# We all have roles to play in preventing refund fraud.

The Virginia Department of Taxation is committed to stopping refund fraud and protecting your information.

- When you file your tax return, it will be processed using selection criteria intended to detect possible fraud.
- Our Refund Review Team examines documentation to verify a taxpayer's identity if fraud is suspected.
- We issue personal identification numbers (PINs) to victims of identity theft to use when they file their Virginia individual income tax returns.

# Tax Refund Fraud Prevention

Last fiscal year we requested additional information on 181,000 returns and denied or reduced refunds on approximately 67,000 refunds.

By verifying information on tax returns before issuing the refunds, we prevented a total of over \$50 million in fraudulent and erroneous refunds from being issued.

#### What's New

Virginia's Fixed Date Conformity with the Internal Revenue Code: Virginia's date of conformity with the Internal Revenue Code (IRC) was advanced from December 31, 2015 to December 31, 2016, with limited exceptions. Virginia will continue to deconform from the bonus depreciation allowed for certain assets under federal law; the five-year carryback of certain federal net operating loss (NOL) deductions generated in the 2008 or 2009 taxable years; the federal income treatment of applicable high yield discount obligations; and the federal income tax treatment of cancellation of debt income realized in connection with certain business debts.

At the time these instructions went to print, the only required fixed date conformity adjustments for "fixed date conformity" were those mentioned above. However, if legislation is enacted that results in changes to the IRC for the 2017 taxable year, taxpayers may need to make adjustments to their Virginia returns that are not described in these instructions. Information about any adjustments will be posted on the Department's website at www.tax.virginia.gov.

New Electronic Filing Requirements for Certain Taxpayers: For taxable years beginning on or after January 1, 2017, individuals are required to file and remit payment using an electronic medium if (i) any installment payment of estimated tax exceeds \$15,000, (ii) any payment made with regard to an extension of time to file exceeds \$15,000, or (iii) the taxpayer's estimated total tax liability exceeds \$60,000.

Credit for Political Contributions No Longer Allowed: Legislation enacted by the 2016 General Assembly imposed a January 1, 2017 sunset date for the individual income tax credit for contributions to political candidates. Taxpayers will no longer be allowed a credit for contributions to candidates for state or local political office.

Carryover of the Day-Care Investment Credit Expired: This credit expired December 31, 2013, and no credits were allowed after that date. Carryover provisions allowed taxpayers to claim any unused credits from prior years through Taxable Year 2016. The carryover provisions have now expired.

New Administrative Fees: Legislation enacted by the 2017 General Assembly imposes fees for each request for an offer in compromise with respect to doubtful collectibility under Va. Code § 58.1-105; a letter ruling under Va. Code § 58.1-203; a local business tax advisory opinion under Va. Code §§ 58.1-3701 or 58.1-3983.1; and a corporate income tax filing status change request under Va. Code § 58.1-442. The fees are effective July 1, 2017 and must be paid at the time the request is made. Taxpayers may request waivers from these administrative fees. Waivers will be granted only if the Tax Commissioner finds that the fee creates an unreasonable burden on the person making the request. For further information, see the instructions on the relevant fee form. Additional information is available on the Department's website at www.tax.virginia.gov.

#### Reminders

**Extension for Filing Income Tax Returns:** All taxpayers are granted an automatic 6-month extension of time to file their income tax returns. No application for extension is required; however, any tentative tax due must be paid with an extension voucher, Form 760IP, by the original due date for filing the return.

You can file and pay your tentative tax online using the Department's eForm or Individual Online Services. Payments are made electronically and you may schedule payments to be made on a future date.

Consumer's Use Tax: Did you purchase merchandise by Internet, telephone, or mail, or did you purchase any merchandise outside Virginia and pay no sales tax? If so, you may be required to pay Consumer's Use Tax. Be sure to report the applicable tax on Form 760, Line 35. See the instructions for Form 760, Line 35 or visit www.tax.virginia.gov for more information.

**Litter Tax:** Every manufacturer, wholesaler, distributor or retailer of the following products is subject to the Litter Tax.

- Food for Human or Pet Consumption
- Groceries
- Cigarettes and Tobacco
- Soft Drinks and Carbonated Waters
- Distilled Spirits, Wine, Beer and Other Malt Beverages
- Newspaper or Magazines
- Paper Products and Household Paper
- Glass and Metal Containers
- Plastic or Fiber Containers made of Synthetic Material
- Cleaning Agents and Toiletries
- Nondrug Drugstore Sundries
- Motor Vehicle Parts

Businesses become subject to the tax on the first January 1 they are in business. The Litter Tax return, Form 200, and payment of the tax are due on May 1 of each year, for the preceding calendar year.

Beginning with the 2017 Litter Tax Return due May 1, 2018, all returns must be filed and payments made electronically. If you are unable to file and pay electronically you may request a waiver. You can obtain the waiver request form at www.tax.virginia. gov or by calling (804) 367-8037.

File and pay your Litter Tax Return online using the Department's eForm. Complete the online version of the paper Litter Tax Return as you would if you were completing a paper form. Payments are made electronically and you may schedule payments to be made on a future date.

**Civil and Criminal Penalties**: The civil penalty for filing a false or fraudulent return or for failing or refusing to file any return with intent to evade the tax, is an additional penalty of 100% of the correct tax.

Any individual who willfully fails or refuses to file a return, at the time or times required by law, shall be guilty of a Class 1 misdemeanor. In addition, an individual who makes any false statements on a return, with intent to defraud the Commonwealth, shall be guilty of a Class 6 felony.

**Debt Collection:** Before issuing any refunds, Virginia law requires the Department to check for any outstanding debt with agencies of the Commonwealth of Virginia, Virginia local governments and the Virginia court system. If any debt is found, regardless of the type of tax return filed, all or part of your refund may be withheld to help satisfy the debt and the processing of your return will be delayed.

In addition, the Department is authorized to submit eligible state income and business tax debts to the U.S. Department of Treasury Offset Program (TOP). Once a debt is submitted, the U.S. Department of Treasury will withhold or reduce your eligible federal tax refund

or federal vendor payment by the amount of your debt. The Internal Revenue Code authorizes this process, known as "offset."

