Montana Withholding Tax Formula for Computerized Payroll Systems19

Introduction

Employers and information agents can use this guide to prepare their Montana Forms MW-3, W-2, and 1099. It includes information about Montana filing requirements and instructions for filing the returns with the department, including how to file using the TransAction Portal (TAP).

Employers

Employers' Withholding Responsibilities in Montana

Employers are required by law to deduct taxes from wages paid to employees for services performed in Montana. In addition, they must make wage withholding payments and file the applicable Montana forms.

Any employer in Montana who pays wages for services performed in Montana is required to pay Montana wage withholding on behalf of their employees. Employers that may not have a physical presence in Montana, but have employees working remotely in Montana, still have wage withholding filing and payment requirements even if the employee is considered a nonresident. A nonresident employee working in Montana generally has a filing requirement because Montana source income includes wages, salary, tips, and other compensation for services performed in the state.

Employers must withhold tax from an employee's wages and send the withheld amount to the Department of Revenue. The amount of Montana income tax withheld from an employee's paycheck is a part of that employee's wages. Instead of paying the employee those wages, the employer sends them to the Department of Revenue as wage withholding tax. Employees trust that their employer sends that amount to Montana on their behalf and that the wage withholding the employer pays belongs to the employee until it is paid to the state. As such, it is considered a trust tax; the individual business owner or corporate officer is liable for deducting and paying the wage withholding to Montana. Failure to pay your employee's wage withholding can result in penalties and interest.

Employers subject to Montana wage withholding requirements must register with the Montana Department of Revenue and file all Montana Forms W-2 and Form MW-3 with the department annually. Payment of wage withholding is due based on the employer's payment schedule.

Payroll Withholding Guidelines

Determine How Much to Withhold

The amount of tax you withhold from an employee's pay depends on three factors:

1. the length of your payroll period
2. the employee's gross pay
3. the number of withholding allowances and/or exemptions claimed on the Montana Form MW-4

Wage withholding tax tables can be found at the end of this guide.

Determine Withholding Allowances and Exemptions

Employees report their number of allowances and/or exemptions on Montana Employee's Withholding Allowance and Exemption Certificate (Form MW-4). Allowances are certain deductions employees may take in the calculation of their wage withholding. Allowances include an employee's filing status, number of dependents, and itemized deductions. Exemptions are those services and compensation that are excluded from wage withholding by law.

New employees must complete a Form MW-4 when they are hired. Current employees only need to update their Form MW-4 if their tax situation changes, such as getting married, divorced, or having a

child. If an employee files a Form MW-4 claiming an exemption, the employer must file it through TAP by the last day of the payroll period in which the form was received.

Employees that qualify for an exemption of Montana withholding requirements must file a Form MW-4 to request their exemption. New or updated Forms MW-4 are due by the last day of the payroll period of when the employer received the form.

If a Form MW-4 is false or unsubstantiated, the department may adjust the form and notify you to disregard the allowances the employee claimed. We will then advise you of the maximum number of withholding allowances the employee can claim.

Exempt Wages

If your employees qualify under the following exemptions, you do not need to withhold from their wages.

- **Spouse of U.S. Armed Forces Service Member** – On November 11, 2009, the Military Spouses Residency Relief Act was signed into law. The Act exempts wages paid to the spouse of a U.S. armed forces service member from state income tax if the spouse is a nonresident of the state in which the wages are earned and is present in the state solely to be with the service member who is stationed in the state. To be exempt from withholding, the service member's spouse must complete Section 2 of Form MW-4 and give it to their employer on or before January 31 of each year.
- **North Dakota Residents Reciprocity** – Subject to an agreement between Montana and North Dakota, North Dakota residents are not taxed on wages earned in Montana. You are not required to withhold Montana income tax in this case. We may notify you to disregard an employee's false or unsupported claim and require you to resume withholding.
- **Interstate Transportation** – If you are a motor or rail carrier, your employees are subject to the jurisdiction of the Interstate Commerce Commission and to income tax withholding only in their state of residency. Montana resident transportation workers must pay income tax to Montana on all wages.
- **Native Americans** – Wages paid to enrolled members of a Native American tribe are not subject to withholding if they reside on the reservation governed by their tribe and the wages are earned on that reservation. Employees must complete Section 2 of Form MW-4 and give it to the employer, attesting that they reside on their reservation. When wages come from both reservation and non-reservation sources, only the wages from reservation sources are exempt from withholding, and only if employees meet all criteria. When employees do not reside on their reservation for an entire pay period, only wages earned while they reside on the reservation are exempt from taxation, and only if they meet all criteria.

