DID YOU BUY ANYTHING ONLINE LAST YEAR? YOU MIGHT OWE USE TAX!

Shopping online is easy, but it's not free.

Utah loses millions in tax revenue a year (and growing) to online sales. This makes it harder for the state to pay for everything from education to healthcare.

When online sellers do not collect **sales tax**, it becomes your responsibility to pay **use tax**. You must pay this use tax when you file your Utah income tax return.

See page 10 for more information and a worksheet to help you calculate how much use tax you owe.

CHECKOUT

You Should Know:

- Purchases are not exempt from tax just because you make them online.
- Use tax applies to any purchase that sales tax would.
- Your use tax rate depends on where you live. See page 10.
- Grocery food is taxed at a flat 3 percent across Utah.
- Some online sellers have tools to help you calculate the use tax you owe.

Your one-stop shop for everything you need to file electronically.

Three good reasons to e-file:

- 😊 Electronic returns get processed faster than paper returns.
- 😊 Electronic filing catches mistakes, ensuring your return is filed right the first time.
- 😊 If you owe taxes, you can wait to pay until April 15, 2021, no matter how early you file your return.

Still want to file a paper return? Are you sure?

- 😞 Each paper return must be removed from the envelope, sorted, examined, and processed by hand.
- 😞 If you make even a simple mistake, fixing it will add several more weeks of processing time.
- 😞 If we can't figure out how to fix your return, we will have to contact you and wait for your response before we can process your return.
- 😞 If you are waiting for a refund, we cannot issue it until your paper return has been manually processed and posted to your account.

Paper Returns

To avoid errors and get the fastest refund possible, file your return electronically. If you must file a paper return, follow these guidelines:

- Use black or dark blue ink only. Do not use felt tip pen.
- Enter only whole dollar amounts – no cents.
- If a line or box does not apply to you, leave it blank.
- Do not use dollar signs, commas or parentheses.
- If entering a loss, use a minus sign in front of the number.
- Sign and mail the original return – keep a copy for your records.

This coalition of statewide partners offers free tax preparation and free online DIY tax prep to certain low-income taxpayers. See UtahTaxHelp.org.

Federal Earned Income Tax Credit (EITC)

The federal earned income tax credit is a refundable federal (not Utah) tax credit for certain people who work and have earned income. The credit can mean a larger refund or a reduction in your federal tax.

Check the IRS website at irs.gov/eitc, or call the IRS at 1-800-829-1040 to see if you qualify.

Federal Form 1040-SR

Federal form 1040-SR, *U.S. Tax Return for Seniors*, is numbered exactly as federal form 1040. Therefore, all 1040 line number references in these instructions also apply to 1040-SR.

Who Must File

You must file a Utah TC-40 return if you:

1. are a Utah resident or part-year resident who must file a federal return,
2. are a nonresident or part-year resident with income from Utah sources who must file a federal return, or
3. want a refund of any income tax overpaid.

To file a Utah return, first complete your federal return, even if you do not have to file with the IRS. You need the federal return information to complete your Utah return.

Qualified Exempt Taxpayer: You may be exempt from Utah individual income tax if your federal adjusted gross income is less than your federal standard deduction. See instructions for line 21.

Nonresident Filing Exemption: You do not need to file a Utah return if:

1. you are a nonresident whose only Utah source of income is from a partnership, S corporation or trust (or other pass-through entity);
2. the partnership, S corporation, trust or other pass-through entities withheld Utah income tax on your Utah income; and
3. you are not claiming a Utah tax credit.

When to File and Pay

You must file your return and pay any tax due:

1. by April 15, 2021, if you file on a calendar year basis (tax year ends Dec. 31, 2020); or
2. by the 15th day of the fourth month after the fiscal year ends, if you file on a fiscal year basis. If the due date falls on a Saturday, Sunday or legal holiday, the due date is the next business day.

You must pay all Utah income taxes for the tax year by the due date. You may be subject to penalties and interest if you do not file your return on time or do not pay all income tax due by the due date. (See instructions for line 41).

Utah does not require quarterly estimated tax payments. You can prepay at any time at tap.utah.gov, or by mailing your payment with form TC-546, *Individual Income Tax Prepayment Coupon*.

Extension of Time to File

TIP This is **NOT** an extension of time to pay your taxes – it is an extension to file your return.

You get an automatic extension of up to six months to file your return. You do not need to file an extension form, but we will assess penalties if you have not met the prepayment requirements (see below).

