

Tax Year (YYYY)

Statement to Determine State of Domicile

This form is issued under authority of Michigan Administrative Rule 206.5. Filing of this form is voluntary. Without the necessary information, the Michigan Department of Treasury will assume the individual was a Michigan resident.

Instructions: Complete this form to clarify for the Michigan Department of Treasury your domicile for tax purposes. Michigan residents are subject to income tax on all taxable income from any source (MCL 206.110). You are a Michigan resident if your domicile is in Michigan.

Your domicile is where you have your permanent home. It is the place you plan to return to whenever you go away. You may have several residences, but you can have only one domicile at a time (MCL 206.18). That domicile continues until a new permanent home is established. Once established, your domicile can only change when all of the following criteria are met:

1. You have a specific intent to abandon your old domicile,
2. You have a specific intent to acquire a new domicile, and
3. You are physically living in your new domicile.

You must show specific proof of each of these three criteria.