Offset of federal refunds is only one source of funds that the Department of Taxation may use to satisfy an outstanding tax bill. Your state income tax refund and payments from other state agencies may be withheld to satisfy an outstanding tax bill as well.

Because of timing differences in obtaining funds from various sources, it is possible for us to receive funds from more than one source to satisfy the same debt. If this happens, the overpaid amount will be released upon receipt of the funds. You do not need to contact the Department to request your refund.

**Direct Deposit:** Due to electronic banking rules, the Department will not allow direct deposits to or through foreign financial institutions. Attempting to use direct deposit to transfer funds electronically to a financial institution outside the territorial jurisdiction of the United States will significantly delay your refund. Visit **www.tax.virginia.gov** for details.

Tax-Related Identity Theft: Tax-related identity theft occurs when someone uses your Social Security Number to file a tax return claiming a fraudulent refund. Often, an identity thief will use your Social Security Number to file a return early in the year. You may not be aware that you are a victim until you file your return and learn one already has been filed. We apply stringent scrutiny to all tax returns in an attempt to detect fraudulent tax refunds. If you receive a letter from us asking for additional information to verify that you are the actual taxpayer filing a return, please respond immediately. # Do You Need to File a Virginia Income Tax Return?

Every Virginia resident whose Virginia adjusted gross income is at or above the minimum threshold must file.

Complete Form 760, Lines 1 through 9, to determine your Virginia adjusted gross income (VAGI). If the amount on Line 9 is less than the amount shown below for your filing status, your Virginia income tax is \$0.00 and you are entitled to a refund of any withholding or

estimated tax paid. You must file a return to receive a refund. To claim a refund in these cases, complete Lines 10 through 16 and enter "0" as your tax on Lines 17 and 19. Then complete Lines 20 through 38. You must file if you are:

Single and your VAGI is \$11,950 or more

**Married filing jointly** and *combined* VAGI is \$23,900 or more

**Married filing separately** and your VAGI is \$11,950 or more

#### When to File Your Return

Filing by mail or commercial delivery service - If you are mailing several documents, please consider using a flat envelope to ensure proper handling and faster processing. When filing by mail, the envelope must be postmarked by the due date. Put the correct postage on your envelope. If your return is sent back to you because of insufficient postage, you are liable for penalties and interest if the postmark on the remailed return is after the due date. Tax returns or payment of taxes remitted by a commercial delivery service will be considered timely filed if they are received in an envelope or sealed container bearing a confirmation of shipment on or before midnight of the day the return or payment is due.

**Calendar year filer -** If your taxable year is January 1, 2017 - December 31, 2017, your individual income tax return must be postmarked no later than **May 1, 2018**, to avoid penalties and interest.

Fiscal year filer - If your taxable year is any consecutive 12-month period other than January - December, your individual income tax return must be postmarked by the 15th day of the 4th month following the end of your fiscal year. When filing, you should write "Fiscal Year Filer" across the top of Page 1 of Form 760 and enclose a statement indicating the beginning and ending months of your fiscal year.

Outside U.S. - If you are living or traveling outside the United States or Puerto Rico (including persons in the military or naval service on duty outside the United States and Puerto Rico), you must file your return by July 2, 2018. Fill in the overseas on due date oval on Page 1 of Form 760.

**Weekends and holidays -** If the due date falls on a Saturday, Sunday or legal holiday, your return must be postmarked by the next business day.

**Extension provisions -** Virginia law provides an automatic 6-month filing extension for income tax returns. No application for extension is required. The extension is for filing the return, not for payment of the

tax; therefore, you must pay at least 90% of your tax by the due date, May 1 for calendar year filers, to avoid penalty. To make a payment of tentative tax, use Form 760IP.

Foreign income exclusion - If you qualify for the federal foreign income exclusion and have requested an extension of time for filing your federal return, you may apply for an extension of time to file your state return. You will be granted an extension for 30 days after the date you expect to qualify for the federal exclusion. You must apply for an extension of time to file your state return by letter on or before the 1st day of the 7th month following the close of your taxable year and enclose a copy of the approved federal extension with your return when you file.

Members of the military - Members of the Armed Forces serving in a combat zone receive either the same individual income tax filing and payment extensions as those granted to them by the IRS, plus an additional 15 days, or a 1-year extension, whichever date is later. All extensions also apply to spouses of military personnel. Service families may wish, however, to file their individual income tax returns before the extended deadlines to receive refunds. Service members claiming this extension should write "Combat Zone" across the top of their tax returns and on the envelopes used to mail their returns. Such combat zone personnel should similarly write "Combat Zone" across the top of correspondence, and on the envelope used to mail the correspondence, when responding to notices issued by the Department. See Tax Bulletin 05-5, available in the Laws, Rules, and Decisions Section of the Department's website at www.tax.virginia.gov for more information.

In addition, every member of the armed services <u>deployed</u> outside of the United States is allowed an extension of his or her due date. The extension will expire 90 days following the completion of deployment. Service members who claim this extension should write "Overseas Noncombat" on the top of their tax returns.

Additional information for spouses of military personnel is provided in the **Residency Status and Choosing the Right Form to File** section later in this booklet.

#### Where to File

Use e-File to electronically file your federal and state tax returns at the same time. Software programs that provide e-File capability are available online and for purchase in stores. All e-File software will automatically check for completeness, correct errors, generate the applicable schedules and provide the option to transmit the return to the IRS and/or the Department's electronic processing systems. Some vendors will

allow taxpayers to file their returns electronically for free based on certain qualifiers.

To file by mail, use the list of mailing addresses beginning on Page 49 and look up the city or county where you live, or file directly with the Department. Local phone numbers are also provided.

For more information about filing by e-File and filing by mail, go to **www.tax.virginia.gov**.