See instructions for line 41. All extension returns must be filed by Oct. 15, 2021.

Prepayment Requirements for Filing Extension

You must prepay by the original due date:

- 90 percent of your 2020 tax due (TC-40 line 27 plus line 30);
- 100 percent of your 2019 tax liability (2019 TC-40 line 27 plus line 30); or
- 90 percent of your 2020 tax due (TC-40, line 27 plus line 30) if you did not have a Utah tax liability in 2019 or if this is your first year filing.

You may prepay through withholding (W-2, TC-675R, 1099-R, etc.), payments applied from previous year refunds, credits and credit carryovers, or payments made by the tax due date using form TC-546, *Individual Income Tax Prepayment*

Coupon, or at tap.utah.gov. Interest is assessed on unpaid tax from the original filing due date until the tax is paid in full. Penalties may also apply.

How to File

File your Utah taxes at tap.utah.gov.

If filing on paper, mail your return to the address on page 1.

What to Attach and What to Keep

Attach

Send the following with your Utah return (also keep a copy with your tax records):

- **Utah Schedules**

TC-40 page 3, TC-40A, TC-40B, TC-40C, TC-40S, and TC-40W (all that apply).

- **Other Adjustments**

An explanation for any equitable adjustment entered on TC-40A, Part 2, code 79.

- **Other Forms**

Attach form TC-131 if claiming a refund for a deceased taxpayer. Also attach TC-40LIS if you are a building project owner of a low-income housing unit. Also attach federal form 8379 if you are claiming relief as an injured spouse (see page 5).

- **Tax Due**

Pay any return amount due at tap.utah.gov. If paying by check or money order, include form TC-547, *Individual Income Tax Return Payment Coupon* (see the last page of these instructions).

FYI: Withholding Forms

You must enter withholding tax information on form TC-40W. Attach TC-40W to your return.

Keep

Do not send forms W-2, 1099-R, 1099-MISC, Utah Schedule K-1 or TC-675R with your return. If you do not complete and submit form TC-40W with your return, processing will be delayed and we may reject your withholding credit.

Do not send a copy of your federal return, credit schedules (other than Utah schedules TC-40A, TC-40B, TC-40C, TC-40S and/or TC-40W), worksheets, or other documentation with your Utah return.

Recordkeeping

Keep copies of any receipts, tax forms, worksheets and other documentation to support any income, deduction, exemption and credit you have reported. **We may ask you to provide this information later to support entries on your Utah return.**

Rounding Off to Whole Dollars

Round off cents to the nearest whole dollar. Round down if under 50 cents; round up if 50 cents and above. **Do not enter cents on the return.**

Utah Domicile

(UC §59-10-136)

Test 1

You are domiciled in Utah if:

1. You or your spouse claimed a child tax credit (IRC §24) for a dependent on your federal tax return, and the dependent is enrolled in a Utah public K-12 school. This does not apply if you are the dependent's noncustodial parent and are divorced from the custodial parent.
2. You or your spouse is enrolled as a resident student in a Utah state institution of higher education.

Test 2

There is a rebuttable presumption you are domiciled in Utah (i.e., you are domiciled in Utah unless you can prove otherwise) if you or your spouse:

1. claims a residential exemption for a primary residence under UC §59-2, Property Tax Act,
2. voted in Utah during the taxable year and were not registered to vote in another state during that time, or
3. file a Utah income tax return as a full-year or part-year resident.

Test 3

Even if you do not meet any of the conditions above, you are still domiciled in Utah if:

1. either you or your spouse has a permanent home in Utah to which either of you intend to return after being absent; and
2. you or your spouse has voluntarily settled in Utah, not for a special or temporary purpose, but with the intent of making a permanent home.

Under Test 3, whether you have a permanent home in Utah is based on a preponderance of the evidence (i.e., the evidence you have a permanent home is more convincing than any evidence you do not), taking into consideration all of the following facts and circumstances:

- You or your spouse has a Utah driver's license.
- You or your spouse claims a federal tax credit (IRC §24) for a dependent who is enrolled as a resident student in a Utah state institution of higher education.
- The nature and quality of the living accommodations you or your spouse has in Utah compared to another state.
- You have a spouse or dependent in Utah for whom you or your spouse claims a federal tax credit under IRC §24.
- The physical location where you or your spouse earns income.
- The state of registration of a vehicle owned or leased by you or your spouse.
- You or your spouse has a membership in a church, club or similar organization in Utah.
- You or your spouse lists a Utah address on mail, a telephone listing, a listing in an official government publication, other correspondence, or similar item.
- You or your spouse lists a Utah address on a federal or state tax return.

