What's New?

Federal Changes

The American Rescue Plan Act, Public Law 117-2 (ARPA), provided nearly \$2 billion in funding to Montana. The ARPA contained limits on the uses of those funds. To address these limits, the 2021 Montana Legislature provided contingency language in certain bills that have the potential to reduce tax revenue. Please see MTRRevenue.gov for more information about the ARPA savings clauses.

2021 Montana Legislative Changes

Reporting Federal Adjustments (HB 53). In addition to changes made to how partnerships report federal adjustments on their Montana tax return, House Bill 53 increased the amount of time estates and trusts have to amend their Montana return after a federal adjustment. Estates and trusts now have 180 days to file an amended Montana return after a federal income tax adjustment has been finalized.

Trades Education and Training Credit (HB 252).

Employers may take a tax credit for the expenses incurred in providing employees with education and training for a trade profession. The credit is worth up to 50 percent of the cost of qualifying trades education or training expenses, not to exceed \$2,000 per employee and \$25,000 total. Report the amount of your Trades Education and Training Credit on line 32.

Montana Entrepreneur Magnet Act (SB 184).

Beginning in Tax Year 2026, the net long-term capital gain or exchange of certain capital stock will not be subject to tax. The exclusion is not available until Tax Year 2026, but some requirements take effect in 2021.

In order to be eligible, the sale or exchange of the stock must be from a corporation that, prior to the sale or exchange of the stock, has:

- at least 60 consecutive months of new business activity in Montana beginning on or after January 1, 2021,
- more than half of its officers residing in the state for the previous 36 months,
- at least 30 percent of its employees residing in the state for the previous 12 months, and
- at least 25 full-time employees residing in the state for the previous 36 months.

Mobile Home Park Capital Gain Exclusion

(SB 269). The exclusion of the capital gain from the sale of an eligible mobile park has increased. One hundred percent of the capital gain from the eligible sale of a mobile home park is excludable from Montana adjusted total income. Report the amount of the exclusion on Schedule B, line 9.

Double-Weighted Receipts Factor (SB 376).

The Montana Legislature passed Senate Bill 376 to modernize the apportionment formula for sourcing purposes. Multistate businesses with a tax year starting after June 30, 2021, will count the receipts factor twice in determining the apportionment factor.

2022 Montana Legislative Changes

Income Tax Reduction Bill (SB 159). Senate Bill 159 lowered Montana's top tax rate from 6.9 percent to 6.75 percent for Tax Years 2022 and 2023 subject to an American Rescue Plan Act Savings Clause. The Savings Clause may cause the rate to increase back to 6.9 percent for 2022 and 2023 if Montana's receipt of federal American Rescue Plan Act funds is jeopardized. Please visit MTRRevenue.gov for more information.

Income Tax Simplification Bill (SB 399). Beginning in Tax Year 2022, the following tax credits have been repealed. Tax Year 2021 is the last year these tax credits will be available. Credits denoted with an asterisk may be carried forward until the amount of the credit is exhausted or the carryforward period expires, whichever comes first.

- Adoption Credit*
- Alternative Energy Production Credit*
- Alternative Energy System Credit*
- Alternative Fuel Credit
- Biodiesel and Blending Credit*
- College Contribution Credit
- Dependent Care Assistance Credit*
- Elderly Care Credit
- Emergency Lodging Credit
- Empowerment Zone Credit*
- Energy Conservation Installation Credit
- Geothermal System Credit*
- Health Insurance for Uninsured Montanans Credit

Student Scholarship Organization Credit and Innovative Education Program Credit (HB 279).

The tax credit for contributions to approved Student Scholarship Organizations and Innovative Education Programs for Montana public school districts increases from \$150 to \$200,000 in Tax Year 2022 subject to an American Rescue Plan Act (ARPA) Savings Clause. The Savings Clause may cause the tax credit to be limited to \$150 for 2022 and later tax years if Montana's receipt of ARPA funds is jeopardized. Please see [MTRevenue.gov](https://mtrevenue.gov) for more information. Eligible contributions for 2022 may be made directly with the Student Scholarship Organization or any Montana public school district.

Note: Additional information about other legislative changes that become effective in Tax Year 2022 will be included in the 2022 Form FID-3 instructions.

Form Changes

The checkbox to waive a carryback of a Montana net operating loss (NOL) was updated to only allow for an election of a waiver of a carryback of an NOL from a farming business.

Interest Rate for 2022

Effective January 1, 2022, the annual interest rate assessed on outstanding balances is 3 percent. This rate also applies to underpayment of estimated taxes. Interest is calculated daily.

Form FID-3 Instructions

Entity Information Tax Year

You must use the same tax year used for federal income tax purposes (as indicated on the federal tax return) for Montana income tax purposes. If the estate or trust has a fiscal year, enter the beginning and ending dates of the fiscal year. Use a 2020 Form FID-3 if the estate's or trust's tax year began in the 2020 calendar year.

Name and Address

Enter the legal name of the estate or trust on the first line. Enter the name and title, if any, of the fiduciary on the second line and include the fiduciary's mailing address on the third and fourth lines.

Federal Employer Identification Number (FEIN)

Enter the FEIN from page 1 of federal Form 1041.

Date Entity Created

Enter the date the estate or trust was created from page 1 of federal Form 1041.

Schedule K-1 and Beneficiary Information

Enter the number of Montana Schedules K-1 included and the number of each type of beneficiary: resident, nonresident, or other. An example of a different type of beneficiary would be a corporation or pass-through entity.

Checkbox Items:

Mark the "**Initial return**" box if this is the first return filed in Montana for this estate or trust.

Mark the "**Final return**" box if this is the last return to be filed in Montana for this estate or trust.

Mark the "**Amended return**" box if this return is being filed to correct a previously filed Form FID-3. See FAQ **B** on page 20 for more information.

Mark the "**Refund return**" box if this return is being filed to receive a refund.

Mark the "**Estate or filing trust made a 645 election**" box if the estate or filing trust has a valid Internal Revenue Code § 645 election to treat the trust as part of the estate for federal purposes.

Entity Type

Mark the applicable box for the same entity type checked on page 1 of federal Form 1041 unless the trust is a qualified funeral trust. If a fiduciary files a federal Form 1041-QFT for a trust, the fiduciary needs to file a Montana Form FID-3 and mark the "Qualified funeral trust" box.

If the entity type is not identified, processing of the return will be delayed. Often, the fiduciary must provide additional information to complete the filing.

Residency Status

Mark the applicable box to indicate the residency status of the estate or trust, see FAQ **2** on page 17 for more information.

If the residency status is not identified, processing of the return will be delayed. Often, the fiduciary must provide additional information to complete the filing.

Specific Line Instructions

Lines that need additional instructions are listed below.

Income

Lines 1-8

Enter the amount of income reported on federal Form 1041, lines 1 through 8.

Line 2—Ordinary Dividends. Enter the total amount reported on line 2a of federal Form 1041. Montana taxes dividends as ordinary income and does not apply the federal tax rate on qualified dividends.

Line 9—Total Federal Income. Add lines 1 through 8. This line must match the total federal income reported on federal Form 1041. If the trust is an electing small business trust (ESBT), see FAQ 17 on page 21 for more information.

Deductions and Exemption

Allocation of Deductions for Tax-Exempt Income

Deductions entered on lines 10 through 15 include the total deductions related to taxable income reported on federal Form 1041. See federal Form 1041 instructions, "Allocation of Deductions for Tax-Exempt Income," for information on how to determine the allocable amount to enter on lines 10 through 15.

The tax-exempt income included on lines 10 through 15 must be reduced by any deductions attributed to the tax-exempt income.

Lines 10-15

Enter the amounts from federal Form 1041, lines 10 through 15, on the corresponding lines.

Line 11—Taxes. Enter the taxes deducted on federal Form 1041, line 11. These may include state and local income taxes, real or personal property taxes, foreign or U.S. possession income taxes, state and local general sales taxes, and generation-skipping taxes. Adjustments to this line are made on Schedules A and B.

Line 15—Other Deductions. Examples of deductions include casualty and theft losses or a federal net operating loss deduction.

Line 17—Federal Adjusted Total Income or (Loss). Subtract line 16 from line 9.

Line 20—Add lines 17 and 18, then subtract line 19.

This is Montana adjusted total income or (loss). If line 20 is a loss, you may have an NOL. See FAQ 18 on page 22 for more information.

Line 21—Montana Income Distribution Deduction. Enter the Montana income distribution deduction from Schedule C, line 13. If an amount greater than zero is entered on this line, you must include Schedule C

with the return even if the Montana income distribution deduction is equal to the federal deduction. Do not enter an amount less than zero.

Line 22—Federal Taxes Paid or Accrued on Undistributed Income. If the estate or trust paid federal taxes, including federal income taxes, estate tax, or certain generation-skipping taxes on undistributed income, report these taxes on this line.

Estates and trusts must choose whether they deduct federal taxes paid or accrued, but they cannot deduct both. Once a method has been used for one return, the same method must be used for the following returns.

Line 23—Exemption. Each estate or trust is allowed one exemption of \$2,580.

Taxes and Credits

Line 26—Tax from Tax Table. For bankruptcy estates, leave lines 26 through 28a blank and enter the tax computed on Form 2 on line 30 of this form (FID-3). For all other estates and trusts, compute the tax using the following tax table:

If the Taxable Income is More Than	But Not More Than	Multiply the Taxable Income By	And Subtract	This is Your Tax
\$0	\$3,100	1% (0.010)	\$0	
\$3,100	\$5,500	2% (0.020)	\$31	
\$5,500	\$8,400	3% (0.030)	\$86	
\$8,400	\$11,400	4% (0.040)	\$170	
\$11,400	\$14,600	5% (0.050)	\$284	
\$14,600	\$18,800	6% (0.060)	\$430	
More Than \$18,800		6.9% (0.069)	\$599	
For example: Taxable income \$6,800 x 3% (0.03) = \$204 \$204 minus \$86 = \$118 tax				

Line 28—Resident Tax After Capital Gains Tax Credit.