#### **Amended Returns**

If your federal return is amended, resulting in changes to your taxable income or any amount affecting the Virginia return, you must file an amended Virginia return within one year. If the IRS provided documentation that acknowledges acceptance of your federal amended return, enclose a copy with the Virginia amended return. In addition, if you file an amended return with any other state that affects your Virginia income tax, you must file an amended Virginia return within one year. The Department may issue a refund only if the amended return is filed within:

- 3 years from the due date of the original return, including valid filing extensions;
- 1 year from the final determination of the amended federal return or federal change, whichever is later, provided that the allowable refund is not more than the decrease in Virginia tax attributable to the federal change or correction;
- 1 year from the final determination of the amended return of any other state or change or correction in the income tax of the taxpayer for any other state, provided that the refund does not exceed the amount of the decrease in Virginia tax attributable to such change or correction;
- 2 years from the filing of an amended Virginia return resulting in the payment of additional tax, provided that the current amended return raises issues relating solely to the prior amended return and that the refund does not exceed the amount of the tax payment made as a result of the prior amended return; or
- 2 years from the payment of an assessment, provided the amended return raises issues relating only to the prior assessment and the refund does not exceed the amount of tax paid on the prior assessment.

Complete a new return using the corrected figures, as if it were the original return. Do not make any adjustments to the amended return to show that you received a refund or paid a balance due as the result of the original return. Use the worksheet for

amended returns below to determine if you are due a refund or if any additional tax due should be paid with your amended return. If your amended return results in additional tax due, interest must be paid on the tax you owe from the due date of your original return to the date that the amended return is filed or postmarked.

Fill in the oval on the front of Form 760, indicating that this is an amended return. Also, fill in the additional oval on the front of the return if the amended return is the result of a net operating loss (NOL) carryback. General instructions for computing the NOL can be obtained from the Virginia Tax Administrative Code (Title 23, Taxation) website at law.lis.virginia.gov/. Select the link for Virginia Tax Administrative Code (Regulations) and find Title 23 Taxation. Select Agency 10, Department of Taxation and Chapter 110 Individual Income Tax. General instructions are provided in 23VAC10-110-80 and 23VAC10-110-81. Enclose a complete copy of your amended federal return, if applicable.

 There are two types of Virginia residents: domiciliary and actual.

- A domiciliary resident of another state may also be an actual resident of Virginia.
- Virginia residency may be either full-year or partyear.
- A nonresident of Virginia may be required to file a Virginia return.
- To determine which Virginia return you should file, first determine if you were a resident of Virginia <u>at</u> <u>any time</u> during the taxable year.

#### Step 1: Determine your residency status Domiciliary Resident

You are a domiciliary (legal) resident if your permanent home is in Virginia. Your permanent home is where, whenever you are absent, you intend to return. Every person has one and only one domiciliary residence at a time. Most domiciliary residents actually live in Virginia; however, actual presence in Virginia is not required. If you have established legal domicile in Virginia, you are a domiciliary resident until you establish legal domicile in another state.

- Members of the armed forces who claim Virginia as their home of record are domiciliary residents, even if stationed outside of Virginia.
- A domiciliary resident who accepts employment outside of Virginia, but who does not abandon Virginia as his or her domiciliary residence, even if outside of Virginia for many years, remains a domiciliary resident of Virginia. This includes domiciliary residents who accept employment outside of the United States.

#### **Actual Resident**

You are an actual resident if:

You maintained an abode in Virginia or were physically present in Virginia for more than 183 total days during the taxable year, even if you are a domiciliary resident of another state or country.

If you are an *actual* resident of Virginia, you may be required to file as a resident in Virginia and in your domiciliary state. In this situation, you should claim a credit on the return filed in the state of your legal domicile for taxes paid to Virginia.

**Students:** The rules for determining the residency status of a student are the same as for anyone else.

Military Personnel and Members of the U.S. Congress: If you are a member of the armed forces or of the U.S. Congress who is a domiciliary (legal) resident of another state, you are not subject to taxation as an *actual* resident of Virginia even if you maintained an abode in Virginia for more than 183 days. However, if you have income from Virginia sources other than your

active duty or congressional pay, you may be required to file a Form 763, Nonresident Income Tax Return.

Spouses, Dependents and Congressional Staff Members: The exemption for members of the armed forces and the U.S. Congress does <u>not</u> apply to spouses (see below), dependents or congressional staff members. If you are a spouse or dependent of a member of the armed forces or of the U.S. Congress or you are employed by a member of the U.S. Congress, you must determine your own residency status and filing obligations, even if you filed a joint federal return.

Spouses of Military Personnel: Under the Servicemember Civil Relief Act, as amended by the Military Spouses Residency Relief Act, a spouse of a military servicemember may be exempt from Virginia income tax on wages if (i) the servicemember is present in Virginia in compliance with military orders; (ii) the spouse is present in Virginia solely to be with the servicemember; and (iii) they both maintain the same non-Virginia domicile state. More information is available in Tax Bulletin 09-10 and Tax Bulletin 10-1 available on the website at www.tax.virginia.gov.

# Step 2: Determine which income tax return you should file

#### Virginia Residents

#### File Form 760, Resident Return, if:

- You were an actual or domiciliary resident for the entire year; or
- You were an actual or domiciliary resident for a portion of the year, but all of your income for the entire year was from Virginia sources.

#### File Form 760PY, Part-Year Resident Return, if:

- You moved into Virginia during the taxable year and became either an actual or domiciliary resident; or
- You moved out of Virginia during the taxable year and became a domiciliary resident of another state, provided that you did not move back to Virginia within six months.

**Note to Part-Year Residents**: If you had Virginia source income during the taxable year while you were a nonresident, you may also be required to file Form 763, Nonresident Return. See Nonresidents, below.

Married Taxpayers: If one spouse is a Virginia resident and the other is a nonresident, you may not file a joint Virginia return unless you both elect to determine your joint Virginia taxable income as if you were both Virginia residents. If the spouses do not make an election, the resident spouse will file either Form 760 or Form 760PY, while the nonresident spouse will file Form

763, if applicable. However, if one spouse is a full-year resident and the other spouse is a part-year resident, you may file a joint return using Form 760PY. See the Form 760PY instructions for additional information.

#### **Nonresidents**

#### File Form 763, Nonresident Return, if:

You had income from Virginia sources, other than interest from personal savings accounts, interest or dividends from an individual stock market investment, or pension payments from a Virginia payor.

