Estimated Payment of Individual Income Tax

General Information. If you can't file your Idaho tax return by April 15, 2020, you'll be allowed an automatic six-month extension if you've paid at least one of the following:

- 100% of the income tax reported on your 2018 return (if you filed a return)
- 80% of the estimated tax due on your 2019 return

If you qualify for the automatic extension, file your extended tax return by October 15, 2020.

An extension of time to file your return isn't an extension of time to pay your tax.

If you owe \$50 or less, a payment isn't required to have a valid extension. However, we'll charge you interest.

Complete the tax payment worksheet below to calculate the payment due. Payments must be made online or postmarked by April 15, 2020.

You can use Form 51 to make payments of Qualified Investment Exemption (QIE) recapture when you don't file your income tax return by the due date. Write "Payment of QIE Recapture" at the bottom of the form and return it with a check.