If the estate or trust is a resident, subtract line 27 from line 26. This is the resident tax after capital gains tax credit. Skip line 28a and go to line 29.

If the estate or trust is a nonresident or part-year resident, complete this line and go to line 28a.

Line 28a—Nonresident, Part-Year Resident Tax after Capital Gains Tax Credit. Enter the nonresident, part-year resident tax after capital gains tax credit from Schedule F, line 18. See the instructions for Schedule F on page 13.

Line 29—Tax on Lump-Sum Distributions. If the estate or trust qualifies on its federal tax return for special averaging of a lump-sum distribution and the distribution is not included as ordinary pension income in federal adjusted gross income, the estate or trust will need to pay Montana income tax on this distribution. The Montana tax liability on the lump-sum distribution is 10 percent of the federal tax calculated on federal Form 4972.

Line 30—Total Tax. If the estate or trust is a resident, add lines 28 and 29. If it is a nonresident or part-year resident, add lines 28a and 29.

Line 31—Credit for Taxes Paid to Other States or Countries (residents and part-year residents only). Enter the amount from Worksheet I, line 10, if the estate or trust is a resident or the amount from Worksheet II, line 10, if the trust is a part-year resident.

Resident estates and trusts are allowed a credit for income taxes paid to another state or country on net income that is also taxable to Montana. Part-year resident estates and trusts are allowed a credit for income taxes paid to another state or country on net income that is also taxable to Montana and if the income is included on Schedule F, line 14, column B. A credit is allowed against Montana income tax only if the tax paid to a state or foreign country was based on net income of the same taxable year and the income taxed by the state or foreign country was derived from sources outside of Montana. Unless you file the Montana tax return electronically, you must include a copy of the other state's or country's income tax return with Form FID-3. If you file the tax return electronically and you cannot include a copy of the other state's or country's income tax return, retain the copy so that you can provide it to the department upon request.

If the estate or trust had income from a state that has no state income tax, make no entry on line 31 and go to line 32.

Note: Nonresident estates and trusts may not claim this tax credit against their Montana tax liability.

Worksheets I and II

Resident and part-year resident estates and trusts are allowed a credit for income taxes paid to another state or country. The credit is a nonrefundable single-year credit and is limited to an income tax liability paid on net income that is also taxed by Montana. It cannot reduce the Montana tax liability below zero. No unused credit amount can be carried forward.

If the estate or trust is filing as a full-year resident and paid income tax to another state or country, use Worksheet I to determine the amount of nonrefundable credit that you may be able to claim on your Montana tax return. If the estate or trust is filing

as a part-year resident, use Worksheet II.

If the estate or trust is required to file an income tax return in more than one state or country and it is entitled to the credit, complete a separate Worksheet I for residents or Worksheet II for part-year residents for each state or country in which an income tax return was filed and tax was paid on the income that is also taxed to Montana. Additionally, credits may exist for both the S portion of an ESBT and the S portion of a non-ESBT reported on the same return. The fiduciary will need to complete a separate worksheet for each state or country to which the estate or trust has paid an income tax liability. Complete a separate worksheet for each state or country to which the S portion of an ESBT has paid an income tax liability.

The fiduciary cannot combine payments on one worksheet. If more than one worksheet is used, enter the total of all worksheets for estates and non-ESBTs on Form FID-3, line 31. Enter the total of all worksheets for ESBTs on Schedule G, line 12.

Important: You are not entitled to this credit if the other state or country in which you filed an income tax return has allowed you a credit against the taxes that they have imposed on your net income because you are also subject to tax on the same income by Montana.

Shareholders of an S corporation or Partners in a Partnership. If the estate or trust is a shareholder of an S corporation or a partner in a partnership, and the S corporation or partnership pays an income tax, excise tax, or franchise tax that was measured by and imposed on net income to another state (including composite tax paid on your behalf) or country, you can claim a credit for your share of these income taxes paid by the entity.

Other taxes paid by the S corporation or partnership. Other taxes paid—such as, but not limited to, franchise or license taxes, fees that are not imposed on or measured by net income, gross receipt taxes, or gross sales taxes—are not allowed.

When the estate or trust claims this credit for the taxes paid by a pass-through entity, it will have to add back to Montana income its share of the S corporation or partnership's federal tax deduction that is included in total income. This is required whether or not the S corporation or partnership separately or nonseparately stated the income tax deduction on the federal Schedule K-1.

“Sourced and Taxable.” In the instructions that follow, “sourced and taxable” means any income included in your Montana taxable income that must be reported to another state or foreign country in accordance with the other state's or country's rules, and that is not subject to an exemption. If the income is partially exempt, only the

part that is non-exempt can be used for the calculation of this credit. On a practical level, income that is sourced and taxable to another state is found on the line after state specific additions and subtractions to federal adjusted gross income. In general, this line is labeled for the state-specific adjusted gross income.

Taxes Paid to Another Country. The estate or trust is not entitled to a Montana tax credit for taxes paid to a foreign country unless it has an unused federal foreign tax credit that is not eligible to be carried back or carried forward to another tax year. You cannot claim this credit and deduct the foreign tax from your Montana adjusted gross income.

Specific Line Instructions

If the estate or trust is a part-year resident, the fiduciary needs to allocate income using Form FID-3, Schedule F, before completing this worksheet.

Line 1—This amount may differ from what you calculated as your total taxable income on the other state's form. For example, a trust had rental income

in both Utah and Montana during the year. The trust's total rental income was \$50,000, with \$10,000 earned in Utah. Enter only the Utah sourced rental income of \$10,000 on line 1. Do not include income on this line that is not taxable in Montana.

Line 2—Enter the total income sourced and taxable to the other state or country. See "sourced and taxable" above to find the appropriate amount of income on another state's return.

Line 4—Tax Paid to Another State or Country—Enter the actual tax liability paid by you or on your behalf to the other state or country. This amount comes from either a fiduciary tax return you filed or a composite tax return filed on your behalf by a partnership or S corporation.

Important: Do not include any penalties and interest paid to the other state or country.

Line 7—If the estate or trust claimed a credit for taxes paid to another country for federal tax purposes, the estate or trust cannot claim a state credit for taxes paid to another country.

Enter the amount of the endowment credit recapture tax. If, in addition to the recapture tax, part of the amount that is recaptured was claimed as a charitable contribution in a prior year, the estate or trust must include in income on Form FID-3, Schedule A, line 4, any recoveries of this prior-year deduction that reduced the tax liability in the year of that deduction.

Payments and Refundable Credits

Line 37a—Total Montana Income Tax Withheld.

Enter the amount of Montana income tax withheld.

This amount is usually reported in Box 17 of the federal Form W-2, or in Box 14 of federal Form 1099-R. When the estate or trust claims Montana income tax withheld, it must include a copy of the withholding statements, such as federal Forms W-2 or 1099-R.

Important: Do not report on this line Montana mineral royalty tax withheld or income tax withheld as a result of an ownership interest in a pass-through entity.

Line 37b—Montana Income Tax Withheld Allocable to Beneficiaries. Enter the amount of Montana income tax withheld reported on line 37a and allocable to beneficiaries.

Line 37—Montana Income Tax Withheld Allocable to the Estate or Trust. Subtract line 37b from 37a. This is the amount of Montana income tax withheld that is allocable to the estate or trust.

Line 38a—Total Montana Pass-Through Entity Withholding from Montana Schedules K-1 (PTE), Part 5, line 3. If the estate or trust has an ownership interest in a pass-through entity that had Montana source income, and the pass-through entity paid Montana pass-through withholding on behalf of the estate or trust, enter the amount here. This amount is reported to the estate or trust on a Montana Schedule K-1 (PTE), and should not be confused with any Montana mineral royalty tax withheld that passed through to the estate or trust from a pass-through entity. Attach copies of the Montana Schedules K-1 (PTE) you received that report amounts withheld on your behalf.

Line 38b—Montana Pass-Through Entity Withholding Allocated to Beneficiaries. Enter the amount of Montana pass-through entity withholding reported on line 38a and allocable to beneficiaries. Pass-through withholding must be distributed to the beneficiaries if the associated income is distributed to the beneficiaries.

Line 38—Montana Pass-Through Entity Withholding Allocable to the Estate or Trust. Subtract line 38b from 38a. This is the amount of Montana pass-through entity withholding that is allocable to the estate or trust.

Line 39a—Total Montana Mineral Royalty Tax Withheld from Federal Forms 1099 or Montana Schedules K-1 (PTE), Part 5, line 4. If the estate or trust paid Montana mineral royalty tax withholding, enter the withholding on this line. If the estate or trust receives a distributive share of Montana mineral royalty tax withholding from a pass-through entity, enter the withholding on this line. This is generally reported on

federal Form 1099. Royalty payments made to owners of Montana mineral rights are subject to state tax withholding if certain thresholds are met. This amount should not be confused with the production taxes that are also subtracted from royalty payments.

If the mineral rights are held by a pass-through entity in which the estate or trust has an ownership interest in, or from which the estate or trust receives a distribution, enter the amount reported to the estate or trust as its share of the withholding. Include a schedule detailing the calculation of the estate's or trust's portion of the withholding and any supporting documents, such as a Montana Schedule K-1, issued to the estate or trust, or a copy of Form 1099 issued to the pass-through entity. For more information, visit "Mineral Royalty Withholding" at [MTRevenue.gov](https://tap.dor.mt.gov).

