# Instructions For Completing the DR 0112

## S Corporations use the DR 0106

This filing guide will assist you with completing your Colorado Income Tax Return. Please read through this guide before starting your return. Once you finish the form, file it with a computer, smartphone or tablet using our free and secure Revenue Online service at [Colorado.gov/RevenueOnline](http://Colorado.gov/RevenueOnline). You may also file using private e-File software or with a paid tax preparer. You significantly reduce the chance of errors by filing your return electronically. If you cannot file electronically for any reason, mail the enclosed forms as instructed on the cover page of this booklet. All Colorado forms and publications referenced in this guide are available for download at [Tax.Colorado.gov](http://Tax.Colorado.gov) – the official Taxation website.

### Filing Requirements

Each C corporation doing business in Colorado, or those who derive income from Colorado sources, must file this return. Organizations that have been granted tax-exempt status by the IRS are generally exempt from Colorado taxation. However, those tax exempt entities that file federal Form 990-T to report unrelated business taxable income from Colorado sources or from business activity in Colorado are subject to Colorado taxation and are required to file the DR 0112. Any insurance company subject to the tax imposed on gross premiums by §10-3-209, C.R.S. is exempt from Colorado income tax.

### Due Date

Corporate income tax returns are due **April 15, 2022** for traditional calendar year filers. If the due date falls on a weekend or federal holiday, return will be due the next business day. If you are unable to file by your prescribed due date, you may file under extension. See the DR 0158-C for more information about filing extensions.

### Estimated Tax

Every C corporation subject to Colorado income tax must file the DR 0112EP, if it can reasonably expect the net tax liability to exceed \$5,000 during the taxable year. See the Corporate Income Tax Guide for more information.

### Accounting Period and Method

The accounting period and method for Colorado income tax must be the same accounting period and method as used for federal income tax.

### Account Numbers

The Colorado Account Number (CAN) is 8 digits and must be listed in addition to the Federal Employer Identification Number (FEIN) on any form where requested. The CAN used on this form is usually the same number that is found on sales tax licenses and forms related to wage withholding.

### Line-by-Line Instructions

First, complete the federal income tax return to be filed with the IRS. You will use information from that return to complete the Colorado income tax return.

### Section A

Mark the appropriate box related to your apportionment

method. Corporations with income from business activity that is taxable both within and without Colorado must apportion their income in order to calculate their Colorado tax. We recommend that you read the Corporate Income Tax Guide for more information. Generally, income is apportioned using the single sales factor.

- **Not Apportioning**

The C corporation has no income from business activity outside of Colorado. Tax will be calculated on 100% of the Colorado taxable income.

- **Receipts Factor**

All business income must be apportioned using a single factor: receipts. Nonbusiness income may either be directly allocated to the appropriate state or treated as business income, subject to the single receipts factor. The DR 0112RF is required if using this method and can be completed by clicking the appropriate edit button on Revenue Online. Otherwise, submit via the e-Filer Attachment on Revenue Online or send with the paper return.

- **Gross Receipts**

The C corporation whose only activities in Colorado consist of making sales, that does not own or rent real estate within the State of Colorado, and that generates annual Colorado gross sales of \$100,000 or less, may elect to pay tax on 0.5% of the annual Colorado gross receipts – in lieu of paying the normal income tax. We recommend that you read the Corporate Income Tax Guide if this applies to you. If using this method, you must enter the annual Colorado gross receipts on line 17, the calculated 0.5% tax on line 19, and enter “gross receipt tax” next to each of these two lines.

- **Other Apportionment Method**

When Colorado apportionment methods do not fairly measure the Colorado-source income, the corporation may request (or the Department might require) an alternative apportionment method.

### Section B

Mark the appropriate box to designate a separate, consolidated, or combined return.

There are four possible filing alternatives for C corporations. We recommend that you read the Corporate Income Tax Guide for additional information.

- **Separate**

This designation is for a single corporation, regardless of its membership in an affiliated group. A single corporation cannot use this filing alternative if it elects to be part of a consolidated return or if it is required to be included in a combined filing.

- **Consolidated**

This designation is for members of an affiliated group of C corporations, as defined by section 1504 of the Internal Revenue Code. However, only those members doing business in Colorado, as defined in Regulation 39-22-301.1, can be included

in the consolidated return. This filing alternative is binding for four years and requires consent of the Colorado members of the group. Filing such a return shall be deemed consent.

- **Combined**

This designation is for members of an affiliated group of C corporations, as defined by §39-22-303(12), C.R.S., that meet at least three of the six-part intercompany business relationship tests for this year and the preceding two years. This is a required filing alternative.

- **Combined/Consolidated**

This designation is for group of C corporations including some members required to file a combined report and other members not required to be included in the combined report, but electing to be included in a consolidated filing along with those members included in the combined report.

## Federal Taxable Income

### Line 1

Enter the federal taxable income (or loss) from federal Form 1120 or 990-T.