Withholding from Pensions, Annuities, Deferred Compensations, and IRAs

Your employees' contributions to qualifying annuity contracts such as "tax sheltered" annuity plans for teachers, public employees deferred compensation, or other similar plans, as defined by the Internal Revenue Code (I.R.C.), are exempt from withholding requirements to the extent that the contributions are not included in their adjusted gross income for federal income tax purposes. Contributions made to individual retirement accounts under I.R.C. 3401(a)(12), while considered compensation to the employee, are not subject to Montana withholding if you reasonably expect that your employee will be able to deduct such amounts as retirement savings account contributions.

A payer is required to withhold on pension payments if the recipient requests withholding. Withholding from pensions can be requested on Form MW-4. The individual must specify a flat dollar amount on Line H of the form ([ARM 42.17.103](#)). More information about withholding on pension payments may be found in the Information Agent section of this guide.

Withholding from Nonresidents and Nonresident Aliens

Compensation you pay to a nonresident or nonresident alien is subject to Montana income tax withholding in all cases unless the compensation is specifically exempted under Montana law. If you employ nonresidents short term or indefinitely, their compensation is subject to withholding. Foreign Agricultural workers with H-2A visas are exempt from state income tax withholding.

Compensation that may be excluded from federal withholding or Federal Adjusted Gross Income under a U.S. tax treaty is subject to Montana income tax withholding. The determination of whether a nonresident alien qualifies for tax treaty exclusion is not made until the Montana individual income tax return is filed by the nonresident alien.

Employment and Payment Exemptions

Certain types of employment and payments can be exempt from wage withholding. The Montana Withholding Exemptions Chart is a guide to show which types of employment and payments are subject to Montana tax withholding. This chart is not all inclusive.

- The total of the supplemental wage and the regular wage for the current payroll period;
- The total of the supplemental wage and the regular wage for the last preceding payroll period that falls within the same calendar year; or,
- A flat 6 percent of the supplemental wage.

Information Agents

Reporting requirements

Information agents distribute interest, rent, salaries, wages, premiums, annuities, compensations, remunerations, emoluments, or other fixed or determinable annual or periodical gains, profits, and income to individuals, trusts, estates, and pass-through entities.

Information agents must file the applicable Form 1099 with Montana if they make a distribution to a Montana resident or Montana business in the amounts below. If the information agent paid withholding on behalf of the payee, the Forms 1099 must be filed along with a Form MW-3. These forms are due by January 31st of each year.

Important: Do not file a Form MW-3 if the Form 1099 does not report withholding.

Information agents can withhold Montana income tax for a recipient of a distribution from a deferred compensation plan, individual retirement plan, or commercial annuity when requested by a payee. The payee must complete and submit a Form MW-4 to the information agent to report the amount of desired withholding. If an information agent withholds Montana income tax on behalf of a recipient of retirement distributions, the agent must file the Montana Annual W-2 1099 Withholding Tax Reconciliation (Form MW-3) to report an annual reconciliation of all withholding paid during the year.

Mineral Royalty Payments and Withholding

Remitters making mineral royalty payments from a property in Montana to a royalty owner must withhold tax if the royalty payment is more than \$166 in the current period or more than \$2,000 if paid annually. Remitters must file a Montana Annual Mineral Royalty Withholding Tax Reconciliation ([Form RW-3](#)). ([15-30-2536 through 15-30-2547, MCA](#)). For more information, please review our [Mineral Royalty Withholding Tax Guide](#).