Line 39b—Montana Mineral Royalty Tax Withheld Allocated to Beneficiaries. Enter the amount of Montana mineral royalty tax withheld reported on line 39a and allocable to the beneficiaries. Mineral royalty withholding must be distributed to the beneficiaries if the associated royalty income is distributed to the beneficiaries.

Line 39—Montana Mineral Royalty Tax Withheld Allocable to the Estate or Trust. Subtract line 39b from 39a. This is the amount of Montana mineral royalty tax withheld that is allocable to the estate or trust.

Line 40—Estimated Tax Payments. If a fiduciary has made estimated income tax payments for Tax Year 2021, enter the amount of these estimated tax payments. Include in this amount the 2020 refund that was requested to be applied to the 2021 estimated income tax payments. Do not include in this total any income taxes paid for a previous year because these are not estimated taxes paid for Tax Year 2021.

If a fiduciary makes estimated income tax payments to be allocated to a beneficiary, do not include these payments on this line. Instead, apply these payments to the beneficiary's account. When estimated income tax payments allocable to beneficiaries are sent to the department, include the beneficiary's name and SSN or FEIN, as well as an explanation that the payment is to be applied to the beneficiary's account.

Line 41—Extension Payments. If a fiduciary made an extension payment on or before April 18, 2022, enter that amount on this line.

If a fiduciary would like to make an extension payment, calculate the difference between the amount of tax you think the estate or trust will owe and payments already made, including amounts withheld on behalf of the estate or trust. You may pay by e-check or credit card through our TransAction Portal at <https://tap.dor.mt.gov>.

or send the payment with the extension box checked and remember to include a Montana Estate or Trust Tax Payment Voucher (available at [MTRevenue.gov](https://mtrevenue.gov) or call us at (406) 444-6900 to request one).

Line 42—Refundable Credits. If a fiduciary is claiming a refund of one or more of the refundable credits listed below, identify each credit being claimed and the amounts of the refundable credits in the total for line 42. If more space is needed, make a list showing each credit and its amount and include the list with the tax return. Also include all applicable credit forms:

- Emergency Lodging Credit (Form ELC)
- Unlocking Public Lands Credit

Penalties and Interest

Line 46—Interest on Underpayment of Estimated Taxes. A fiduciary is required to pay an estate's or trust's income tax liability throughout the year if the estate or trust expects to owe an income tax liability of at least \$500 after subtracting tax credits and withholding payments. Payments can be made through withholding, installment payments of estimated taxes, or a combination of both.

If a fiduciary did not pay in advance at least 90 percent of the 2021 income tax liability (after applying credits) or 100 percent of the 2020 income tax liability (after applying credits), the fiduciary may have to pay interest on the underpayment of estimated tax.

To calculate the interest, complete Form EST-I (2021 Underpayment of Estimated Tax by Individuals and Fiduciaries), available at [MTRevenue.gov](https://mtrevenue.gov) or call us at (406) 444-6900.

Line 47—Late Filing, Late Payment Penalties and Interest.

Late Filing Penalty. If a fiduciary files the estate and trust tax return after October 17, 2022, the fiduciary must pay a late filing penalty. The penalty is equal to the greater of \$50 or 5 percent per month on the unpaid amount. The penalty is calculated from the extended due date until the return is filed or the tax is paid and cannot exceed 25 percent of the fiduciary's tax liability on line 44.

Late Payment Penalty. The late payment penalty is equal to 0.5 percent per month, calculated daily, on the unpaid amount from April 18, 2022, until it is paid. The daily rate is 0.0164 percent. Your late payment penalty will never exceed 12 percent (24 months x 0.5%) of the unpaid tax. Late payment penalty is automatically waived if you pay all the tax and interest with your return, or within 30 days of the first notice from the department.

Interest. Compute interest on any tax liability (line 44) that the estate or trust has not paid by the due date of the tax return and enter the total on this line.

Effective January 1, 2022, the interest rate is 3 percent. To calculate the interest, multiply line 44 by 0.00822 percent (0.0000822), and then multiply that result by the number of days between April 18, 2022, and the day the estate's or trust's income tax is paid.

Important: A valid extension of time to file the estate's or trust's tax return does not extend the due date to pay the estate's or trust's income tax liability after April 18, 2022.

If the estate or trust owes more than one of the items listed above, enter each amount on the following worksheet.

Type	Amount
Late filing penalty	
Late payment penalty	
Interest	
Total	

Enter the total on line 47. Keep this worksheet as part of the estate's or trust's tax records for future reference.

Line 48—Other Penalties. Include on this line the following penalty if it applies to the estate or trust:

- **Farm and Ranch Risk Management Account—10 Percent Penalty.**

If the estate or trust has not distributed deposits and income from its farm and ranch risk management account within three years, the deposits and income are now considered distributed. The fiduciary must pay a 10 percent penalty on the amount of tax due on the amount that is considered distributed. On this line, enter the farm and ranch risk management account 10 percent penalty. For more information, refer to Form FRM, available at [MTRevenue.gov](https://mtrevenue.gov) or call us at (406) 444-6900.

Amount the Entity Owes or Its Refund

Line 50—Amount the Estate or Trust Owes. If the estate or trust has a tax due on line 44, add lines 44 and 49; or, if the estate or trust has a tax overpayment on line 45 and it is less than line 49, subtract line 45 from line 49. This is the amount the estate or trust owes.

A fiduciary can pay the amount an estate or trust owes by:

- Electronic funds withdrawal when e-filing the return. You can schedule your withdrawal for a later date.
- E-check or credit/debit card. Visit our TransAction Portal (TAP) at <https://tap.dor.mt.gov> and select "Make a Payment." There is a small fee when paying with a credit or debit card.
- Personal check, money order, or cashier's check. Be sure to include the payment voucher

available at [MTRevenue.gov](https://mtrevenue.gov) or call us at (406) 444-6900 to request a voucher. Make your check payable to the Montana Department of Revenue, sign your check, and write your FEIN and "Tax Year 2021" on the memo line.

Note: We may need to adjust your payment if it is not in U.S. funds.

For more information about e-pay options, visit [MTRevenue.gov](https://mtrevenue.gov). Interest and penalties will be assessed on any amount not paid when due.

If a fiduciary cannot pay the entire amount that an estate or trust owes with the tax return, we encourage the fiduciary to file the estate and trust tax return on time and pay as much as possible. By filing and paying as much as possible by April 18, 2022, you can reduce the amount of late payment penalty and interest. If a fiduciary needs to establish a payment plan, visit our TransAction Portal (TAP) at <https://tap.dor.mt.gov> or call us at (406) 444-6964, option 1, as soon as possible to make payment arrangements.

Line 51—Overpayment. If an estate or trust has a tax overpayment on line 45 and it is greater than line 49, subtract line 49 from line 45 and enter the result. This is the estate's or trust's overpayment.

Line 53—Refund. Subtract line 52 from line 51. This is the amount of the estate's or trust's refund. Only refunds more than \$1 will be issued.

If a fiduciary would like to use direct deposit, enter the estate's or trust's financial institution's routing number (RTN#) and the estate's or trust's account number (ACCT#) in the space provided. The routing number will be nine digits, and the account number can be up to 17 characters, including numbers and letters. Mark whether the account is a checking or savings account and if the estate's or trust's refund will go to a bank outside of the United States and its territories (Midway Islands, Puerto Rico, American Samoa, U.S. Virgin Islands, Federated States of Micronesia, and Guam).

If the estate's or trust's financial institution does not accept direct deposit, we will mail a refund check.

Sign the Return

If a fiduciary is filing Form FID-3 electronically, a signature is not required. The act of filing electronically signifies the fiduciary's declaration, under the penalty of false swearing, that:

- The fiduciary is authorized to file the return, and
- The information in the return is true, correct and complete.

The act of filing electronically is the fiduciary's signature.

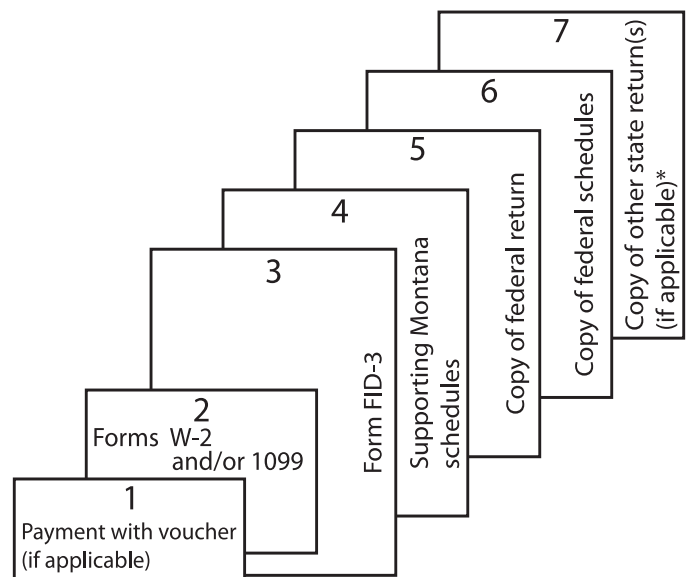

If a fiduciary is filing the estate and trust tax return on paper, the tax return is not considered valid unless the fiduciary or an officer representing the fiduciary signs the tax return. Unsigned returns cannot be processed and require us to contact the fiduciary for a signature.

Paid Preparer

A paid preparer must sign the tax return and include his or her address and Preparer Tax Identification Number (PTIN) in the space provided. If applicable, include the firm's name, address, FEIN and telephone number.

Assemble the Return

If a fiduciary is filing Form FID-3 on paper, the fiduciary must include its federal form. Assemble the return, without using staples, in the following order. Include all Forms W-2 and 1099.