Income from Virginia sources includes:

- 1. Items of income gain, loss and deductions attributable to: a) The ownership of any interest in real or tangible personal property in Virginia; b) A business trade, profession, or occupation carried on in Virginia; and c) Prizes paid by the Virginia Lottery and gambling winnings from wagers placed or paid at a location in Virginia.
- Income from intangible personal property, including annuities, dividends, interest, royalties and gains from the disposition of intangible personal property employed by an individual in a business, trade, profession or occupation carried on in this state.
  - If you were a Virginia resident for part of the year and you also received Virginia source income during your period of residence outside Virginia, you must file Form 760PY and Form 763. The Virginia source income reported on Form 763 will be only the Virginia source income you received while a nonresident.

#### **Exceptions for Certain Nonresidents**

An exception to the filing requirement for nonresidents applies to certain residents of Kentucky, the District of Columbia, Maryland, Pennsylvania, and West Virginia if their only Virginia source income is from salaries and wages. See below for qualifications. If residents of these states received other income from Virginia sources that is not specifically exempted, it must be reported as Virginia source income on Form 763, the Virginia Nonresident Return.

Kentucky and the District of Columbia: If you were a resident of Kentucky or the District of Columbia who commuted daily to work in Virginia, you are not required to file a Form 763 Nonresident Return, provided that 1) you had no actual place of abode in Virginia at any time during the taxable year, and 2) your only income from Virginia sources was salaries and wages, and 3) your salary and wages were subject to income taxation by Kentucky or the District of Columbia.

Maryland, Pennsylvania and West Virginia: If you were a resident of Maryland, Pennsylvania or West

Virginia and you earned salaries and wages in Virginia, you do not have to file a Form 763, Nonresident Return, provided that 1) your only income from Virginia sources was salaries and wages, <u>and</u> 2) you were present in Virginia for 183 days or less during the taxable year, <u>and</u> 3) your salaries and wages were subject to taxation by Maryland, Pennsylvania, or West Virginia.

Spouses of Military Personnel: Under the Servicemember Civil Relief Act, as amended by the Military Spouses Residency Relief Act, a spouse of a military servicemember may be exempt from Virginia income tax on wages if (i) the servicemember is present in Virginia in compliance with military orders; (ii) the spouse is present in Virginia solely to be with the servicemember; and (iii) they both maintain the same non-Virginia domicile state. More information is available in Tax Bulletin 09-10 and Tax Bulletin 10-1 available on the website at www.tax.virginia.gov.

**Tax Withheld in Error by Employer:** If Virginia tax was withheld from your income in error, you should file Form 763-S to obtain a refund.

If you meet any of the exceptions above and had Virginia withholding, you may need to file Form 763-S, Virginia Special Nonresident Claim For Individual Income Tax Withheld, to claim your refund.

#### **Filing Status**

In most cases, your filing status will be the same as the one you selected on your federal return. Enter the applicable number to indicate your filing status.

1 = Single

2 = Joint

3 = Married filing separately

Fill in the Head of Household oval if your filing status is Single and you checked the Head of Household box on your federal return. For more information, go to the filing status section on the Departments's website: www.tax.virginia.gov.

If using Filing Status 3, enter the spouse's Social Security Number at the top of the form and the spouse's name on the line provided.

Same-sex couples that are married under the law of any state are recognized as married couples for Virginia income tax purposes. For more information, see Virginia Tax Bulletin 14-7 (Public Document 14-174, 10/7/14).

If one spouse is a Virginia resident and the other is a nonresident, you may not file a joint Virginia return unless you both elect to determine your joint Virginia

taxable income as if you were both Virginia residents. If the spouses do not make such election, the resident spouse must file a separate return (Form 760) using Filing Status 3. If the nonresident spouse has Virginia source income to report, he or she must file a separate return using Form 763. The spouses must compute their itemized deductions and allocate exemptions for dependents as if they had filed separate federal returns. As a general rule, the spouse claiming an exemption for a dependent must be reporting at least half of the total federal adjusted gross income. In addition, each spouse must be able to support his or her claim of itemized deductions. If the underlying expenses for itemized deductions cannot be accounted for separately, each spouse must claim a proportionate share of the deductions based on his or her respective share of the joint federal adjusted gross income.

#### **Exemptions**

Enter the number of exemptions allowed in the boxes.

**Dependents:** Generally, you may claim the same number of dependent exemptions allowed on your federal return. If using Filing Status 3, see the Filing Status instructions in the previous section for the rules on claiming dependents. You may never claim less than a whole exemption. The same dependent may not be claimed on separate returns.

Multiply the sum of exemptions claimed in the "You," "Spouse" and "Dependents" boxes by \$930.

**65 or Older:** To qualify for the additional personal exemption for age 65 or older, you must have been age 65 or older on or before January 1, 2018.

**Blind:** To qualify for the additional personal exemption for the blind, you must have been considered blind for federal income tax purposes.

Multiply the sum of exemptions claimed for "65 or older" and "Blind" by \$800.

**Low-Income Individuals:** You cannot claim the 65 or older or Blind exemptions if you also claimed a Credit for Low-Income Individuals on Line 24 of Form 760.

**Exemption Amount:** Add the dollar amount from Section A to the dollar amount from Section B. Enter this amount on Line 13.

Note for Filing Status 3: Each spouse must determine exemptions as if separate federal returns had been filed, using the federal rules for separate reporting. If dependent exemptions cannot be accounted for separately, they must be proportionately allocated between each spouse based on each spouse's income. One spouse may never claim less than a whole personal exemption.

#### **Dollar Amounts**

All amounts entered on your return **must be rounded to the nearest dollar**. Amounts less than 50 cents should be rounded down while all amounts of 50 cents - 99 cents should be rounded up. Rounding to the nearest dollar improves accuracy and reduces processing time.

#### Line 1. Federal Adjusted Gross Income

Enter the federal adjusted gross income from your federal return. If married filing separately (Filing Status 3), enter only the amount of income attributable to you. Be sure to use the federal adjusted gross income amount, NOT federal taxable income.

