

Part-Year Residents File Form 760PY

As a general rule, part-year residents file Form 760PY. If 1 spouse is a full-year resident and the other is a part-year resident, the couple may file together on Form 760PY. The part-year resident spouse

will compute a prorated exemption amount. The full-year resident spouse will claim the full exemption amount.

If you are a part-year resident who received Virginia source income, as well as other income, during the portion of the year you lived in another state, you need to file 2 Virginia returns for the taxable year. File Form 760PY to report the income attributable to your period of Virginia residency. File Form 763, the nonresident return, to report the Virginia source income received as a nonresident.

Nonresidents File Form 763

Generally, nonresidents with income from Virginia sources must file a Virginia return if their income is at or above the filing threshold. Nonresidents who earn salaries and wages in Virginia and pay tax on those salaries and wages to the District of Columbia, Kentucky, Maryland, Pennsylvania or West Virginia are not required to file if they meet the criteria described in the previous section under "Exceptions for Certain Nonresidents." Residents of states other than those in "Exceptions for Certain Nonresidents" do not qualify for a filing exception.

Usually, when 1 spouse is a resident and the other spouse is a nonresident, each spouse whose income is at or above the filing threshold, must file separately. The resident spouse must file on Form 760. The nonresident spouse must file Form 763. There are only 3 circumstances in which such a couple can file jointly on the same return. If both spouses have income and all of the nonresident's income is Virginia source income, a joint resident return (Form 760) may be filed. If both spouses elect to determine their joint Virginia taxable income as if they were both Virginia residents, a joint resident return may be filed. Also, if the nonresident spouse has no income at all, a joint resident return may be filed.

Members of the Armed Forces

Active duty pay for members of the armed forces is taxable only in the state of legal domicile, regardless of where stationed. You must file as a nonresident if you are in the military, domiciled in another state and have any other income that is from Virginia sources.

The spouse of a military service member may be exempt from Virginia individual income tax on income from services performed in Virginia if (i) the service member is present in Virginia in compliance with military orders; (ii) the spouse is in Virginia solely to be with the service member; and (iii) they both maintain the same non-Virginia domicile state. For more information, see Tax Bulletin 09-10 and Tax Bulletin 10-1 available on the Department's website at www.tax.virginia.gov.

Use Form 763 if you are in the military, domiciled in another state and have any other income that is from Virginia sources. Examples follow.

If a married couple lives in Virginia for the entire year, but is domiciled in Alabama, and has nonmilitary income from Virginia sources that is attributable to both spouses, the spouse on active duty must file Form 763, using Filing Status 4. Generally, the state of domicile will allow credit for tax paid to Virginia on the earned income that is taxed in both states.

If the nonmilitary spouse's domicile changed to Virginia during the year, Form 760PY must be filed, using Filing Status 3, to pay tax on income earned after becoming a Virginia resident.

Spouses of Military Personnel: Under the Servicemember Civil Relief Act, as amended by the Military Spouses Residency Relief Act, a spouse of a military servicemember may be exempt from Virginia income tax on wages if (i) the servicemember is present in Virginia in compliance with military orders; (ii) the spouse is present in Virginia solely to be with the servicemember; and

(iii) they both maintain the same non-Virginia domicile state. If the spouse is not exempt from Virginia income tax see "Married Taxpayers" above. More information is available in Tax Bulletin 09-10 and Tax Bulletin 10-1 available on the website at **www.tax. virginia.gov**.

Unified Nonresident Composite Filers File Form 765

Partnerships, S corporations and limited liability companies may file, on behalf of their nonresident partners, shareholders, or members, a **unified return (Form 765)** thereby relieving these persons of the responsibility of filing a Virginia nonresident individual return. An owner of a pass-through entity may also need to file a nonresident return (Form 763) to report Virginia source income that was not included on a Form 765. Income reported on a unified return would be subtracted on the Form 763 using Code 50 (Pass-Through Entity Income) on Lines 6b - 6d of the Schedule 763 ADJ.

WHEN TO FILE

Calendar Year Filers - May 1, 2018

If your taxable year is January 1, 2017 - December 31, 2017, your individual income tax return must be postmarked no later than **May 1, 2018**, to avoid late filing penalties and interest.

When filing by mail, the envelope must be postmarked by the due date. Put the correct postage on your envelope. If your return is sent back to you because of insufficient postage, you are liable for the penalties and interest if the postmark on the remailed return is after the due date. Tax returns or payments of taxes remitted by a commercial delivery service will be considered timely filed if received in an envelope or sealed container bearing a confirmation

of shipment on or before midnight of the day the return or payment is due.

If the due date falls on a Saturday, Sunday or legal holiday, you may file your return on the next day that is not a Saturday, Sunday or legal holiday.

Fiscal Year Filers

If your taxable year is not January 1 through December 31, your return must be postmarked by the 15th day of the 4th month following the close of your fiscal year.

When filing by paper, you should write "FISCAL YEAR FILER" across the top of Page 1 of Form 763 and enclose a statement indicating the beginning and ending months of your 12-month fiscal year. If you file after the due date or do not pay the full amount due by the due date, you may have to pay penalties and interest.

Overseas Rule

If you are living or traveling outside the United States or Puerto Rico (including persons in the military or naval service on duty outside the United States and Puerto Rico), you must file your return by **July 2, 2018**. Be sure to check the appropriate box to the left of the name and address section.