- You or your spouse claims Utah residency on a document (other than a Utah income tax return) filed with or provided to a court or other government entity.
- You or your spouse fails to obtain a permit or license normally required of a resident in the state where you claim to have domicile.
- You are the noncustodial parent of a dependent enrolled in a Utah public K-12 school for which you claimed a child tax credit (IRC §24) on your federal tax return, and you are divorced from the custodial parent.
- You maintain a place of abode in Utah and spent 183 or more days of the taxable year in Utah.
- You or your spouse did not vote in Utah during the taxable year but voted in Utah in any of the three prior years and was not registered to vote in another state during those three years.

No Utah Domicile

You do not have Utah domicile if you are absent from Utah for at least 761 consecutive days and during this time you or your spouse:

1. do not return to Utah for more than 30 days in a calendar year,
2. do not claim a child tax credit under IRC §24 on your federal tax return for a dependent who is enrolled in a Utah public K-12 school (unless you are a noncustodial parent of the dependent and are divorced from the custodial parent),
3. are not enrolled in a Utah state institution of higher education as a resident student,
4. do not claim the residential exemption for property tax on your primary residence in Utah, or
5. do not claim Utah as your tax home for federal tax purposes.

An absence from the state begins on the later of the date you or your spouse leaves Utah and ends on the day you or your spouse returns to and stays in Utah for more than 30 days in a calendar year.

If you do not have Utah domicile, you may choose to have Utah domicile by filing a Utah resident income tax return.

Spouses

If your spouse has Utah domicile under Test 1 (above), you also have Utah domicile. If your spouse has Utah domicile under Test 2 or 3, you also have Utah domicile unless you can establish by a preponderance of the evidence (i.e., the evidence for your claim is more convincing than any evidence against it) that during the taxable year and the three prior years you did not:

1. own property in Utah,
2. spend more than 30 days in a calendar year in Utah,
3. receive earned income for services performed in Utah,
4. vote in Utah, or
5. have a Utah driver's license.

You are not considered to have a spouse with Utah domicile if:

1. you and your spouse are legally separated or divorced, or
2. you and your spouse both claimed married filing separately on your federal individual income tax returns for the taxable year.

You must file a Utah income tax return (or amended return) and pay any penalty and interest that apply if you did not file a Utah return based upon your belief that you did not meet the domicile criteria.

"Resident" Defined

A resident is a person who is domiciled in Utah for any period of time during the taxable year, but only for the duration of that period.

"Nonresident" Defined

A nonresident is a person who is not a resident.

"Part-Year Resident" Defined

A part-year resident is a person who is a resident for part of the year and a nonresident for part of the year. All income received during the period of residency is taxable in Utah, regardless of where that income is earned, unless specifically exempted. Income from Utah sources is taxable in Utah during the period of nonresidency.

Military

Special domicile rules apply to service members and their spouses. See Pub 57, *Military Personnel Instructions*.

Native Americans

Native Americans who earn income in Utah must file a Utah tax return.

Certain income earned by Utah Native Americans may be exempt from Utah income tax. See page 16 to see if you qualify.

Students

All Utah residency rules and filing requirements apply to students, including Utah residents going to school in another state and non-residents attending a Utah school.

Income from Other States

Utah residents who earn income in other states must pay Utah tax on that income. You may claim a credit for income tax paid to another state if the other state also taxes the same income. See *Credit for Income Tax Paid to Another State* in Schedule A instructions.

Income from Other Countries

Utah residents who live and work abroad must pay Utah tax on income earned in other countries if the income is included in federal adjusted gross income on the federal return. There is no Utah credit for taxes paid to another country. See *Federal Tax Credits*, below.

Foreign Nationals & Expatriates

A foreign national or expatriate who meets Utah domicile and residency requirements is considered a Utah resident for tax purposes. See *Utah Domicile*, above.

You must pay tax on income earned from Utah sources if that income is included in your adjusted gross income on your federal return.

Injured Spouse

If your spouse had outstanding Utah tax liabilities before your marriage, any refund on a joint Utah return may be used to pay that liability. You may be able to claim part or all of a refund under the injured spouse provisions.

If another state, a federal agency or another entity claimed your refund to pay a debt owed to them, contact them directly.