Please Do Not Use Staples

* Only include a copy of the returns from another state if the estate or trust is a resident of Montana and claims the credit for taxes paid to another state.

File the Return

We encourage a fiduciary to e-file Form FID-3. See FAQ ❶ on page 17 for more information. If a fiduciary files the return on paper, mail the return to the following address:

Montana Department of Revenue
PO Box 8021
Helena, MT 59604-8021

Schedule A—Schedule of Additions

Line 1—Interest and Mutual Fund Dividends from State, County, or Municipal Bonds from Other States.

Enter the interest and mutual fund dividend income that the estate or trust received from bonds and obligations of another state, territory, or political subdivision of another state (county, municipality, district, etc.).

Line 2—Dividends Not Included in Federal Total Income. Enter the amount of any dividends that the estate or trust received that are not already included in total federal income. Do not include qualified dividends since these dividends are already in the total ordinary dividends reported on Form FID-3, line 2.

Line 3—Taxable Federal Refund. If the estate or trust claimed a federal tax deduction, either by withholding or by paying an estimated tax in a prior year, any refund of that tax is income in the year it is received. Enter the taxable refund.

Line 4—Other Recoveries. If the estate or trust claimed a deduction in a prior year that reduced Montana taxable income and the deduction was subsequently reimbursed, enter that reimbursement.

Line 5—All state and local taxes included on page 1, line 11. Enter all state and local taxes you deducted on line 11. The allowable state and local deduction is recalculated on Schedule B to exclude state income tax.

Line 6—Expenses Allocated to U.S. Obligations. If an estate or trust has tax-exempt interest income, report the adjustment for deductions related to the tax-exempt interest income. Enter only the amount deducted for federal purposes that is not allowed as a deduction for Montana purposes.

Deductions allocable to tax-exempt interest income must be used only against tax-exempt interest income.

Although subject to federal tax, interest in federal bonds, notes and other U.S. obligations is exempt from Montana income tax. Therefore, if interest in federal bonds, notes and other U.S. obligations is excluded on the Montana estate and trust tax return, expenses related to such tax-exempt interest income must be included in taxable income for Montana purposes.

To compute the expenses allocable to tax-exempt

interest income, divide tax-exempt interest income by total gross income (including tax-exempt interest income). Multiply the resulting percentage by total expenses not directly allocable to any item of income. Report the portion of expenses allocated to tax-exempt interest income on the appropriate line.

Example:	
1 Gross income from U.S. obligations	\$6,190 (reported on Form FID-3, Schedule B, line 1)
2 Total gross income	\$73,496 (total federal income on Form FID-3, line 9, plus any capital losses plus the gross tax-exempt income from federal Form 1041, Schedule B, line 1)
3 Line 1 divided by line 2	0.084222
4 Total indirect expenses	\$21,987
5 Indirect expenses allocated to U.S. obligations income (line 3 x line 4)	\$1,852 (reported on Form FID-3, Schedule A, line 6)

Line 7—Federal Net Operating Loss Carryover.

The federal net operating loss carryover that you reported on your Form FID-3, line 15b, may be different from the amount of your Montana net operating loss carryover. On this line, enter the amount of your federal net operating loss carryover from line 15b, and then compute your Montana net operating loss carryover using the Form NOL. The Montana net operating loss carryover is reported on Schedule B, line 7.

Line 8—Other Income. Include a detailed schedule listing types and amounts.

Schedule B—Schedule of Deductions/ Subtractions

Line 1—Exempt Interest and Mutual Fund Dividends from Federal Bonds, Notes, and Other Obligations.

Enter the interest attributable to United States government obligations and mutual fund dividends that an estate or trust received if these amounts are included in total federal income on Form FID-3, line 9. In addition, enter the interest on obligations from U.S. territory or government agency obligations that are specifically exempt under federal law or any mutual fund dividends attributable to this interest that an estate or trust received if these amounts are included in total federal income on Form FID-3, line 9.

Interest on obligations only guaranteed by the United States government is not tax-exempt. If an estate or trust received interest or mutual fund dividends attributable to Government National Mortgage Association (Ginnie Mae) bonds, Federal National

Mortgage Association (Fannie Mae) bonds, or Federal Home Loan Mortgage Corporation (FHLMAC) securities, a fiduciary cannot subtract these interest amounts or mutual fund dividends.

United States Obligations that are exempt include:

- Series E, EE, F, G, H, and I savings bonds
- U.S. treasury bills
- U.S. government notes
- U.S. government certificates
- Refer to Form 1099-DIV to determine what percentage of the dividends received qualify for this exemption.

Line 2—State Tax Refunds. If a state tax refund is included as other income on Form FID-3, line 8, subtract it on this line.

Line 3—Other Recoveries. If a recovery was shown as income on Form FID-3, line 8, but the original deduction did not reduce Montana taxable income, deduct it on this line.

Line 4—Partial Pension, Annuity, and IRA Income Exemption. If an estate or trust reported taxable retirement income on Form FID-3, line 8, the estate or trust may be entitled to a partial exemption of this income. Qualifying pension, annuity, and IRA income is reported on federal Form 1099-R with distribution code 7.

Premature distributions, death benefits, and early withdrawals of retirement income do not qualify for the retirement income exemption. Early distributions, which require payment of the federal 5 percent or 10 percent additional tax, do not qualify for this exemption.

Tier I and Tier II Railroad Retirement benefits received from the Railroad Retirement Board are exempt from Montana tax. Enter the full amount of Tier I and Tier II annuity or pension benefits reported on Form FID-3, line 8, as a reduction to income on Schedule B, line 5.

When total federal income is \$36,700 or less, the retirement exemption is limited to the taxable retirement income that an estate or trust received or \$4,400, whichever is less. When total federal income exceeds \$36,700, the retirement exemption is reduced \$2 for every \$1 that total federal income is over \$36,700. For example, if total federal income is \$37,400, the retirement exemption is \$3,000 ($\$4,400 - (\$700 \times \$2) = \$3,000$). The estate or trust is not entitled to this retirement income exemption if total federal income is greater than \$38,900 ($\$4,400 - (\$2,200 \times \$2) = \0).

To calculate the partial pension, annuity, and IRA income exemption, use this worksheet:

Partial Pension, Annuity, and IRA Income Exemption Worksheet	
1 Maximum exclusion amount	\$4,400
2 Pension, annuity and IRA income. Enter the taxable amount of all pension, annuity, and IRA distributions.	
3 Enter the smaller of line 1 or line 2.	
4 Enter your total federal income from page 1, line 9.	
5 Federal adjusted gross income limitation amount.	\$36,700
6 Subtract line 5 from line 4 and multiply the result by 2 (x2). If less than zero, enter 0.	
7 Subtract line 6 from line 3. If less than zero, enter 0. This is your partial pension, annuity, and IRA income exemption.	

If an estate or trust received a disability pension, which is identified as Distribution Code 3 on federal Form 1099-R, the estate or trust should use the worksheet that follows to determine the disability income exemption:

Disability Income Exemption Worksheet	
1 Retirement disability benefits received	
2 Multiply \$100 by the number of weeks you received benefits	
3 Enter the smaller of line 1 or line 2	
4 Enter the total of Schedule B, line 10 without this exemption	
5 Deduct line 4 from Form FID-3, line 17	
6 Add Form FID-3, line 18, to line 5	
7 Your income limitation	\$15,000
8 Subtract line 7 from line 6 and enter the result, but not less than zero	
9 Subtract line 8 from line 3 and enter the result, but not less than zero. This is your partial retirement disability income exclusion.	

Add line 7 from the Partial Pension, Annuity, and IRA Income Exemption worksheet and line 9 from the Disability Income Exemption worksheet and enter the sum on Schedule B, line 4.

Line 5—Subtractions for Federal Taxable U.S. Railroad Retirement Board Benefits. Tier I and Tier II Railroad Retirement benefits received from the Railroad Retirement Board are exempt from Montana tax. Enter the full amount of Tier I or Tier II annuity or pension benefits reported on Form FID-3, line 8.

Line 6—Expenses Allocated to Other States' Interest and Mutual Fund Dividends. If an estate or trust has tax-exempt income, report the adjustment for additional expenses allocated to the tax-exempt income. Enter only the additional deductible expenses for Montana on this line.

Although exempt from federal tax, interest on non-Montana state and municipal securities is taxable to Montana. Therefore, if interest in non-Montana municipal securities is included on the Montana estate and trust tax return, expenses related to such tax-exempt income must be subtracted from taxable income for Montana purposes.

To compute the expenses allocable to tax-exempt income, divide tax-exempt income by total gross income (including tax-exempt income). Multiply the resulting percentage by total expenses not directly allocable to any item of income. Report the portion of expenses allocated to tax-exempt income on the appropriate line.

Example:	
1 Gross taxable municipal interest	\$4,575 (reported on Form FID-3, Schedule A, line 1)
2 Total gross income	\$73,496 (total federal income on Form FID-3, line 9, plus any capital losses, plus the gross tax-exempt income from federal Form 1041, page 2, Other Information, line 1)
3 Line 1 divided by line 2	0.062248
4 Total indirect expenses	\$21,987
5 Indirect expenses allocated to out-of-state municipal income (line 3 x line 4)	\$1,369 (reported on Form FID-3, Schedule B, line 6)

Line 7—Montana Net Operating Loss Carryover. The Montana net operating loss (NOL) carryover may be different from the amount of your federal net operating loss carryover. Enter the amount of your 2021 Montana NOL carryover from the 2021 Form NOL, Class A/B NOL Carryover Determination Schedule.

Line 8—State and Local Taxes Limited to \$10,000. Add all state and local taxes, except state income tax, paid or accrued in 2021. Enter the result on this line but not more than \$10,000.