Members of the Military - Members of the armed forces serving in a combat zone receive either the same individual income tax filing and payment extensions as those granted to them by the IRS, plus an additional 15 days, or a 1-year extension, whichever date is later. All extensions also apply to spouses of military personnel. Service families may wish, however, to file their individual income tax returns before the extended deadlines to receive refunds. Service members claiming this extension should write "Combat Zone" across the top of their tax returns and on the envelopes used to mail their returns. Such combat zone personnel should similarly write "Combat Zone" across the top of their correspondence, and on the envelope used to mail the correspondence, when responding to any notices issued by the Department regarding tax collection or examination. More information can be obtained from Tax Bulletin 05-5, available in the Laws, Rules, and Decisions Section of the Department's website at www.tax.virginia.gov.

In addition, every member of the armed services deployed outside of the United States is allowed an extension of his or her due date. The extension will expire 90 days following the completion of deployment. Service members who claim this extension should write "Overseas Noncombat" on the top of their tax returns.

Extension Requests

Extension Provisions: Virginia law provides an automatic 6-month filing extension for income tax returns. No application for extension is required. The extension is for filing the return, not for payment of the tax; therefore, you must pay at least 90% of your tax by the due date, May 1 for calendar year filers. To make a payment of tentative tax, use Form 760IP.

If you file your return within 6 months after the due date but do not meet the 90% payment requirement, an extension penalty of 2% per month will apply to the balance of tax due with your return from the due date through the date your return is filed, to a maximum of 12% of the tax due. Interest will also accrue on any balance of tax due with a return filed within the extension period, regardless of whether the 90% payment requirement is met.

If you file your return within 6 months after the due date but do not pay the tax due at the time of filing, the unpaid balance will be subject to a late payment penalty of 6% per month from the date of filing through the date of payment, to a maximum of 30%. The

late payment penalty will be assessed in addition to any extension penalty that may apply. The automatic extension provisions apply only to returns that are filed within 6 months from the due date. If you file your return more than 6 months after the due date, a late filing penalty of 30% will apply to the balance of tax due with your return.

Refund Returns - You do not need to file an extension if you cannot file by the due date and you are certain that your return will result in a refund. This is because the late filing penalty is not assessed on refund returns. To receive a refund, however, you must file within 3 years of the due date.

Foreign Income Exclusion - If you qualify for the federal foreign income exclusion and have requested an extension of time for filing your federal return, you may apply for an extension of time to file your state return. You will be granted an extension for 30 days after the date you expect to qualify for the exclusion. You must apply by letter on or before the 1st day of the 7th month following the close of your taxable year and enclose a copy of the approved federal extension with your return when you file.

WHERE TO FILE

To file by mail, use the mailing address listed on the back cover of this booklet for the city or county in which all or the principal part of income from Virginia sources was derived. Returns can be filed directly with the Virginia Department of Taxation. Most nonresident returns can also be filed electronically.

BALANCE DUE RETURNS

You can pay by credit card or online, and most taxpayers also have the option to pay by check. See the "Payment Options" section on Page 15 of these instructions for more details. If you can pay by check and choose to do so, make your check payable to the Treasurer of the city or county in which you reside. Make sure your Social Security Number is on your check and make a notation that it is your 2017 income tax payment.

To pay by credit card, call 1-800-272-9829 (1 800 2 PAY TAX), or visit **www.officialpayments.com**. **The jurisdiction code for Virginia is 1080.** If you choose this option, fill in the check box on Line 37 of Form 763, indicating this type of payment. You will be assessed a fee by the company processing the transaction.

Make an online payment from your checking or savings account for balance due returns using Web Payments at www.tax.virginia.gov.

If you have already filed your return with your Local Commissioner of the Revenue and did not indicate you were paying by credit card, call your Local Commissioner of the Revenue's office for the correct jurisdiction code prior to initiating your credit card payment. Phone numbers are listed on the inside back cover of this booklet.

If claiming Filing Status 3 or Filing Status 4, enter your spouse's name on the line provided in the Filing Status section and your spouse's Social Security Number in the name and address section of the return.

Same-sex couples that are married under the law of any state are recognized as married couples for Virginia income tax purposes. For more information, see Virginia Tax Bulletin 14-7 (Public Document 14-174, 10/7/14).

Single (Filing Status 1)

Use this filing status if you claimed one of the following federal filing statuses on your federal return: Single, Head of Household, or Qualifying Widow(er). If you claimed the Head of Household filing status on your federal return, check the "Single" filing status box and the "Head of Household" box.

Married, Filing Joint Return (Filing Status 2)

BOTH spouses must have Virginia source income.

You and your spouse may choose to file a joint return if both have Virginia Source Income and

- you computed your federal income tax liabilities together on a joint federal return; or
- neither of you was required to file a federal return.

When using Filing Status 2 or 3 on Form 763, your spouse's exemption is included in the "Spouse" column. Do not claim your spouse as a dependent.

Married, Spouse Has No Income from Any Source (Filing Status 3)

Both spouses must file under this status if:

- federal income tax liabilities are determined on a joint federal return; or
- neither files a federal return; or
- one spouse files a separate return and the other spouse has no gross income and was not a dependent of another taxpayer. Note that in this case, the standard deduction is limited to \$3,000.

Married, Filing Separate Returns (Filing Status 4)

A separate return must be filed if one of the following applies:

- both spouses are nonresidents and both have income from Virginia sources, but do not elect to file jointly;
- both spouses are nonresidents and both have income, but only one has income from Virginia sources; or
- one is a resident and the other is a nonresident with income from Virginia sources and they do not elect to file a joint resident return.