Attach a copy of federal form 8379, *Injured Spouse Allocation*, to the front of your joint Utah return if claiming injured spouse provisions and a joint refund is expected to be applied (offset) to a past-due Utah tax obligation of the other spouse.

See more information at tax.utah.gov/extension/innocent.

Innocent Spouse

If your spouse did not report income or claimed false deductions or credits and you did not receive any benefit, you may be entitled to relief from your tax liability. See more information at tax.utah.gov/extension/innocent.

Fiscal Year Filers

You can be a Utah fiscal year filer only if you are a federal fiscal year filer. Utah follows the same rules and guidelines for fiscal year filers as the IRS. See IRS Publications 17, 505 and 538.

Use the tax forms for the year in which your fiscal year begins.

Prepare your federal tax return before your Utah return.

Special Utah Rules

- Enter your **fiscal year end date** on TC-40, page 3, Part 2.
- Calculate your **Utah taxpayer tax credit** using the qualified dependents and standard or itemized deductions from your fiscal year federal return. Use the credit phase-out amount shown on the Utah return for the year in which your fiscal year began.
- Calculate **non-refundable Utah credits** using amounts and facts that apply to your fiscal year. For example, to claim a credit for a contribution to a my529 plan, use the amount contributed during your fiscal year, but the maximum you may take is the maximum allowed for the calendar year in which your fiscal year began.
- Report **Utah use tax** for purchases during your fiscal year, using the rate chart for the calendar year in which your fiscal year began.
- Calculate **credits** for withholding tax, pass-through entity withholding tax and mineral production withholding tax based on forms W-2 and 1099 for the year in which your fiscal year began.

Amended Return

To amend a previously-filed return, use the tax forms and instructions for the year you are amending. Get prior year forms and instructions at tax.utah.gov/forms.

Note: You cannot use TAP to file amended returns.

Amend your return if you find an error on your Utah or federal return, or if your federal return is audited or adjusted by the IRS in a way that affects your Utah return. You must amend your Utah return within 90 days of the IRS's final determination.

See *Deadlines to Claim a Refund or Credit*, below.

How to Amend a 2020 Return

- A. On the top of TC-40, page 1, on the "Amended Return" line, enter the code number from the following list that best describes your **Reason for Amending**:

Reason-for-Amending Codes (enter on return)

- 1 You filed an amended federal return with the IRS. Attach a copy of your amended federal return, form 1040X. (If amending for a net operating loss, do not use code 1, use code 4 - see below.)
 - 2 You made an error on your Utah return. Attach an explanation of the error.
 - 3 Your federal return was changed by an IRS audit or adjustment and it affects your Utah return. Attach a copy of the IRS adjustment.
 - 4 You had a net operating loss. Utah treats net operating losses the same as the federal return. If any part of your amended return is from a net operating loss carryback, use code 4 and complete a Utah return for each year you are amending. Attach a copy of your amended federal return, form 1040X or 1045. Your documentation must clearly show the year you experienced the loss.
 - 5 Other. Attach an explanation to your return.
-
- B. Enter the corrected figures on the return and/or schedules.
- C. Enter all other amounts as shown on your original return. If you received a refund on your original return, enter the amount of the previous refund on line 29 of your 2020 amended return. If you paid with the original return or made subsequent tax payments before filing the amended return, enter the total previous payments on line 37 of your 2020 amended return. Contributions on line 28 and my529 deposits from TC-40 page 3, Part 5 cannot be changed after the original return is filed.
- D. Submit the amended return with all schedules, including copies of those schedules that did not change from the original filing.
- E. **Do not submit a copy of your original return with your amended return.**

Federal Tax Credits

Federal income tax credits do not have an effect on Utah income tax. See UC §59-10-110.

There are some situations on the federal return that let you take a tax credit instead of excluding income from adjusted gross income or taking an itemized deduction. For example:

- Foreign tax credit -OR- Foreign earned income exclusion
- Lifetime learning credit -OR- Tuition deductions

Be aware: In these cases, if you choose to take a credit on your federal return instead of using an exclusion or deduction, you lose the tax benefit on your Utah return. Do not adjust your federal adjusted gross income or itemized deductions

on your Utah return in an effort to gain the tax advantage — report your adjusted gross income and itemized deductions exactly as they appear on your federal return.

Utah Losses and Loss Carries

You must treat federal net operating losses on your Utah return in the same manner as you do on your federal return.

Nonresidents and part-year residents with a Utah loss but no federal net operating loss can apportion their Utah tax for the loss year to zero on Schedule TC-40B, but may not carry the remaining loss forward or back to other years.

