## Corporate Estimated Income Tax Instructions

See publication FYI Income 51 available at [Colorado.gov/Tax](http://Colorado.gov/Tax) for more information.

### General Rule

In most cases, a corporation is required to pay estimated tax if it can reasonably expect the net tax liability will exceed \$5,000 for 2020. For taxpayers with a *short taxable year*, please see FYI Income 51 or refer to Department regulation 39-22-606 available at [Colorado.gov/Tax](http://Colorado.gov/Tax) for more information.

### Required Payments

The required annual amount to be paid is the smaller of:

- 70% of the actual net Colorado tax liability; *or*
- 100% of the preceding year's net Colorado tax liability. This rule only applies if the preceding year was a 12-month tax year, the corporation filed a Colorado return, and the corporation is **not** defined as a large corporation\* under section 6655 of the federal Internal Revenue Code.

\*Any large corporation may base their first quarter estimated tax payment on 25% of the tax liability from the previous year. However, the remaining payments must be based on the actual tax liability for the current year. If, after calculating the tax liability for the current year, it is determined that the first quarter was underestimated the shortage shall be calculated into and paid with the second quarter.

### Calculating the Payment

Use the provided worksheet to calculate the amount of estimated tax owed. Payments and forms shall be submitted using the same method (separate, consolidated, combined) and using the same account number as will be used on the annual income tax return, Form 112. If, for any reason, the account numbers are inconsistent, the department must be notified in writing prior to filing Form 112.

This notification shall be mailed to:

**Colorado Department of Revenue**  
**Denver CO 80261-0008**

Remit payments according to the due date table provided (adjust for fiscal year taxpayers). It is strongly recommended that these payments be remitted electronically to avoid problems and delays. The single form can be copied and used for each of the four quarterly payments if an electronic payment cannot be made for any reason.

### Penalties

Failure to timely remit estimated tax as necessary will result in an estimated tax penalty. Penalty will be calculated for each missed payment, late payment, or underpayment. For calculation specifics, or to remit this penalty before being billed, see form DR 0205, Underpayment of Corporate Estimated Tax.

### Go Green with Revenue Online

[Colorado.gov/RevenueOnline](http://Colorado.gov/RevenueOnline) allows taxpayers to file taxes, make payments and monitor their accounts. The DR 0112EP is not required to be sent if electronic payment is made through this site. Please be advised that a nominal processing fee may apply to online payments.

### Pay by Electronic Funds Transfer (EFT)

EFT payments can be made safely, for free, and can be scheduled up to 12 months ahead of time to avoid forgetting to make a quarterly payment. This requires pre-registration before payments can be made. Visit [Colorado.gov/Revenue/EFT](http://Colorado.gov/Revenue/EFT) for registration information.

Additional information, FYI publications and forms are available at [Colorado.gov/Tax](http://Colorado.gov/Tax) or you may call 303-238-SERV (7378) for assistance.