A spouse may claim only those personal exemptions, itemized deductions and other deductions that could have been claimed had a separate federal return been completed. If the number of dependent exemptions or the amount of itemized deductions cannot be accounted for separately, they must be proportionately allocated between each spouse based on the income attributable to each. For example, if you file a joint federal return, one of you is a nonresident and you are unable to account separately for the child and dependent care deduction, that deduction must be proportionately allocated between each spouse based on the income attributable to each. One spouse may never claim less than a whole personal exemption. Even in the case where spouses have equal income and one child, only one spouse may claim that child.

EXEMPTIONS

Enter the number of exemptions allowed in the appropriate boxes. The first exemption box has been completed for you.

Section 1

Dependents

Generally, you may claim the same number of dependent exemptions allowed on your federal return. If you are using Filing Status 3 or 4, see the Filing Status instructions in the previous section for the rules on claiming dependents. You may never claim less than a whole exemption. The same dependent may not be claimed on separate returns.

Multiply the sum of the exemptions claimed in the "You" and "Dependents" boxes by \$930.

Section 2

65 or Over

To qualify for the additional personal exemption, you must have been age 65 or older on or before January 1, 2018.

Blind

To qualify for the additional personal exemption for the blind, you must have been considered blind for federal income tax purposes. Multiply the sum of exemptions claimed for "65 or over" and "Blind" by \$800.

Exemption Amount

Add the dollar amount from "Total Section 1" box to the dollar amount from "Total Section 2" box. Enter this amount on Line 13.

HOW TO ENTER NUMBERS

Round to Whole Dollars: To improve return preparation accuracy and speed the processing of your return, all amount entries on your return must be rounded to the nearest dollar. Amounts less than 50 cents are to be rounded down while all amounts 50 cents - 99 cents are to be rounded up.

Negative Numbers: Enter negative numbers (less than 0) in brackets. For example, if your federal adjusted gross income was negative 12,000 enter this as [12,000].

Line 1 - Adjusted Gross Income

Enter the total amount of your federal adjusted gross income from your federal income tax return. **Do not enter your federal taxable income.**

Where spouses have filed a joint return for federal income tax purposes and have not elected to file a joint Virginia income tax return, such items allowable for Virginia income tax purposes must be allocated and adjusted as follows:

• Each spouse must claim his or her income. Income must be allocated to the spouse who earned the income and with respect to whose property the income is attributable.

• Allowable adjustments to federal gross income with respect to trade, business, production of income or employment must be allocated to the spouse to whom they relate.

Line 2 - Additions from Schedule 763 ADJ

Complete Schedule 763 ADJ, Lines 1 through 3 and enter the amount from Line 3.

Line 3 - Total

Add Lines 1 and 2 and enter the total.

Line 4 - Age Deduction

Are you eligible to claim an age deduction?

If claiming an Age Deduction, see the Age Deduction instructions and complete the Age Deduction Worksheet on Page 11 in order to calculate the Qualifying Age Deduction.

For 2017, taxpayers born on or before January 1, 1953 may qualify to claim an age deduction based on birth date, filing status and income. A taxpayer who qualifies to claim an age deduction may **NOT** also claim a disability income subtraction, Credit for Low-Income Individuals, or Virginia earned income credit.

For married taxpayers, each eligible spouse may take either an age deduction or a disability income subtraction. Neither spouse may claim an age deduction if one spouse claimed a Credit for Low-Income Individuals or Virginia earned income credit, even if filing separate returns. Claim the deduction or subtraction that gives you the greatest tax benefit.

If you or your spouse are not claiming a disability subtraction or a Credit for Low-Income and your birth date is on or before January 1, 1953, please read the information below to determine if you qualify for an age deduction and how to compute the amount of the age deduction you may claim for 2017.

Enter Birth Date

Enter your birth date in the name and address section on Page 1.

- For Filing Status 1, enter your birth date.
- For Filing Status 2, 3 and 4, enter your birth date and your spouse's birth date. Both birth dates are required even if only one qualifies for an age deduction.

Notice to ALL Married Taxpayers

A married taxpayer's **income based age deduction** is **always** determined using the married taxpayers' **joint** *adjusted federal adjusted gross income* or "AFAGI." Regardless of whether you are filing jointly or separately, if you are married, your income based age deduction is determined using both spouse's income.

In addition, if both spouses are claiming an **income based age deduction**, regardless of whether filing jointly or separately, the married taxpayers must compute a joint age deduction first and then the joint age deduction is allocated to each taxpayer.

Taxpayers Age 65 and Older

If you, or your spouse if you are married, were **born on or before January 1, 1953**, you may qualify to claim an age deduction of up to \$12,000 each for 2017.

The age deduction you may claim will depend upon your birth date, filing status and income.

If your birth date is:

• On or before January 1, 1939

Your age deduction is not income based. You may claim an age deduction of \$12,000. If you are married, each spouse born on or before January 1, 1939, may claim a \$12,000 age deduction. For a spouse born after January 1, 1939, the age deduction for that spouse is based on the criteria below.

• On or between January 2, 1939, and January 1, 1953

Your age deduction is based on your income. A taxpayer's income, for purposes of determining an **income based age deduction**, is the taxpayer's *adjusted federal adjusted gross income* or "AFAGI".

A taxpayer's AFAGI is the taxpayer's federal adjusted gross income, modified for any fixed date conformity adjustments, minus taxable Social Security and Tier 1 Railroad benefits.

Line 5 - Social Security and Equivalent Tier 1 Railroad Retirement Act Benefits

Enter the amount of Title II Social Security Act Benefits and Equivalent Tier 1 Railroad Retirement Act Benefits included in adjusted gross income on your federal income tax return due to IRC § 86. This is the amount reported as taxable social security benefits on your federal return.