Montana Withholding Payments

Payment Schedule and Lookback Period

Withholding payments are due based on the total amount withheld during the lookback period. The lookback period is the 12-month period from July 1 of the preceding year to June 30 of the current year.

The department completes a review of a taxpayer's lookback period to determine if the taxpayer's reporting and payment schedule will change for the next calendar year. If the payment schedule will change in the following year, the department will notify the taxpayer by November 1 of the current year to inform the taxpayer of their new reporting and payment requirements.

Payments are due by the 15th day of the following month for new businesses.

If you did not have employees or make distributions for the entire duration of the lookback period, follow the Withholding Payments Schedule unless notified by the department.

Withholding Payments Schedule

Amount Withheld during Lookback period	Payment Schedule	Filing Schedule
\$12,000 or more	Accelerated - pay per federal schedule.	MW-3 and W-2s are due January 31 for all Payment Schedules
\$1,200-11,999	Monthly – pay on the 15th of the following month.	
\$1,199 or less	Annual – pay on January 31 of the following year.

Annual Filing Requirements

Filing Forms MW-3, W-2, and 1099

Employers and information agents reporting withholding must file a complete Montana Annual W-2 1099 Withholding Tax Reconciliation (Form MW-3) with the department by January 31. Employers must include all Forms W-2 for each employee along with the Form MW-3, regardless of whether any tax was withheld. Information agents must file Forms 1099 along with the Form MW-3 if withholding was paid on

behalf of the payee. Information agents that issue both Forms 1099 and W-2 must file a combined Form MW-3.

If you discover an error on your Form MW-3, you must file an amended MW-3, remit any tax due and file corrected W-2s and/or 1099s for each affected employee.

Forms 1099 issued to a Montana resident or business without withholding are due by January 31. A Form MW-3 is not required with Forms 1099 that do not report withholding.

Important: The department does not accept:

- Federal Form W-3 in place of the Form MW-3
- Forms 1099 or W-2 with truncated SSNs or FEINs
- Forms MW-3 filed with Forms 1099 that do not report withholding

Penalties

Penalties and interest are assessed if you do not file or pay on time.

Late Payment Penalty

If you do not pay your tax when due as established by your payment schedule, the late payment penalty is assessed at 1.5 percent per month on the unpaid tax, not to exceed 15 percent of the tax due.

Interest

Interest on tax not paid by the due date, as established by your payment schedule, is assessed at the rate of 6.25 percent per year and accrued at 0.01712 percent daily on the unpaid tax.

Late Filing Penalty

If you do not furnish Forms W-2 by January 31, there is a penalty of \$50 or \$5 per W-2, whichever is greater.

Failure to Withhold or Pay and Other Penalties

Employers are responsible for withholding tax on wages as required under [15-30-2502, MCA](#). If you do not do so, you may be charged penalty and interest even if the actual tax liability has been paid by your employee. If you do not pay amounts withheld within the time provided, it is considered an illegal conversion of trust monies. The owners of the business are personally liable for the tax due even if the business is a corporation. The taxes are not dischargeable in the case of a bankruptcy, either by the business or individual that is liable for the tax. If it is established that you knowingly or purposely intended to evade tax or any other lawful requirements, additional penalties of not less than \$1,000 and not more than \$10,000 may be assessed per [15-1-216, MCA](#).

Maintain Records

Keep your payroll records for five years from the date wages were paid. These records must be available for review by the department. The department may review your records to ensure your returns are filed correctly and that you are complying with the law.

To be prepared for an audit, you must keep a record of:

- beginning and ending date of each pay period
- total wages paid during each pay period
- method of payment
- employees' names, SSNs, and wages for each pay period
- employees' Forms W-4 for all payroll periods
- Forms MW-3, W-2, and 1099

For a complete explanation of the records you must keep, refer to Administrative Rules of Montana [42.17.203](#).