#### Line 2. Additions

If you reported any additions on Schedule ADJ, enter the total amount from Line 3 of Schedule ADJ.

**Line 3.** Add Lines 1 and 2 and enter the total.

#### Line 4. Age Deduction

Are you eligible to claim an age deduction? For the 2017 taxable year, taxpayers born on or before January 1, 1953, may qualify to claim an age deduction based on their birth date, filing status and income. A taxpayer who claims an age deduction may <a href="MOT">MOT</a> claim a disability income subtraction, Credit for Low-Income Individuals, or Virginia earned income credit.

For married taxpayers, each eligible spouse may take either an age deduction or a disability income subtraction. Neither spouse may claim an age deduction if one spouse claimed a Credit for Low-Income Individuals or Virginia earned income credit, even if filing separate returns. Claim the deduction or subtraction that gives you the greatest tax benefit.

If you or your spouse are not claiming a disability subtraction or a credit for earned or low-income and your birth date is on or before January 1, 1953, read below.

#### **Taxpayers Age 65 and Older**

If you or your spouse were **born on or before January 1, 1953**, you may qualify to claim an age deduction of up to \$12,000 each for 2017. The age deduction you may claim depends on your birth date, filing status and income.

#### If your birth date is:

• On or before January 1, 1939: You may claim an age deduction of \$12,000. If you are married, each spouse born on or before January 1, 1939, may claim a \$12,000 age deduction. For individuals born after January 1, 1939, the age deduction is based on the criteria below.

On or between January 2, 1939, and January 1, 1953: Your age deduction is based on your income. A taxpayer's income, for purposes of determining an income-based age deduction, is the taxpayer's adjusted federal adjusted gross income or "AFAGI." A taxpayer's AFAGI is the taxpayer's federal adjusted gross income, modified for any fixed date conformity adjustments and reduced by any taxable Social Security and Tier 1 Railroad Benefits.

For Filing Status 1, single taxpayers, the maximum allowable age deduction of \$12,000 is reduced \$1 for every \$1 the taxpayer's AFAGI exceeds \$50,000.

For all married taxpayers, whether filing jointly or separately, the maximum allowable age deduction of \$12,000 each is reduced \$1 for every \$1 the married taxpayers' joint AFAGI exceeds \$75,000.

<u>All Married Taxpayers:</u> A married taxpayer's <u>incomebased age deduction</u> is **always** determined using the married taxpayers' joint AFAGI. Regardless of whether filing jointly or separately, if you are married, your income-based age deduction is determined using the combined income of both spouses. If both spouses are claiming an <u>income-based age deduction</u>, regardless of whether filing jointly or separately, the married taxpayers must compute a joint age deduction first, then allocate half of the joint deduction to each spouse.

**Married filing separately** and your VAGI is \$11,950 or more

#### ITEMIZED OR STANDARD DEDUCTIONS

You <u>must</u> claim the same type of deductions (standard or itemized) on your Virginia return as you claimed on your federal return. Your state and local income taxes must be subtracted from your itemized deductions. Property and other taxes included as deductions on your federal return are also allowed on your Virginia return. If one spouse claims itemized deductions, the other spouse must also claim itemized deductions. Do not compute Lines 10 and 11 if claiming the standard deduction. Skip to Line 12.

#### **Line 10. Itemized Deductions**

You must claim itemized deductions on your Virginia return if you claimed itemized deductions on your federal return. If a joint federal return was filed and you are filing separate returns in Virginia (Filing Status 3), itemized deductions that cannot be accounted for separately must be allocated proportionately between spouses based on each spouse's share of the combined federal adjusted gross income.

#### Line 16. Virginia Taxable Income

Subtract Line 15 from Line 9.

#### Line 17. Amount of Tax

To compute your tax, you can use either the tax table or the tax rate schedule on Page 39, or use the Tax Calculator on the Department's website.

#### Line 18. Spouse Tax Adjustment (STA)

Couples filing jointly under Filing Status 2 may reduce their tax by up to \$259 with the STA if **both have taxable income** to report and their combined taxable income on Line 16 is more than \$3,000.

Use the STA Worksheet on Page 14 or the STA Calculator on the website at www.tax.virginia.gov to complete this line.

Enter the computed STA amount on Line 18 of Form 760. You must also enter the Virginia Adjusted Gross Income (VAGI) for your spouse.

Using the STA, couples filing joint returns will not pay higher taxes than if they had filed separate returns.

HOW IT WORKS: Virginia tax rates increase with income: 2% up to \$3,000; 3% from \$3,001 to \$5,000; 5% from \$5,001 to \$17,000; and 5.75% for income over \$17,000. The STA lets both incomes reported on jointly filed returns benefit from the lower tax rates.

EXAMPLE: The Smiths have combined Virginia taxable income of \$47,000. One spouse's taxable income is \$35,000 and the other spouse's taxable income is \$12,000. Without the STA, their Virginia tax is \$2,445. With the STA, both spouses benefit from the lower tax rates.

Using the STA Calculator at **www.tax.virginia.gov**, the Smiths compute the STA of \$220, reducing their taxes to \$2,225.

#### Line 19. Net Amount of Tax

Subtract Line 18 from Line 17 and enter the difference on Line 19.

# Line 20a. Virginia Tax Withheld During the 2017 taxable year

# Line 21. Estimated Payments for the 2017 taxable year

Generally, you are required to make payments of estimated income tax if your estimated Virginia tax liability exceeds your Virginia withholding and other tax credits by more than \$150. To make estimated payments, file Form 760ES or file online at www.tax.virginia.gov.

#### Line 22. Overpayment from prior year

Enter amount of 2016 overpayment applied toward 2017 estimated tax.

If you do not owe sales tax, mark the corresponding oval on your form.