Line 9—Other Subtractions. Please specify. Include additional information if necessary.

Schedule C—Montana Distributable Net Income (MDNI) and Montana Income Distribution Deduction (MIDD)

Lines 1 through 5 compute Montana distributable net income (MDNI). MDNI serves the same purpose as the federal DNI. MDNI, adjusted for items not included in the gross income of an estate or trust in accordance with 26 U.S.C. §§ 651 and 661, limits the deduction an estate or trust may claim for distributions to beneficiaries. MDNI may also limit the amount of Montana income a beneficiary or trust owner must report on his or her Montana tax return.

Line 1—Montana Adjusted Total Income (Loss).

Enter the amount from Form FID-3, line 20. If line 20 is a loss and line 4 is a loss, enter the smaller loss.

Line 2a. Enter the gross amount of tax-exempt interest income from federal Form 1041, Other Information, line 1. Do not use the amount reported on federal Form 1041, Schedule B, line 1, because it is normally adjusted for allocation of expenses.

Line 2c. Enter the gross exempt interest and mutual fund dividends from federal bonds, notes, and other U.S. government obligations reported on Form FID-3, Schedule B, line 1.

Line 2d. Enter the expenses allocated to U.S. government tax-exempt income reported on Form FID-3, Schedule A, line 6.

Line 2e. Enter the expenses allocated to out-of-state municipal tax-exempt income reported on Form FID-3, Schedule B, line 6.

Line 2f. Enter the gross taxable out-of-state municipal tax-exempt income reported on Form FID-3, Schedule A, line 1.

Line 2—Montana Tax-Exempt Interest Income.

Enter the sum of lines 2a through 2f. This is Montana adjusted tax-exempt interest income.

Line 3a. Enter the amount from federal Form 1041, Schedule B, line 3. This is total net gain from federal Form 1041, Schedule D, line 19, column (1) Beneficiaries.

Line 3b. Enter the amount from federal Form 1041, Schedule B, line 4. This is the amount from federal Form 1041, Schedule A, line 4, (capital gains allocated to corpus and paid or permanently set aside for charitable purposes).

Line 3c. Enter the amount from federal Form 1041, Schedule B, line 5. This is the amount from federal Form 1041, Schedule A, line 1 (amount paid or permanently set aside for charitable purposes from gross income).

Line 3—Total Net Capital Gains. Enter the sum of lines 3a through 3c. This is the sum of total net capital gains reported on federal Form 1041, Schedule B, lines 3 through 5.

Line 4. If the amount on Form FID-3, line 4 is a net gain, enter the gain as a negative. If the amount on Form FID-3, line 4, is a net loss, enter the loss as a positive number.

Line 5—Montana Distributable Net Income.

Enter the sum of lines 1 through 4.

The computations on lines 6 through 13 of Schedule C adjust MDNI and compute certain limits for Montana income distribution deduction (MIDD). The MIDD is generally computed in accordance with 26 USC §§ 651 and 661.

Line 6. This line applies to complex trusts only. Enter the accounting income of the trust for the tax year determined under the terms of the governing instrument and Montana income tax law.

Line 7. Enter the amount of income required to be distributed currently, whether distributed or not. This amount is also reported on federal Form 1041, Schedule B, line 9.

Line 8. This line only applies to a decedent's estate or complex trust. These distributions consist of any other amounts paid, credited, or required to be distributed and are referred to as second-tier distributions.

Line 9—Actual Total Distributions for the Year.

Enter the sum of lines 7 and 8. This is actual total distributions to beneficiaries for the tax year.

Line 11. Subtract line 10 from line 9. This is the tentative income distribution deduction based on total actual distributions.

Line 12. Subtract line 2 from line 5. Enter zero if equal to zero or less. This is the tentative income distribution deduction based on MDNI less Montana adjusted tax-exempt interest income.

Schedule D—Beneficiaries and Montana Income Distributions

Complete Schedule D for all beneficiaries who received an income distribution if an estate or trust was required to distribute income currently or if it paid, credited, or was required to distribute any other amounts to beneficiaries during the tax year.

List the name, SSN or FEIN (enter nine digits and no dashes), and residency status of the beneficiary.

For each beneficiary:

- **Line a.** Enter the beneficiary's share of federal distribution. In general, this is the amount of distribution that is includable in gross income for

federal tax purpose, boxes 1 through 11 of the federal Schedule K-1 (Form 1041).

- **Line b.** Enter the beneficiary's share of Montana distribution. This is the beneficiary's share included in the Montana income distribution.
- **Line c.** Subtract line b from line a and enter the difference. If the result is a negative number, enter a negative number. This difference represents the effect of Montana adjustments to the beneficiary's distribution includable in gross income. Follow the Montana Schedule K-1 (FID-3) instructions to report this difference on the Montana Schedule K-1 (FID-3).

If there are more than eight beneficiaries, complete additional copies of Schedule D. You can make copies of the included Schedule D or download additional copies from [MTRevenue.gov](https://mtrevenue.gov). If Schedule D is incomplete, the processing of the return will be delayed until we receive this information.

Schedule E—Resident Capital Gains Tax Credit Calculation

An estate or trust can claim a capital gains tax credit against the Montana income tax liability of up to 2 percent of net capital gains. The net capital gains eligible for the capital gains tax credit is the amount reported on Form FID-3, line 4, less the amount of net capital gains distributed to a beneficiary.

Example: A capital gain of \$46,675 is reported on Form FID-3, line 4. The income distribution deduction to the beneficiary included \$12,482 of the capital gain. The 2 percent capital gains tax credit is computed on the undistributed capital gain of \$34,193.

This credit is nonrefundable. It is applied directly against the income tax liability and it cannot reduce the liability below zero. This credit is applied before any other credits and cannot be carried back or carried forward.

If an estate or trust is a nonresident or a part-year resident, apply this credit to the Montana income tax computed on Form FID-3, line 26, as if it were a resident.

Schedule F—Nonresident/Part-Year Resident Estate and Trust Tax

Schedule F applies only to nonresident and part-year resident estates and trusts that have Montana source income. A fiduciary will use this schedule to compute the ratio of Montana source income to total income. This ratio is then multiplied by the resident tax from Form FID-3, line 28, to determine the nonresident or part-year resident tax to be reported on Form FID-3, line 28a.

Column A—Total Undistributed Income

Enter in column A the total income from Form FID-3, lines 1 through 8, and Schedule A. Income retained by the estate or trust is the income on which the estate or trust can be taxed after taking the Montana Income Distribution Deduction. Do not include any net operating losses reported on Schedule A, nor any federal taxes deducted on Form FID-3, line 22.

Column B—Montana Source Income included in column A

Enter the Montana source income included in undistributed income for each line of this column. If the estate or trust received a Montana Schedule K-1 from a pass-through entity, include Montana source adjustment on line 13.

For a nonresident trust, Montana source income means all income attributable to a non-contingent resident beneficiary in future distributions and all income that would be sourced to Montana if the income was distributed to beneficiaries who were nonresidents during the year or are contingent beneficiaries.

Line 1—Interest Income. Enter the interest income retained from an installment sale of real property in Montana. Include any interest retained from a business or commercial property located in Montana. Also include taxable Montana source interest income that the estate or trust received from a pass-through entity.

Line 2—Ordinary Dividends. Enter the amount of dividends retained while a resident. Generally, dividends that nonresident estates or trusts receive are not considered Montana source income.

Line 3—Business Income or (Loss). Enter the net income or loss received from any trade, business, profession, or occupation carried on in Montana and retained by the estate or trust. If an estate or trust has more than one business, complete a separate federal Schedule C for each business activity.

Line 4—Capital Gain or (Loss). Enter the gains or losses retained on the sale or transfer of tangible property used or held in connection with the trade, business, or occupation located in Montana.

Line 5—Rental Real Estate, Royalties, Partnerships, S Corporations, Other Estates or Trusts, etc. Enter the following income or losses retained by the estate or trust:

- Net rental income or loss from real property and tangible personal property located in Montana
- Net royalties to the extent that the income retained

is for production, fabrication, manufacturing, or other processing in Montana, or the patented product is produced in Montana

- Net copyright royalties to the extent that the printing and other publication originated in Montana
- Partnership income derived from a trade, business, occupation, or profession carried on in Montana
- S corporation income derived from a trade, business, occupation, or profession carried on in Montana
- Estate and trust income derived from a trade, business, occupation, or profession carried on in Montana

Line 6—Farm Income or (Loss). Enter the farm income or (loss) retained from the farming activity carried on in Montana. Include a separate federal Schedule F if necessary, showing only the Montana farm activity.

Line 7—Ordinary Gain or (Loss). Report any ordinary gain or (loss) retained from the sale or exchange of business property located in Montana and reported on federal Form 4797.

Line 8—Other Income. Enter any other income attributed to Montana that is not identified on lines 1 through 7. This includes, but is not limited to:

- Montana lottery winnings
- Nonemployee compensation

Line 9—Interest and Mutual Fund Dividends from Other States' State, County, or Municipal Bonds. Enter the interest and dividend income from bonds and obligations of other states, territories, or political subdivision of another state (county, municipality, district, etc.).

Line 10—Dividends Not Included in Total Federal Income. Enter the amount of the dividends that the estate or trust retained that is not already included in total federal income.

Line 11—Taxable Federal Refund. If the estate or trust claimed a federal tax deduction in a prior year, any refund of that tax is income in the year it is received.

Line 12—Other Recoveries. If a deduction in a prior year was claimed and reduced Montana taxable income, and the estate or trust was subsequently reimbursed, enter that reimbursement here.

Line 13—Other Additions to income and adjustments. Enter any other source of Montana income that has not been included or identified in the lines above. Do not include net operating losses reported on Schedule A, line 7.