Do not include Tier 2 Railroad Retirement Benefits and Other Railroad Retirement and Railroad Unemployment Benefits. See instructions for Schedule 763 ADJ to determine if these benefits can be included as other subtractions.

Line 6 - State Income Tax Refund or Overpayment Credit

Enter the state income tax refund that you reported as income on your federal Return. State, local or foreign income taxes withheld from your salary, estimated tax payments or payments made on tax for a prior year to such taxing authority may be deducted on your federal return for the year withheld or paid. The federal deduction is for the amount paid rather than the tax liability, so a refund or credit is generally treated as taxable income (a recovery of an excessive deduction) on the federal return. Since Virginia does not allow the state and local income tax deduction, a federally taxable refund or overpayment credit is to be subtracted from federal adjusted gross income on the Virginia return.

Line 7 - Subtractions from Schedule 763 ADJ

Complete Schedule 763 ADJ, Lines 4 through 7, and enter the amount from Line 7.

Line 8 - Subtotal

Add Lines 4a, 4b, 5, 6 and 7 and enter the total.

Line 9 - Virginia Adjusted Gross Income

Subtract Line 8 from Line 3 and enter the result.

You are not required to file an individual income tax return if:

- you are single (Filing Status 1) and Line 9 is less than \$11,950;
- you are married, filing a joint return (Filing Status 2) and Line 9 is less than \$23,900; or
- you are married and your spouse has no income from any source (Filing Status 3) or you are married filing a separate return from your spouse (Filing Status 4) and Line 9 is less than \$11,950.

The filing threshold amount for a dependent (regardless of age) is the same as for any other individual (even if the dependent's standard deduction would be limited on Line 12).

If you are not required to file a return, but had income tax withheld or made estimated income tax payments, take the following steps to claim your full refund:

- complete Lines 10 through 18 and enter "0" as your tax on Line 19.
- complete Lines 20a through Line 38. You are entitled to a full refund because your income is below the filing threshold.

If you are required to file a return, continue to Line 10.

	Filing	Standard
	Status	Deduction
1.	Single	\$3,000

- 3. Married, spouse has no income from any source....\$3,000
- 4. Married, filing separate return.....\$3,000

Dependent's Limited Standard Deduction

If you could be claimed as a dependent on the federal income tax return of another taxpayer, your allowable standard deduction may not exceed the amount of your earned income. This rule applies to dependents of all ages, including children under age 19 and full-time students under 24 years old who are eligible to be claimed as a dependent on their parent's return.

Remember to check the box on the front of Form 763 if you can be claimed as a dependent on another's return.

Your maximum standard deduction for Line 10 is the *lesser* of EARNED INCOME; or

- 1. \$3,000 if you are single (Filing Status 1)
- 2. \$6,000 if you are married filing a joint return (Filing Status 2)
- 3. \$3,000 if you are filing a separate return from your spouse (Filing Status 3 or 4).

Example: A person claimed as a dependent on another taxpayer's return has \$4,200 interest from a bank account (unearned income) and \$1,200 from a summer job (earned income). The standard deduction is \$1,200 (the lesser of earned income or \$3,000). If this dependent had earned income of \$3,200 from the summer job, the full standard deduction of \$3,000 would be allowed. All dependents are subject to the limitation. This includes children under age 19 and full-time students under the age of 24 who are eligible to be claimed as dependents on their parents' returns. Remember to check the box on Page 1 of the Form 763 if you can be claimed as a dependent on someone else's return and had unearned income. NOTE: The return of a taxpayer claiming a child (or other person) as a dependent is not affected if the child is required to claim a limited standard deduction.

If your total family income does not exceed the federal poverty guidelines or you claimed the federal Earned Income Credit, you may be eligible to claim the Credit for Low-Income Individuals or the Virginia Earned Income Credit. Individuals who are dependents on another taxpayer's return are not eligible for either credit.

These credits may not be claimed if you, your spouse, or any dependent claims any of the following:

- · Virginia National Guard subtraction
- Military pay subtraction (first \$15,000)
- Subtraction for first \$15,000 for state and federal employees whose annual salary is \$15,000 or less
- Exemption for taxpayers who are blind or age 65 and over

If you are eligible, calculate these credits by completing Schedule 763 ADJ, Lines 10 through 17. Enter the credit amount from Line 17 of Schedule 763 ADJ on Line 24 of Form 763. See instructions for Schedule 763 ADJ starting on Page 17.

Line 25 - Credit for Tax Paid to Another State

Generally, Virginia will not allow taxpayers filing nonresident individual income tax returns to claim credit for income tax paid to another state. The only exception to the above rule involves income taxes paid to the following states:

- Arizona
 District of Columbia
- California
 Oregon

If you are a resident of one of the above states and have Virginia source income as a "nonresident" and the income is taxed by both Virginia and the other state, you are eligible for this credit.

After you have completed Schedule OSC, enter the credit amount from Schedule OSC on Line 25. See instructions for Schedule OSC on Page 31.

Line 27 - Credits from Schedule CR

Complete Schedule CR and enclose it with your return to claim the following tax credits. For some credits, other Virginia forms are also required. To obtain Schedule CR, Schedule CR Instructions and these other credit forms, see Page 3, Where to Get Forms.

If you leave Line 34 blank, the Department will compute the addition to tax, penalty and interest for you and then send you a bill, if applicable. If your income varied during the year, however, you may be entitled to a lower addition to tax than what the Department would automatically compute. In such cases, you should complete Form 760C to show when the income was received and what the addition to tax should be.