#### **Taxable Purchases**

In general, the Virginia sales and use tax applies to all purchases, leases, or rentals of tangible personal property. Regardless of the source of the purchase, if you were not charged sales tax and your purchases are shipped or brought into Virginia, you are required to pay the sales and use tax. This includes purchases made through websites, shopping networks, mail order catalogs\*, and any out-of-state retailers. Taxable items include, but are not limited to, food, furniture, carpets, clothing, linens, appliances, computers, books, CDs, DVDs, artwork, antiques and jewelry. Separately stated shipping and delivery charges are not taxable, but "handling" and any combined "shipping and handling" charges are taxable. Nonprescription drugs and proprietary medicines purchased for the cure, mitigation, treatment, or prevention of disease in human beings are exempt from the tax.

\*If total mail order catalog purchases are under \$100, you do not need to report the tax for those purchases.

#### **PAYMENT OPTIONS**

If your bank does not honor your payment to the Department, the Department may impose a penalty of \$35, as authorized by *Va. Code* § 2.2-614.1. This penalty will be assessed in addition to other penalties, such as the penalty for late payment of a tax.

The fastest and easiest way to make your payments is to file and pay online with VATAX Online Services for Individuals or with eForms. Payments are made electronically and you may schedule payments to be made on a future date.

Effective for taxable years beginning on and after January 1, 2017, you must submit your payment electronically if:

- any installment payment of estimated tax exceeded \$15,000;
- any payment made for an extension of time to file exceeded \$15,000, or
- the total estimated income tax due for any taxable year exceeded \$60,000.

If you are not required to submit payments electronically, you have the option to pay by check.

**Web Payments:** Use the Department's website, <u>www.tax.virginia.gov/ind</u>, to make a payment online.

Payments are electronically transferred from your savings or checking account. There is no fee charged by the Department.

**Check:** If you file your return locally, make your check payable to the Treasurer or Director of Finance of the city or county in which you reside; otherwise, make your check payable to the Department of Taxation. See Page 49 for a listing of localities. Make sure your Social Security Number is on your check and make a notation that it is your 2017 Virginia income tax payment.

If you file but do not pay with the return, you will be billed if your payment is not submitted by May 1st. To submit a payment separately from the return, but on or before May 1st, go to the Department's website and download the Form 760PMT. **Important:** If you make your payment by check after filing your return, do not submit a copy of your previously filed return with your payment.

**Credit or Debit Card:** If you file your return locally, call your Commissioner of the Revenue's office for instructions on how to pay. Phone numbers are listed beginning on Page 49.

If you file electronically or mail your return directly to the Department of Taxation, call 1-800-2PAY-TAX, or visit <a href="www.officialpayments.com">www.officialpayments.com</a> to pay on the Internet. The jurisdiction code for the Virginia Department of Taxation is 1080. You will need this number when you make a credit or debit card payment. The company processing the transaction will assess an additional fee. Prior to payment, you will be informed of the fee and will have the option to cancel the transaction at that time with no charge.

Important: The Department of Taxation is not responsible for a lost refund if you enter the wrong account information. Check with your financial institution to get the correct routing and account numbers and to make sure your direct deposit will be accepted. Do not use the routing number on a deposit slip if it is different from the routing number on your checks.

After you complete the transaction be sure to fill in the oval on **Line 37** indicating that you have arranged for a credit or debit card payment.

**Line 38** If Line 30 is greater than Line 36, enter the difference in the box. **This is your refund.** 

#### **REFUND OPTIONS**

If you do not choose the direct deposit option for your refund by filling in the applicable information on Form 760, the Department of Taxation will issue a refund check to you.

**Direct Deposit - Get your refund faster:** Have your refund deposited directly into your bank account. Fill in the bank account information and indicate whether the account number is for a checking or savings account.

Note: Due to electronic banking rules, the Department will not allow direct deposits to or through foreign financial institutions. Attempting to use direct deposit to transfer funds electronically to a financial institution outside the territorial jurisdiction of the United States will significantly delay your refund. Visit www.tax. virginia.gov for details.

**Bank Routing Number:** Enter your bank's 9-digit routing transit number printed on the bottom of your check. The first 2 digits of the routing number must be 01 through 12 or 21 through 32. Do not use a deposit slip to verify the number. It may contain internal routing numbers that are not part of the actual routing number.

**Bank Account Number:** Enter your bank account number up to 17 digits. Do not enter hyphens, spaces or special symbols. Enter the number from left to right and leave any unused boxes blank. *Do not include the check number.* 

**Remember:** It is always faster and more efficient to file your return electronically.

#### Fill in All Ovals that Apply

#### **FIXED DATE CONFORMITY UPDATE FOR 2017**

Virginia's date of conformity with the Internal Revenue Code (IRC) was advanced from December 31, 2015 to December 31, 2016, with limited exceptions. Virginia will continue to disallow the five-year carry back of net operating losses ("NOL") allowed for NOLs generated in Taxable Years 2008 and 2009.

Bonus Depreciation: Virginia will continue to disallow any bonus depreciation claimed for certain assets under IRC § 168(k) during Taxable Year 2001 and thereafter. Virginia will also continue to disallow bonus depreciation claimed under IRC §§ 168(I), 168(m), 1400L, and 1400N. To the extent that such bonus depreciation was claimed for federal income tax purposes, the depreciation deduction must be recomputed for Virginia income tax purposes. For taxable years when the recomputed Virginia depreciation deduction is less than the federal deduction, the taxpayer must claim a Virginia addition equal to the difference. For taxable years when the recomputed Virginia depreciation deduction is more than the federal deduction, the taxpayer may claim a Virginia subtraction equal to the difference.

Applicable High Yield Discount Obligations: Virginia will continue to deconform from IRC § 163(e)(5)(F), which suspends the application of the applicable high yield debt obligation ("AHYDO") rules for certain debts issued between September 30, 2008, and December 31, 2009. For federal purposes, special rules generally apply to computing the interest deduction that applies to certain high-yield original issue discount obligations. Because Virginia will continue to deconform from the federal provision that suspends the AHYDO rules, such rules will continue to apply for Virginia income tax purposes. Any resulting difference in the federal and

Virginia deduction should be claimed as a modification on your Virginia return.

Cancellation of Debt Income: Under IRC § 108(i), taxpayers were permitted to defer the income realized upon the reacquisition of certain business debt during 2009 and 2010, and instead report such income in Taxable Years 2014 through 2018.