Deadlines to Claim a Refund or Credit (UC §§59-1-1410 and 59-10-529)

To qualify for a refund or credit, you must file a return within:

- three years from the original return due date (plus extensions), or
- two years from the payment date.

For amended returns, you must file a claim for refund or credit within:

- two years after you had to file an amended Utah return based on changes to your federal return made by the IRS, or
- three years from the original due date (plus extensions) of the return of a loss year to report a net operating loss carryback.

Use the *Penalty and Interest Calculator* at tap.utah.gov to calculate your penalty and interest, or follow the instructions in Pub 58, *Utah Interest and Penalties (tax.utah.gov/forms)*. We will send you a bill if you do not pay the penalties and interest with your return or if the penalty and/or interest is calculated incorrectly.

Penalties

You may have to pay a penalty for not filing your return by the due date, not paying tax due on time, not pre-paying enough on an extension return, and not filing information returns or supporting schedules (UC §59-1-401). The penalties are a percentage of the unpaid tax, based on the number of days late.

The penalty for underpaying an extension prepayment is 2 percent of the unpaid tax per month of the extension period. If the return is not filed by the extension due date, failure to file and pay penalties will apply as if the extension had not been granted.

There is no late filing penalty (including on an amended return) if you have no tax due on the return.

Interest

Interest is in addition to penalties due. Calculate interest from the due date (April 15, 2021) to the date paid. The 2021 interest rate is 2 percent.

Line 42. Total Due - Pay This Amount

Add any penalty and interest you owe on line 41 to the tax on line 40. Pay this amount at tap.utah.gov or pay with your return and include a TC-547 coupon with your payment.

You may make payments prior to approval of the payment plan or prior to receiving a billing notice.

Completing the Return

Signature

Signature for Deceased

If your spouse died in 2020 or 2021 before filing your return and you are filing a joint return, write "DECEASED" in the signature block for your spouse. See more on page 13. If you are not a surviving spouse and are claiming a refund for the deceased taxpayer, sign the return and attach form TC-131.

Also, enter a number (up to five digits) as a personal identification number (PIN). If you want the paid preparer who signed your return as the third party designee, enter "Preparer" in the designee's name area.

If you fill in the *Third Party Designee* area, you (and your spouse if filing a joint return) authorize the Tax Commission to call the designee with questions that may arise while processing your return. You also authorize the designee to:

3. receive copies of notices or transcripts related to your return, upon request; and
4. respond to certain Tax Commission notices about math errors, offsets and return preparation.

You are **not** authorizing the designee to receive any refund, bind you to anything (including any additional tax liability), or otherwise represent you before the Tax Commission. The authorization automatically ends on the due date for filing your next year's tax return (without regard to extensions).

If you want to change the designee's authorization, complete and submit TC-737, *Power of Attorney and Declaration of Representative* (tax.utah.gov/forms). If you want to revoke the authorization before it ends, submit your request in writing to the Utah State Tax Commission, attention Taxpayer Services, 210 N 1950 W, SLC, UT 84134.

Exceptions apply for taxpayers who choose not to file electronically and for undue hardship on the preparer in conforming to this provision (see form TC-831).

Preparer Penalties

The person who prepares, presents, procures, advises, aids, assists, or counsels another on a return, affidavit, claim, or similar document administered by the Tax Commission, and who knows or has reason to believe it may understate a tax, fee or charge, is subject to both a civil penalty (\$500 per document) and criminal penalties (second degree felony with a fine from \$1,500 to \$25,000).

Each subtraction from income is explained below.

(71) Interest from Utah Municipal Bonds and U. S. Government Obligations (UC §59-10-114(2)(a) and (f))

Utah Municipal Bonds

Interest earned on Utah municipal bonds is exempt from Utah income tax.

- Municipal bond interest is usually **excluded from federal adjusted gross income**. In these cases, do not subtract municipal bond interest.
- Some municipal bond interest is **included in federal adjusted gross income**, (e.g., Build America Bonds, etc.). In these cases, deduct Utah municipal bond interest from Utah taxable income. Enter the non-taxable subtraction on TC-40A, Part 2, using code 71.

Keep all records and documentation to support this subtraction.

U.S. Government Obligations

Interest earned on U.S. Government obligations is **exempt** from Utah income tax. These obligations include:

- Treasury bills
- Treasury notes
- E, EE, H, HH, and I bonds

The following income is **NOT** exempt from Utah income tax:

- Interest or dividends from Federal National Mortgage Association (FNMA) and Government National Mortgage Association (GNMA).
- Interest on IRS or other federal agency refunds.