Enclose Form 760C or Form 760F (for Farmers, Fishermen or Merchant Seamen) if you computed the addition to tax and/or if you are claiming one of the exceptions that voids the addition to tax.

Line 35. Sales and Use Tax (Consumer's Use Tax)

If you purchased merchandise from retailers without paying sales tax you must pay the sales tax directly to the Department. When retail sellers do not collect sales tax, it becomes the purchaser's responsibility to pay the sales tax (i.e., consumer's use tax). Report any sales tax amount you owe on your return. If you do not owe sales tax, check the corresponding box on your form.

Taxable Purchases

In general, the Virginia sales and use tax applies to all purchases, leases, or rentals of tangible personal property. Regardless of the source of the purchase, if you were not charged sales tax and your purchases are shipped or brought into Virginia, you are required to pay the sales and use tax. This includes purchases made through websites, shopping networks, mail order catalogs*, and any out-ofstate retailers. Taxable items include, but are not limited to, food, furniture, carpets, clothing, linens, appliances, computers, books, CDs, DVDs, artwork, antiques and jewelry. Separately stated shipping and delivery charges are not taxable, but "handling" and any combined "shipping and handling" charges are taxable. Nonprescription drugs and proprietary medicines purchased for the cure, mitigation, treatment, or prevention of disease in human beings are exempt from the tax.

*If total mail order catalog purchases are under \$100, you do not need to report the tax for those purchases.

PAYMENT OPTIONS

If your bank does not honor your payment to the Department, the Department may impose a penalty of \$35, as authorized by *Va. Code* § 2.2-614.1. This penalty will be assessed in addition to any other penalties, such as the penalty for late payment of tax.

The fastest and easiest way to make your payments is to file and pay online with VATAX Online Services for Individuals or with eForms. Payments are made electronically and you may schedule payments to be made on a future date.

Effective for taxable years beginning on and after January 1, 2017, you must submit your payment electronically if:

- any installment payment of estimated tax exceeded \$15,000;
- any payment made for an extension of time to file exceeded \$15,000, or
- the total estimated income tax due for any taxable year exceeded \$60,000.

If you are not required to submit payments electronically, you have the option to pay by check.

Check

Make your check payable to the Treasurer or Director of Finance of the city or county in which all or the principal part of income from Virginia sources was derived. See the inside back cover of this booklet for a listing of localities. Make sure your Social Security Number is on your check and make a notation that it is your 2017 Virginia income tax payment. Submit your check with your return. **Important:** If you make your payment by check after filing your return, do not submit a copy of your previously filed return with your payment.

Credit Card

If you file your return locally, call your Commissioner of the Revenue's office for instructions on how to pay. Phone numbers are listed on the back cover of this booklet. If you file electronically or mail your return directly to the Department of Taxation, call 1-800-2PAY-TAX, or visit www.officialpayments.com to pay on the Internet. The jurisdiction code for the Virginia Department of Taxation is 1080. You will need this number when you make a credit or debit card payment. The company processing the transaction will assess an additional fee. Prior to payment, you will be informed of the fee and will have the option to cancel the transaction at that time with no charge.

After you complete the transaction be sure to check the box on Line 37 indicating that you have arranged for a credit or debit card payment.

Online

Make an online payment from your checking or savings account for balance due returns using Web Payments at www.tax.virginia.gov.

Line 38 - Amount to Be Refunded to You

If Line 30 is larger than Line 36, subtract Line 36 from Line 30 and enter the refund amount. If you are due a refund and do not complete Line 38, your refund may be delayed.

REFUND OPTIONS

Direct Deposit - Get your refund faster!

The Commonwealth of Virginia will no longer issue individual income tax refunds through debit cards.

Have your refund deposited directly into your bank account. If the ultimate destination of your refund is to a financial institution within the territorial jurisdiction of the United States, you can use direct deposit to receive your refund fast! Please note, however, that the Department will not support the direct bank deposit to refunds when the ultimate destination is a financial institution outside the territorial jurisdiction of the United States. Attempting to use the Direct Bank Deposit option to transfer funds electronically to such foreign financial institutions will significantly delay the issuance of your refund.

Check the box to indicate whether the account number is for a checking or savings account.

Bank Routing Number: Enter your bank's 9-digit routing transit number printed on the bottom of your check. The first 2 digits of the routing number must be 01 through 12 or 21 through 32. Do not use a deposit slip to verify the number. It may contain internal routing numbers that are not part of the actual routing number.

Bank Account Number: Enter your bank account number up to 17 digits. Do not enter hyphens, spaces or special symbols. *Do not include the check number*.

Refund Check

If you prefer to have your refund mailed to you, or if the destination of the funds is outside the territorial jurisdiction of the United States, do not complete the Direct Bank Deposit information.

Nonresident Allocation Percentage Table

Complete this table to determine the percentage of your income derived from Virginia sources. Each type of income listed is from TOTAL INCOME shown on the federal individual income tax return with the exception of Lines 12 and 13. Do not include any income that was already included on a unified nonresident return.

Lines 1 through 13, Column A:

Lines 1 Through 11

For each type of income listed, enter in Column A the amount reported as income on your federal individual income tax return. NOTE: Do not reduce this income by any adjustments to income shown on your federal individual income tax return.

Line 12 - Interest on Obligations of Other States

Enter the amount from Schedule 763 ADJ, Line 1.

Line 13 - Lump-Sum Distributions/Accumulation Distributions

Enter the total lump-sum and accumulation distributions included on Line 3 of Schedule 763 ADJ.