Virginia deconformed from this federal provision and required taxpayers to claim a Virginia addition equal to the amount of the federal exclusion. However, for transactions completed on or before April 21, 2010, taxpayers were permitted to partially defer such income by claiming the Virginia addition over three taxable years.

A taxpayer who previously claimed the Virginia cancellation of debt addition may claim a subtraction on his or her Taxable Year 2017 Virginia income tax return, to the extent such income was reported on his or her 2017 federal income tax return.

At the time these instructions went to print, the only required adjustments for "fixed date conformity" were those mentioned above. However, if federal legislation is enacted that results in changes to the IRC for the 2017 taxable year, taxpayers will be required to make adjustments to their Virginia returns that are not described in the instruction booklet. Information about any such adjustments will be posted on the Department's website at www.tax.virginia.gov.

If your total 2017 Virginia depreciation calculation is less than

your 2017 federal depreciation calculation, then the difference must be recognized as an **addition**.

Extension penalty: If you file your return within 6 months after the due date and the amount of tax due with the return is more than 10% of your total tax liability, you must compute an extension penalty on the balance of tax due. The extension penalty is applied at the rate of 2% per month or part of a month, from the due date through the date your return is filed. The maximum extension penalty is 12% of the tax due. Note: If you do not pay the tax in full when you file your return, a late payment penalty will be assessed at the rate of 6% per month or part of a month from the date the return is filed through the date the tax is paid, to a maximum of 30%. If you file your return during the extension period, but do not pay the tax due when you file your return, both the extension penalty and the late payment penalty may apply. The extension penalty will apply from the due date of the return through the date the return is filed and the late payment penalty will apply from the date the return is filed through the date of payment. To avoid paying the late payment penalty during the extension period, you must pay any tax owed when you file the return.

<u>Late filing penalty</u>: If you file your return more than 6 months after the due date, no extension provisions apply and you must compute a late filing penalty of 30% of the tax due with your return.

# Part I - Virginia College Savings Plan<sup>SM</sup> (Virginia 529<sup>SM</sup>) and ABLEnow<sup>SM</sup> Contributions

You may contribute all or part of your income tax refund to one or more existing Virginia529 or ABLEnow<sup>SM</sup> accounts by completing Schedule VAC. Any contribution(s) made will be deemed a contribution to either a Virginia529 or ABLEnow account(s) for the 2018 taxable year.

Virginia529 is a 529 college savings plan that offers flexible, affordable, tax-advantaged savings for qualified higher education expenses through its four programs: Prepaid529<sup>SM</sup>, Invest529<sup>SM</sup>, CollegeAmerica® and CollegeWealth®. For information on establishing accounts, visit Virginia529.com. You are not required to be the owner of record for an account in order to direct a contribution of all or part of your income tax refund. However, please remember that only the Virginia529 account owner of record as of December 31st is eligible to take the Virginia state tax deduction associated with Virginia529 accounts. Please note that the CollegeWealth program is no longer accepting new accounts but existing account owners may continue to contribute to their current CollegeWealth accounts.

ABLEnow is a new tax-advantaged way to save, invest and pay for qualified disability expenses of eligible individuals with certain disabilities. Generally, funds in an ABLEnow account are disregarded when determining eligibility for certain Federal means-tested benefits programs, such as Medicaid and Supplemental Security Income (SSI), and for Commonwealth of Virginia means-tested benefits programs as well. For information on this new program, visit able-now.com. You are not required to be the owner of record for an ABLEnow account in order to direct a contribution of all or part of your income tax refund and the contributor is eligible to take the Virginia state tax deduction associated with ABLEnow accounts.

When you specify a Virginia529 or ABLEnow contribution amount on Schedule VAC, you authorize the Department to transfer payment and related information to Virginia529 or ABLEnow to facilitate crediting contributions to the specified account(s) pursuant to their operating procedures. The information that will be exchanged is identified below:

- The contribution amounts and the program information contained on Schedule VAC.
- The taxpayer's name, Social Security Number or tax identification number, address, and telephone number. Note: Information for both spouses will be provided if a joint return is filed.

For purposes of determining interest on an overpayment or refund, no interest will accrue after the Department transfers the payment to Virginia529 or ABLEnow. If Virginia529 or ABLEnow is unable to match a contribution to an existing account, they will contact the taxpayer and attempt to resolve the contribution and, if all efforts fail, Virginia529 or ABLEnow will return the refund contribution to the taxpayer at the address on the return.

10 Office of the Secretary of Veterans and Defense Affairs. The Secretary of Veterans and Defense Affairs serves an important two-fold purpose, advocating for veterans and the defense community. For veterans, it distinguishes and elevates issues and opportunities for our veterans in the Commonwealth of Virginia. Of primary importance are the employment, health care, housing, and education needs of our veterans. With the Nation's largest percentage of veterans in the labor force, women veterans, and workingage veterans under the age of 25, the Secretariat maintains a particular focus on the employment of our newest generation of veterans, who have the necessary and critical skills needed in the Commonwealth. For the defense community, the Secretariat supports the quality of life of military personnel and their dependents serving across Virginia.

We are honored to serve the Commonwealth and our veterans, and look forward to working with you to continue to make Virginia the most veteran and military friendly state in the Nation.

## **Credit for Taxes Paid to Another State**

As a Virginia resident, all of your income is subject to the Virginia Individual Income Tax, regardless of where it was earned or its source. However, if you received income from another state and are required to file a nonresident return in that state and pay income taxes, you may be eligible to receive a credit for the taxes paid to the other state.

When an individual is an actual resident of one state, but is a domiciliary resident of another state, both states will usually require a resident return. In that case, the domiciliary state will generally allow a credit for taxes paid to the state of actual residence.

This credit applies only to income taxes paid to other states. For more information, see *Va. Code* § 58.1-332 or visit **www.tax.virginia.gov**.

## **Exceptions**

Arizona, California, or Oregon: If you have income from one of these states, do not claim the credit for tax paid on the income on your Virginia income tax return. If you have income from Arizona, California, or Oregon, claim the credit on the nonresident income tax return of that other state.

