Instructions for Form 313 Economic Recovery Tax Credit

The purpose of the Economic Recovery Tax Credit is to foster business investment in qualified municipalities established under the authority of the “qualified Municipality Open For Business Incentive Program.” A taxpayer that is engaged in the conduct of business within a qualified municipality and is not receiving a benefit under the New Jersey Urban Enterprise Zones Act, P.L.1983, c.303 (C.52:27h-60 et seq.) may apply to receive a tax credit against the amount of tax otherwise imposed under the Corporation Business Tax Act (1945), P.L.1945, c.162 (C.54:10A-1 et seq.) equal to \$2,500 for each new full-time position at that location in credit year one and \$1,250 for each new full-time position at that location in credit year two. No taxpayer shall be allowed more than a single 24-month continuous period in which credits shall be allowed for activity at a location within a qualified municipality. The amount of this credit in addition to the amount of any other tax credits is limited to 50% of the taxpayer’s total tax liability and cannot exceed an amount that would reduce the total tax liability below the statutory minimum. If the taxpayer claims this credit on Form CBT-100, CBT-100U, CBT-100S, or BFC-1, a completed Form 313 must be included with the return to validate the claim.

Any unused credit may be carried forward, if necessary, for use in the five privilege periods following the privilege period for which the credit is allowed. The credit allowed for credit year one may be refundable at the close of the privilege period in which or with which credit year two ends. That amount of the credit received for credit year one remaining, if any, after the liabilities for the privilege period in which or with which credit year two ends and for any prior privilege period have been satisfied, multiplied by the sustained effort ratio, shall be an overpayment for the purposes of section R.S.54:49-15 for the privilege period in which or with which credit year two ends; that amount of the credit received for credit year one remaining, if any, that is not an overpayment may be carried forward.

Parts IV and V are used to calculate the allowable credit and carryover. Taxpayers filing Forms CBT-100, CBT-100S, or BFC-1 complete Part IV and CBT-100U filers complete Part V.

Definitions

Credit year one means the first twelve calendar months following the initial or expanded operations at a location within a qualified municipality.

Credit year two means the twelve calendar months following credit year one.

Employee of the taxpayer does not include an individual with an ownership interest in the business, that individual’s spouse or dependents, or that individual’s ancestors or descendants.

Full-time position means a position filled by an employee of the taxpayer for at least 140 hours per month on a permanent basis, which does not include employment that is temporary or seasonal.

New full-time position means a position that did not exist prior to credit year one. New full-time positions shall be measured by the increase, from the twelve month period preceding credit year one to the measured credit year, in the average number of full-time positions and full-time position equivalents employed by the taxpayer at the location within a qualified municipality. The hours of employees filling part-time positions shall be aggregated to determine the number of full-time position equivalents.

Part-time position means a position filled by an employee of the taxpayer for at least 20 hours per week for at least 3 months during the credit year.

Sustained effort ratio means the proportion that the credit year two new full-time positions bear to the credit year one new full-time positions, not to exceed one.

Combined Return Filers

If filing a combined return, the form must be completed by the member that earned the credit. All combined return filers must check the combined return filers box at the top of the form and complete Part V, Section A.

Members Opting Not to Share. In general, tax credits are earned by a member of the combined group and are shareable with the combined group. However, members are not required to share their credits. See N.J.S.A. 54:10A-4.6.i and TB-90(R), *Tax Credits and Combined Returns*. In addition to Section A, members that choose not to share must also complete Part V, Section B and fill in the oval at the top of the form to indicate they are not sharing the credit.

Taxpayers must include the appropriate credit form in the year the credit was earned even if they are not claiming the credit on their tax return.

Part I – Taxpayer and Employee Preliminary Qualification

Questions 1 through 4 pertain to the taxpayer and the employee qualifications that must be met prior to taking the Economic Recovery Tax Credit. If the answer to any of these questions is “YES,” the taxpayer is not eligible to take this tax credit. If the answer to all of the questions is “NO,” the taxpayer must first fill in line items 5 and 6, and then complete the balance of the form computing the amount of tax credit that is allowed to be taken on the current tax return.

Part II – Qualifying Employee Information

Complete the information requested for each qualifying employee entered in Part III of this form. Include a rider if additional space is required.

Part III – Calculation of the Economic Recovery Tax Credit

The tax credit is computed in this section, and is equal to \$2,500 for each new full-time position at the qualified location in credit year one and \$1,250 for each new full-time position at the location in credit year two.

Line 7 – Enter the information for line 7 on the form filed for credit year one only.

Line 8 – Enter the information for line 8 on the form filed for credit year two only.

Part IV – Calculation of the Allowable Credit Amount and Carryover (for CBT-100, CBT-100S, and BFC-1 Filers only)

For CBT-100, CBT-100S, and BFC-1 filers, the allowable Economic Recovery Tax Credit for the current period is calculated in Part IV. Combined return filers do not complete Part IV, and must complete Part V instead. The amount of this credit in addition to the amount of any other tax credits taken cannot exceed 50% of the tax liability otherwise due and cannot reduce the liability to an amount less than the statutory minimum.

Line 12 – The minimum tax is assessed based on the New Jersey Gross Receipts as follows:

New Jersey Gross Receipts	CBT-100/ BFC-1	CBT-100S
Less than \$100,000	\$ 500	\$ 375
\$100,000 or more but less than \$250,000	750	562
\$250,000 or more but less than \$500,000	1,000	750
\$500,000 or more but less than \$1,000,000	1,500	1,000
\$1,000,000 or more	2,000	1,500

If a taxpayer is filing a separate return and is a member of an affiliated or controlled group that has a total payroll of \$5,000,000 or more for the return period, the minimum tax is \$2,000. Tax periods of less than 12 months are subject to the higher minimum tax if the prorated total payroll exceeds \$416,667 per month.

Line 16 – Taxpayers claiming multiple credits must list any credits already applied to the tax liability to ensure accuracy of the calculation for maximum credit allowable.

Part V – Calculation of the Allowable Credit Amount and Carryover for Combined Return Filers

For CBT-100U filers, the total and allowable Economic Recovery Tax Credit for the current year is calculated in Part V. All combined return filers must complete Section A. Members that choose not to share their credit must also complete Section B.

Section A – To be completed by ALL combined return filers

This section calculates the amount of credit allowable for the group. If a member chooses not to share their credit with the group, Section A must still be completed to ensure the credit allowed for the member does not exceed the amount that would otherwise be allowed against the group tax liability.

The amount of the credit calculated in this section cannot exceed 50% of the group tax liability otherwise due and cannot reduce the tax liability to an amount less than the aggregate statutory minimum tax of the group members.

Line 21 – Multiply the number of taxable group members by \$2,000 and enter the result.

Line 25 – Combined groups claiming multiple credits must list any credits already applied to the group tax liability to ensure accuracy of the calculation for maximum credit allowable.

Section B

This section is used to calculate the amount of credit allowable for members that choose not to share their credit with the group. Section B is completed based on the member's share of the group tax liability. The amount of the credit calculated in this section cannot exceed 50% of the member's tax liability otherwise due and cannot reduce the tax liability to an amount less than \$2,000. The amount of the credit is also limited to the amount that would otherwise be allowed against the group tax liability if the member had been sharing the credit.

Line 34 – Members claiming multiple credits must list any credits already applied to the member's tax liability to ensure accuracy of the calculation for maximum credit allowable.