Lines 1 Through 13, Column B:

For each type of income listed in Column A, enter in Column B the portion of the income that is from Virginia sources. Income from Virginia sources includes:

- 1. Items of income gain, loss and deductions attributable to:
 - a. The ownership of any interest in real or tangible personal property in Virginia;
 - b. A business trade, profession, or occupation carried on in Virginia; and
 - Prizes paid by the Virginia Lottery Department and gambling winnings from wagers placed or paid at a location in Virginia.
- 2. Income from intangible personal property, including annuities, dividends, interest, royalties and gains from the disposition of intangible personal property employed by an individual in a business, trade, profession or occupation carried on in this state (for example: dividend income from a Virginia S corporation).
- 3. Exception for Certain Nonresidents: Residents of Kentucky, Maryland, Pennsylvania, West Virginia and the District of Columbia who meet the "Exceptions for Certain Nonresidents" in these instructions are not required to file a Virginia return if their only income from Virginia sources was from salaries and wages. If these individuals have business income from Virginia sources, other than from salaries and wages, only that other business income should be entered in Column B. For most nonresidents, the income shown on Lines 2, 3 and 12, Column A, is not considered income from Virginia sources. For example, if a nonresident earned interest from a bank account or dividends from a corporation located in Virginia, that income is intangible income and therefore would generally not be entered in Column B. Virginia does not tax nonresident individuals on intangible income except as noted in number 2 above.

Line 14 - Total

Total Lines 1 through 13, Column A and Column B.

Line 15 - Nonresident Allocation Percentage

Divide Line 14, Column B, by Line 14, Column A, and report the result as a percentage amount to one decimal place, showing no more than 100% or less than 0%. Example: 0.3163 becomes 31.6%. Enter the percentage here and on Line 17, Form 763, Page 1.

Authorization to Discuss with Preparer

I (we) authorize the Department of Taxation to discuss this return with my (our) preparer. Check this box if you would like to give the Department authorization to discuss your return information with your tax preparer.

Electronic Form 1099-G

At the bottom of the return above the signature area, a check box is provided for you to indicate that you agree to obtain your statement of refund (Form 1099-G) electronically instead of receiving a copy by mail. Paper copies of these statements will be mailed to taxpayers who do not opt into the electronic delivery method. If you previously selected the electronic delivery method and decide to change, submit a written request to the Department using the contact

information on Page 3 of this booklet. Form 1099-G/1099-INT is an informational statement issued by the Department in January of each year to report payments made or credited to taxpayers during the previous calendar year. The statement is also provided to those who receive interest payments of \$10 or more during the year. These statements must be used in preparing federal returns by taxpayers who itemize deductions. Form 1099-G/1099-INT may be downloaded securely and printed from the Department's website, www.tax.virginia.gov.

Sign Your Return

The signature block on Form 763 is on the bottom of Page 2. Be sure to sign and date your return. If filing jointly, both spouses must sign the return. In so doing, you agree that filing jointly on this return makes you jointly and severally liable for the tax due and any refunds will be paid jointly.

Include your daytime phone numbers in the spaces provided. Phone numbers are requested so the Department can contact you if there is a question about your return.

Tax Preparer Information

If you paid someone to prepare your return, the preparer should provide contact information in the spaces provided.

LINE INSTRUCTIONS FOR VIRGINIA SCHEDULE 763 ADJ

FIXED DATE CONFORMITY UPDATE FOR 2017

Virginia's date of conformity with the Internal Revenue Code (IRC) was advanced from December 31, 2015 to December 31, 2016, with limited exceptions. Virginia will continue to disallow the five-year carry back of net operating losses ("NOL") allowed for NOLs generated in Taxable Years 2008 and 2009.

Applicable High Yield Discount Obligations: Virginia will continue to deconform from IRC § 163(e)(5)(F), which suspends the application of the applicable high yield debt obligation ("AHYDO") rules for certain debts issued between September 30, 2008, and December 31, 2009. For federal purposes, special rules generally apply to computing the interest deduction that applies to certain high-yield original issue discount obligations. Because Virginia will continue to deconform from the federal provision that suspends the AHYDO rules, such rules will continue to apply for Virginia income tax purposes. Any resulting difference in the federal and Virginia deduction should be claimed as a modification on your Virginia return.

Cancellation of Debt Income: Under IRC § 108(i), taxpayers were permitted to defer the income realized upon the reacquisition of certain business debt during 2009 and 2010, and instead report such income in Taxable Years 2014 through 2018.

Virginia deconformed from this federal provision and required taxpayers to claim a Virginia addition equal to the amount of the federal exclusion. However, for transactions completed on or before April 21, 2010, taxpayers were permitted to partially defer such income by claiming the Virginia addition over three taxable years.

A taxpayer who previously claimed the Virginia cancellation of debt addition may claim a subtraction on his or her Taxable Year 2017 Virginia income tax return, to the extent such income was reported on his or her 2017 federal income tax return.

At the time these instructions went to print, the only required adjustments for "fixed date conformity" were those mentioned above. However, if federal legislation is enacted that results in changes to the IRC for the 2017 taxable year, taxpayers will be required to make adjustments to their Virginia returns that are not described in the instruction booklet. Information about any such adjustments will be posted on the Department's website at www. tax.virginia.gov.

ADDITIONS TO FEDERAL ADJUSTED GROSS INCOME MUTUAL FUNDS

If you received federally tax exempt interest dividends from a regulated investment company (mutual fund) that invested in obligations both taxable and exempt for Virginia purposes, the entire dividend income must be entered as an addition unless you enclose a statement provided by the fund that:

- · details the amount of dividends you earned; and
- summarizes the prorations between exempt and taxable dividends (monthly breakdown is preferred).