Schedule G—S Portion Tax Calculation of an ESBT

Complete Schedule G if a trust or a portion of a trust is an electing small business trust (ESBT). Only report the activity of the ESBT on Schedule G. Report activity of the non-ESBT portion of the trust on Form FID-3 and other applicable schedules.

Line 1—Total Federal Adjusted ESBT Income. Enter total federal adjusted ESBT income as determined on the separate schedule prepared for the federal estate and trust income tax return. Include the federal schedule with the Montana tax return.

Line 2—Montana Additions to ESBT Income. Enter total Montana additions to ESBT income. Montana additions to ESBT income include dividends not included in total federal income, taxable federal refund, Montana income taxes paid or accrued, and expenses allocated to U.S. obligations. Include a statement that separately lists the additions. If the ESBT received Montana Schedules K-1, include the amounts from Part 3, column I, line 1, on this line.

Line 3—Montana Deductions to ESBT Income. Enter total Montana deductions to ESBT income. Montana deductions to ESBT income include federal income tax deductions, exempt interest and mutual fund dividends from federal obligations, state tax refunds if included in total federal income, and expenses allocated to other states' interest and mutual fund dividends. If the ESBT received Montana Schedules K-1, include on this line the amounts from Part 3, column I, line 2. Include a statement that separately lists the deductions.

Line 7—Tax from Tax Table. If line 6 is zero or less, enter 0.

Compute the tax using the following tax table:

If the Taxable Income is More Than	But Not More Than	Multiply the Taxable Income By	And Subtract	This is Your Tax
\$0	\$3,100	1% (0.010)	\$0	
\$3,100	\$5,500	2% (0.020)	\$31	
\$5,500	\$8,400	3% (0.030)	\$86	
\$8,400	\$11,400	4% (0.040)	\$170	
\$11,400	\$14,600	5% (0.050)	\$284	
\$14,600	\$18,800	6% (0.060)	\$430	
More Than \$18,800		6.9% (0.069)	\$599	
For example: Taxable income \$6,800 x 3% (0.03) = \$204 \$204 minus \$86 = \$118 tax				

Line 8—Montana Source Income. Complete this line if the ESBT is a nonresident or part-year resident. If the ESBT is a resident, skip this line.

If the ESBT is a nonresident, enter the Montana source income included in Montana adjusted ESBT income reported on line 4. Include with the return all Montana Schedules K-1 that the trust received.

If you are a part-year resident, all your income received while a resident is Montana source income. You must source the everywhere income to Montana based on the number of days the ESBT was a resident of Montana during the tax year. Reduce any Montana source income by a corresponding ratio and add the result to the Montana source income received as a resident.

Line 11—Capital Gains Credit. Calculate 2 percent of the capital gains received by the ESBT and enter the result on this line. If the ESBT is a nonresident, calculate 2 percent of the Montana source capital gain reported on Montana Schedules K-1 (PTE), Part 4, received by the ESBT. If the ESBT is a part-year resident this must be apportioned to the number of days the ESBT was a resident during the tax year.

Line 12—Credit for Income Taxes Paid to Another State or Country. Complete this line if the ESBT is a resident or part-year resident. If the ESBT is a nonresident, skip this line. If the ESBT is a resident, complete Worksheet I on page 6 and enter the amount from line 10. If the ESBT is a part-year resident, complete Worksheet II on page 6 and enter the amount from line 10. Instructions for Worksheets I and II are page 4.

Line 13—Other Nonrefundable Credits. Enter the total of all refundable credits claimed. In order to claim any credit, you must include the appropriate forms with the tax return. Visit [MTRevenue.gov](https://mtrevenue.gov) for forms and instructions. See page 6 for a list of nonrefundable credits.

Schedule H—Special Transactions, NOL Election, and Amended Return Information

Part I. Reporting of Special Transactions

Complete this part only if the estate or trust filed any of the federal income tax forms described below.

Mark the appropriate boxes indicating which forms you filed with the Internal Revenue Service. If you answered any statements "Yes," the fiduciary must include a copy of the applicable form.

Part II. Net Operating Loss (NOL) Election for Farming Loss

Mark the box if you choose to not carry back a farming NOL calculated on the 2021 Montana Form NOL. You must make this election by the due date, including the extension for filing Form FID-3. This election may not be revoked.

Part III. Amended Return. Check the appropriate boxes.

When amending a return, check the appropriate boxes reflecting the reasons why you are amending your return. In the table, provide information about the lines you corrected that result in a change to your taxable income or to the credits you are claiming.

Montana Schedule K-1 Instructions

A fiduciary must provide information on a Montana Schedule K-1 (Form FID-3), Beneficiary's Share of Income (Loss), Deductions, Credits, etc., which a beneficiary will need in completing its Montana income tax return. The fiduciary must prepare a Montana Schedule K-1 for each beneficiary that must report a share of the estate's or trust's income, credits, deductions, etc., for income tax purposes during the estate's or trust's taxable year. Include a copy of each beneficiary's Montana Schedule K-1 with the Form FID-3. The fiduciary should keep a copy for the estate's or trust's records and give a separate copy to each beneficiary (with a copy of the beneficiary's instructions).

Character of Income

The character of all income is determined at the estate or trust level and does not change when it is allocated to a beneficiary of an estate or trust.

Part 1—Information About the Estate or Trust

Mark applicable boxes:

- Final Schedule K-1—mark this box if this is the last Montana Schedule K-1 that the fiduciary will issue to the beneficiary.
- Amended Schedule K-1—mark this box if the fiduciary is amending the beneficiary's Montana Schedule K-1.

Enter the name of the estate or trust (as it appears on the federal tax return), its Federal Employer Identification Number (FEIN) as reported for federal income tax purposes, and the fiduciary's name (as it appears on the federal tax return) and mailing address.

Part 2—Information About the Beneficiary

Enter the beneficiary's name, mailing address and SSN or FEIN as reported for federal income tax purposes.

If the beneficiary is an individual, estate or trust, mark the appropriate box for residency status.

Part 3—Montana Adjustments

For each beneficiary, report the difference from Schedule D, line c, on Schedule K-1 (FID-3), Part 3. If this difference is a negative number, report the amount as an addition on line A as a positive number. If this difference is a positive number, report this amount as a subtraction on line B.

Part 4—Beneficiary's Share of Montana Source Income (Loss)

Complete Part 4 for all beneficiaries. If a beneficiary is a Montana resident, all income allocated to the beneficiary is Montana source income.

Lines 1–9

Beneficiaries will need this information to calculate their Montana tax liability when they file their Montana income tax returns.

On each line, enter the Montana source income that was allocated to the beneficiary.

Part 5—Supplemental Information

Enter any other pertinent information concerning the beneficiary's share of income, deductions or withholding.

Enter each beneficiary's share of items that could be adjustments to the beneficiary's Montana income tax return.

Line 1. If the estate or trust received federal Form 1099 because it had Montana mineral royalty tax withheld from its mineral royalty income in Montana, report the amount of any mineral royalty tax withheld that was distributed to the beneficiary. These amounts are the same as the amount reported on Form FID-3, line 39b.

Line 2. Enter any excess federal income tax deduction the estate or trust allocates to the beneficiary. This amount is the beneficiary's share of the excess of the federal income tax deduction reported on Form FID-3, line 22.

❶ Who has to file a Montana income tax return for estates and trusts?

The fiduciary of a resident estate or trust must file a Form FID-3 (Montana Income Tax Return for Estates and Trusts). The fiduciary of a nonresident estate or trust must file a Form FID-3 (Montana Income Tax Return for Estates and Trusts) if the estate or trust receives Montana source income or if at least one of the beneficiaries is a resident of Montana during the tax year. A return is not required if the total income of the estate or trust is less than \$2,580. A fiduciary includes a guardian, trustee, executor, administrator, receiver, conservator or any person acting in a position of trust or fiduciary capacity for any other person or group of persons.

❷ Is the estate or trust a resident of Montana?

Resident Estate

An estate is a resident estate if the decedent was a Montana resident on the date of his or her death. If the estate is a bankruptcy estate, it is treated as a resident estate if the person for whom the estate was created is a Montana resident.

Resident Trust

A trust is a resident trust if it establishes a sufficient connection to Montana.

Several factors are considered to determine whether a trust has a sufficient connection to Montana and include, but are not limited to, the testator’s, grantor’s, settlor’s, or creator’s domicile; the location where the trust was created; the location of trust property; the beneficiaries’ domicile; the trustees’ domicile; and the location of the trust’s administration.

Examples of resident trusts include, but are not limited to:

- any trust that designates Montana as its principal place of administration;
- any trust that is primarily administered by a trustee or representative who is a Montana resident or whose principal place of business is located in Montana;

- any irrevocable trust created by, or consisting of property of, a Montana resident on the date the trust or portion of the trust became irrevocable and has at least one income beneficiary who, for all or some portion of the trust's current taxable year, was a Montana resident;
- any trust created by the will of a decedent who was a Montana resident at the time of the decedent's death; or
- any trust created by, or caused to be created by, a court as a result of the death of an individual when:
 - property was transferred to an irrevocable inter vivos trust as a result of a decedent's death;
 - the decedent was a Montana resident at the time of the decedent's death; and
 - the trust has at least one income beneficiary who, for all or some of the trust's current taxable year, was a Montana resident.

Generally speaking, the "principal place of administration" of a trust is the usual place where its day-to-day activities are carried on by the trustee or person who is primarily responsible for the administration of the trust. If the principal place of administration of the trust cannot be identified under that standard, and assuming that the trust agreement does not identify a different location, then it is determined as follows:

- if the trust has a single trustee, the principal place of administration of the trust is the trustee's residence or usual place of business; or
- if the trust has more than one trustee, the principal place of administration of the trust is the residence or usual place of business of any of the cotrustees as agreed upon by them. If not agreed upon by the cotrustees, the principal place of administration of the trust is the residence.