Manage Your Montana Account

You can register your business electronically through [TAP](#) or by using the [Montana Department of Revenue Business Registration \(Form GenReg\)](#). Filing for a TAP account allows you to manage your account and file your returns electronically.

You need the following information to complete your registration:

- **Federal Employer Identification Number** as used to report to the Internal Revenue Service. If you do not have a FEIN, visit [irs.gov](#) to obtain one.
- **Date** your employees started working in Montana
- **Legal business name** as associated with the identification number and as reported to the Internal Revenue Service.
- **Assumed business name, trade name, or DBA**. This is the name used before the public.
- **Legal business address**. This must be the physical street address of the legal business headquarters.
- **Current mailing address**. This may be a post office box or other address. This is the address where the department will send all correspondence.
- **Contact name and phone number**. This is the individual that will act as the entity's representative.

Access and Manage Your TAP Account

Once the department has approved your registration, you will receive your Montana Department of Revenue Account ID. Remember to provide this ID with all correspondence, payments, and returns sent to the department. Use this ID to sign up for TAP. In TAP, you can view and print returns, make and view payments, view your balance, view letters, manage login access, and add or edit name and address information. You can also manage your account by mailing or faxing your changes to us.

Change a Business Name

To change your legal business name, fax or mail a written request to the department. In your request, provide your Montana Department of Revenue Account ID, FEIN, current legal business name, new legal business name, contact name, and phone number.

Change a Business Address

You can change your mailing or location address through TAP, or by fax or mail.

Close Your Withholding Account

If you sell or close your business, change its entity type, or discontinue paying Montana wages and don't anticipate paying Montana wages within the next 12 months, fax or mail a written request to close your withholding account. Include your Montana Department of Revenue Account ID, FEIN, business name, contact name, phone number, reason for closure, and date of the last payroll.

Employers must make a final payment and file final Forms MW-3 and W-2 within 30 days of ceasing to be an employer or paying payroll.

File a Power of Attorney

A Power of Attorney form is necessary in instances when a tax preparer, or any other nonowner that is not otherwise listed as a contact on the account, needs access to or needs to discuss with the department any information regarding your withholding account. File a Power of Attorney using Montana Form POA or on TAP. We will also accept a federal Form 2848 if it includes authorization for your Montana tax return.

Grant Third Party Online Access

Third-party online access can be granted to an accountant, bookkeeper, tax preparer, or other professional conducting business on behalf of their client (the tax account holder) using TAP. With applicable validation, third parties can request access to the customer's tax account and receive immediate pay access without the customer granting access. The tax account holder can grant different levels of access to their account. This access remains in effect until the tax account holder removes or changes permission. If someone requests access to your account, such as an accountant, you will receive an email stating who requested access. If you choose not to grant access, no action is required. See our website at MTRevenue.gov for further assistance.

Register for a Withholding Account

Businesses withholding on a Montana taxpayer must register for a Withholding account.

When completing your business registration, choose "Withholding" as the tax type.

Register for a File Processing Account

A File Processing Account allows you to upload your W-2, 1099 or MW-3 files.

Important:

Do not register for a withholding account if you are an information agent that does not pay withholding on behalf of a payee.

TIP:

Information agents that do not withhold on recipients only have to register for a File Processing Account.

If you do not have a TAP login, you can register for a File Processing account.

1. From the TAP homepage, under “Businesses,” select “View More Options.”
2. Select “Register to Upload a W-2, 1099, or Withholding File.”
3. Follow the onscreen prompts to register your File Processing account.

Add a File Process Account to an Existing TAP Account

1. Log into your TAP Account.
2. On the “Summary” page, select “More...”
3. Under “Registration Options,” select “Register to Upload W2, 1099, or Withholding Files.”
4. Follow the onscreen prompts to register your account.

Filing Options

The most accurate and efficient way to file Forms MW-3, W-2, and 1099 is electronically through TAP. TAP offers two options for filing: TAP Single Entry and File Upload.

TAP Single Entry

TAP Single Entry may be used by employers and information agents that have an established withholding tax account.