The following conditions determine if the instrument qualifies as a U.S. Government obligation (see U.S. Supreme Court decision, *Smith vs. Davis*, 323 U.S. 111 (1944)). The instrument must:

1. be a written document,
2. bear interest,
3. contain a binding promise by the U. S. Government to pay a specific sum on a specific date, and
4. have congressional authorization to pledge the full faith and credit of the United States in support of the promise to pay.

You may only deduct interest or dividend income from U. S. Government obligations included in your federal adjusted gross income. Before entering an amount, subtract any related interest expense on money borrowed to purchase the obligation or security.

See Pub 33, *Interest from U.S. Government Obligations*, at tax.utah.gov/forms.

Keep all records, forms and worksheets to support this subtraction.

(77) Native American Income (UC §59-10-114(2)(b) and (e))

1. be an enrolled member of a Native American tribe in Utah,
2. live on your tribe's reservation, and

Also, enrolled members of the Ute tribe who work on the Uintah and Ouray Reservation and live on land removed from that reservation under Hagen vs. Utah (510 U.S. 399 (1994)) are exempt from Utah income tax on income earned on the reservation.

Enter the exempt income included in your federal total income on TC-40A, Part 2, using code 77. Enter your enrollment/census number and your Nation/Tribe Code from the following list:

Nation/Tribe Code

(78) Railroad Retirement Income (UC §59-10-114(2)(d))

Federal law does not permit states to tax railroad retirement, disability income, unemployment income, and sickness benefits received from the Railroad Retirement Board and reported on form RRB-1099.

Railroad retirement pensions are deductible only if taxed on the federal return. If you received pension payments, disability income or unemployment payments under the Railroad Retirement Act and report all or part of the amount received as income on federal form 1040, lines 5b and/or 6b, you may deduct that amount from Utah income. If amounts from sources other than railroad retirement are included on these lines on your federal return, only deduct the amount of railroad retirement reported on these lines.

(79) Equitable Adjustments (UC §59-10-115(2))

Enter any qualified equitable adjustment needed to prevent paying double tax. Attach an explanation.

(12) Credit for Increasing Research Activities in Utah (UC §59-10-1012)

The credit is:

1. 5 percent of your qualified expenses for increasing research activities in Utah above a base amount,

2. 5 percent of certain payments made to a qualified organization increasing basic research in Utah above a base amount, and
3. 7.5 percent of your qualified research expenses in Utah for the current taxable year.

Note: You may carry forward for the next 14 years any credit for 1 or 2 (above) that is more than your tax liability.

You may not carry forward any credit for 3 (above).

There is no form for this credit. Keep all related documents with your records.

(13) Carryforward of Credit for Machinery and Equipment Used to Conduct Research (UC §59-10-1013)

The credit expired for taxable years beginning after 2010.

If you claimed a credit on your return for machinery and/or equipment used to conduct research for a year after 1998 and prior to 2011, and the credit was more than your tax liability for the year, you may carry over the excess credit to the next 14 years and use it to offset tax until used up. If you are using any remaining credit in this year, enter that carryover amount on TC-40A, Part 4, using code 13.

(17) Credit for Income Tax Paid to Another State (UC §59-10-1003)

If you are a Utah resident or part-year resident with income that is taxed by Utah and another state(s), the District of Columbia, or a possession of the United States, you may be entitled to a credit for income tax paid to the other state(s). Nonresidents do not qualify for this credit. You can only take this credit for individual income tax (you cannot take it for sales tax or local taxes). Complete Schedule B to see if your income was taxed by both states.

Complete and attach form TC-40S, *Credit for Income Tax Paid to Another State*. If there are two or more states, calculate each state separately. Carry the sum of the credits from TC-40S, line 7 to TC-40A, Part 4, using code 17.

Do not use the state income tax withheld from form W-2 as the tax paid to the other state. You must complete and file the other state's return to determine the tax amount paid. You may have to provide additional information later to verify this credit.

Part-year residents rarely qualify for this credit. If you are domiciled in Utah for part of the year and domiciled in another state for part of the year, you may only claim credit on the portion of income:

1. taxable in Utah,
2. taxed also by the other state(s), and
3. included in "Column A - Utah" income on form TC-40B.

Part-year residents must prorate and enter the tax paid to the other state(s) on TC-40S, line 6. The credit only applies to tax paid on the part of your income (TC-40, line 1) taxed by both states.