Nonresident Estate or Trust

If the estate or trust is not a resident, it is treated as a nonresident estate or trust.

For nonresident estates or trusts, Montana tax liability is computed as if the entity was a resident estate or trust. The computed tax liability is then multiplied by the ratio of the estate's or trust's Montana source income to the undistributed total income.

Refer to the instructions for Schedule F (Nonresident Estate and Trust Tax) on page 14.

3 Which tax year and accounting method should a fiduciary use to file the tax return?

The 2021 Form FID-3 must be filed for the calendar year 2021 or the fiscal year beginning in 2021. If the tax return is for a fiscal year, or a short tax year (less than 12 months), enter the taxable year in the space at the top of Form FID-3.

The taxable year and accounting method for Montana must be the same as the taxable year and accounting method used for federal income tax purposes. If the estate or trust changes its federal taxable year or accounting method, it is required to change its Montana taxable year and accounting method accordingly. A copy of the approval letter from the Internal Revenue Service (IRS) to change accounting period or method must accompany the first tax return that reflects the change.

Mark the "Final return" box on Form FID-3 if the estate or trust ceased to exist during Tax Year 2021.

Important: Fiscal year filers need to use the 2020 Form FID-3 if the estate's or trust's taxable year began in the 2020 calendar year.

4 What forms and schedules have to be included with the tax return?

Unless the tax return is filed electronically, a fiduciary must include a complete copy of federal Form 1041 and all related forms and schedules. If a fiduciary is claiming a credit for taxes paid to another state, the fiduciary is required to include a copy of the returns from the other state. If the fiduciary files the return electronically and cannot attach the federal forms and schedules or the other state or country's income tax return, retain copies so they can be provided to the department upon request.

5 Who has to sign the tax return?

Form FID-3 must be signed and dated by the fiduciary or an officer representing the fiduciary. Form FID-3 is not considered to be complete unless it is signed. Unsigned tax forms will delay processing of the return. If a fiduciary has an accounting firm or an individual prepare Form FID-3, the name, address and telephone number of the tax preparer has to be included on the tax return.

If a fiduciary is filing the tax return electronically, the fiduciary or an officer representing the fiduciary is not required to sign the tax return. The act of electronically filing signifies that the fiduciary is authorized to file the return and declares that the information is true, correct and complete. In addition, the act of completing and filing the tax return electronically is considered an authorized signature.

6 When is the estate and trust tax return due?

The estate's or trust's Montana filing period is the same as its federal filing period. Form FID-3 is due following the close of the tax year for:

- calendar year estate or trust; on or before April 18
- fiscal year estate or trust; on or before the 15th day of the 4th month following the end of the tax year

If the due date falls on a weekend or a holiday, the tax return is due on the next business day.

7 Can a fiduciary get an extension of time to file the tax return?

Yes. A fiduciary is granted an automatic extension of time to file of up to six months for filing a Montana income tax return.

A fiduciary does not need to apply for a federal extension in order to receive a Montana extension.

Important: An extension of time to file is not an extension to pay the taxes due. If the estate's or trust's entire 2021 tax liability is not paid by the original due date, interest and late pay penalties will be assessed on the outstanding balance.

If a fiduciary would like to make an extension payment, calculate the difference between the amount of tax you think the estate or trust will owe and payments already made, including amounts withheld on behalf of the estate or trust.

If a fiduciary would like to make an extension payment, the fiduciary can pay by the following methods:

- electronic payment from a checking or savings account or a credit/debit card payment using our TransAction Portal (TAP) at <https://tap.dor.mt.gov>.
- an ACH credit scheduled through your bank if it supports this process
- the Montana Estate or Trust Tax Payment Voucher, available at MTRevenue.gov or call us at (406) 444-6900.

8 What does the box that asks "May the DOR discuss this tax return with the tax preparer?" mean?

If a fiduciary marks the box, we can discuss any concerns that we might have with the 2021 estate and trust tax return—a missing schedule, for example—with the tax preparer. If the fiduciary does not mark the box, we cannot discuss the tax return with anyone but the fiduciary unless a power of attorney allows us to discuss the return with someone else.

If yes is marked, the fiduciary is authorizing us to call the tax preparer to answer any questions that arise while we are processing the 2021 tax return.

By marking the box the fiduciary is also authorizing us to:

- request that the tax preparer give us any information that is missing from the return;
- respond to the tax preparer's call to us for information about the processing of the return or the status of refunds or payments; and
- discuss certain notices from us about math errors, offsets and return preparation.

Note: The department will only send notices directly to the fiduciary, not to the tax preparer.

The fiduciary is not authorizing the tax preparer to receive any refund check, bind the estate or trust to anything (including any additional tax liability), receive any information about any other tax year or tax matter, or otherwise represent the estate or trust before the department.

Please be aware that this authorization cannot be revoked. The authorization automatically ends no later than the due date, without regard to extensions, for filing next year's (2022) tax return. This is April 16, 2023, for most estates and trusts.

If the fiduciary wants to expand or change the tax preparer's authorization (for example, to verify any estimated payments it will be making in the future), the fiduciary can use Form POA (Power of Attorney, Authorization to Disclose Tax Information). Form POA is available at MTRevenue.gov.

9 What options does a fiduciary have to file the estate and trust tax return electronically?

File the Montana and federal tax returns separately or at the same time through a tax professional who is an authorized IRS e-file provider, or use department approved software. For more information on electronic filing, visit MTRevenue.gov or irs.gov.

10 What options does a fiduciary have to pay the estate's or trust's Montana taxes electronically?

Electronic payment options are available at MTRevenue.gov. Fiduciaries can pay the estate's or trust's Montana taxes electronically by:

- Electronic funds withdrawal when e-filing the state tax return. You can schedule the withdrawal date for any date you select. There is no fee for an electronic funds withdrawal.
- E-check—there is no fee for an e-check payment. You can schedule an e-check

payment to be withdrawn on any date you select by visiting our website.

- Credit/debit card—a small fee is applied for a credit card payment.
- An ACH credit scheduled through your bank if it supports this process.

Interest and late payment penalties will be assessed on any amount not paid when due. For more information regarding electronic payment options, visit [MTRevenue.gov](https://mtrevenue.gov).

11 If a fiduciary files the tax return electronically, what information must be sent in and what documents must it retain?

If a fiduciary files electronically, the fiduciary does not have to mail in a paper copy of the tax return, or any accompanying federal Forms W-2 or 1099, or any other Montana supplemental forms. When the fiduciary files electronically, the fiduciary represents that he/she has kept all the documents required as part of the estate's or trust's tax record and that it will provide copies if we ask for them. The act of completing and filing the tax return electronically is considered the fiduciary's authorized signature.

12 If a fiduciary files the tax return by mail, what address does the fiduciary use?

Mail the Income Tax Return for Estates and Trusts to:
Montana Department of Revenue
PO Box 8021
Helena MT 59604-8021

13 How does a fiduciary amend the tax return?

If a fiduciary needs to correct an error on a previously filed Form FID-3, the fiduciary must file an amended return. There is no special form for this purpose. See "What are some helpful hints for preparing an amended return?" in FAQ 14.

The fiduciary has three years from the due date of the original tax return to file an amended return and correct any error.

If the IRS changes or makes corrections to the federal Form 1041 or if the fiduciary amends the estate's or trust's federal tax return, the fiduciary will need to amend the Form FID-3 within 180 days of receiving the Internal Revenue Service's notification of the corrections made to the federal Form 1041 or within 180 days of filing the amended federal tax return.

Important: If the fiduciary files an amended tax return that reflects an increased tax liability, the late payment penalty may be waived. Simply mark the "Amended return" box on the tax form and pay the tax and applicable interest in full. By marking this box and

paying all the tax and interest in full, the fiduciary is requesting a waiver of the late payment penalty.

14 What are some helpful hints for preparing an amended tax return?

Use the correct Form FID-3 for the year being amended. Forms are available at [MTRevenue.gov](https://mtrevenue.gov).

Enter the name of the estate or trust, and the fiduciary's name, current address, FEIN and other requested information in the top portion of Form FID-3.

Mark the "Amended return" box at the top of Form FID-3.

Complete the entire Form FID-3 and its applicable schedules using the corrected amounts. Do not forget to complete Schedule H, Part III, to provide reasons for amending your return. Include a copy of the original Form FID-3.

Include the applicable forms and statements explaining all of the adjustments in detail. If the reason for filing the amended return is because of changes the fiduciary or the IRS made to the federal Form 1041, include a copy of the amended federal return or IRS notice.

Complete and provide a corrected Montana Schedule K-1 along with a copy of the amended Form FID-3 to the beneficiaries. If the original Form FID-3 was electronically filed through the joint federal/state program, then an amended Form FID-3 can be e-filed as long as the software supports amended filing.

15 Is a fiduciary required to make estimated tax payments?

A fiduciary for an estate or trust is required to make estimated tax payments in 2022 if one of the following conditions applies:

- The net income tax liability on the estate's or trust's taxable income for the 2021 Tax Year (as shown on the 2021 Form FID-3, line 36) was \$500 or more.
- The fiduciary expects to owe (after subtracting any Montana income tax withheld, mineral royalty tax withheld and tax credits) \$500 or more for the 2022 Tax Year.

Complete the worksheets in the Prepaying Income Tax Guide to determine if there is a requirement to pay estimated tax for 2022. This publication is available at [MTRevenue.gov](https://mtrevenue.gov) or call us at (406) 444-6900. The fiduciary can also pay electronically. For payment options visit [MTRevenue.gov](https://mtrevenue.gov).