### Line 2

Enter any amount from line 1 that is attributed to affiliated corporations that are not included in this consolidated or combined return.

### Line 3

Subtract line 2 from line 1. This reflects the taxable income of the federal pro-forma return included on the Colorado form.

## Additions

### Line 4

Enter any federal net operating loss deduction claimed in the computation of the federal taxable income. We recommend that you read the Corporate Income Tax Guide if this applies to you.

### Line 5

Enter any Colorado income tax claimed as a deduction in the computation of the federal taxable income.

### Line 6

Enter the sum of all other qualifying additions. For this line, you must further explain your basis for this adjustment. If you are using Revenue Online, submit this explanation to your return electronically with the E-Filer Attachment option. Otherwise, use the DR 1778 or include a written statement with your paper return. We recommend that you read the Corporate Income Tax Guide if this applies to you:

- Bond interest – the amount of any interest, less any amortization of premium, earned from bonds issued by any state or political subdivision, excluding any bonds issued by the State of Colorado or its political subdivisions on or after May 1, 1980. Calculate the appropriate amount as the net of amount after reduction by the amount of the deductions allocated to such interest income under the Internal Revenue Code.

We recommend that you read publication FYI Income 52 if this applies to you.

- Foreign-source income – the amount of any income, war profits, or excess profits taxes paid or accrued to any foreign country or to any possession of the United States that were claimed as a deduction on the federal return.
- Gross Conservation Easement charitable contribution – Any charitable deduction taken on the federal return for a gross conservation easement that has also been claimed for a Colorado tax credit. Complete the DR 1305 Part D.

### Line 7

Enter the sum of lines 3 through 6.

## Subtractions

### Line 8

Enter any income that is included on line 3, which is derived from any U.S. government bond interest and any interest or dividend income on obligations securities of any authority, commission, or instrumentality of the United States to the extent that such income is exempt from state taxation by federal law. We recommend that you read publication FYI Income 20 if this applies to you.

### Line 9

Enter any foreign source income that is included on line 3 that qualifies for exclusion pursuant to § 39-22-303(10), C.R.S. and the regulation promulgated thereunder.

### Line 10

Enter any income that is included on line 3 that qualifies for the Colorado capital gain subtraction. The maximum allowable subtraction is \$100,000.

You must complete and submit the DR 1316 with your return. Take precaution to completely fill out each item of this form. Be as detailed as possible, especially when providing property descriptions, ownership, and dates of acquisition and sale.

### Line 11

For Colorado-licensed marijuana businesses, enter any expenditure that is eligible to be claimed as a federal income tax deduction but is disallowed by section 280E of the Internal Revenue Code because marijuana is a controlled substance under federal law.

To calculate this deduction, you must create pro forma federal schedule(s) for Business Profit or Loss as if the federal government would have allowed the expenditures from the marijuana business. The Colorado deduction shall be the difference between the profit/loss as calculated on the ACTUAL schedule(s) filed with the federal return and the pro forma schedule(s) described above. You must include the pro forma schedule(s), the MED license number and the actual federal schedule(s) with your Colorado return to receive this deduction.

### Line 12

Enter the sum of all other qualifying subtractions. For this line, you must provide a detailed explanation for any subtraction claimed. The explanation can be scanned and attached to your electronic filing through Revenue Online or most tax software, mailed with the DR 1778 or included with your paper return.

We recommend that you read the Corporate Income Tax Guide if these subtractions apply to you:

- Colorado income tax refund—the amount of any Colorado income tax refund that was included on line 3.
- Gross up provisions—the amount of any IRC section 78 gross up provisions that was included on line 3.
- Various credits – the amount of any wages or salaries for which the federal deduction was disallowed by section 280C of the Internal Revenue Code because a federal credit was claimed for such wages or salaries.

### Line 13

Under HB21-1002, taxpayers may claim a subtraction for tax years commencing in 2021 in relation to certain retroactive provisions of the CARES Act. For complete instructions on how to calculate this subtraction, please see the CARES Act guidance publication available at [Tax.Colorado.gov/corporate-income-tax-guidance-publications](http://Tax.Colorado.gov/corporate-income-tax-guidance-publications) for detailed instructions on how to calculate the amount of this subtraction. In general, the allowable subtraction is an aggregate amount, calculated in multiple steps, based on the taxpayer's Colorado taxable income for each of the preceding tax years which were affected by the CARES Act. First, the taxpayer must calculate, for each tax year ending before March 27, 2020, the difference between its Colorado taxable income based on Colorado law and the amount the taxpayer's Colorado taxable income would have been had certain provisions of the CARES Act applied to that tax year. The difference amounts calculated for each year are then aggregated and combined with any business interest deduction addback required pursuant to section 39-22-304(2)(i), C.R.S., for any prior tax year. The subtraction applies only after all other subtractions provided for in C.R.S. 39-22-304(3) and is limited to \$300,000. Any amount of the allowable subtraction the taxpayer may not claim for the tax year commencing during 2021 may be carried forward to subsequent tax years. See the Guidance Publication for thorough instructions on how to calculate and claim this subtraction.