Note: You may not carry forward or back any credit that is more than your tax liability.

Keep a signed copy of the other state's return and all related documents with your records.

FYI: Common Credit 17 Errors

- Claiming the withholding amount on a W-2 as taxes paid to another state.
 - Claiming credit for taxes other than income tax.
 - Claiming the entire amount of tax paid to another state.
 - Part-year residents not prorating correctly on TC-40S.

Note: You may carry forward for the next five years any credit that is more than your tax liability.

Complete form TC-40T, *Live Organ Donation Expenses Credit*. Do not send form TC-40T with your return. Keep the form and related documents with your records to provide the Tax Commission upon request.

Additional residential energy systems or parts may be claimed in following years as long as the total amount claimed does not exceed certain limits. Contact the Governor's Office of Energy Development for more information. If the residence is sold to a non-business entity before claiming the credit, you may irrevocably transfer the right to the credit to the new owner. The principal portion of the system's lease payments may qualify for the credit if the lessor irrevocably transfers the credit rights to the new owner.

Get form TC-40E, *Renewable Residential and Commercial Energy Systems Tax Credits*, from the Governor's Office of Energy Development with their certification stamp, verifying the credit is approved and showing the amount of the approved credit. Do not send form TC-40E with your return. Keep the form and all related documents with your records to provide the Tax Commission upon request.

Do not send W-2s, 1099s, TC-675Rs, and Utah Schedule K-1 with your return. Keep all these forms with your tax records — we may ask you to provide the documents at a later time.

Processing may be delayed or your withholding tax credits may be disallowed if you do not complete TC-40W as explained below and submit it with your return.

► TC-40W, Part 1

Report Utah withholding tax from the following forms:

- Federal form W-2, *Wage and Tax Statement*
- Federal form 1099 (with Utah withholding), including 1099-R, 1099-MISC, 1099-G, etc.

If form W-2 or 1099 does not include this number, contact the employer or payer to get the correct number to enter on TC-40W, Part 1. Failure to include this number on TC-40W may cause your withholding to be disallowed and delay any refund.

Line 3 - Enter the employer/payer name and address (W-2 box "c," or 1099).

Line 4 - Enter an "X" if the income and withholding tax are from a form 1099.

Line 5 - Enter the Social Security number (shown on the W-2 box "a," or 1099).

Note: If there is no Utah employer identification number on a form W-2 box 15, 1099-R box 13, 1099-MISC box 17, or any other 1099 form, your refund may be reduced or your tax due increased. Contact the employer or payer of the income to get the Utah ID number.

Add the amounts of Utah withholding tax from all lines 7 and enter the total at the bottom of TC-40W, page 1 and on form TC-40, page 2, line 33.

The Utah mineral withholding account number is a 14-character number. The first eleven characters are numeric and the last three are "WMP." Do not enter hyphens. Example: 12345678901WMP.

If form TC-675R does not include this number, contact the payer to get the correct number to enter on TC-40W, Part 2. Failure to include this number on TC-40W may cause your withholding to be disallowed and delay any refund.

Line 4 - If the mineral withholding tax distribution was received from a pass-through entity (partnership, LLC, LLP, S corporation or trust), enter the pass-through entity's federal EIN. If you receive a TC-675R directly from the mineral producer, leave this line blank.

Line 5 - Enter your mineral production withholding tax (TC-675R box 6) or your share of mineral production withholding tax reported on Utah Schedule K-1 by a pass-through entity.

Add the amounts of mineral production withholding tax from all lines 5 and enter the total on form TC-40, page 2, line 36.

Do not send TC-675R(s) with your return. Keep them in your files.

Processing may be delayed or the withholding tax credit disallowed if you do not complete TC-40W with all required information.

Line 2 - Enter the pass-through entity's name (Schedule K-1 box B).

Line 3 - Enter the Utah withholding tax withheld or paid on your behalf by the pass-through entity.

Add the amounts of pass-through entity Utah withholding tax from all lines 3 and enter the total on form TC-40, page 2, line 35.

Special Instructions for Married Couples

A married couple who files a joint federal return may file separate Utah returns ONLY IF:

- one spouse is a full-year Utah resident, AND
- the other spouse is a full-year nonresident.

TIP If either spouse is a part-year resident, you cannot use *Special Instructions for Married Couples* and your filing status must match your federal return.

To file this way, use *Special Instructions* for Couples, below.