16 What is the interest rate on unpaid taxes?

The current interest rate is 3 percent. Under Montana law, the interest rate for all unpaid income taxes depends on the rate set by the Internal Revenue Service and may fluctuate each year.

17 Are there special filing instructions for a specific entity type?

Decedent's Estate

Do not use a decedent's SSN for an estate. If the FEIN is not available at the time of filing, enter "applied for" and the application date in the box provided.

§ 645 Election

A § 645 election allows a qualified revocable trust to be treated and taxed as part of the related estate during the election period. If the election is made for federal income tax purposes, it also applies for Montana. Enclose a copy of the federal Form 8855 or the letter making the election.

Electing Small Business Trust (ESBT)

If a fiduciary makes the election under IRC § 1361 for the trust to be an ESBT for federal purposes, the trust will be treated as an ESBT for Montana income tax purposes. No separate election for Montana purposes is required.

Special rules apply when computing the ESBT's tax liability. The activity from an ESBT, which is treated as a separate trust, is reported on Schedule G (Electing Small Business Trust Tax Calculation). The tax liability of an ESBT is determined on Schedule G and combined with the tax liability of the remainder (non-ESBT portion) of the trust on Form FID-3, line 36. The ESBT's Montana tax liability is calculated in the usual manner, using the regular tax table.

If the trust is only an ESBT, complete the heading portion of Form FID-3, Schedule G and Form FID-3, lines 36 through 53.

Bankruptcy Estates

A bankruptcy estate of an individual must file Form FID-3, but complete only the heading portion and report the amount of tax computed on the attached copy of the Montana tax return.

Married couples who file a joint bankruptcy petition may file a joint tax return. A joint bankruptcy estate is limited to one personal exemption in computing the amount of tax due. A married couple cannot use the filing status of married filing separately on the same return to determine their separate Montana income tax liabilities for a bankruptcy estate. If a married couple does not file a joint return, but both

spouses are filing for bankruptcy individually, then each spouse will complete a separate Form FID-3 and a separate individual Montana income tax return. Credits and payments that are applicable to the bankruptcy estate are reported on Form FID-3.

Grantor Type Trusts

The fiduciaries of grantor trusts are required to file informational tax returns and send copies to the grantors/owners that are required to report the income, deductions and credits on their Montana income tax return.

If the entire trust is a grantor trust, complete only the heading portion of Form FID-3 and mark the "Grantor Type Trust" box. Do not show any dollar amounts, including any withholding amounts and estimated payments, on the form itself; show dollar amounts only on a supporting statement. Include the supporting statement with the return, along with a complete copy of federal Form 1041.

Example: The John Doe Trust is a grantor type trust. During the year, the trust sold 100 shares of ABC stock for \$1,010 (it had a basis of \$10) and 200 shares of XYZ stock for \$10 (it had a \$1,020 basis). The trust does not report these transactions on federal Form 1041 or Form FID-3. Instead, a schedule is included with Form 1041 and Form FID-3 showing each stock transaction separately and in the same detail as John Doe (grantor and owner) needs to report on his Schedule D (Form 1040). The trust may not net the capital gains and losses, nor may it issue John Doe a Schedule K-1 showing a \$10 long-term capital loss.

If only part of the trust is treated as a grantor type trust, report on Form FID-3 only the part of the income, deductions, etc. that is not attributable to the grantor type trust.

Qualified Funeral Trusts

The purchasers of pre-need funeral services are the grantors and the owners of pre-need funeral trusts as established under state laws. However, fiduciaries of pre-need funeral trusts can elect to file the return and pay the tax for qualified funeral trusts (QFTs). The IRS allows a fiduciary to file federal Form 1041-QFT (U.S. Income Tax Return for Qualified Funeral Trusts), which is a single, composite tax return for some or all QFTs for which he or she is a fiduciary.

A fiduciary of more than one qualified funeral trust may file the Form FID-3 reporting all the QFTs included on the composite federal return, rather than a separate return for each trust. However, the applicable tax due is computed on the combined

taxable income of all the included QFTs, less one exemption of \$2,580. A fiduciary of more than one QFT that does not wish to file a composite Montana FID-3, can still file a single return if it files electronically and includes the detail of the calculation of the tax for each QFT with its return. The fiduciary will have to mark the box "Qualified Funeral Trust," leave lines 1 through 35 blank, and report the tax on line 36.

Qualified Subchapter S Trust (QSST)

A QSST (as defined in IRC § 1361(d)(3)) follows the reporting rules for grantor type trusts. Income allocated to S corporation stock held by the trust is treated as owned by the income beneficiary of the portion of the trust that owns the stock.

Pooled Income Funds

A fiduciary files federal Form 5227 (Split-Interest Trust Information Return) along with a statement to support the following:

- the calculation of the yearly rate of return;
- the computation of the deduction for distributions to the beneficiaries; and
- the computation of any charitable deduction.

If filing for a pooled income fund, complete only the heading portion of Form FID-3 and check the "Pooled Income Fund" box. Do not show any dollar amounts on the form itself; show dollar amounts only on the supporting statement. Include the supporting statements and a complete copy of federal Form 5227 with Form FID-3.

Other

Certain types of trusts file federal forms for which Montana does not have an equivalent form. The following are examples of these entities and the Montana income tax returns that they need to complete.

Split-Interest Trusts

Split-interest trusts described in IRC § 4947(a)(2), including charitable lead trusts and charitable remainder trusts described in IRC § 664 that meet the definition of a split-interest trust, must file federal Form 5227.

If filing for a split-interest trust, complete only the heading portion of Form FID-3 and mark the "Other" box. Do not show any dollar amounts on the form itself; show dollar amounts only on the supporting statement. Include the supporting statements for the form, along with a complete copy of the federal Form 5227.

Qualified Settlement Fund or Designated Settlement Fund

Except as otherwise provided in Regulations § 1.468B-5(b), for purposes of Subtitle F of the Internal Revenue Code, a qualified settlement fund is treated as a corporation, and any tax imposed under Regulations § 1.468B-2(a) is treated as a tax imposed by § 11. See Regulations § 1.468B-2(k) for more information. A designated settlement fund is taxed in the same manner as a qualified settlement fund.

These funds file federal Form 1120-SF (U.S. Income Tax Return for Settlement Funds) to report transfers received, income earned, deductions claimed, distributions made, and to figure the income tax liability of a qualified or designated settlement fund. For Montana purposes, these funds would file Montana Form CIT (Montana Corporate Income Tax Return).

Common Trust Funds

A common trust fund maintained by a bank files federal Form 1065, U.S. Return of Partnership Income. See IRC § 584 and Regulations § 1.6032-1 for more information. For Montana purposes, the fund would file Montana Form PTE (Montana Pass-Through Entity Information and Composite Tax Return).

Exempt Trusts

Exempt trusts filing federal Form 990-T (Exempt Organization Business Income Tax Return) to report unrelated business income must file a Montana Form CIT (Montana Corporate Income Tax Return) and pay any applicable tax to Montana.

18 What if the estate or trust has a net operating loss (NOL)?

If line 20 on Montana Form FID-3 is a loss, the estate or trust may have an NOL. Do not include the deductions claimed on line 13 when figuring the amount of the NOL. You usually have an NOL for Montana income tax purposes if you have an NOL for federal income tax purposes.

Complete the Montana NOL Schedule to figure the amount of the Montana NOL that is available for carryback or carryover. If you determine that you have an NOL and will carry back the NOL, file an amended return to apply for a refund.

Before you can deduct the Montana NOL, any deduction for a Federal NOL must be added back to gross income on Montana Form FID-3, Schedule A. The Montana NOL is deducted from gross income on Montana Form FID-3, Schedule B.

19 How should a fiduciary report excess distributions or an unused net operating loss carryover upon the termination of an estate or trust?

A deduction is allowed to the beneficiaries succeeding to the property of the estate or trust if, upon termination, the estate or trust has one of the following:

- a capital loss carryover
- deductions (other than the charitable deductions) in excess of gross income for its final year
- a net operating loss

To the extent these deductions are Montana sourced, report the Montana sourced portion of the deduction to the beneficiary on Montana Schedule K-1, part 5, line 3.

20 How does a fiduciary determine if income is sourced to Montana?

If the estate or trust is a resident, all of its income is Montana source income. Montana source income includes the separately and nonseparately stated income, gain, loss, deduction or credit, or items of income, gain, loss, deduction or credit that was derived from a trade, business, occupation or profession carried on in Montana or that was derived from the sale or other transfer, or the rental, lease, or other commercial exploitation of property located in Montana.

If the trust is a part-year resident, all of the income it received while a resident is Montana source income. In addition, a part-year resident may have Montana source income during the part of the year it was a nonresident.

If the estate or trust is a nonresident, items of income are sourced to Montana as follows:

- Income held for future distribution to a non-contingent beneficiary who is a resident of Montana during the tax year.
- Interest and dividend income received by a nonresident trust or estate is generally not Montana source income.

Exception: Interest income from the sale, exchange or other disposition of property located in Montana at the time of the sale is Montana source income.

- Rents and royalties from real property are Montana source income if the property is located in Montana.
- Rents and royalties from tangible personal property are sourced to Montana to the extent the property is used in Montana. The use of tangible personal property in Montana is determined by multiplying the rents and royalties derived from the property by a fraction. The numerator is the

number of days the property is physically located and is used in Montana during the tax period. The denominator is the number of days the property is used everywhere during the tax period.

- Patent and copyright royalties are sourced to Montana to the extent the patent or copyright is used in Montana. A patent is used in Montana to the extent that it is employed in production, fabrication, manufacturing, or other processing in Montana, or to the extent that a patented product is produced in Montana. A copyright is used in Montana to the extent that the printing or other publication originates in Montana.