However, if you are an owner of a pass-through entity with income from Arizona, California, or Oregon and you participate in the filing of a composite return with any of those states, please consult Public Documents 16-91 and 07-207.

**District of Columbia:** If you have income from the District of Columbia, do not claim the credit for tax paid on the income on your Virginia income tax return. If you paid individual income tax to the District, follow their instructions to obtain a refund of your withholding.

Kentucky, Maryland, Pennsylvania, or West Virginia: If you are a Virginia resident with wages, salaries and certain other compensation income earned as a nonresident in one of these four states, you are not eligible to claim the credit for any income not taxable by the other state.

Before claiming this credit, review the other state's nonresident instructions to determine if your wages, salaries and certain other compensation income are exempt from taxation in that state. If your wages, salaries and certain other compensation income are exempt, follow the other state's instructions to obtain a refund of your withholding.

A credit can be claimed on your Virginia return only for income taxes paid to any of the four states listed above on income that was not exempt income.

### **Special Circumstances**

**Border State Computation** - Kentucky, Maryland, North Carolina, or West Virginia

If you are required to file a return with Virginia and only one other state and that state is listed above, you may qualify for a special computation if:

- The income from that state consists solely of wages, salaries, or business income from federal Schedule C that is taxed by the state; **and**
- Your Virginia Taxable Income is at least equal to the Qualifying Taxable Income on the border state's return; then
- Mark the border state oval and enter "100.0" in the Income Percentage field.

When calculating income from the border state, do not include income exempt from income tax in the border state, even if it is earned or business income from federal Schedule C. Refer to the **Exceptions** section above.

If filing a joint return and each spouse filed a return separately in **only one** other state and that state is listed above, then each spouse may use the border state computation to compute the credit.

## **Married Taxpayers**

Unless a joint return is filed in both Virginia and the other state, you may need to adjust your taxable income to compute the credit correctly.

- If you filed separately in the other state, but jointly in Virginia, enter only the Virginia taxable income attributable to the filer whose income was taxed by the other state.
- If you filed jointly in the other state, but separately in Virginia, enter only the taxable income attributable to that filer from the other state's return.
- If both spouses are included in the same composite return or entitled to a credit for corporation income tax paid by an S Corporation in which both spouses are shareholders, each spouse must compute income and credits separately.

### **Required Documentation**

- Each credit must be computed separately using the Schedule OSC.
- For each credit claimed, attach a copy of the other state's return and schedules to your return. W-2s, 1099s, and Schedule K-1s are not acceptable documentation to support the credit. Visit our website for a list of required forms and a sample Composite Filing Statement.

**Composite Returns:** If you are an owner or shareholder in a pass-through entity, and you elected to be included in a nonresident Composite return filed by the pass-through entity in another state, attach a Composite Filing Statement from the pass-through entity that documents your inclusion in the filings and your share of the income, tax liability, and tax paid.

**Corporation Income Tax:** If claiming a credit on corporation income tax paid to a state that does not recognize the federal S Corporation election, attach a statement from the S Corporation that documents your share of the income, tax liability, and tax paid.

### **Schedule OSC Line Instructions**

## Line 1. Filing Status.

Enter the code for the filing status on the other state's return.

- 1. Single
- 2. Married Filing Jointly
- 3. Married Filing Separately
- 4. Composite/Unified
- 5. Corporation Income Tax

### Line 2. Claiming Credit

Enter the code to identify the person claiming the credit:

- 1. You
- 2. Spouse
- 3. You and Spouse (Not for Composite or Corporation Filing Status)

### Line 3. Qualifying Taxable Income

Enter the total taxable income from the following categories that apply to you, to the extent that the income was derived from sources outside Virginia and the income was subject to tax by both Virginia and another state:

- Earned or business income;
- Gain from the sale of any capital asset not used in a trade or business, including a residence; and
- Income on which corporation income tax was paid to a state that does not recognize the federal S Corporation election.

If nonqualifying income is included in the taxable income of the other state, recompute the qualifying taxable income and qualifying tax liability with that income removed. Examples of nonqualifying income include lottery or gambling winnings and unemployment compensation. Additions to federal adjusted gross income or federal taxable income

required by the other state are also nonqualifying income unless those items are specifically included in Virginia taxable income.

If the other state's tax is computed on total taxable income from all sources and then reduced by an allocation percentage, enter the reduced taxable income. Visit our website for a complete list of states that require this calculation.

### Line 4. Virginia Taxable Income

Enter the Virginia taxable income from Line 16 of Form 760. Married taxpayers, see Special Circumstances above.

## Line 5. Qualifying Tax Liability

Enter the net tax liability after nonrefundable credits reported on the other state's return. Married taxpayers, include only the tax on the income from Line 3.

Note: Only state income tax on earned, business, and capital gain income should be included on Line 5.

### Line 6. Identify the State

## Line 8. Income Percentage

Divide Line 3 by Line 4. Compute the percentage to one decimal place. If the result is greater than 100%, enter 100%. If the result is less than 0.1%, enter 0.1%.

If you qualify see Border State Computation under Special Circumstances.

### Line 9. Virginia Ratio

Multiply Line 7 by Line 8.

### Line 10. Credit

Enter the lesser of Line 5 or Line 9

If claiming more than one credit, continue to Line 11 of Schedule OSC. Enter the total of all credits on Line 25 of Form 760. The sum of all nonrefundable credits claimed cannot exceed your tax liability on Line 19 of Form 760.

## TAX RATE SCHEDULE

### IF YOUR VIRGINIA TAXABLE INCOME IS:

Not over \$3,000, your tax is 2% of your Virginia taxable income.

over—	but not over—	your tax is—	of excess over—
\$ 3,000	\$ 5,000	\$ 60 + 3 %	\$ 3,000
\$ 5,000	\$17,000	<b>\$ 120 + 5 %</b>	\$ 5,000
\$17.000		\$ 720 + 5.75 <b>%</b>	\$17.000

### **Example**

If your taxable income is \$90,000, your tax is 720 + 5.75% of the amount over \$17,000. This equals  $720 + (.0575 \times 73,000) = 720 + 4,197.50 = 4,917.50$  which should be rounded to **44,918**.