You may also use *Special Instructions* if the spouse of a Utah resident is a nonresident military service member. See Pub 57, *Military Personnel Instructions*.

Special Instructions for Couples

1. Complete a federal return “as if” you were filing separately.
DO NOT file the “as if” return with the IRS. Use this return ONLY to complete these special instructions.
 2. Determine your allocation percentage:
 - A. Adjusted gross income on your married filing joint federal return _____
 - B. Utah resident spouse’s federal adjusted gross income only _____
 - For a full-year Utah resident, federal “as if” adjusted gross income.
 - For a nonresident who has Utah income and must file a Utah return, federal adjusted gross income.
 - C. **Allocation percentage** _____
 - Divide line B by line A and carry to four decimal places.
 3. Follow the line-by-line instructions in this book to complete Utah form TC-40, **with the following exceptions:**
 - Box 1 Filing Status** – Enter a “9.” This code is not shown on the return but is valid for this special calculation.
 - Line 4 Federal Adjusted Gross Income** – Enter the federal “as if” adjusted gross income from line 2B, above.
 - Line 5 Additions to Income** – Multiply each addition to income by the allocation percentage, above. Enter the additions on TC-40A, Part 1, and carry the total to TC-40, line 5.
 - Line 7 State tax refund included on federal form 1040** – Multiply any state income tax refund on federal form 1040, Schedule 1, line 1 by the allocation percentage, above.
 - Line 8 Subtractions from Income** – Except for codes 82 and 88, multiply each subtraction from income by the allocation percentage, above. Enter the subtractions on TC-40A, Part 2, and carry the total to line 8.
If filing for the service member:
 - a. Subtract the total military pay earned while not a Utah resident that was included in federal adjusted gross income on TC-40A, Part 2, using code 82.
 - b. Code 88 is not allowed.
 - Line 11 Utah personal exemption** – Multiply the number of qualifying dependents from line 2c by the allocation percentage, above. Then multiply the result by \$590.
 - Line 12 Federal standard or itemized deductions** – Multiply the deduction claimed on your married filing joint federal income tax return by the allocation percentage, above.
 4. Complete Utah form TC-40B using the amounts from your “as if” married filing separate federal return.
 5. Complete the rest of the Utah return.
 6. If filing a paper return, attach a copy of both your married filing joint federal return and your “as if” married filing separate federal return. You do not need to include federal 1040 schedules and supporting documents.

2020 TC-40 Instructions Addendum

RE: COVID-19 Grants and Loans

What's New

The 2020 legislature passed SB 6005 for the treatment of Paycheck Protection Loans and other federal grants or loans related to COVID-19.

Follow the instructions in this addendum if you meet the qualifications or if you own an interest in an LLC, a partnership, an s-corporation or a trust that meets the qualifications.

These instructions do not apply to a grant or loan issued by a Utah local government agency. See UC §59-10-114(J).

These instructions supersede already-published tax return instructions.

TC-40, Schedule A – Supplemental Schedule Instructions

► Part 1 – Additions to Income

(51) Lump Sum Distribution/ COVID-19 Grants and Loans

→ Use code 51 for TWO types of additions.

If both additions apply, enter the combined amount.

1. Lump Sum Distribution (UC §59-10-114(1)(a))

TIP → This addition to income only applies if you filed form 4972 with your federal return.

If you received a lump sum distribution and filed federal form 4972, enter the total of the amounts shown on Part II, line 6 and on Part III, line 10. Keep a copy of form 4972 and any 1099-R forms showing the distribution with your records.

Shared Distributions: If you shared a lump sum distribution with others, multiply the amount on line 10 of federal form 4972 by the distribution percentage shown in box 9a on your form 1099-R, then add the amount from form 4972, Part II, line 6.

2. COVID-19 Grants and Loans (UC §59-10-101(1))

TIP → This addition does not include the economic stimulus payments received by individuals (IRS Notices 1444 and 1444-B)

If you received a Paycheck Protection Loan or other federal grant or loan related to COVID-19 the income of the grant or loan must be added to your Utah income if:

1. the grant or loan was forgiven during the 2020 tax year,
2. the value of the grant or loan is not subject to federal income tax, and
3. the grant or loan is used for expenses that are deductible for federal income tax purposes.

If you own an interest in an LLC, a partnership, an s-corporation or trust that received a Paycheck Protection Loan or similar federal grant or loan meeting these requirements, add your distributed share on this line. These amounts should be reported on the "Other Income" line of your Utah Schedule K-1.