A typical situation would involve a mutual fund that invests in bonds of several states, including Virginia. The interest on the bonds issued by the other states is taxable for Virginia purposes, even though exempt for federal purposes. Unless the taxpayer is able to substantiate the amount attributable to the Virginia bonds, the total amount of dividends exempt from federal taxation will be an addition on the Virginia return.

Line 1 - Interest on Obligations of Other States

Enter the interest not included in federal adjusted gross income, less related expenses to the extent not deducted in determining federal taxable income, on obligations of any state other than Virginia, or of a political subdivision of any such state unless created by compact or agreement to which this state is a party.

Line 2 - Other Additions

Enter on Line 2a any addition due to Fixed Date Conformity.

B. Other Fixed Date Conformity Additions from Supplemental Instructions - If you are required to make any Other Fixed Date Conformity additions, enter the total amount of such additions on this line. Also, please enclose a schedule and explanation of such additions.

Lines 2b - 2c - Other Additions

On Lines 2b - 2c, enter the 2-digit code listed below, followed by the amount, for any additions to federal adjusted gross income. If you have more than 2 additions on Lines 2b - 2c of Schedule 763 ADJ, enter code "00" and the total addition amount on Line 2b and enclose an explanation of each addition to your return.

Line 17 - Credit

Compare the amount of tax on Form 763, Line 19, to the amount on Schedule 763 ADJ, Line 16. Enter the lower amount on Line 17. This is your Tax Credit for Low-Income Individuals. Also, enter this amount on Form 763, Line 24.

The Credit for Low-Income Individuals is a nonrefundable credit. A nonrefundable credit cannot exceed your tax liability. If you claim any credits on Form 763, Lines 25-27, in addition to the Credit for Low-Income Individuals, the sum of all nonrefundable credit claimed cannot exceed your tax liability on Line 19 of Form 763.

Many low-income individuals who work and have earned income under \$53,930 may also qualify for up to \$6,318 in federal Earned Income Credit when filing their federal tax return! See your federal instructions or call 1-800-829-3676 to order Pub 596.

ADDITION TO TAX, PENALTY AND INTEREST

Addition to Tax for Underpayment of Tax

Even if your return results in a refund, you may owe an "addition to tax" for underpaying your withholding or estimated tax. Virginia law requires that you pay your income tax in timely installments throughout the year by having income tax withheld or making payments of estimated tax. If you do not pay at least 90% of your tax in this manner, you may be charged an addition to tax.

There are 4 (quarterly) installment periods for determining whether you underpaid your tax for the year. If your taxable year is from January 1 through December 31, your quarterly payments are due May 1, June 15, September 15, and January 15 (of the following year). Underpayments are determined as of each installment due date, so an overpayment in one quarter cannot cancel out an underpayment for a previous quarter. The addition to tax does not apply if each payment is made on time and:

- the total tax paid through withholding and timely estimated tax payments is at least 90% (66 2/3% for farmers, fishermen or merchant seamen) of the current year's tax liability (after nonrefundable credits) or 100% of last year's tax liability (after nonrefundable credits);
- the sum of the quarterly underpayments for the year is \$150 or less; or
- you meet one of the exceptions computed on Form 760C or Form 760F. Enclose Form 760C or 760F showing the computation.

Line 18 - Addition To Tax

Enter the amount of the addition to tax computed on Form 760C (for individuals, estates and trusts) or Form 760F (for farmers, fishermen or merchant seamen). If you underpaid your estimated income tax or had insufficient income tax withheld for the taxable year, you may owe the "addition to tax" computed on Form 760C or Form 760F.

Line 19 - Penalty

If you file your return after May 1, 2018, you may owe either a late filing penalty or an extension penalty.

Late Filing Penalty

If you file your return more than 6 months after the due date, no extension provisions apply, and you must compute a late filing penalty of 30% of the tax due with your return.

Extension Penalty

If you file your return by the extended due date and the tax due is greater than 10% of your total tax liability, you will owe an extension penalty. The penalty is 2% per month or part of a month from the original due date of the return until the date of filing. The extension penalty cannot exceed 12% of the tax due.

Late Payment Penalty

If you file your return before the due date or within 6 months after the due date, but do not pay the tax due at the time of filing, the unpaid balance will be subject to a late payment penalty of 6% per month from the date of filing through the date of payment, up to a maximum of 30%. The late payment penalty will be assessed in addition to any extension penalty that may apply. The automatic extension provisions apply only to returns that are filed within 6 months from the due date. If you file your return more than 6

months after the due date, a late filing penalty of 30% will apply to the balance of tax due with your return.

NOTE: If you file your return after the extended due date, your extension will be void and you will owe the late filing penalty. If you file your return by the extended due date, but do not pay the tax in full, a late payment penalty will accrue on the balance of tax due. Interest accrues on **any** balance of tax owed with a return filed on extension, regardless of whether the balance exceeds 10% of the tax.

Line 20 - Interest

If you filed a tax due return after the filing date, even if you had an extension, you are liable for interest on the tax due amount on Form 763, Line 29, from the due date to the date filed or postmarked. To obtain the daily interest factor, please call (804) 367-8031 or contact your locality.

Line 21 - Addition to Tax, Penalty and Interest

Add Lines 18 through 20. Enter here and on Form 763, Line 34.