### Line 14

Enter the sum of lines 8 through 13.

## Taxable Income

### Line 15

Calculate your modified federal taxable income by subtracting line 14 from line 7.

### Line 16

Enter the Colorado taxable income before net operating loss deduction. This amount is transferred from line 15 if not apportioning income. Otherwise, for corporations that are apportioning income, this amount shall be transferred from line 14 of the DR 0112RF.

### Line 17

The Colorado net operating loss is calculated in the same manner as the federal net operating loss deduction, except that in the case of a corporation apportioning income, it is the

part of the federal net operating loss (as modified that is from Colorado sources. If line 16 is less than or equal to 0 (zero), enter 0 (zero) on line 17 and proceed to line 18. Otherwise, calculate the Colorado net operating loss as follows.

- a. Enter the lesser of line 16 or Colorado net operating losses being carried forward from tax years beginning before January 1, 2018.
- b. Subtract line 17(a) from the amount on line 16.
- c. If line 17(b) is 0 (zero), enter 0 (zero). Otherwise, enter the lesser of:
  - Colorado net operating losses being carried forward from tax years beginning on or after January 1, 2018; or
  - 80% of the amount on line 17(b).

For most taxpayers, losses carried forward from tax years beginning on or after January 1, 2018 cannot exceed 80% of Colorado taxable income (after deducting pre-2018 losses).

- d. Enter the sum of lines 17(a) and 17(c).

We suggest that you read the Corporate Income Tax Guide if this applies to you.

### Line 18

Calculate your Colorado taxable income by subtracting line 17(d) from line 16.

**credits. Failure to file electronically may result in delays processing your return.**

**Line 23**

**NOTE:** If you assigned the credit to a financing entity you will not submit a Form DR 0617. For each DR 0617, you must also submit copies of the purchase invoice, lease agreement, or conversion receipts, along with proof of permanent Colorado registration or in the case of a truck or trailer a copy of the IRP (International Registration Plan) for each vehicle for which you are claiming a credit. For financing entities that accept assignment of the credit, a completed Form DR 0618

must be submitted for each vehicle claimed. For additional information, please refer to FYI Income 69.

**Line 30**

The income tax credit for business personal property taxes is limited to \$18,000 of the actual value of your personal property that you paid tax on during 2021. This is different than real property, which is not eligible for this credit. If your actual value is less than \$18,000, you can claim the total amount of the assessment you paid, and you must include the assessor's statement(s) for which you are claiming the credit. To find your actual value, either look for it on your statement, or find your assessed value and divide it by 0.29.

$$\text{Actual Value} = \text{Assessed Value} / 0.29.$$

If you own personal property whose actual value is above \$18,000 for which you were assessed, you can only claim the assessment on the first \$18,000 of the property in question. You will need to prorate your assessment with the following formula:

$\frac{18,000}{\text{actual value}} * \text{assessment} = \text{allowable credit}$
--

For example, if your assessment was \$2,000 for personal property tax paid in 2021, but your actual value was \$25,000, you would be permitted to claim \$1,440 (72% of the tax assessed or  $(\$18,000 / \$25,000) * \$2,000$ ).

Please include a copy of your property tax statement for property tax paid in 2021.

**Line 31**

Enter the amount from form DR 1366 line 88. You must submit the DR 1366 and a copy of each certificate with your return. **The Department strongly recommends electronic filing for taxpayers with enterprise zone credits. Failure to file electronically may result in delays processing your return.**

**Line 32**

Enter the sum of lines 26 through 31 if filing a paper return. **If the amount of line 25 exceeds the amount of line 32, additional tax is due with this return, continue to line 33. If not, go to line 38.**

**Line 33**

Subtract line 32 from line 25.

**Line 34**

Calculate any penalty owed for delinquent filing or payment. The penalty is the greater of \$5 or 5% of the net tax due for the first month after the due date and increased by 0.5% for each additional month past the due date. The maximum penalty is 12%. If you prefer not to calculate this penalty, the Department will bill you.

**Line 35**

Calculate any interest owed for delinquent filing or payment. The interest rate is 3% of the net tax due. If you prefer not to calculate this interest, the Department will bill you. Interest on any bill issued that remains unpaid after 30 days of issuance will increase to 6%.

**Line 36**

To calculate this penalty, complete the DR 0205. Enter any

estimated tax penalty owed on this line. You must submit the DR 0205 with your return. If you over compute your estimated tax penalty from what the Department calculates, any amount of overpayment of penalty will be refunded to you.

- *Colorado.gov/RevenueOnline ; or*
- *Tax.Colorado.gov/electronic-funds-transfer ; or*