1. Log into TAP and select your withholding account.
2. Select “File Return” to file your Form MW-3. Your return will be pre-populated from records the department has on file, including payments. Complete the deposit period end dates on column A of the return and update other information if needed.
3. After the Form MW-3 is complete, enter your Forms W-2 and/or 1099.

File Upload

The TAP File Processing account is for businesses or an entity's representative who would like to upload MW-3, W-2, or 1099 files. To use this feature, you must establish a TAP Login and File Processing account.

Log into TAP, and follow the steps provided with your File Processing account to upload files. Forms W-2, 1099, or withholding files must be in the standard EFW2 or Pub 1220 file format. **Images and PDFs are not accepted. Use TAP Single Entry to enter data from PDFs.**

Approved Payroll Software

You may use an approved third-party software vendor to file your Forms MW-3, W-2 and 1099. Visit MTRevenue.gov for a list of [approved software products](#).

Montana Withholding Tax Formula for Computerized Payroll Systems

This formula will duplicate the results found in the tables immediately preceding this section. There may be insignificant variances due to rounding. If you have any problems applying these formulas to your payroll, please call (406) 444-6900.

Definitions:

G = Gross Earnings for the payroll period

N = Number of withholding allowances claimed

T = Net taxable earnings for the payroll period

W = Withholding tax for the payroll period

Exemption value (for the annual table): \$1,900

Standard Deduction amount: \$0

Important: All amounts to be withheld must be rounded to the nearest dollar.

Note: There is a two-step calculation involved in this formula.

Step 1: The net taxable earnings "T" must be computed. Net taxable earnings is based on the level of gross earnings and the number of withholding allowances claimed.

Step 2: The actual tax to be withheld "W" is calculated. The actual tax withheld is calculated by using the schedule provided.

Monthly Payroll Period

Step 1: Calculate Taxable earnings "T"

$$T = G - (\$158 \times N)$$

Step 2: Calculate Withholding Tax "W"

$$W = A + (B \times (T - C))$$

Net Taxable Earnings, T

ROUND ALL RESULTS TO NEAREST DOLLAR

\$10,000	and over	\$565	plus	6.60%	of the net taxable earnings over	\$10,000

Semi-Monthly Payroll Period

Step 1: Calculate Taxable earnings "T"

$$T = G - (\$79 \times N)$$

Step 2: Calculate Withholding Tax "W"

$$W = A + (B \times (T - C))$$

Bi-Weekly Payroll Period

Step 1: Calculate Taxable earnings "T"

$$T = G - (\$73 \times N)$$

Step 2: Calculate Withholding Tax "W"

$$W = A + (B \times (T - C))$$

Net Taxable Earnings, T

Net Taxable Earnings, T

ROUND ALL RESULTS TO NEAREST DOLLAR

At least...	Less than	A	Plus	B	Times the amount which T exceeds	C
\$0	\$7,000	\$0	plus	1.80%	of the taxable earnings	\$0

Example 1: An employee earns \$550 during a semi-monthly payroll period and claims five withholding allowances.

$$\text{Step 1: } T = \$550 - (\$79 \times 5) = \$550 - \$395 = \$155$$

$$\text{Step 2: } W = \$0 + (0.018 \times (\$155 - \$0)) = \$3 \text{ Rounded to the nearest dollar}$$

Example 2: An employee claiming two exemptions earns \$2,950 during a bi-weekly payroll period.

$$\text{Step 1: } T = \$2,950 - (\$73 \times 2) = \$2,950 - \$146 = \$2,804$$

$$\text{Step 2: } W = \$16 + (0.060 \times (\$2,804 - \$577)) = \$150 \text{ Rounded to the nearest dollar}$$

Example 3: An employee claiming one exemption earns \$135 during a weekly payroll period.

$$\text{Step 1: } T = \$135 - (\$37 \times 1) = \$98$$

$$\text{Step 2: } W = \$0 + (0.018 \times (\$98 - \$0)) = \$2 \text{ Rounded to the nearest dollar}$$