INSTRUCTIONS FOR VIRGINIA SCHEDULE VAC

Part I - Virginia College Savings PlanSM (Virginia529SM) and ABLEnowSM Contributions

You may contribute all or part of your income tax refund to one or more existing Virginia529 or ABLEnowSM accounts by completing Schedule VAC. Any contribution(s) made will be deemed a contribution to either a Virginia529 or ABLEnow account(s) for the 2018 taxable year. Virginia529 is a 529 college savings plan that offers flexible, affordable, tax-advantaged savings for qualified higher education expenses through its four programs: Prepaid529SM, Invest529SM, CollegeAmerica® and CollegeWealth®. For information on establishing accounts, visit Virginia529.com. You are not required to be the owner of record for an account in order to direct a contribution of all or part of your income tax refund. However, please remember that only the Virginia529 account owner of record as of December 31st is eligible to take the Virginia state tax deduction associated with Virginia529 accounts. Please note that the CollegeWealth program is no longer accepting new accounts but existing account owners may continue to contribute to their current CollegeWealth accounts.

ABLEnow is a new tax-advantaged way to save, invest and pay for qualified disability expenses of eligible individuals

with certain disabilities. Generally, funds in an ABLEnow account are disregarded when determining eligibility for certain Federal means-tested benefits programs, such as Medicaid and Supplemental Security Income (SSI), and for Commonwealth of Virginia means-tested benefits programs as well. For information on this new program, visit able-now.com. You are not required to be the owner of record for an ABLEnow account in order to direct a contribution of all or part of your income tax refund and the contributor is eligible to take the Virginia state tax deduction associated with ABLEnow accounts.

When you specify a Virginia529 or ABLEnow contribution amount on Schedule VAC, you authorize the Department to transfer payment and related information to Virginia529 or ABLEnow to facilitate crediting contributions to the specified account(s) pursuant to their operating procedures. The information that will be exchanged is identified below:

- The contribution amounts and the program information contained on Schedule VAC.
- The taxpayer's name, Social Security Number or tax identification number, address, and telephone number. Note: Information for both spouses will be provided if a joint return is filed.

For purposes of determining interest on an overpayment or refund, no interest will accrue after the Department transfers the payment to Virginia529 or ABLEnow. If Virginia529 or ABLEnow is unable to match a contribution to an existing account, they will contact the taxpayer and attempt to resolve the contribution and, if all efforts fail, Virginia529 or ABLEnow will return the refund contribution to the taxpayer at the address on the return.

Part I, Section A

Enter the overpayment amount computed on your return less the amount credited to estimated tax for next year.

Part I, Section B

For each contribution, provide the Program Type Code (see codes below), beneficiary's last name, and account number. 10 Office of the Secretary of Veterans and Defense Affairs

The Secretary of Veterans and Defense Affairs serves an important two-fold purpose, advocating for veterans and the defense community. For veterans, it distinguishes and elevates issues and opportunities for our veterans in the Commonwealth of Virginia. Of primary importance are the employment, health care, housing, and education needs of our veterans. With the Nation's largest percentage of veterans in the labor force, women veterans, and working-age veterans under the age of 25, the Secretariat maintains a particular focus on the employment of our newest generation of veterans, who have the necessary and critical skills needed in the Commonwealth. For the defense community, the Secretariat supports the quality of life of military personnel and their dependents serving across Virginia.

We are honored to serve the Commonwealth and our veterans, and look forward to working with you to continue to make Virginia the most veteran and military friendly state in the Nation.

CREDIT FOR TAXES PAID TO ANOTHER STATE

Virginia does not allow taxpayers filing nonresident individual income tax returns to claim credit for income tax paid to another state. The only exception is for income taxes paid to the following states:

• Arizona • California

District of Columbia • Oregon

If you are a resident of one of the above states and have Virginia source income as a nonresident and the income is taxed by both Virginia and the other state, you may be eligible for this credit.

This credit applies only to income taxes paid to other states. For more information, see *Va. Code* § 58.1-332 or visit **www.tax. virginia.gov**.

Married Taxpayers

Unless a joint return is filed in both Virginia and the other state, you may need to adjust your taxable income to compute the credit correctly.

- If you filed separately in the other state, but jointly in Virginia, enter only the Virginia taxable income attributable to the filer whose income was taxed by the other state.
- If you filed jointly in the other state, but separately in Virginia, enter only the taxable income attributable to that filer from the other state's return.

Required Documentation

- Each credit must be computed separately using the Schedule OSC
- For each credit claimed, attach a copy of the state's return and schedules to your return. Visit our website for a complete list of required forms.

Corporation Income Tax: If claiming a credit on corporation income tax paid to a state that does not recognize the federal S Corporation election, attach a statement from the S Corporation that documents your share of the income, tax liability, and tax paid.

W 2s, 1099s, and Schedule K-1s are not acceptable documentation to support the credit.

TAX RATE SCHEDULE

IF YOUR VIRGINIA TAXABLE INCOME IS:

Not over \$3,000, your tax is 2% of your Virginia taxable income.

over—	but not over—	your tax is—	of excess over—
\$ 3,000	\$ 5,000	\$ 60 + 3 %	\$ 3,000
\$ 5,000	\$ 17,000	\$ 120 + 5%	\$ 5,000
\$ 17,000		\$ 720 + 5.75 % Example	\$ 17,000

If your taxable income is \$90,000, your tax is 720 + 5.75% of the amount over \$17,000. This equals $720 + (.0575 \times 73,000) = 720 + 4,197.50 = 4,917.50$ which should be rounded to \$4,918.

TAX TABLE

The tax table can be used if your Virginia taxable income is listed in the table. Otherwise, use the Tax Rate Schedule.
